Do you wanna hang out with her, I am going through a dry phase.

Just recently got through a 3 year dry spell. My choice a couple times and a lot of not my choice. I'm getting the equivalent of 3 years of none to 3 years of it all hitting me at once so all I can say is it gets better.

"Title says it all."

Nope. Witnesses? Did she accuse you? Did your boss accuse you? What kind of relationship did you have with this girl? Did she have an insurance?

Can't fake drowning. You can't be pretend dead.
