

What are your LTR deal-breaking red flags?

May 21, 2019 | 82 upvotes | by [Yallah_Habibi](#)

What are your personal red flags that you would never LTR a girl if she displayed them?

Additionally, what are your “orange flags?” (Red flags that you can overlook and still LTR her?)

Curious to hear each persons personal opinion!

Exes.. All I read on these new posts nowadays is my LTR is catching up with her ex etc...

One of the greatest red flags for me tbh.

besurks • 45 points • 21 May, 2019 03:46 AM

This! I learned my lesson the hard way on this. Let my LTR at the time be friends with her ex because I didn't really give a shit who she talked to. And then before you know it she's banging him when he's 10+ hours away. Never let a girl you're planning to turn into an LTR even communicate with an ex

Carra23 • 49 points • 21 May, 2019 05:52 AM

It's not a question of "letting" her do anything. It's if she choose to act that way, it's over, non-negotiable. Abundance mentality. LTR material girls don't have reason to be seeing their ex, unless you are not LTR material in her eyes.

GrinninGremlin • 24 points • 21 May, 2019 06:32 AM

Never let a girl you're planning to turn into an LTR even communicate with an ex

If their ex is still alive...that is strike number one against things becoming LTR.

Strike number 2 is her choosing to communicate with ex.

Strike number 3 is any excuse to meet with ex for any reason whatsoever.

As an added bonus...This 3 strike system automatically excludes single moms with kids that generate all 3 strikes because they have to meet ex to transfer kids for visitation.

bostezo22 • 9 points • 21 May, 2019 09:37 AM

Single moms are not a huge red flag for LTRs by themselves?

GrinninGremlin • 14 points • 21 May, 2019 09:41 AM

Yes, but a single-mom with the ex still around is like a HIV coated red flag that auto-generates false rape accusations while emptying your bank account.

TopOccasion29 • 11 points • 21 May, 2019 12:11 PM

A single high value guy should never even be in a relationship with a single mum. I dick down single mothers but i will never LTR or God forbid wife her up. I'll rather slit my wrist than wife up a single mother and look after another mans cum spawn.

MajIssuesCaptObvious • 3 points • 21 May, 2019 09:58 AM*

If their ex is still alive...that is strike number one against things becoming LTR.

So if she stabbed her ex(es) to death, that nullifies this strike, right?

GrinninGremlin • 3 points • 21 May, 2019 10:04 AM

Hmmm...before I reply...I'd have to know if she is a necrophiliac.

MajIssuesCaptObvious • 1 point • 22 May, 2019 04:37 AM

You'll get laid even when dead, so it'll be a plus if she is.

ReasonablyGoodMexico • 3 points • 21 May, 2019 05:13 PM

An ex being alive is a good marker for most of humanity, dude. I would be MORE worried if I learned ALL of her exes are dead.

GrinninGremlin • 1 point • 21 May, 2019 08:10 PM

It is only one of 3 strikes...not the sole factor to consider.

ReasonablyGoodMexico • 1 point • 21 May, 2019 08:39 PM

What I mean is that, if virtually all(or none) subjects fit a certain criteria for a filter, then such a filter is not necessary because it just amounts to all or none and all other filters always do the job. Statistically speaking.

In this instance its worse because it becomes a huge red flag if all exes are dead for any number higher than one (specially if what you mean by ex is ex husband).

youngplayz • 1 point • 21 May, 2019 05:49 AM

Iunno (yet) about the case in U.S., but in my culture that's safe. If she's finna cheat on you, her ex is the last person on Earth she finna do that with.

Fascinating how different the things are from nation to nation.

SLICKlikeBUTTA • 12 points • 21 May, 2019 06:28 AM

What culture are you from where you say finna lol?

youngplayz • 2 points • 21 May, 2019 01:04 PM

A Latino, an overwhelming majority of whose Northern American business associates and friends are black or Hispanic and come from a ghetto.

cafeitalia • 5 points • 21 May, 2019 01:25 PM

Latinos are one of the top cheaters out there, and they do it so good. I would never in a million years make a Latino a LTR.

youngplayz • 1 point • 21 May, 2019 01:35 PM

That may or may not be true, I do not know enough statistics to judge. I live in Eastern Europe, and the culture I'm referring to above is Ukrainian.

