

"I like you because you make me feel good"

February 2, 2019 | 868 upvotes | by [BlueEstee](#)

After having sex with a plate of mine, the oxytocin and dopamine rush made her tell me that she really likes me. "Really really really" likes me.

"Oh yeah?", I asked acting surprised, "Why is that?".

"I like you because...", she made a pause to think about the reasons. Finally she listed them:

- I like you because you made me a good breakfast.
- I like you because I sleep really well when you're next to me.
- I like you because you make me feel safe.
- I like you because you fuck me really well.

*Fun fact: On multiple occasions I saw spicy text notifications on her phone from a guy named Raphael. **AWALT**, but that's not the point of this post.*

Before TRP I would be head over heels, because a girl appreciated my efforts! See, there are so many reasons why I earned her appreciation! So obviously the more I please her, the more she's gonna like me! However after learning about TRP, here's what I actually heard:

"I like you because you make me feel good".

She didn't mention my character traits, my passions, my actions directed to anything except herself. She likes me, because I make her feel good. Soon, I will become familiar and thus giving her less intense emotions. My turn will end.

The more I will try to please her to gain her affection, the less she's gonna like me. That's how it works. Thank you TRP for helping me recognize that.

Stay safe, brothers.

A good reminder that TRP allows a more conscious awareness of common AWALT behavior; over time, occurrences such as these becomes less of a surprise, and you gradually build amused mastery.

dirty_ja_galis • 331 points • 2 February, 2019 09:43 PM*

Yep. She likes you because you validate her.

You validate her simply by being a great catch and she being the lucky girl to suck your dick.

Continue being a great catch.

dev_blockchain_ai • 51 points • 3 February, 2019 06:50 AM

Yeh dude her reasons for liking YOU were literally nothing about you

But honestly those are the best you're gonna get from a woman in the modern world for now. Only guys can respect your skills and hobbies and character traits about YOU and how they make you self sufficient

Evolutionarily she's in love with you precisely because she knows you can knock her up and give her babies and they'd eat well, sleep well, and feel comfortable and low drama around you. So in a way you got the highest compliment possible women are capable of. ./

They just can't do better. IF you decide to lock this down just warning about Raphael. You better make sure that isn't going on 100%. Or you're just gonna get cucked.

[deleted] • 27 points • 3 February, 2019 08:05 AM

I don't think you understand, bud. The thing is, she isn't LTR worthy. Go read the studies of what happens to most women after around the 3 or 4 year mark in relationships. Attraction plummets. So really, optimally, you should at most be looking for an MTR that you switch up every now and then before it sizzles out...

dev_blockchain_ai • 33 points • 3 February, 2019 08:12 AM

Well I wouldn't touch her if she's had too many past ex's

I married a virgin (first wife was not a virgin and it got me to trp and I figured shit out) and have kids now because I don't want the entire globe to be Turkmenistan or Zimbabwe in 30 years but if an orgasm with a banging chick keeps the dopamine flowing more power to you. I get more dopamine knowing my genes will live on forever. Dunno why. Also fortunately my wife still asks regularly for sex even at the 8 year mark (of us fucking not how long we've been married) and even complains I don't have sex ENOUGH with her. Also AWALT still applies big league.. this is why I spend a ton of time in the garage building shit, at the gym, or with kids or literally fucking other women :(If I didn't I know she'd already be sick of my ass.

End of blog

My last relationship started to implode at around the 3 year mark. Less sex, blow jobs near non existent, GF lazy as hell, holding resentment about me pursuing a doctorate and not giving her enough time, etc. She broke up with me at around the 4.5 year mark because I was a bitch back then. Now she's dating a more wealthy older guy because she is hot and can get away with whatever she wants.

Anyways, loved the write. Even though my example is anecdotal I see it all the time.

TRP changed my mode of thinking and quite frankly my life.

Cheers

Like I said man, don't take it personally. That's how women are wired. Wouldn't have mattered if you were Brad Pitt. Hell, look what happened to him...

[deleted] • 5 points • 3 February, 2019 08:20 PM

Absolutely. At 26, just starting my career, I'll be that man in my mid to late thirties who is established financially with status and doing the same thing to guys like me at my age. Women can't fight hypergamous inclinations— it's biology.

