

Aren't a lot of the guys here just as bad as the thots they don't like?

April 6, 2019 | 219 upvotes | by [opossumpark](#)

I've browsed here for a little bit and I agree with the whole women are thots, attention whores, ect but then you see the same thing from the guys here. Having many girls, wanting threesomes, wanting to cuck a guy, playing childish games with girls, using reverse psychology and other stuff to get some thot to like you. Its the same sort of crap that I see women do all the time.

Personally I think the ultimate goal is to find someone you can have full trust and honesty with to live your life with and not these kid games you all play to get your dick wet.

this sub is filled with school aged guys is why. look how many are in hs or college that are on tinder, insta, snap, etc., those are not the highest quality women. i reckon you have to start somewhere and that is what they know i don't see the point of all those things you mention, (except ffm threeways)
i agree with your goal, rp makes that much easier to achieve

TreesLikeGodsFingers • 41 points • 7 April, 2019 01:48 AM

Latching on here to add. This sub is filled with folks who have a long long way to go. But to be fair, that's what this sub is for

INNASKILLZ2K18 • 61 points • 7 April, 2019 12:38 AM

Some guys are still in the phase of selecting low quality women. That is their thing to grow past.
It doesn't discredit the validity of being red pill, in order to gain an upper hand in sexual dynamics, relationships and life.
Go out and hunt for this trustworthy, honest, reliable woman. Present your trustworthy, reliable, honest self...then come back when 99% of those women say they 'didn't feel a connection'.

Aptote • 14 points • 7 April, 2019 03:45 AM

woman will feel the connection with a red pill man. 99% of them are not worth the time or effort
red pill men should know what they want in a woman and know what to do with it.
rp makes ltr easier, not harder, in my experience

INNASKILLZ2K18 • 2 points • 7 April, 2019 06:52 AM

Your reply has an element of contradiction.

On one hand you say 99% of women aren't worth it, but then say we should know what we want, and find trustworthy women you can build something with and lead, etc.

It sounds like you are experiencing cognitive dissonance, some denial and on the verge of the anger phase.

Take what you need from Red Pill, leave the rest. Don't worry too much about other guy's journeys and choices. Make your own.

Aptote • 0 points • 7 April, 2019 06:57 AM*

nope, make a list of what you want, if they cant pass the list, next them and keep looking or fuck some along the way if you wish

rp is like sales applied to woman, suspect < prospect < qualified prospect

i'm not in any anger phase i am 5 years into rp ltr

INNASKILLZ2K18 • 3 points • 7 April, 2019 09:16 AM

Ah, ok. Sounds like you're just pointing out that most guys are in a very immature phase. Not really getting what this is all about. I agree with that. They're still just about trying to fuck any ho

they can.

Those are the dudes who build some behaviours that work, but end up coming here asking why they're empty and unfulfilled.

Many are putting fucking women before the real work on discovering themselves.

Aptote • 1 point • 7 April, 2019 04:43 PM

[deleted] • 68 points • 6 April, 2019 11:42 PM

Any guy hating on "thots" do it because they are in the anger phase, it comes from a place of bitterness and jealousy. TRP is not about hating thots or changing them, its about adapting to their game and turning it into your own favour. I dont hate thots just because I dont allow myself to be played by one

opossumpark[S] • 13 points • 6 April, 2019 11:54 PM

its about adapting to their game and turning it into your own favour

why waste your time with these women? why not focus your energy on finding someone worth your time and someone you dont have to play these games with? is it really the "redpilled" thing to waste your time on these sleazebags by being just like them?

ZabuzAli • 27 points • 7 April, 2019 12:58 AM*

You need to learn and understand how women are, only then will you be able to make educated decisions based on your experiences in selecting the relatively best quality women for whatever your purpose (Notice I said relatively because there are no unicorns).

If you've never “wasted your time” spinning plates, odds are you will jump into an LTR with the next girl that gets your dick hard and slowly realise all the red flags that you should have screened for prior to LTR'ing her, but you didn't have the knowledge/experience.

Read The Rational Male and reread the sidebar.