I don't get to speak too much English with locals, that's why I didn't mention Ukraine at all in the first place. Guess I should, as that's the actual answer to your question.

CharlesChadworth • 4 points • 21 May, 2019 05:53 AM

Agreed, it varies from country to country. Both my parents have 10-12 siblings on each side all married and none divorced overseas. Its because in my parents home land its still very patriarchal and no one would ever date you let alone marry you if you contact exes.

It's all about boundaries. I have dated girls who claim "oh I'm such an easy going person I get along with all my exes" like it's some kind of fucking badge of honor. No tho, if anything that's a turn off.

I have never LTRed such girls. I know what I seek and if it doesnt meet my criteria some beta cuck can hold her legs while her ex pumps her. I have too much pride for such things.

we all have those, "fixna" friends. eg, "I'm fixna join the military," or "bout to go to college," and there they are... sitting on the porch drinking beer.

truthbomb999 • 6 points • 21 May, 2019 12:01 PM

-she finna do that with.-

Dude, do yourself a favor and delete that ghetto speak from your vocabulary. It's the most idiotic made up word I've ever heard

yungplayz • 0 points • 21 May, 2019 01:03 PM

Not my fault 90%+ of Americans I deal with or befriend are from ghetto. I mean, that is a consequence of my actions, but I don't view that with no negativity, thus it's not a "fault".

Anyways, name one word that isn't made up, my friend.

truthbomb999 • 2 points • 21 May, 2019 03:07 PM

You do get to choose who you associate with and how you speak.

Show me your friends and I'll show you your future. YOU may not view talking like a moron as a negative, but the rest of the world does and honestly you are better than that and can communicate with some eloquence.

I grew up in Detroit in the 80s when it was the murder capital of the USA and knew of people that would say dumb stuff like that as well. I chose to rise above it.

Just one observation from one young black male to anothr

yungplayz • 2 points • 21 May, 2019 03:47 PM

It's more or less impossible to find one these days, but a girl that isn't completely obsessed with social media would be nice

hatethiscity • 35 points • 21 May, 2019 05:56 AM

Huge green flag if a girl isn't obsessed with social media and is aware enough to know how wonderful being present in the moment is.

[deleted] • -3 points • 21 May, 2019 06:06 AM

Red flag to me though if she doesn't have any forms of social media at all.

bostezo22 • 9 points • 21 May, 2019 09:39 AM

why?

The only woman that ever cheated on me didn't drink or use social media, green flags. Upon reflection, the real reason was is that she identified she couldn't handle moderation.

Siccunt99 • 4 points • 21 May, 2019 11:52 AM

Girl without instagram is generally a keeper, even though it's not exclusive.

MajesticPitch • 100 points • 21 May, 2019 12:40 AM

Attention seeking behaviour - major fucking redflag.

At first the attention seeking behaviour is good, she'll fight for your attention. Eventually this will evolve. It will evolve into her sulking, acting like a cunt and other autistic things. She'll do this to get your attention. You just need to nope the fuck out as soon as that happens.

Lots of beta orbiters

Again this means the girl loves attention. Attention seeker, next!

kaolin224 • 52 points • 21 May, 2019 05:57 AM*

- hopelessly addicted to social media.
- participates in activities that look good on instagram - fitness modeling, pole dancing, etc.
- starts fights with you when you're not giving her enough attention. Gotta get those likes!
- even bigger fights when you give attention to some other girl you both know, even if it's not romantic.
- finds out what you hate and uses them as weapons when you ignore her crazy ass.
- "Rules for thee, but not for me. " - she takes a selfie with a bunch of dudes, all good. You do the same with girls and she goes nuts.
- airs your relationship's dirty laundry to her friends, or puts it on public display on social media.
- god forbid you call another girl cute or attractive, even on TV.
- a tendency to go haywire in response to problems that are way beyond a healthy reaction.

Insecurity, depression, and unbridled jealousy, usually caused by childhood trauma and ton of daddy issues.

Run away.

Run far, far away.

Girl I'm in LTR with has no obvious red flags, but her insecurities get really annoying. Needs validation, I've seen her tapping my phone to see notifications. Sometimes acts suspicious. She had relationships where guys cheated on her or dumped her, it definitely had impact on that behavior. At least she doesn't show any signs of controlling behavior, it'd be a deal breaker for me.

dingleburry_joe • 2 points • 21 May, 2019 07:21 PM

99 percent of chicks especially the hot ones have insecurities. Lol its in their nature. Validation seeking is another thing but pretty common.