Go read the studies of what happens to most women after around the 3 or 4 year mark in relationships. Attraction plummets. So really, optimally

Women are meant to be getting pregnant on around a semi-annual basis. And if a man hasn't knocked her up after 3 or 4 years, then historically he was probably infertile and she should move on.

mtriad • 5 points • 3 February, 2019 08:57 AM

I agree, except to the nowadays part. Women always been like this and it will always be, it is part of their nature and logically, I don't think there's anything wrong with it, just live with it.

bsutansalt[M] • 1 point • 24 February, 2019 06:55 PM

Yeh dude her reasons for liking YOU were literally nothing about you

The inverse is also true. So many times guys get wrapped around the axle because they got rejected, but in many instances it had no thing to even do with the guy. Could be anything from bad logistics, her dog just died, parents announced a divorce, whatever. My point is never take rejection personally.

A/B test your methodology and if you're getting consistent results and something of an outlier happens, you can lay even odds it wasn't something you did or didn't do.

[deleted] • 1 point • 18 February, 2019 03:34 AM

Am i the only one here who would feel rage to my stomach for hearing "her" spout nonsense like that. Reading it and internalizing it in my head just feels wrong to me, I just feel like saying some truth to her, give her some guidance, I embrace Patrice O'Neals wisdom in saying "guide the bitch" because it is what it is. AWALT and it's our job to make them housewives instead of hoes by giving them the proper mental stoic guidance. Do not sugarcoat nothing.

syf3r • 69 points • 3 February, 2019 01:53 AM

From Rian Stone, add "right now" at the end of positive statements...

I like you because you make me feel good right now.

sebastianconcept • 9 points • 3 February, 2019 11:00 AM

Exactly. Male mind wants to go timeless and her mind is deeply contextual and transient.

Angelyo • 120 points • 2 February, 2019 10:04 PM

Underrated post here. This is a great reminder that women only like how you make them feel. Feels before reals. We must continue to shoot "feel good" bullets at them to succeed with women.

bouncypoo • 1 point • 7 February, 2019 02:07 AM

intermittently of course, as too much feel good leads to Mr. Nice guy aka Mr. Friendzone. As long as you make them feel something

[deleted] • 1 point • 22 February, 2019 12:07 AM

I don't think he means the blue-pill idea of feel good bullets, rather the red pill ones, which involve red pill behaviours.

I'm in a LTR but still game other women for fun. Recently some young chick told me "I like you. Your like the cool guy from a TV show that says 'come here dumb slut, go and do this'" (I didn't call her dumb slut. I just a nick name I made up for her and started calling her it)

The stupid shit that attracts women. Gotta love it.

[deleted] • 19 points • 3 February, 2019 01:05 AM*

I've heard the sleeping better thing from multiple girls. It's probably a primal instinct. In prehistoric times they were actually safer if they were sleeping next to a man.

[deleted] • 2 points • 3 February, 2019 08:53 PM

Same. I wonder if there has been a study on this.

[deleted] • 3 points • 3 February, 2019 06:20 AM

Better not bring it up, makes you look insecure.

sebastianconcept • 3 points • 3 February, 2019 11:06 AM

I'm not sure about it. Depending on how you ask it can, but you could do it very securely and in a tone in which you subcommunicate that you know what works on you but you are either playfully testing her or curious about what in your arsenal worked on her. I ask this to every plate. For example I show the girl a bunch of my pictures and I ask which one likes more and why? They reveal a lot. And with Instagram, many times they take the initiative reacting with emojis of hearts eyes, kiss or fire

ethical_pa • 2 points • 3 February, 2019 03:32 PM

Nah. I can say whatever I want to her. Insecurity isn't in what you say it's in the place it's coming from. I'm fine.

Flying_Wingback • 27 points • 2 February, 2019 11:13 PM

Yup, I've heard the exact same things from a recent LTR but I think I finally arrived at that point of too much familiarity and a slight loss of frame this weekend. All that talk seems to be a thing of the past now and shit tests were off the charts just last night. Time to look for some new challenges.

TheTrenTrannyTrain • 36 points • 3 February, 2019 01:05 AM

Nov51605 • 14 points • 3 February, 2019 03:11 AM

It doesn't get any more rational male than that. As real deal men, we have to be just as icy as we are seductive and passionate. This is prob the point where you wanna do a massive week long pull back / ghost just to stretch things out. seems like it would be good timing

[deleted] • 25 points • 2 February, 2019 10:57 PM

I really really really like this post

[deleted] • 12 points • 3 February, 2019 02:24 AM

I unironically just texted my LTR something kind of similar because her parents are separating - telling her that her cooking and cleaning for me is actually just icing on the cake. That the big thing is intimacy, and I think we'll be alright.

