

Why post-breakup GF asks for reunion, but turns into a bitch once I'm about to accept?

March 22, 2019 | 13 upvotes | by [whatifitsfun](#)

I'm asking this here because my goal was to have an LTR which would lead to having children. And it seems to me that on /r/asktrp I will just be told to avoid LTR in the first place.

Intro

This is was my first girl.

I went completely broke, I've been struggling financially for months now, she's been bitchy for a while now and less than a week ago proposed a temporary breakup. In response to that I made it permanent. I was already contemplating breaking up long before this, but this was the last straw.

Now she's sending me a hundred messages a day. Complaining how I'm a cold, heartless monster; an egocentric whiny brat who asks for more than he deserves; and that no woman will ever love me like she does.

I mostly ignore them, because they contradict the truth and provoke me to argue in defense, which is a waste of time.

But, a couple times she seemed to make a genuine effort to fix it. She would say things like: "I can learn", "I can adapt". So I took the bait.

Question

Once I begin to allow myself to be convinced by her to reunite with her, she turns into a bitch again. It pisses me off and I withdraw. She says the last few nasty things and then becomes nice again, so I lean in again, and then she turns into a bitch. Again. What the hell is happening? It's so predictable it's not funny anymore.

So now I haven't been responding to her texts for a while, and with each message she's becoming more pleasant. Making me feel positive about her again. But I'm not taking the bait a third time. And I sure as hell won't reunite with her. I just want to understand what this is.

.

What does she actually want?

A pathology report, in chronological order.

She found you attractive when you met.

Started to date because she liked you and would touch your wiener.

Things were fun at first

*You thought, maybe she was "the one".

*You put her above everyone else. Friends, hobbies, good credit, saving money.

She became unhappy and started to bitch a little.

*So you did everything to make her happy.

*Asked her opinion, looked for her approval and validation.

*Got you to spend up all your time and money with her.

She grew even unhappier and started to push buttons and constantly nag you.

*No matter how you explained yourself, she never saw things your way

*You had to always be on the defense around her.

*You walked on eggshells, but it wasn't enough.

Temp split up was her idea.

You doubled down and said just end it. (Only smart thing you did!)

Now she wants to have you back, WHY?

First of all, points with the * are you turning to the blue pill beta mentality, shame on you. Never do it again.

Secondly, what she is doing NOW is attempting to rewrite history. She nagged you because AWALT. You put her on a pedestal and thought she was a unicorn. Then you chased her love, sex, happiness, validation, approval, and cared what she thought and it caused her to lose respect, admiration, and attraction for you. Again, shame on you. Then, she basically wanted to leave you, but you ran a trick play she didn't see your weak ass doing, you called it off. She wants you to take her back so she can leave YOU.

What should you actually do?

Block her number, block her social media, give all her stuff back to her mother, start lifting, fix your finances, lift like WW3 is starting next month and all those those who can't squat 300lbs will be instantly euthanized, and READ THE SIDEBAR BOOKS!

Your guesswork analysis is logical, but ultimately wrong.

OP's life is a much bigger dumpster fire than anyone could guess.

Someone commented below about this girl being the subject of his asktrp post so I went and read it.

Based on a quick skim - OP was a young virgin incel who met a girl online and developed a fantasy crush on her. They live 2,000 miles apart and in different countries. She went around fucking people that she knew in real life (shocker!) and would tell OP it didn't happen or whatever.

Determined to wife this slut up, OP moves 2,000 miles to live with her with no money, no job, no backup plan.

OP refuses to listen to any advice on fucking local girls and insists nobody at asktrp understands.

And, six months later, here we are.

1. My life is great
2. Your summary based on a quick skim is as accurate as a quick skim
3. I was never "determined to wife this slut up"
4. Even though I didn't take the advice from that post, which was not to pursue the girl, I have zero regrets. I would definitely do it again.

And all this is besides the point of this post.

SuperCrazy07 • 10 points • 23 March, 2019 01:22 AM

The point of the post? What does her behavior mean? Here goes.

She's giving that pussy up left and right. 99% of the guys don't give a shit about her - which feels right to her because she's a complete slut.

Then there's you, the guy who moved 2,000 miles for worn out pussy that everyone else got for half a bag of Doritos (snack sized).

She absolutely can't respect that so she goes into raging bitch mode. I mean, who the fuck does that? She probably feels stupid that she fucked you.

Then you break up with her. But, this isn't you really growing a pair. We all know you'll take her back. So instead she toys with you and sends flirty messages. She probably did it from some other guys bed and laughed about it.

Then, as expected, you agree to get back with her (I know you phrased it differently, but that's what

you were doing). Of course, she's even more disgusted with you now. So she gets even bitchier.
And repeat.

whatifitsfun 1 points 23 March, 2019 01:48 AM* **[recovered]**

I didn't take her back. I only hinted at the possibility to her.

friendandadvisor • 3 points • 25 March, 2019 12:49 PM

I didn't take her back. I only hinted at the possibility to her.

Because, you were toying with her, because you like to be the Puppetmaster, correct? Look, if you're going to lie, at least go back and change your OP. You were going to take her back, which is the same as taking her back.

whatifitsfun 1 points 25 March, 2019 11:50 PM* **[recovered]**

Facepalm

friendandadvisor • 3 points • 26 March, 2019 02:52 AM

While you're facepalming, you can go back and correct the title, which says that "Just as I was going to take her back" into "I only hinted at the possibility". That way, people won't think that you were 'just getting ready to take her back', and they will know that you were only 'hinting at the possibility.'