Redditor6512 • 44 points • 21 May, 2019 02:22 AM

Having to many guy friends

hmsthinkingmeat • 12 points • 21 May, 2019 09:38 AM

My ex wife had gone back to working (she went through 4 jobs in 5 years - there's a red flag by itself) and started "hanging out" with some of the guys she worked with.

I'm sure she cheated on me, but as soon as she had an income and interest from other men - our relationship went straight down the toilet.

gregoire_ • 59 points • 21 May, 2019 02:04 AM

Red flags: she has guys paying for her all the time.

Orange flags: nipple or clit piercings. Really, those are red flags but you can bet your ass I'm running the red

Project_Zero_Betas • 46 points • 21 May, 2019 02:38 AM

nipple or clit piercings.

There will be a ton of red flags readily apparent before you even make it to these.

crystal_wb • 0 points • 21 May, 2019 10:34 AM

Really curious as of why you would consider them red flags. Sure, there are women who like to obviously show of nipple piercings and basically got them for the attention seeking. But the main reason I would ever consider getting those piercings would be the new sensations that come with them.

Is it because they're apparently a sign for attention seeking, as somebody else said? Or is there more to it?

dirtymint • -5 points • 21 May, 2019 06:53 AM

nipple or clit piercings

Why are these red flags?

Deadlybeef • 12 points • 21 May, 2019 10:13 AM

Oh, I see now. Thanks for helping me out with this.

ReasonablyGoodMexico • 4 points • 21 May, 2019 05:20 PM

These items are jewelry. Why would she use jewelry that no one would see?

From there, you can infer high notch count.

GGrub8 • 1 point • 22 May, 2019 09:03 AM

Shows poor long-term decision making.

Tattoos and piercings look absolutely horrid on the post-wall female body.

Men can get away with those even in old age because of higher muscle mass and collagene.

Notice how male celebrities tend to get more tattoos as they age, while females have them removed.

[deleted] • 55 points • 21 May, 2019 02:36 AM

Dealbreakers:

has kids or wants them

goes to clubs/party girl

is on tinder

any tattoos or piercings other than ears

unnaturally colored hair (bright red/blue/purple etc)

recent breakup (<1y) or still in contact with exes

past about 25 and hasn't graduated college or has no career plans (i.e. her plan is finding a sucker to live off)
entitled- can't admit fault/doesn't take responsibility for her actions

SupremeBBC • 23 points • 21 May, 2019 04:03 AM

My last LTR checked off about 80% of these lmao. Good riddance.

kaolin224 • 5 points • 21 May, 2019 05:43 AM

Seriously.

What's the cutoff here?

Half that list is a huge nope.

Nergaal • 12 points • 21 May, 2019 05:11 AM

recent breakup (<1y)

Where do you find any quality, above-average looking women that are single for over a year? Seriously, where are they?

[deleted] • 11 points • 21 May, 2019 05:23 AM

The quality ones aren't constantly monkey branching relationships because they can handle life alone. That's the only kind you want to LTR. Get branched to and don't be surprised when you later get branched from.

uptimex • 5 points • 21 May, 2019 06:08 AM

Well if they are not in LTR, most of the time, they are intensively in hookups.

TopOccasion29 • 3 points • 21 May, 2019 12:16 PM

Yup any woman who decently attractive and just got out of a breakup will have men she's sleeping with (exes and orbiters) to help with the pain of recent breakup.

Nergaal • 4 points • 21 May, 2019 06:38 AM

I am asking about hot ones that stay single a year. Not branch swinging ones, but ones that say split cause moving away. Why you expect such a hot one to not bfup within a year?

Natively101 • 4 points • 21 May, 2019 07:17 AM

99% of "hot" chicks probably aren't single for a year unless you count hookups.

Nergaal • 1 point • 21 May, 2019 08:26 AM

So where does the guy find the 1% ones?

CyberXydra11 • 6 points • 21 May, 2019 10:46 AM

That are unicorns my brother

Nergaal • 0 points • 21 May, 2019 01:20 PM

Roid96 • 1 point • 21 May, 2019 08:15 PM

Get branched to and don't be surprised when you later get branched from.

