She put a lot of time into this list! That one about the birth control... Just wow. How do you even live with yourself after that?

I knew a woman who was considering this.....she was already living with him. they were planning to be engaged, but she was 31 and really wanted to have a baby immediately anyway, so she "casually" passed the idea by me. I guess my face was one of pure horror cuz she immediately dropped it.

"but do not want to lie and say I am on the pill. So i want to use a condom, but poke holes or damage it in some other way before hand" ...uh, pretty sure that's still a lie. As cringe worthy as this is an older female relative gave me this advice. Hm, no thanks.