Im not saying itll work for any of you, but for some reason she ate that up.

oooKenshiooo • 26 points • 3 February, 2019 01:03 AM

Yep. Right on the money.

Hence, when vetting for LTR material, ask her what she likes about you. If has not figured out the positive sides of your character well enough to turn that into a compliment, she is no more than a plate.

metallicdrama • 9 points • 3 February, 2019 03:04 AM

In the end it's all about her. If you serve her needs you're still relevant. Women always resent you for having to be loyal when they're locked into marriage and family.

redvelvet_oreo • 17 points • 3 February, 2019 02:05 AM

Lol anytime a plate or LTR tells me this shit I just acknowledge it with yeah I know I'm awesome. Haha the irriational self confidence makes that pussy wet.

[deleted] • 3 points • 3 February, 2019 03:21 PM

In earlier times irrational self confidence would get your head caved in by superior men, so a woman observing such self confidence could be reasonably certain that it was not irrational and he was a high quality male. Now there are no penalties for irrational self confidence. Their brains are tricked.

redbearsociety • 9 points • 3 February, 2019 08:21 AM

To be fair, you have complete control over how you make her feel. Girls get bored of guys because the guys stop engaging with them, they just think 'I have the woman part of my life ticked so I don't need to do anything now'. Trying to gain affection doesn't make her feel good so don't get stuck in that validation cycle. But you can 'own' a girl so to speak by keeping her excited.

piggiebiggie • 5 points • 3 February, 2019 07:59 AM

Why shouldn't she like you because you make her feel good though? This is a serious question. The reasons she listed, did you ask why those things made her feel good? You say that she didn't mention your character traits, but look at the list of things you provided.

breakfast, sleep well, feel safe, good fucks

The things she listed speak to what she thinks of you at a deeper level. It may be good to ask.

[deleted] • 5 points • 3 February, 2019 09:01 AM

Appreciate it for as long as you can, then let it slide away. Some gals will be done in a week, some may last many months. Stay aware and observant....you're know when it's time to move on.

[deleted] • 4 points • 4 February, 2019 10:56 PM*

Before I found trp, a girl I was seeing wrote me a list of 150ish reasons she loved me.

At the time, I was pleased as I viewed this as proof that I was appreciated - however reading this list now, I realize that, without exception, every point boiled down to:

you make me feel good, because you are a high value man whose validation is important to me

Seriously. That was pretty much it. She's now one of my most obnoxious widows, and bounces wildly back and forth between 'you're such a great guy I wish we'd worked out' and 'you're a literal psychopath and I'm well rid of you'.

(And before any of you tell me I shouldn't be responding to her: I don't, unless she's in my town and offering a 'catch up over coffee' which is her code for 'the best goddamn blow job you've ever received'. Sue me, but even with the enormous amount of women I've bedded, her head skills remain completely untouchable, and I'm more than happy to benefit from that every so often when she's in town without her husband's oversight)

Razkolol • 3 points • 3 February, 2019 01:30 PM

Turn on some negative emotions, you've left that whole part untouched. Drop in some dread, ignore some messages/calls, small negs, etc. She'll like you because you make her feel good/bad/anxious/etc., give her the whole range, especially since she's already talking with some other guy.

[deleted] • 3 points • 3 February, 2019 02:11 PM

You make, you fuck, you make... All things that you do, not something that you ARE.

A sad truth that I accepted only recently... Thank you for sharing.

foxhound525 • 2 points • 3 February, 2019 03:19 PM

I learned this lesson the hard way many years ago. Men love women for who and what they are, women love men for what they can do for them. We're simply tools to them, and worthy of no more consideration than that.

Crixusgannicus • 2 points • 3 February, 2019 04:28 PM

True Red Pill will have you realize there are only two reasons ANYONE likes ANYTHING or ANYONE ever.

1. You like the way it/someone makes you feel.
2. You like it/someone because it/someone prevents you from feeling some feeling you don't want to feel.

That's why you like your car, your food, your clothes, your significant other, your dog. Think it over and realize I'm right. Try in vain to think of one thing that you like that doesn't either fall under number 1 or 2.

Lieisnotreal • 2 points • 3 February, 2019 04:57 PM*

"Soon, I will become familiar and thus giving her less intense emotions. My turn will end. "That's not necessarily true you can maintain the intensity of her emotions by creating mystery or just generally making her idealize yourself.

