

This might be the most ridiculously over-the-top 'alpha' profile I've seen yet

I'm sure he's happy (which is all that matters to him), but I fail to see how he should be a role model for us.

He leads this lifestyle because he had rich parents and now pays hookers to hang around with and/or fuck him, before posting the pics on instagram to give the impression he has this amazing life. If he lead this life, without spending a single penny purely because all these women wanted him, then I would impressed.

To really hammer home the point, Bill Gates could live that lifestyle if he wanted to and as incredible as he is, the way he acts and comes across, is not something to emulate.

[deleted] • 5 points • 26 September, 2014 12:36 AM

He's having fun, and displaying value. That is enough to attract women whether he chooses to spend money on them or not. But if you've got a bunch of money, and your in a place like LA, where all these 9s look for rich guys, fuck it: take em out on the yacht. No sense in staying home alone rationalizing away the pussy.

Icecoffee965 • 0 points • 26 September, 2014 01:59 AM

dude truly won the genetic lottery.... good looks, great physique, lots of money, outgoing.

He is smart for taking advantage of all those things (ie: getting with loads of women).

slcjosh • 1 point • 26 September, 2014 07:06 AM

He's acting now too. He's in the new denzel Washington movie.

slcjosh • 1 point • 26 September, 2014 07:05 AM

Listen to his Howard stern interview. You'll get a whole new perspective on the homie. I'd be more than down to have some beers with him.

LOL I know. Apparently he also suffered a heart attack in his 20s from a 5-day sex, drugs, alcohol, and gambling binge.

slcjosh • 1 point • 26 September, 2014 07:07 AM

Straight Hunter S Thompson shit. Dudes a maniac and I love it.

How the ever-loving fuck does a Cobra beat a Ferrari 458???

ionlyuserredditatwork • 7 points • 25 September, 2014 06:37 PM

Capable driver in the Cobra and a shit driver in the 458. That, and an AC Cobra with a 427ci in it only weighs 2100 lbs and can do 0-100-0 in 15ish seconds. Not a slouch in the least.

[deleted] • 1 point • 26 September, 2014 03:44 AM

Do you know anything about cars? AC Cobras are some of the lightest and quickest cars ever made.
Period.

[deleted] • 1 point • 26 September, 2014 04:12 AM

I would never expect a 50 year old naturally aspirated 400-horse to outpace the refined technological prowess of a 600hp Italian monster. Indeed, the 0-60 and quarter mile times of the 458 better the Cobra's by multiple seconds.

[deleted] • 2 points • 26 September, 2014 12:39 PM*

Here is the exact race in question. You can watch for yourself, if you like.

edit: I'm not saying that every Shelby beats every Ferrari. It's just ridiculous to assume that a modern supercar wins by default. There is no substitute for horsepower to weight ratio.

Cobra: 450+ HP @ 2000 lbs 458: 550+ HP @ 3200 lbs

That's a massive difference. The trade off being that the Ferrari has air conditioning, Bluetooth, cup holders etc. and the Cobra is basically a seat and some wheels bolted to a small block V8.

Position5hero • 14 points • 25 September, 2014 04:28 PM

What's up with all the hate.

Yeah he's a spoiled rich boy that had everything in his life handed to him with a silver spoon up his ass.

So what? I wish I was born like that.

This shit all jealousy

greatest_mistake • 7 points • 25 September, 2014 08:19 PM

Threads like this are why im beginning to dislike this sub. I see countless threads advocating prostitution yet youre hating because he pays woman to hang out with him and fuck him. So which is it? Do we want legalized pussy or do we want to hate on people who have to pay for it?

lindependentmale • 2 points • 26 September, 2014 06:50 AM

It's almost as if there are tens of thousands of different people here with their own opinions. Funny, that.

slcjosh • 1 point • 26 September, 2014 07:09 AM

He doesn't even really pay them directly. He's connected out the ass being a high roller in Vegas and says his friends are promoters and get party girls to come chill with them wherever they go.