So, Alpha Dog, it must be a strain on you to uphold all of us here with your iron will and resolve.

Go home to Mommy until you are mature enough to wear long pants.

I don't post too much, but I want you to listen, and listen good.

You don't have a girlfriend. Let me repeat: She is NOT YOUR GIRLFRIEND.

She never was your girlfriend.

She's a stranger who you moved 2000 miles to fuck because you don't know any better.

You are not "red pill."

You are not even a man, yet.

You're a kid playing grown up. And that's OK. That's what being a kid is for.

Listen, you need to cut this bitch out of your life.

This isn't AWALT. This is a dumb, slutty bitch who is manipulating you, because you are young and inexperienced.

You have been given a gift -- she has shown you who she is, time and time again.

Believe her and move the fuck on.

dandar4600 • 7 points • 22 March, 2019 04:15 PM

She wants a man but everytime she gives you a chance she gets a boy. You're too affected by her moods and too much focused on an ltr where it should be her job to make you want one with her. Have you read the rational male? You may want to start there.

showerdudes9 1 points 22 March, 2019 04:16 PM* **[recovered]**

This is unfortunately not salvagable. It needs to end because she will never respect you on a subconscious level if you take her back/back down on your word. She turns to a bitch the moment the dread is gone because she has no respect for you. Good luck. Focus on yourself, she takes up way too much of your mental bandwidth now

FixYourselfFirst • 7 points • 22 March, 2019 05:24 PM

I worded it incorrectly. It's not a goal or a purpose. More like, "if I ever want to have children, I must set up

the precondition for that with an LTR".

But timing is shit, yes, I realized it a bit later.

Anyway, if my goal is still retarded, that's fine, because all that is besides the point. I don't care about this relationship. Or any relationship.

I just wanted to know why she's trying to reel me back but immediately turns into a bitch when it seems to her that I've taken the bait. It's a very clear pattern there. I want to understand it.

You have oneitis still. Block her number. Tell her never to contact you again. Stop obsessing over her.

You say you don't care, but your actions and your concern say you do.

Find a new one

[deleted] • 3 points • 22 March, 2019 05:49 PM

Go read the book of pook... You need the insight from there right now; And if you go back with her you will be here again in short order

[deleted] • 3 points • 22 March, 2019 05:49 PM

my goal was to have an LTR

Don't do this, with her or any future women. You're giving away the prize without any expectation that she earn it. You can want an LTR, but do not approach any specific woman with that goal in mind.

I went completely broke, I've been struggling financially for months now, she's been bitchy

This is pretty standard. Women will test you hardest when you're at your weakest.

I read through your previous post and this relationship was doomed from the beginning. She's had you by the balls from day one. Even with the breakup, she still has all the power and now she's just playing with her food. You can either demote her to plate or hard next. Given your oneitis and inexperience with women, I'd recommend the latter.

whatifitsfun 1 points 23 March, 2019 01:40 AM* **[recovered]**

Yes. I won't ever focus on building an LTR. That's my main lesson probably.

thatboyjeff • 1 point • 23 March, 2019 09:30 AM

Not probably, it's one of many.

[deleted] • 3 points • 25 March, 2019 02:38 AM

Shit in a basic brown bag (the kind you may have eaten lunch out of as a kid), put the bag on her porch, light the top of the bag on fire, ring the doorbell (or knock) and run to a pre-set hiding/viewing location. If all went as planned the victim will see the flaming bag and be all like "ahh fire!" followed by a quick stomping of the bag.

JCX_Pulse • 2 points • 22 March, 2019 04:26 PM

Something no one seems to have said yet, though probably for good reason, is a question back to the group. Could this be shit testing?

She's only interested in getting back with you when you show backbone, and when you ended things it showed more backbone than she expected.

Every time she becomes nice and you're nice back she shits down your weak throat because she knows she can.

justpickanyusername • 5 points • 22 March, 2019 06:21 PM

Women branch swing and have orbiters for a reason. She wants to swing off of this branch, but she hasn't secured the next branch yet. She has already decided to swing and will string him along until she finally lets go. Even still, girls will keep at orbiter at the right distance indefinitely if the orbiter is stupid enough to play the game. She is just keeping him around just in case he gets his act together and just in case she can't find anything better.

JCX_Pulse • 2 points • 22 March, 2019 06:39 PM

I had forgotten about the orbiter and branch swing. Good call.

No, his ass was already out the door when she suggested a break. The man that he was then is not a man that she wants to keep. One little show of balls is a loooooooooong way from being the alpha she wants. The one she tried to swing up to, and missed, had 10 times the balls that he has. Had she taken him back, his ass would be gone within the month when she found a new one.

johnn2015 • 2 points • 22 March, 2019 04:29 PM

You coming here asking what does she want is a mistake. You should be asking what do you want. You are not ready. Go read and internalize. Figure out who you are as man and build a life you want.

Sepean • 2 points • 22 March, 2019 06:50 PM

Because you're demonstrating low value, so she shit tests you.

broneilbro • 1 point • 22 March, 2019 09:16 PM

Listen: the fact that you didn't care at first was a great step. Keep doing that and go your own way.

Recently had a girl that did the stand me up for an ex.

Her: "I want to follow my heart and try with my ex, but I would love to reconnect with you if it doesn't work out"

Me: "Oh that's adorable, it will most likely not work out but don't try to connect with me. I don't accept that. Good night and good luck"

Her: Hamster spinning and she has been texting me to come over and fuck her while her B-boy is out of town non stop. Funny how that works.