[deleted] • 34 points • 7 April, 2019 12:50 AM

someone you dont have to play these games with

Ah, the naivete of youth

Moldy_Gecko • 2 points • 7 April, 2019 05:06 AM

It's redpill to realize that LTRs aren't worth it. Not sure when this 'gotta find the right unicorn' ideology started getting thrown around. Before TRP was quarantined and on the actual sub, it's always been 'don't get married'. Remember AWALT, those thots of today are your dream girl of tomorrow.

the13thmonk • 8 points • 7 April, 2019 06:48 AM*

Wrong. Trp comes from rational male.... the author of which is married. LTRs are valuable. However he suggests waiting until 30+ when your smv has been maxed, you understand how to vet women, have the knowledge to choose correctly and you can then find an equally young smv woman

thatotherguy3635 • 2 points • 7 April, 2019 06:29 PM

>Ltr's are valuable

How exactly? Any ltr is Dopamine more spread on the timeline, on the other hand plates are dophamine multiplied. You pursue or do anything solely because you want dophamine, you can even do kids, but that'll cost you.

the13thmonk • 1 point • 7 April, 2019 06:31 PM

“Dopamine”

Read the rational male. Read the sidebar. I'm not repeating information you could readily find yourself now that you know exactly where it's at

thatotherguy3635 • 2 points • 7 April, 2019 07:48 PM

>Don't go against my holy bible you twat

Ltr's are battlefield for the frame in THE BOOK, so still, that's a trade of some hormone spikes for some stability in my vision.

>Dopamine

My bad, they took the whole Ph from phenethylamine in my language.

Datanami • 4 points • 7 April, 2019 01:41 PM

Rollo explicitly advises men not to get married. He also stated many times that he himself should not be used as an example.

the13thmonk • -1 points • 7 April, 2019 03:43 PM

Read the book

Stop disseminating false information or gtfo. Actions like this are what bring this subreddit down

<https://www.google.com/amp/s/therationalmale.com/2012/07/30/16-years-on/amp/>

He brings it up several times in the book

Datanami • 2 points • 7 April, 2019 06:34 PM*

Advising against marriage is what brings TRP down? What a joke.

I've bought and read all three RM books, twice for the first one, thanks. I also regularly listen to him talk on the red man group.

"After 16 years of marriage I can honestly say there are no appreciable advantages (outside of raising children) that a man cannot enjoy single that he can married. That's not meant to be pessimistic, but rather a caution to emphasize how important it is to disabuse yourselves of this AFC, romanticized, marriage-as-goal mentality. It's also not to say marriage is never worth it – just that marriage is complete advantage for women with negligible, if any, benefit for men."

EDIT : I obviously pulled the quote from the article you linked to. However, I want to

point out that it is 6 years old already. So there's that. Rollo is very active on Youtube and what I said referenced what I heard him say there, more recently.

the13thmonk • 1 point • 7 April, 2019 06:37 PM

No, spreading blatantly wrong info is

“It’s also not to say marriage is never worth it”

He doesn’t advise against marriage. He says to take it seriously as saving your own life, there are not necessarily any appreciable benefits for the man etc etc

He doesn’t advise against it

Datanami • 2 points • 7 April, 2019 06:41 PM

See my edit. Your article is 6 years old.

Divorce rape keeps getting worse and worse. The system is rigged against men.

The risks now far outreach the benefits. Feminism is gaining power, marriage is doomed, don't get married.

Moldy_Gecko • 1 point • 7 April, 2019 11:23 PM

top pinned post in /asktrp under spinning plates. Monogamy is a byproduct, not a goal.

the13thmonk • 1 point • 8 April, 2019 02:02 AM*

I’d agree. But that doesn't make it any less valuable when you happen up on the natural bi product of spinning plates, an LTR.

Also, redpill is a guide. There is no set path that you should follow 100%.

rus9384 • 1 point • 7 April, 2019 01:47 PM

So, you are saying thots are manipulating men?