Andress1 • 3 points • 25 September, 2014 08:45 PM

If i was rich i would do the same.I mean that's why we all want to get rich and what we're supposed to do if we achieve it right?

SQQQ • 3 points • 25 September, 2014 04:33 PM

yup Bilzerian is the stereotypical alpha.

also tells u that girls don't care being treated like disposables as long as ur alpha like Bilzerian.

slcjosh • 1 point • 26 September, 2014 07:09 AM

He had a super hot girl friend for a while that allowed him to fuck other women...

[deleted] • 3 points • 25 September, 2014 03:36 PM

This is a perfect example of alpha body language. No goofy smiles (except the one where he's drunk with 5 chicks and one of them is grabbing his junk), chin up, chest out, taking up space, etc.

Does he do videos or youtube? I'd be interested in hearing him talk in social settings

Nick108 • 1 point • 25 September, 2014 04:16 PM

he did an hour-long interview with Howard Stern that was fascinating http://youtu.be/T_rXcw1_IHk

slcjosh • 1 point • 26 September, 2014 07:08 AM

Amen. Super cool guy from what I can tell. I'd love to party with him.

Nice try but no, enough with the subtle shaming techniques. Of course most guys aren't going to live a life like that, this guys is a paragon of manly-man. But his being over the top doesn't mean that he's somehow unattractive. All women find alpha-as-fuck attractive. Making a case for a unicorn that likes things more toned down doesn't negate this.

This guy just has an insane life that we all wish we could have some part of.

RedRisingHood • 1 point • 25 September, 2014 06:22 PM

He's really more of a parody of a manly man. You're too easily taken in by photos. I've known plenty of men like this over the years, and hyper-masculine men are hardly paragons. They're usually full of raging insecurity and controlled by their appetites, often irrationally so.

Absolutely. The beard, the guns, the fact he pays the girls, it all struck me as slightly buffoonish and contrived rather than truly "Alpha".

This guy isn't masculine, he's hyper-masculine, and the kind of women who are drawn to hyper-masculine men are hyper-feminine -- the most hypergamous, the most vapid and trivial. These are the kinds of girls who worship Kim Kardashian. I prefer women who are feminine in a refined and mature way. And I'm not talking about unicorns. AWALT, sure, but some women are a lot more Like That than others.

Not so sure I agree with this one.

I've noticed the really hyper-feminine girls go for usually intelligent, high-status, relatively beta guys, since they know they can manipulate and control their environment through their man. This guy seems like a dumb brute who just pays party girls for attention.

Bearlyred • 0 points • 25 September, 2014 06:10 PM

He's almost cartoon-ish, I'll grant you that. But fiction can still illustrate elements that are attractive. For instance when we see the fiction of women on magazine covers they are clearly not real, but they are hot. Men can't help be attracted to this over this even though one is arguably over the top *Hyper-*

feminine.

more intelligent, thoughtful women are going to see this guy primarily as a manifestation of insatiable appetite and insecurity.

This is the main sentiment that I take issue with. It's a rehashing of sure you can act like a PUA but you'll only get the scummy sort of girls who go for that. RP is based very solidly on the idea that women as a whole group respond positively to alpha traits. Otherwise we'd have a whole section dedicated to "now if you're looking to pick up nice girls, here's how you pick out an engagement ring".

Lastly, I don't subscribe to the notion of 'all people with awesome lives must be sad inside'. He looks confident and happy in all of his images, even the one where he is being arrested. I see nothing that would give women an inkling he's any bit insecure.

let_terror_reign • 5 points • 25 September, 2014 05:00 PM

Not necessarily. The original commenter is expressing an opinion. One that I agree with.

Bearlyred • 3 points • 25 September, 2014 05:19 PM

I think the thing that sets /u/purpleprinciple 's comment over into shaming territory is the line

Being that hyper-masculine is a real turn off to exactly the kind of women I find tolerable

Its just a rehash of "game only works on low quality girls". Its a pretty commonly recited feminist trope that 'good women' go for middle of the road nice guys, not over the top alphas. He then goes no to point out that he loathes the type of women in those pictures. The only thing you can tell about those women is that they are hot and possibly prostitutes, nothing more.