What if I get branched to from a women who was in a relationship that lasted 5 years? Not the kind that go from guy to guy in a short time.

Natively101 • 1 point • 22 May, 2019 12:00 AM

She was willing to throw away 5yrs of commitment. What's to say she won't do the same with you?

Roid96 • 2 points • 22 May, 2019 10:17 AM

What's to say she won't do the same with you?

Like all women, what's to say they won't do the same? And people always tell me that quality women are never single, so if I want one it means I'll need to snatch her from someone. And I hate that a lot, not even part of my moral standards, but based on what I see this is the reality.

askmrcia • 3 points • 21 May, 2019 05:03 PM

Where do you find any quality, above-average looking women that are single for over a year? Seriously, where are they?

I personally know a few and they are the ones not clubbing or online dating. Their hobbies or activities mostly consist of sport leagues like volleyball or soccer and fundraisers.

A lot of guys use only online, parties and clubs to find girls to date.

Hell even when I was in college I was the only guy going after the international girls who did nothing but study and hang out with their small select group of friends.

Virtually there was no competition.

Now to be fair going this route as in going for girls not online or clubs means you'll probably get laid a lot less so keep that in mind.

There's three girls in my improv classes that hadn't dated anyone in over a year and all three are fine being alone and not attention whores

Vikraman11 • 1 point • 21 May, 2019 09:53 AM

this is too real, where are the good ones? I think locality plays a huge part in this.

ghosts_of_me • 8 points • 21 May, 2019 04:28 AM

Mine passes all these but has no tits. What do i do?

classylassy28 • 1 point • 21 May, 2019 05:14 AM

Buy her breast implants.

GrinninGremlin • 5 points • 21 May, 2019 06:13 AM

So her next can enjoy them?...Nope! If I buy a body modification...it is only something like a tattoo with my name...which costs money to reverse/remove.. Something such as jewelry must be engraved with my name, even if only on the inside so that "Mr. Next" gets a reminder of her resource acquisition habits.

Ideally, such gifts should only happen as rewards for contributing extra value to the relationship, not merely being in the relationship. If you have to give gifts just to retain her interest in the relationship, then you are attempting to buy her affection and compensate for your perception that she is worth more than you are.

A gift should be an acknowledgement of her voluntarily demonstrating exceptional loyalty or commitment to the relationship...doing things which signal less "availability" to other men. It doesn't really matter whether this comes in the form of deleting a social media account...wearing jewelry indicating she is in a relationship...breaking off contact with an "ex"...declining offers from a girlfriend for a "girl's night out" that includes venues where singles frequent...or rebuking criticism of you made in her presence.

The point is that any behavior that moves toward commitment and loyalty is the correct direction and should be rewarded...whereas the opposite behavior which demonstrates "keeping her options open" and creating opportunities to meet other men...should be a barrier to rewards such as gifts.

Because I don't want them

[deleted] • 1 point • 21 May, 2019 09:01 PM

That's valid, though personally i wouldn't consider that a red flag because it's pretty normal for someone to want kids. Having bright hair or tattoos, for eg, yeah I agree with you.

ramjaz • 0 points • 21 May, 2019 09:06 AM

If you don't want kids then why even bother being in a relationship?

I'd like to add them having their own house/property. I'll let a few other red flags fly in the front yard as long as those flags are planted on her own property

GGrub8 • 42 points • 21 May, 2019 05:33 AM

The mother of all red flags is the "rape" word.

If she mentions that she was raped run and don't look back: either she falsely accused someone and will do the same with you or she was actually raped and she's damaged beyond repair.

As sad as it is, a relationship with a rape victim is a nightmare and must be avoided at all costs. "Damaged goods" doesn't even begin to describe these women.

subtlearts • 8 points • 21 May, 2019 08:18 AM

Just got dumped a couple months ago by a single mother with 2 kids from 2 dads, bipolar, narcissistic, codependent, broke, daddy issues etc that was raped as a teenager. I haven't looked into how it affected her (trying to learn) but she never said much about it as she was a terrible communicator as well....

GGrub8 • 6 points • 21 May, 2019 08:48 AM

Yup, that's more or less how rape victims end up.

[deleted] • 3 points • 21 May, 2019 07:11 PM

Thank God she dumped you. My dad was in a similar situation, except she was a single mom of 4 kids.