[deleted] • 27 points • 7 April, 2019 12:01 AM

If your question is, what is the reason for this? I say this without any malice, any moralizing, any concept of hatred towards anybody, but life is this game. Its the game. Whether you like it or not, you're in it. You can either play it or you can sit by the side and cry about it, you can say the game is rigged, you can complain about the existence of the game, but the game is still there. The game doesn't care. You can either play it and win or play it and lose, but you have to play it, in its reality, not in its theory, and understand how man, woman and society work. If you're blue pilld, the game can hit you in the face almost everyday but you can deny its existence. If you're red pilld, you have no excuse to deny the game. You can say the game is childish, and I fundamentally disagree with the premise of your question but I will say its a fair observation, but that doesn't change the game.

High school never ends. Wo-oh-oh-oh. Wo-oh-oh-oh.

VSelf47 • 8 points • 7 April, 2019 01:13 AM

Dude, you should read Confessions of a Reformed Incel.

Red poll is a toolbox, not a way of life so yeah, if you don't want to waste time with thots that's fine. But what if Ms. Right comes and you don't have the ability to get AND keep her interest. For that you need practice, and how could you get practice, since you'll probably find a Ms. Right once in a blue moon, ahh with every other woman out there, even thots.

[deleted] • 13 points • 7 April, 2019 12:33 AM

You have no idea how much, from the bottom of my heart, I wish you were right. You're not. Your question had the potential to be a keen observation, now its superficial. There is more to TRP than you think there is. You can either learn this now and save yourself a world of pain, or you can go forth in life and ignore it, and get your heartbroken like the many men do in their 30s, 40s, 50s, even 60s. I'm just saving time. I've also learnt that different people take different times for knowledge to become real to them. You can carry those assumptions, but without context or reflexivity its always going to be simplistic, not simple. The reality is you need your heart shattered with that view, hopefully not more than once, for you to get it. The alternative is to save time and practice and learn a lot more of this, but idk. You have the reality, the map right in front of you, and you're telling yourself, why can't I just keep walking in that direction and hope its north, and figure it out along the way. You can, it would just take longer.

Moldy_Gecko • 2 points • 7 April, 2019 05:24 AM

Did you ever read the sidebar? If there are unicorns out there, they're rare enough that you'll never find one.

rus9384 • 0 points • 7 April, 2019 12:31 PM

You can either play it or you can sit by the side and cry about it

I don't choose either, this is a false dichotomy.

PimlicoResident • -1 points • 7 April, 2019 09:10 AM

This is true but for some men, game is so rigged that they are just spinning their wheels getting fuck all. The recent article posted about huge increase in incels here confirm it.

For such people, playing the game means losing it every time. It is a choice to put in the effort to get scraps or divert your attention to some other places in life. It is hard to determine what to do.

Bobby_Says_No • 29 points • 7 April, 2019 12:32 AM*

haha, you've said exactly what I have been thinking for such a long time. I think there is a lot of valuable and interesting information that gets posted on here, but I also think if a lot of people on here put in the same amount of time/effort doing shit with their lives than chasing after thots they could be successful. Not here saying no-one on here is successful and does fuck all with their lives, but the amount of effort I read some people putting into chasing multiple women etc, dating several women at the same time, they can't be doing much with their actual life and I say that from personal experience. I currently run a music video business, also a musician, so when i'm not busy with business i'm busy writing/recording songs and getting my band on the go etc. After i'm done doing everything I need to do I have maybe one evening a week I could put aside to see a women, two at an absolute push and even then to get them evenings free it is a struggle so it is only worth it for something of high quality, not chasing some random thot. I wouldn't be where I am now if I decided to play childish games with thots as you mention in your post. Too time consuming with little reward and for people that have nothing going on in their life imo. The bonus of doing shit with your life too, no need to go hunting for women, they always seem to find there way to me....maybe i just don't reek of desperation, i don't know...

AwakenedSovereign • 2 points • 7 April, 2019 04:01 AM

Nah you're on point here.

One word: Mechanics

You can either stomp around the festival all weekend trying to break in or you can make sure it's your festival and people are trying to break in to what you got going on.

The reason this gets tricky is because most guys want to be the "Unicorn Alpha" they sometimes see around town. The cross-contextual, doesn't have to lift a finger guys with godlike genetics that can do diddly-squat and still swim in pussy.

