

Any way to only spin one plate and not catch feelings?

Currently spinning 3 plates. I really only like 1 of them, the rest are good for sex and not much more. Because I actually want to focus more on my social circle, i.e. friends, fitness and work it's getting more and more of a hassle to keep 3 plates spinning.

I'd like to ditch 2 of the plates and keep the last one around as a plate with no intention of LTRing any time soon. Maybe I'd go out to game from time to time not to get rusty, but I don't want to have to meet up with the other plates. I feel like it's a waste of time; I'd rather devote my time elsewhere.

Is this a recipe for catching oneitis? Or is this doable? I know this beta stuff creeps up on you without you knowing about it, so I wanna be careful not to fall for it.

Give them less of your non sexual attention and only sexual attention. This isn't that hard man

Plate spinning metaphor doesnt make sense if it's just one plate. She is either an LTR or FWB at that point

There is no "one plate". If you are fucking solely one woman, you are in an exclusive relationship by definition.

Stop trying to rationalize your laziness away. Fucking a plate takes 1,5h at the very max and you are supposed to see them no more than once a week anyways. I have had "dates" of 30 minutes and less with plates.

Three plates will not interfere with gym or social circles at all.

Also stick to Pook's rule to "always keep two in the kitty."