They were fighting all the time, and eventually my mom tried running away with us. My dad jumped on the back of the car, fell off, broke his neck. Wasn't paralyzed or anything, but was in pain. Started using heroin, dead within 5 years.

subtlearts • 2 points • 21 May, 2019 09:29 PM*

We didn't fight until the very end. She didn't get loud with me once being together for 3 years though. She was running her mouth/lying/stealing from me. I actually miss being with her even though she was passive aggressive and emotionally abusive. I think maybe it's a trauma bond and having no replacement/small social circle kinda sucks.

subtlearts • 2 points • 21 May, 2019 09:41 PM

Oh and she got a new "soul mate" one week after she left and is "extremely happy" now ☐

omega_dawg93 • 3 points • 21 May, 2019 12:25 PM

i agree but these younger women use the word rape like they use the word cute.

to them, everything is rape! walk up and introduce yourself... approach rape. look at them too long... stare rape (real in India)... etc.

everything is rape until Chad says hi, then it's all good. he can grab her by the pussy and fuck raw in public

first date.

StellarMemez • 1 point • 21 May, 2019 06:03 PM

but then he never talks to her again, and that's rape too.

omega_dawg93 • 1 point • 21 May, 2019 06:23 PM

yep... that's regret rape where she willingly fucked him 30 min after meeting him.

but a week later... after he failed to call her back, she regrets the encounter, blames it on him being a chameleon but somehow forgets to call the law bc... well, he was Chad.

... and she might get another chance at Chad DNA.

SLICKlikeBUTTA • 1 point • 21 May, 2019 08:47 AM

Maybe if she didn't stink all the time. Like if she's a server were not kicking it after she gets off work. I need to know she showered or she probably stank

AGameofTrolls • 1 point • 21 May, 2019 02:54 PM

Dating this server chic. One time I started noticing a horrible smell every time we hung around. One time I picked her up at her friends, she stayed with her overnight. When she got into my car and smelled the reek emanating from her I just had to say something. She was so embarrassed, but we managed to figure out it was the shoes she was wearing ALL the time and the gunk from the kitchen floors that get caught in the soles that was making her smell like a dead cat.

Having finally cured my own depression, a girl with depression would be the biggest red flag for me. I fear she'll eventually drag me down with her.

Other red flags: way to chatty with your exs, attention seeker, way too clingy on that one "ol' friend" that's "just a friend"(yes they probably once were fuck friends), no job nor is willing to get one(mortgage doesn't pay itself, but she sure seem to think it is), and in general don't be a fucking freak show.

I place having kids on the orange flag list as it really depends on the situation, as long as that kid isn't expected to become my problem then I'm in general all K with it, your ex pays child support for a reason.

319Skew • 6 points • 21 May, 2019 02:07 PM*

At this point, I'm not aiming for an LTR so my list is a bit more strict :

Believes in astrology

Refers to her pets as babies

Has an active social media account

Is a size queen

Has any extreme fetish

Slept with me on a first date

Gives out too many tests

Flakes often

Is just boring

*no idea why * Is from Saskatchewan

Is still friends with an ex

Has at "home job"

Doesn't turn heads when we are out

Dresses like a slob

Has a ton of gay/lesbian friends

Dad issues

Is a parent

Holy shit I'm just going to stop here.. Basically, I'm on this earth a finite time and for her to be anything more than a sentient orifice, she needs to bring something to the table. If she wants to be with me and be meaningful to my life while I put her above the rest, she needs to keep the drama to a minimum. Any of these are just flags on their own but they stack and show up in pairs as I screen within the 6 month vetting process.

Edit : Thanks for the silver, stranger.

claykiller2010 • 4 points • 21 May, 2019 05:31 PM

Went out with a girl. Same day fuck. Great plate from Sask. Lotta dick in her past. Whatever. Only a plate.

That plate shatters. Go out with a much hotter plate. Same day lay. Most submissive woman ever.

Literally wore my cum on her face because I didn't give her permission to clean up. Had a thousand cock stare. Also from Sask... Ok.

Third plate, professional type, pretty hot, seemed shy till a glass of wine is in her. HUGE freak. Same day fclose. Sore AF after fucking like crazy, lying in bed. Tells me about where she's from originally from Saskatchewan.

I get women fuck. I get there's level of freaks.

But holy shit. It's like Sask manufactures high N Count submissive freaks and I've been in 4 of our provinces.