Even trickier are the ones without godlike genetics that are just as successful.

Aka, ideally, they don't want to have to work for it.

This is the price we pay as men because the current prevailing culture is "don't directly show effort or you're trying too hard." It's a perspective issue.

smartstarfish • 8 points • 7 April, 2019 01:28 AM

Yeah and you attract what you are not what you want.

If you act like a plate spinner looking for exclusively FWB that's who you'll attract into your life.

It's all a matter of what you want to do with TRP information.

For me personally I use it to remind me to never put a girl before myself and always keep my priorities in order.

FlyingSexistPig • 25 points • 7 April, 2019 12:19 AM

Men are not women.

The same rules don't apply. That's the red pill: women and men are not alike. Women who try to win with men's rules lose. Men who try to win with women's rules lose.

Honey, benching 315 isn't going to get you the guys you think it will. Just like guys wearing really short skirts won't get them the girls they think it will.

[deleted] • 8 points • 7 April, 2019 12:21 AM

OP forgets that women are the gatekeepers of sex.

opossumpark[S] • 4 points • 7 April, 2019 12:29 AM

is this all its about? sex? what about spending time and energy finding a trustworthy woman to spend your life with and take your guidance instead of trying to play these dumb games so that you could get through their dumb worthless gates. wasting so much time and energy to stick your penis in these thots i just cant imagine justifying that and feeling like your doing something worthwhile.

GiraffeOnWheels • 6 points • 7 April, 2019 01:23 AM

The "game" is increasing your appeal and access. You don't have to play, but you probably won't have many options. For me it's more about how the world actually works. If you don't want thots that's fine, but this applies to all girls.

beginner_ • 3 points • 7 April, 2019 06:46 AM

if she is a thot, it shouldn't take much time and energy at all.

FlyingSexistPig • 15 points • 7 April, 2019 12:41 AM

You think the red pill is a game? It's not. It's a fundamental understanding of female nature. If you think it's just a game, then you're still in the Denial phase:

Denial <-- You are here.

Bargaining

Anger

Acceptance

CaptainBW • 6 points • 7 April, 2019 02:05 AM

Tell ya what OP, go find that woman. The one or just described. Seems a worthy conquest. Seriously and legitimately.. I'm really not giving you shit.

Now be her pal and remove the possibility of sex with her...

Come back and report on how that feels.

You don't have to like the game, but if that's the woman you are looking for, you better fucking know how to play it, because half your competition will. And you ain't gonna out work, or out game them , especially without even realizing the game you're playing.

What makes you think this has anything to do with "thots" at all?

Aptote • 2 points • 7 April, 2019 05:41 AM*

the point is you can and should be doing what you want, red pill applies either way, if guys want to spin plates, ons, fwb for sex, i say god bless and go forth, yet those are the guys that shit on guys in ltr.

one can use the red pill tools to build straw huts or he can build a mansion

there is more to life than money

You are making two very big mistakes here:

1. Judging men and women by the same standards. They have completely different rules, games and sexual strategies
2. You are trying to use red pill to achieve blue pill goals

Meesa thinks youssa not grasp red pill properly, youssa should go back to the side bar

RedSkeller • 4 points • 7 April, 2019 01:49 AM

I agree with everything you said until this statement was made:

Personally I think the ultimate goal is to find someone you can have full trust and honesty with to live your life with and not these kid games you all play to get your dick wet.

TRP is about being the best version of you that you could possibly be. Sure, the majority of posts here - especially as of late are lacking in substance but at the end of the day, we're all in this together trying to help each other. At least, that's why I come here. I want to be there for another young guy like a mentor in the ways I didn't have one when I was younger. It's not always about the puss.

As for finding someone you have full trust and honesty with? That's debatable. You'd be much better off learning to enjoy your own company and being happy with yourself then ever even expecting to find that. If you do, you're either zen to the max or delusional. Even the zen guys have problems, everyone does, it's human life. Everything is a stupid game, jobs, money, existence - we're all chasing something. Who am I to judge others based on my own beliefs? Live by example. Every time we get posters preaching their version of morality (which TRP is immoral), it's a clear sign that you've taken principles you were taught instead of learned. If you had actually seen and experienced 'bad' you would have a concept that it is another form of simply 'being'.