DysfunctionalControl • 2 points • 25 September, 2014 05:56 PM

In regards to the women he has around, the way i see it is in relation with the anger phase. I can see why someone would loathe those women. But we already know these truths and can assume the judgements that all those women have to offer are their looks and their pussy. They are around because he is alpha and is rich.

RedRisingHood • 1 point • 25 September, 2014 06:17 PM

I'm not going to make out he has deep seated insecurities, since I do not know this man he might be the happiest guy in existence, but I for one, would categorically not want to live that life.

Then when you look at the fact he pays for the girls, I think there only thing there is to envy, is the fact he received a load of wealth from his parents

[deleted] • 2 points • 26 September, 2014 12:44 AM

The "women (you) find tolerable" would totally let him fuck their brains out if they were good enough. Dont buy their "i dont like buff guys" crap: they say that after never getting attention from them. Both you and your women have excuses for why you wouldn't enjoy the best life has to offer because your jealous of not being at that level.

It's not shallow if that's what you want. And he does what he wants. Finances movies starring Mark wahlberg. Acting. Stunt work. Plays poker very well. Enough to be extremely lucrative. Lives in vegas. Travels where the fuck ever. Buys sick guns. Obviously lifts weights like a fucking machine. Yea. Super shallow and sounds dreadful...lol please

tracer123 • 2 points • 25 September, 2014 05:34 PM

He's alpha, no doubt, but also lacks class and not a man you'd hold in high esteem or have a whole lot of respect for. True alphas like Sean Connery are a different level.

gohammer3 • 1 point • 25 September, 2014 04:09 PM

Fuck man I wish I could just disappear for a few months so I can grow a decent beard, got nice facial hair but that shit grows so unevenly.

svogliate • 1 point • 26 September, 2014 02:24 AM

This thread helps make the point that a lot of RP authors make frequently: alpha is relative and there is no one man who can be most alpha in every different arena.

Compared to a beta incel who spends all his meager paycheck on dinners bought for the women he's orbiting and then whines about not understanding why they won't fuck him, Dan Bilzerian is alpha as fuck.

Compared to Elon Musk, who already gave the world Paypal, SpaceX, Tesla, and all his other ventures - and who isn't bad looking either? This guy looks like a pathetic trust-fund baby clown.

I probably can't bench what Bilzerian can and my cars aren't as nice, but I got educated, built a business - little private medical clinic - from the ground up that now has 11 employees, and I get Christmas cards and thank you notes regularly from people whom I cured or whose suffering I helped relieve.

Do I stack up against Elon Musk? Hell no. (At least not yet.) But I made something of my life that I wouldn't trade for anything Dan Bilzerian has on tap.

SoAnxious • 1 point • 26 September, 2014 02:33 AM

All the blue pill ism in this thread is ridiculous. People talking about "oh he's just rich. "Not a true alpha I wouldn't wanna be like him." Dudes is swimming in beautiful women, has plenty of money, and lives the type of life he wants to live. That's the very definition of Red Pill. If that's not a Red Pill Ideal lifestyle show me something better.

mbillion • 2 points • 26 September, 2014 02:44 AM

the only caution I throw - is in general be weary of what people put on the internet - its usually only an idealized picture of what they want their life to look like.

although this guy appears to be doing alright

Zackcid • 1 point • 26 September, 2014 04:32 AM

Dat social proof/pre-selection is STRONG in this one.

bsutansalt • 1 point • 26 September, 2014 10:44 AM

This belongs in /r/Trpofftopic

InscrutablePUA[S] • 1 point • 27 September, 2014 02:37 AM

OK didn't know that existed. thought the offtopic flair would be enough.

[deleted] • 1 point • 25 September, 2014 05:40 PM

I would admire him if he was a self made man but he isn't.