We've found the small dick bro

319Skew • 1 point • 22 May, 2019 03:44 PM

Naw I'm good but if you want, you can always ask me for a picture. You don't need to covertly infer my size.

Anyway, when a woman sees you and thinks he's got to have a BBC (I'm half black btw). It tells me that she's either been fucked so many times that an average dick doesn't do it for or that she's looking for a mount Everest of cock. Neither option screams LTR material.

Now I'm above average but nowhere near porn star dick. So if I have to go slow or take it easy then it's the later and if she's young, whatever.

However, if she can handle it no problem and she didn't recently give birth then that gives me a very fucking clear picture as to the kind of woman she is.

Most women say they want a big cock then complain about how it hurts, you need to go slow or have to rest between days. Anal becomes a challenge and BJs include a lot more teeth as their jaw gets sore.

SpinPlates • 5 points • 21 May, 2019 10:58 AM*

Despite what liberal cucks and feminist whores tell you, a women's partner count matters a lot if you want an LTR.

If she's fucked more than 20 men (which I feel is a very fair number in today's landscape) I can't take her

seriously for an LTR. Her ability to pair bond has been fucked out of her.

Funny how every girl I've ever met that openly admits to sleeping with 50+ men before she's 30 is a total mess.

TopOccasion29 • 4 points • 21 May, 2019 12:35 PM

I agree with you but I'm shocked that you consider 20 guys to be fair number...If she's slept with 15-20 men and she's below 30 years old she's more than damaged beyond repair imo. I don't think women are meant to have that many sexual partners.

It's a fucked up world we are in when men consider 20 partners in a woman to be normal. For anyone who will reply to me saying "double standards" bla bla..Men are different and can have many sexual partners compared to women.

SpinPlates • 3 points • 21 May, 2019 01:20 PM

I don't disagree with you. 20 is a lot but I've slept with a lot of women so I'm trying to be fair in my body cap for an LTR.

The sad truth is 10-20 men is average for most women in their late 20s these days. Good luck finding a hot girl that had less than 10 partners. I know 19 year old girls with more than 20 bodys on her list.

I think the real key to a successful marriage is to not date western women. Whenever you're ready for a real relationship look for traditionally raised eastern women. Anything from Europe all the way to Japan is LTR worthy. American women in general are fucked.

predicatelite 1 points 22 May, 2019 02:11 AM [recovered]

do you know how facts work? evolution has no actual evidence to point to. evolutions model for how long it took for things to evolve has changed every few years with a margin of error unlike any other science. evolution has never been used for any scientific innovation, and has never been tested or reproduced. evolution has never been tangibly demonstrated, only adaptation, which is so many multitudes separated from the claims made by evolution. Do you know how complicated a single cell is? the chances of it forming by the standards of evolution is actually literally zero. Its no big deal though, you can believe it but its laughable to call it a fact. any biologist who is familiar with statistics (which is not required of evolutionary biologists) understands that placing the chances of something in some random collection of billions of years is just a cheap attempt to explain away glaring inconsistencies. Do some research its actually pretty fascinating, and at this point anyone who doesn't doubt the factuality of a model that DOESNT even have an agreed upon rate of change is just behind the times and dumb in my opinion. enjoy the word salad, my IQ is 76 so take that.

Haven't seen it mentioned, so I'll add: moved to, and lives in a different country from birth, particularly if there isn't a strong reason to leave the origin country.

It may not always be the case, but I've known a few girls that did this, and it was to run from the fact that they were total sluts in their origin countries, sort of like trying to create a new identity. It makes it easier to hide their history.

Has children that aren't yours

Talking to ex's (any that she had sex with)

Lack of manners

Lack of intelligence

No job

Lack of motivation to succeed (wants to be a stay at home wife/gf)

No interest in international travel

Lack of basic financial knowledge No budget skills

Still being damaged.

Cheating. They are seeking sympathy and trying to control you (monitoring your phone). I can not think of one LTR that said they were cheated on, then revenge cheated but didn't consider themselves a cheater. Beta days, but usually those LTRs turned into dead bedrooms, so believe there is a link between the two.

Rape. Yes, this is a sensitive topic and I am going there. Does it happen? Yes. But as I began with, still damaged. She should be seeking therapy and not a new boyfriend to resolve her problem, your not her therapist (or hopefully aren't). Will there be bad days, yes, but we are talking a couple times a year not a month.