Psychological_Radish • 3 points • 7 April, 2019 01:46 AM

I agree with the whole women are thots, attention whores, ect

TRP doesn't teach that women are whores, although many of them are in our society.

Having many girls, wanting threesomes, wanting to cuck a guy,

What's wrong with that?

playing childish games with girls, using reverse psychology and other stuff to get some thot to like you.

It isn't about "getting some thot to like you." It's about teaching men to mimic the behavior that Alpha males display on their own, and why that behavior works.

Personally I think the ultimate goal is to find someone you can have full trust and honesty with

This is the Blue Pill dream. And that's why it's a dream...because you have to be asleep to believe it.

Go back to sleep.

legaxo • 3 points • 7 April, 2019 06:44 AM

LTRs heavily favor women over men. The RP does offer useful advice for being in a relationship, but most of people's goals here are to get laid. Why sacrifice your resources and time on one woman when you could get laid with many for such little sacrifice? The system in place is not on man's side, so why play it's game?

PimlicoResident • 1 point • 7 April, 2019 09:13 AM

Not every man can achieve this. Good for you if you are attractive and reasonably successful. Some men can

only get steady sex in a relationship, they simply don't have SMV to pull multiple women.

VasilyZaitzev • 3 points • 7 April, 2019 04:24 PM*

Personally I think the ultimate goal is to find someone you can have full trust and honesty with to live your life with and

What goal do you think every divorced guy had? Every guy still living in a shitty marriage?

You can't use Red Pill tools to fulfill your Blue Pill dreams.

And what if I *like* threesomes and having slave girls? I also don't "hate" THOTs and sluts, etc. They have every right to have agency over their sexuality and give it up for every Outlaw Biker, Drug Dealer and Escaped Mental Patient that they want to. What they don't have the right to do is waste their 20s working some shit job in a cubicle farm, drinking like men, riding a mile of cock and then bitching about how *"THERE ARE NO GOOD MEN LEFT!!"*

cat_magnet • 3 points • 7 April, 2019 12:17 AM

Living happily ever after with your disney princess is very unlikely in this feminist anti male climate we live in. I agree hedonism is not the solution but men need to be aware of awalt, hypergamy etc.

SniXSniPe • 2 points • 7 April, 2019 01:33 AM

Well to start with, a lot of dudes here are salty about women due to some incident in their life--- whether it be a relationship turned cheating, women always rejecting them, or what not. You know, anger phase and all. Honestly, a lot of people have a hard time admitting the problem is with them, or in cases where they were cheated on and their world crushed, they simply have a hard time healing and moving on with their life in a proper manner.

There's both good and bad advice on the TRP, and then there's also fluff from some dudes who just want to lash out against women for reasons like above. Kind of like, incel-ish behavior, even.

I see it as this way: I have certain friends who seem to know some things about TRP from random conversations (I don't go out of my way to discuss TRP in person, nor do I care), but the sad part is they have no ability to self-evaluate themselves properly and why they fail on women. It becomes a game of, "something's wrong with women, not me", and even then they don't want to acknowledge their own flaws and weaknesses, It made me realize there are a lot of guys here that are the same way. They truthfully could be successful with women, but they always fail in the end--- without realizing the issue is with them.

jay_jay_man • 2 points • 7 April, 2019 05:49 AM

Its the same sort of crap that I see women do all the time.

Men and women aren't the same. We aren't held to the same standard. A man that's able to get threesomes is more valuable than a girl in a 10 man gangbang because for a woman getting sex is as easy as pissing for men.

Personally I think the ultimate goal is to find someone you can have full trust and honesty with to live your life with

Wrong. That's blue pill thinking. Finding "the one" is not Red Pill. Achieving your life's mission is the ultimate

goal, finding a woman that compliments your life is a great bonus but it's just the bonus, not the ultimate goal. Making a woman your ultimate goal is how men end up killing themselves, feeling aimless and lost after a breakup, and turning into a bitter old man.