BrunoOh • -2 points • 25 September, 2014 03:05 PM

Typical rich boy asshole. Don't pity him.

He'll be dead within five years from a partydrug gone wrong or something roid related.

Cant_Tell_Me_Nothin • 6 points • 25 September, 2014 03:25 PM

What's with the hate man? I'm sure anybody here would love to have his lifestyle. I don't see what's he's guilty of.

[deleted] • 12 points • 25 September, 2014 03:30 PM

He pays hookers and porn stars to hang out with him. He has a flashy instagram to make people say "He has an awesome lifestyle."

The fact that everyone knows about Dan Bilz's "lifestyle" is evidence that it is not, in fact, a lifestyle and is instead a play for validation and/or compensation.

I don't see how so many men can idolize another man who is an attention-seeker. We spend so much hate in this sub for "attention seeking whores" - this guy is an instagram whore.

Cant_Tell_Me_Nothin • 5 points • 25 September, 2014 04:13 PM

Personally I don't idolize him, I do wish I had his lifestyle, at least his money. Even if its a "fake" lifestyle I'm sure it is way better than the lives of 99% of the people in here.

What I don't get is the hate people seem to have towards him. Who cares if he didn't earn most of his money, he is not guilty for being born into it. He is doing the best he can from the cards he was dealt, which are pretty damn good cards btw. I'm pretty sure his fame is also going to open a lot more doors for him, not to mention the extra money he could make.

All of you people who are downplaying his hustle just sound like the unattractive girls who criticize the prettier girls because they are jealous.

antidoxdevice • 3 points • 25 September, 2014 03:35 PM

Hes monetizing everything he does though.

And fame itself will get you laid, hed rather get laid through his e-fame than with his money.

[deleted] • 6 points • 25 September, 2014 03:45 PM

So he's an attention whore for money?

It's a show. He is extremely wealthy from his father's work, not his own. He's used that wealth to do stuff that looks fun. The end.

I don't get the idolatry.

Position5hero • 2 points • 25 September, 2014 04:39 PM

looks fun.

I never tried it but I bet playing poker with \$1,000,000 on the table and railing lines off some plates thigh while another plate sucks your dick is more than 'looks fun'

Olipyr • 1 point • 26 September, 2014 02:17 AM*

Of course it's fun. It's fun temporarily and I personally would not want to do that every weekend. I'm good with everything you said, except the coke. I prefer to stay sober when I play and I value my health a helluva lot more than those types of people.

I don't think people like that should be idolized. That's what is causing our society to decline. People want to live the care-free lifestyle of the extremely rich and don't want to push themselves to their limit to achieve. Just like this guy didn't achieve it.

I've got no problems with inheritance, but to blow on such meaningless and trivial pursuits just makes me lose respect for those types of people.

EDIT: To say that I would love to have his money is obvious. We all would. I'm happy for him and happy to see he is living life the way he wants. But to say I'm jealous of him? Nah.

Position5hero • 1 point • 26 September, 2014 02:20 AM

dont knock it till you try it

Olipyr • 1 point • 26 September, 2014 02:23 AM

I have tried it. It's why I prefer to stay sober and completely in control of me.

It's just not worth the health risk.

Position5hero • 1 point • 26 September, 2014 02:26 AM

Hey it's not for everyone.

I stopped when my little girl was in the womb. Doesn't mean I don't think it's a hell of a drug

cornega • 1 point • 25 September, 2014 03:57 PM

He pays hookers and porn stars to hang out with him.

He probably pays them to fuck him.

BrunoOh • 1 point • 25 September, 2014 04:01 PM*

This exactly. All he does is buying his validation. Not alpha.

AlienSunrise • 0 points • 25 September, 2014 04:11 PM

This guy is what we should all aim for

InscrutablePUA[S] • 0 points • 25 September, 2014 03:51 PM

Who's pitying him? I just found it funny (and his back story is hilarious).