Cfwydirk • -27 points • 2 February, 2019 10:20 PM

So, she is a “plate of yours” and she tells you good things you do to make her really really really like you. You don’t tell us what if anything she does to make you like her except fuck. So if she is one of 2-3 or more plates while you are dating others is she supposed to wait by the phone for when you might call. Are you jealous of her plate Raphael? Would she choose you over him? Do you want more from her? Is she thoughtful and do enough good things for you. Be real, if you want more from her go get her. Use you redpill knowlege to vet her as worthy or not.

preazeu • -2 points • 2 February, 2019 11:47 PM

When did cuckoldry became acceptable?

halfback910 • 8 points • 3 February, 2019 12:44 AM

Cuckoldry? They're both having sex with multiple people. I get that there's an anger with women, but *surely* if the guy is fucking multiple people the woman can't be expected to be faithful. That's not a particularly fair or helpful standard.

It doesn't sound like they have an agreement or anything like that so what's the issue?

preazeu • -1 points • 3 February, 2019 10:40 AM

That's exactly what cuckoldry is, when the woman you fuck fucks another man. Is he not man enough to handle multiple women so they need other man to fill the void? If you're a beta just fuck one girl and fuck her good. That's a clear sign of weakness on his side. My problem is with him not with the girl.

halfback910 • 1 point • 3 February, 2019 03:16 PM

I thought it was when someone you were committed and were into them fucking other people? Either way. If he's getting what he wants what's the fucking issue? And what's more, if you get off to someone you have sex with fucking other people, what's the issue with that? He's getting what he wants, what else matters?

preazeu • 1 point • 3 February, 2019 08:30 PM

It's when she cheats.

And about the second paragraph it's that we have different views. I don't like the idea that if you like it you do it. It's blue as fuck.

halfback910 • 1 point • 3 February, 2019 08:40 PM

It's when she cheats.

How the fuck is it cheating if they're not in a relationship/exclusive?

Do you actually go to a club, fuck some chick, and then expect her to pledge undying devotion to you and you two walk off into the sunset?

I don't like the idea that if you like it you do it. It's blue as fuck.

Well, people should fucking do what they want. I don't like smoking weed but I won't tell other people not to do it.

Why are you so worried about everyone else and what they do in their bedroom?

preazeu • 1 point • 3 February, 2019 09:07 PM

Cuckoldry is when the woman cheats. I wasn't talking about this topic or trp related.

Do you actually go to a club, fuck some chick, and then expect her to pledge undying devotion to you and you two walk off into the sunset?

No, but if we're two months in I won't be ok with her fucking 6 guys a week with me the seventh. If the bitch likes to slut around I'm saying that we as a whole should stop accepting this degeneracy.

Well, people should fucking do what they want.

Of course they shouldn't. That's why trp even exists, because betas are tired of doing what they want and wanna do what they should.

Why are you so worried about everyone else and what they do in their bedroom?

Everybody is worried about what everyone and what they do in their bedroom. Trp is for and about bedrooms.

halfback910 • 1 point • 3 February, 2019 09:12 PM

Of course they shouldn't. That's why trp even exists, because betas are tired of doing what they want and wanna do what they should.

But you can't make a horse drink, right? If the betas are coming here then they DO "want" to improve or whatever.

Everybody is worried about what everyone and what they do in their bedroom. Trp is for and about bedrooms.

It's about their own bedrooms as far as I can tell. Not telling people what to do in theirs. You might be into some shit I'm not into. Are you going to give a fuck whether I like it or not? No. Nor should you.

No, but if we're two months in I won't be ok with her fucking 6 guys a week with me the seventh. If the bitch likes to slut around I'm saying that we as a whole should stop accepting this degeneracy.

What if he just wants to fuck? What if he doesn't give a shit about the things you give a shit about? Maybe dude just wants to fuck?

serio1337 • 6 points • 3 February, 2019 12:30 AM

I don't know, man, I just don't like how TRP has degenerated into this weak, thirsty boys thing. It's not about fucking, it's about becoming a man.

WayTooCyber2 points 3 February, 2019 10:13 AM **[recovered]**

TRP is a toolbox though. We could apply our knowledge here to better our lives in anyway we want and I view you guys like a silent brotherhood.