Is there a reason for this?

Most men find the RedPill through sexual frustration. Men come here looking for ways to get girls. Some progress, grow past this stage, and become better human beings (not just pickup machines).

Foolish_ness • 1 point • 7 April, 2019 09:21 AM

What is one's life mission in your context?

Is it self determined?

May I ask your life mission?

jay_jay_man • 1 point • 7 April, 2019 11:15 AM

You start by examining yourself, identifying your core values, which values do you hold the dearest and which ones someone times take a backseat. It's from identifying these values that you align your daily actions and form a mission.

A book I read recently does a great job of breaking this process down. It's called The Tactical Guide to Women by Shawn Stevenson. He's in the Redpill community.

Red pill isnt about labelling women as "thots"

Read sidebar

opossumpark[S] • 0 points • 6 April, 2019 11:55 PM

i say "thots" so you understand the type of women im talking about.

boy_named_su • 2 points • 7 April, 2019 12:23 AM

That's the point. The red pill just points out that women are pieces of shit, just like us, but in a different way.

The Feminine Imperative tells us that women are complicated, good natured angels. Somehow better than us but deserving special treatment. Which is complete bullshit

[deleted] • 2 points • 7 April, 2019 12:49 AM

Men and women are not the same and have different sexual strategy. What a useless question.

beginner_ • 2 points • 7 April, 2019 06:45 AM

Personally I think the ultimate goal is to find someone you can have full trust and honesty with to live your life with

So basically the blue pill fairy tale. Good luck with that.

It's theoretically still possible but will you be happy? Even if you find that magic unicorn, she will get old, she will nag more and more and care less and less about you. She will wear you down even if it takes 60 decades and she stays with you till the end.

Happily ever after is just BS. People stay together that long due to lack of options and convenience and habit (change is hard). Even in your 60ties you would that 20 year olds, if you could and not your same aged old ugly probably fat hag.

Note: No I'm not in college-age. You simply don't know if you have never been in a somewhat long relationship. As a first hint, watch your parents if they are still together.

[deleted] • 1 point • 7 April, 2019 02:10 AM

I wanna see you bust down

[deleted] • 1 point • 7 April, 2019 02:20 AM

The split within the communities outlook to "The Game" is funny. First off, that's aren't bad. They merely get demonised by guys who can't get thots (I can't either, i can simply appreciate their use of power). And with that statement alone, i've just shut down your entire question via vice versa.

That's have power, TRP makes men realise/develop their own power. It's merely levelling the playing field and the guys want to indulge in their fantasies. Who are you to judge?

pridebrah • 1 point • 7 April, 2019 02:22 AM

Wait what's wrong with threesomes (FFM)? Lol

mrpoopistan • 1 point • 7 April, 2019 02:32 AM

I think the ultimate goal is to find someone you can have full trust and honesty with to live your life with

And there's literally no one telling you that you can't do that. We're just telling you to be honest with yourself about what terms like "trust" and "honesty" mean.

Aptote • -1 points • 7 April, 2019 03:56 AM

plenty of people in this sub and in this thread shit on LTRs, you don't have LTR with "thots"

[deleted] • 1 point • 7 April, 2019 02:46 AM

Probably.

ImLitC0lN • 1 point • 7 April, 2019 03:57 AM

This is prob buried, but this is a question subreddit. Most people on here are just learning trp...

mushroom_overlord • 1 point • 7 April, 2019 04:03 AM

A lot of them are quite a bit like the slutty women, but you might be overestimating the amount of them that hate thots. For the sexually hedonistic ones, at least, the existence of sluts is a blessing.

Others are just adapting to the world they live in, not the idyllic dream land they would rather find themselves. There's plenty of reasons to complain about our society, but if you don't adapt you're wasting your life.

