Fuck Dan bilzerian. He's not your guru. They say the loudest man in The room is the weakest man in the room and from my experience that's true more often than not. And dan bilzerian comes across like he needs more attention then a fucking newborn. Just being on instagram takes away his man card in my opinion. And he ain't saying nothing that every Joe Schmo hasnt been saying on red pill subs for a decade.

"I'm a betting man... but fuck, I wouldn't bet half my net worth on loving one woman for the rest of my life..."
Great video.

Love you bro! Keep loving the man

onionknightofknee • 11 points • 6 March, 2019 12:43 AM

interesting listening but fyi dan bilzerian is a good bullshitter. he likes to pretend he was middle class that earned his own way; reality is he grew up in a mansion. He's very shadowy about where is money came from.

raivalecha • 1 point • 19 March, 2019 03:30 PM

Fuck do you know about that

broneilbro • 4 points • 2 March, 2019 05:41 PM

This is it right here. As I calculate how much I have to pay my ex in this divorce I'm done with the social construct of asking the government to legal bind me to someone.

I found a website that described how you can give your SO all the benefits of marriage without the exit tax. The author was d raped and researched it. Through wills, POA, and other documents you can take care of your SO but have them entitled to nothing.

You have come along way. /u/broneilbro

From the faggot who was hiring PI's while he was deployed, to a man who is processing and working through what is probably the hardest thing in his life, while removing pussy from the pedestal and hopefully banging sluts.

I hope you stick with it and keep your username intact through it all.

Dont be a faggot and tap out.

It definitely has been a trip. This time last year I was posting victim puke on a daily basis. Now it seems to be more of an enlightenment to say it to a degree. Like an animal shedding their skin; out with the old in with the new and while it is the still person beneath it is something new.

I am picking up plates and dropping them. The one that I had posted about here is looking to be dropped because I've become of myself sliding into that BP mindset and making a relationship out of one where there should not be one. The group brought me back to the realization that I owe nothing to others just to myself.

Add the fact that the process is being hamstrung by her incompetent lawyers it is proof that divorce is a money making business and I am the one that pays for it lol.

I'll give him credit not to be sucked into the bluepill as most rich people seem to be, but the guy is the definition of being silver spoon fed. I have yet to see something successful he led.

His Ignite weed business is doing pretty well.

Yeah, it's really tough to sell weed to people who love weed.

Take home message, don't get married. So very helpful on MRP...not

InChargeMan • 3 points • 2 March, 2019 05:53 PM

Man, you have always had a strong ADD/OCD/RAMBO/TREN/MGOW vibe going, but lately it seems like

you've doubled down. Maybe you need to take a break for a while... Just sayin'

red-sfpplus[S] • 5 points • 2 March, 2019 05:56 PM

Maybe...

But where did I post anything that was not correct?

My tone is 80% on purpose. You have to have some excitement ya know.

I am like the Billy Mays of askMRP and MRP.

Some guys write for literature and to show how good their English is.

I write for shock factor.

Just don't end up like the ShamWow guy who got arrested for beating up a hooker who wouldn't stop biting his tongue

Refreshing, although DB is leading the line of conversation as is usual for JR, he doesn't flinch or steer away at all.