Maybe just a communication blockage? What I got from OPs post is him telling us about his plates natural solipsism.

preazeu • 2 points • 3 February, 2019 11:07 AM

I don't care about the girl, I care about him and he sounds like he's hamstringing and overthinking on trp. That's what I got from his post. "She said she likes me because I do this, this and that, but using my trp knowledge it actually means because I make her feel good" what the fuck

bruiser18 • 10 points • 3 February, 2019 12:10 AM

So if you're just fucking a girl, and you don't want a relationship, what's she going to do? Be loyal to you for nothing? AWALT.

preazeu • 0 points • 3 February, 2019 10:20 AM

Well then what is a relationship? They're fucking and going out, he likes her, she likes him, that's a fucking relationship. And it's not her problem how he sees their relationship, she shouldn't know if it's serious or not. But if they're fucking once a month when he wants, not going out and shit, it means the girl has no respect for herself, clearly mentally ill so you know next.

bruiser18 • 1 point • 3 February, 2019 10:23 AM

You're right it's not her problem. I mean, if he expects her to be loyal to him, but she doesn't know that, that isn't her problem. She clearly doesn't see it as a serious relationship, obviously he doesn't either.

How is she meant to know he doesn't want her fucking other guys? If he didn't, he'd need to lead by example and set boundaries. Otherwise she's not gonna know and she'll fuck other guys all she likes.

preazeu • 1 point • 3 February, 2019 11:17 AM

Isn't she supposed to know from the start that cuckoldry isn't acceptable? Betas here twisted everything and now you should tell her that it's not ok for her to fuck other men? This looks like conditioning men to accept women fucking around, this isn't red pill.

bruiser18 • 2 points • 3 February, 2019 11:22 AM

If she's not your girl why shouldn't she fuck around? If you are telling her you don't want a relationship and she knows she's just a plate, why should she stay faithful to your ass? If you've got 4 or 5 girls in your rotation what does it matter to you if they're fucking around?

Unless I'm screening a girl for a relationship, I don't care who she fucks when she's not with me, because I'm fucking other girls anyway. There comes a point with girls when you are invested and you can't hide it, so you 'train' her to do as you want her to. That's the whole idea with rewarding good behavior etc. Read some stuff by u/Whisper regarding hypergamy and control game.

preazeu • 1 point • 3 February, 2019 11:34 AM

Then just go to prostitutes and stop wasting time. If you're fine with the idea of fucking a girl that yesterday swallowed someone's cum, fine, you do you.

bruiser18 • 2 points • 3 February, 2019 11:36 AM

If I'm only meeting up with her to fuck and nothing else, why would it bother me what she does? I can't control her. If she wants more investment beyond fucking, that's when I would find it unacceptable and expect exclusivity.

preazeu • 1 point • 3 February, 2019 11:56 AM

Come on, man, just say I'm right and stop the hamstering. Of course it would bother you, who wouldn't be bothered? It's not about control, it's about normality. Every culture accepted men fucking multiple women, not women fucking multiple men, because it's not healthy and these women never end well. Plus it shows the weakness of the men.

bruiser18 • 2 points • 3 February, 2019 12:11 PM

Nah bro, really. If I've got no emotional attachment to a bitch I really don't care what she does other than fuck me. Do I approve of her sleeping around? No, sure. But that's why she's worth nothing more than being my cum sponge

on a Saturday night when I'm bored.

Welcome to the aftermath of the sexual revolution. It's not just Raphael's dick the has been there and his dick has been leaving deposits in other holes too. This is the new ground state for the sexual market place. Get used to it.

preazeu • 1 point • 4 February, 2019 07:35 PM

Nah, man, that's only in your shithole country. That's why I even commented, because you've fucked up but you're too cucks to fix it. You'll see degeneracy like this only in America.

max_peenor • 1 point • 5 February, 2019 12:14 AM

Got anything else you want to pull out of your ass?

Oh, and Copernicus, why would I want to change things when they allow me to get more sex for less resources? It seems like you want to own women like cattle. You have to feed your herd.

preazeu • 1 point • 5 February, 2019 10:30 AM

That's one of the reasons why America is full of fags, lesbians, feminists, transnies, pedos and shit, you're all over-sexualized and you tolerate everything sex related. Plus, you're thinking too much about sex, man, is not like it was that hard to get before.

It seems like you want to own women like cattle.

Yeah, I don't want to share my woman.

Answer the question.

Degeneracy has nothing to do with where people put their genitals. That's just a symptom, not a cause.