Moldy_Gecko • 1 point • 7 April, 2019 04:56 AM*

The point of this sub isn't to say 'men do it too'. Women hold the power over sex and reproductivity. The ultimate point of this sub is to take that power back by being better man. By being that kind of man, you get all those other benefits.

supersonic-turtle • 1 point • 7 April, 2019 05:26 AM

As a dude who has found a quality woman I can say that I don't dislike thots at all quite the opposite. I love 'em they kept me sharp and where fun along the way. My days of gaming are over *for now*. I still remain in pinnacle shape and improve daily for the almost sure chance my turn is up and my current long term decides to branch swing. If she sticks around cool, I've wanted a family and she's about as good as they get so I'm cool with settling down. But like we all know AWALT so it's best to stay aware and keep TRP knowledge handy.

jm51 • 1 point • 7 April, 2019 09:47 AM

I've wanted a family

All that really matters imo is that she will always try to be a good mother to your children, no matter what.

When it comes to mothering qualities, women are not all the same.

humzy • 1 point • 7 April, 2019 05:37 AM

dude read the rational male. MAWATS (men and women aren't the same)

temerity18 • 1 point • 7 April, 2019 07:44 AM

Promiscuous women are great for promiscuous men. Those who use the word that want monogamous women. Quite a few, if not most, of these men are promiscuous themselves. Yea, they need to wipe their mirror.

[deleted] • 1 point • 7 April, 2019 07:45 AM

I used to do this now I just fuck literal whores or women that come to me easily. It's not worth it after awhile

DREADC0RSAIR • 1 point • 7 April, 2019 07:53 AM

Thus sub isn't for someone looking for a long term relationship, this sub is filled with people who observes female nature for what it is and play the game with as little risk and most reward as possible.

RedBloodHunter • 1 point • 7 April, 2019 07:53 AM

Sexual strategy is amoral, and this goes for both men and women.

How will you know what to screen for in a quality, LTR-worthy woman, if you haven't been with enough girls to actually *know* what those qualities are? That's more or less the purpose of spinning plates. Along the way you'll develop abundance mentality, which will lead to a stronger frame, outcome independence and a variety of other qualities which WILL be useful in maintaining an LTR.

If you aren't a high value man, your LTR's won't work, it's as simple as that.

In regards to playing childish games with girls - that's the thing, it isn't really a game to them. This is how women are, this is how seduction works. You can either embrace the game and become good at it, or reject it, but you'll never stop playing. Spitting up the red pill is pretty common, it doesn't taste very good.

Acerhand • 1 point • 7 April, 2019 08:25 AM

Not only that, im pretty sure most all guys here are getting all the women they plate from dating apps or school

good-look • 1 point • 7 April, 2019 08:55 AM

Most people in general are shit. Welcome to TRP where PC bullshit is frowned upon.

Greek-God-Brody • 1 point • 7 April, 2019 10:21 AM

the game is rigged (hypergamy, women's slutiness..), might as well go along for the ride and play the game, once that you know the inner mechanisms.

dropping out the game doesn't mean the game stops, it goes on with or without you

dani098 • 1 point • 7 April, 2019 03:17 PM

In a lot of ways, we are the same, doing the same dumb shit, after the same ol' thing.but whatever works to achieve your end goal and happiness.

[deleted] • 1 point • 7 April, 2019 02:11 AM

i'm literally a femcel virgin yet called a thot and whore by association of being a woman, meanwhile all men on this sub are attempting to bang actual thots

Project_Zero_Betas • 1 point • 6 April, 2019 11:41 PM

Personally I think the ultimate goal is to find someone you can have full trust and honesty with to live your life with and not these kid games you all play to get your dick wet.

Agreed, but this isn't the subs operating procedure. Most seem to find meaningful LTRs beta, for whatever reason (I'm guessing "something something domesticity something feminist imperative.")

ARUKET • 1 point • 7 April, 2019 05:53 AM

OP, let me ask you this - what do you think happens when you meet your unicorn? You realize all the good girls respond to mostly the same tactics, right? Just because a girl doesn't smoke or drink and has little to no sexual history, doesn't mean she is attracted to betas.

TRP is about understanding female psychology and how to apply this knowledge to enter and maintain sexual relationships with women. Most guys here are interested in using this info to have 5 girls on call to fuck whenever they want, but there's nothing that says you can't use this info to hopefully have successful relationships.