Most other topics should have filtered her out of being a plate, yes even the "Has children", but sometimes we find that out much later.

I'm not western like most guys here, my demographic is different.

Those are all red flags to me that I never compromised, some might not be "bad traits" per se but I'm pretty sure I don't want them in my life:

Power hungry - constant desire to impose her frame
disrespectful or entitled feminist mindset
guy friends - orbiters
digital attention whoring
lacking religiosity
indecent clothing
unjustified lying (when it's online, this one is double damage).
smoking, drinking, drugs, tattoos
lacking education or desire to learn
lacking desire to have children (at least two, up to 15)
have children
untold secrets about the past
slutty friends
no intention to fully invest in family
overly interested in my money

Orange flags:

flexible ethics
divorced
constant negativity
history of some red flags
unnecessary lone traveling
unusual piercings
lacking nourishing attitude
shopping addict

i give zero fucks.

these guys want to make redpill philosophy political... like ALL conservatives are redpilled while ALL liberals are not. then, they want to make it sexual as well... saying they wouldn't fuck certain women because of how they voted.

girls don't give a fuck about politics and BARELY give a fuck about men. so why even care how she votes?

archaic-guy • 5 points • 21 May, 2019 05:25 AM

For a Plate:Not meeting the standards of human decency + smoking in my presence/drugs are not allowed at all

For an LTR: The same as before but also I don't want an LTR with a girl who drinks or smokes, hasn't proved his loyalty and responsibility, can't sustain herself or isn't of similar status.

I usually observe how girls interact with people they don't want to fuck to predict what will happen in case of break up and qualify as a potential plate or LTR

If she gets a thrill from the gaze and constantly seeks approval of her sexual appearance to men.

If she expects you to pay for everything.

Part 4 of the TRP Field Toolkit on the sidebar covers this, with links to multiple red flag lists. LTR material usually had no red flags. All red flags are a deal breaker unless you're still operating with scarcity mentality.

TFWnoLTR • 2 points • 21 May, 2019 01:21 PM

Has exes who are still trying to contact her on a regular basis, even if she ignores them but tells you about it.

It's a sign of her being manipulative to an unhealthy level. She built up emotional dependency in her exes and

now they can't get by without her and are desperate for her attention.

I got with a girl like this and she "forgot" her bc after convincing me she hated the feel of condoms (I know it's my fault), and after we split she still strung me along for as long as she could giving me hope we could fix things. Thank fuck I got pill'd and moved on. She still uses the fact that we have a kid to fuck with me as much as possible.

Oh, another red flag: she tries to convince you not to use condoms.

cafeitalia • 2 points • 21 May, 2019 01:23 PM

Definitely any contact with an ex, ex meaning any guy she had a fling, date, relationship, sex, hookup with. You set the rules, she says but and you say bye. Either she accepts the rules or you let her be on her own. Also no talking about exes, any man who allows their LTR talk about their exes etc is a blue pill'd dip. If she finds the courage to discuss that she already lost the respect to you. Spending habits, cleanliness are also very important. If her house her room her bathroom are messy stay the fuck away, she doesn't deserve to be a LTR.

Obedience - If she isn't obedient; doesn't follow instructions/flakes without due cause; she doesn't get a look in.

Fidelity - She can fuck other guys; just NOT whilst it's my turn.

Ambition - Vacuous women who contribute nothing of intellect or value have no business being in my life.

My current has the first two but needed a lot of encouragement from me for the last. She's finally seen the light(thank God) and is pursuing further advancement. These three are hard and fast u/Yallah_Habibi but I have a few orange flags such as; no problems unless she wants them fixed; minimal negativity; feminism is for friends etc..

Almost forgot **THE BIGGEST ONE: NO SHARED FINANCES!** If she wants to jump into your bank accounts, is overly interested in *what you do* or wants to know *where you live* then this is A MAJOR red flag. When I'm asked what I do I'll reply with whatever hobby I'm enjoying currently.

e.g. *"What do you do? Oh I'm a burgeoning fashion designer. Seen my work?"*

I chose well cause my current is REALLY independent. She's bought me a car, TV's, phones and all sorts of

crap. She even paid for the majority of our month long holiday recently. If a girl claims to be *Miss Independent*; make her prove it.

Godspeed and good luck!
