

# Guys who aren't getting married, what's your plan after age 40?

May 28, 2019 | 137 upvotes | by [GoingToMakeItBrahs](#)

I've never had the desire to get married, even pre-RP it seemed like a huge loss of freedom for what appeared to be a little reward.

Yes, if the BP world was real, I'd love nothing more than a wonderful, beautiful, loyal woman, but I'm old enough to know that doesn't exist under most circumstances.

The next best thing I think is to become wealthy and be a sugar daddy of sorts.

At least the commitment is predictable (do you have money or not?)

Maybe just marry a 20 year old in my 50s.

I'll be 51 tomorrow and I'm divorced with no kids. Everyone here is acting like 40 is old. In your 40s, you can still easily date women in their 20s.

I'm 51, I'm in good shape and I'm good looking, ymmv. I spin plates. I date a couple of women my age. If you are in shape at 50, you are probably in the top 1%. You will have your pick of the litter of women 45-55 years old. They aren't actually hot but can be pretty good looking for their age. You can easily find ones that will do practically anything for you just because your dick works.

I've got some younger plates. They are harder to find than in your 40s but it's not terribly difficult.

In a few years, I will retire to Asia and find a woman about 20 years younger than me. I'll settle down for a comfortable retirement. Hopefully when my dementia gets bad she'll smother me in my sleep and I won't have to live for years with terrible dementia like my father did.

Happy birthday, friend ☐ I hit 51 on Wednesday.

ForeverNandrolone • 12 points • 28 May, 2019 07:13 PM

Thank you and happy birthday to you too. How are your 50s treating you?

We have a buddy out here in our squad that shreds it at 50. He's dominating the 20 year olds. It's really a sight to see. He's not rich or anything either, just has a solid frame and is good shape. Very inspirational. Makes me excited about 50.

128bitworm • 7 points • 29 May, 2019 04:55 AM

It is definitely something to look forward to. How you maintain yourself physically and mentally dictates how time will treat you. People come and go, you have to make the most of the time you have with them. Focus on yourself and the rest takes care of itself.

I started serious gym and stuff on three years ago. From barely able to bend down to

pick up the barbell, I can now deadlift about 245lbs. My back is much stronger, I had to redo my wardrobe 6 times, and the 7th time is coming up. Still can't run though, but I can play some squash. Each addition to my routine has been awesome...and I feel fine!!

Now 51 is almost here. I will continue the momentum I have built up. The solitary life is awesome and I will stay with it as long as I can. Live your life as you see fit. That is really all that matters.

Cheers ☐

Agree. This is bullshit. I'm 40 and my girl is 29 and I date 20s all the time. Stop giving a fuck about a damn number and go be awesome.

ForeverNandrolone • 4 points • 29 May, 2019 01:23 AM

This times a thousand. To me the most important aspect of TRP is to realize that as a man you are the captain of your life. No one is going to give you anything, you have to make your life happen. If you want to be better then be better. If you are happy with the way you are then own that too but don't be unhappy when things don't go your way because you didn't do the work.

BusterVadge • 1 point • 29 May, 2019 02:07 PM

Me too. I've been too busy with real life shit lately to date but my last plates were 28, 29, and 26. My LTR before that was 25 when we met (I was 43).

Red\_Pill\_Brotherhood • 7 points • 28 May, 2019 08:19 PM

Good insight to read even as a young guy. Just be careful not to end up paying for the whole family like many asian women expect and also Thailand has some really messed up divorce laws on western men I hear.

Lukap295 • 13 points • 28 May, 2019 07:31 PM

Risk of dementia is reduced if you have a habit of reading, so I advise you to start reading. Btw its funny to me that I'll be 18 tomorrow and I am giving advice to a 51-year old man.

Bing\_Bang\_Bam • 22 points • 28 May, 2019 08:20 PM

I'm reading this, is that enough?

Lukap295 • 3 points • 28 May, 2019 08:37 PM

I meant literature.

marcus8crassus • 0 points • 28 May, 2019 11:08 PM

Check out audio books

Project\_Zero\_Betas • 7 points • 28 May, 2019 11:16 PM

No, it's not the same. Different parts of the brain are activated when it's audio or visual stimuli.

marcus8crassus • 1 point • 28 May, 2019 11:53 PM

My thinking was if he doesn't read currently, this could get him excited to do so and help build a new habit. Even if not, stimulating the brain will result in at least some positive results.

Project\_Zero\_Betas • 1 point • 28 May, 2019 11:59 PM

My thinking was if he doesn't read currently, this could get him excited to do so and help build a new habit.

Fair enough.

Even if not, stimulating the brain will result in at least some positive results.

It's completely different parts of the brain, not the same end-result from a neurological perspective.

marcus8crassus • 1 point • 29 May, 2019 12:27 AM

Any brain-related, neuroscience texts that you'd recommend?

Project\_Zero\_Betas • 1 point • 29 May, 2019 12:35 AM

Lot of it is from reading economics and behavioral finance, I've read so many that none in particular stand out wrt this specific topic, but here's my GR list if you want to browse. Feel free to ask any questions.

ForeverNandrolone • 6 points • 28 May, 2019 09:47 PM

I read a good bit and so did my dad. He was in pretty good shape til about 85. I'm not talking about early dementia. I just don't want to live past a certain point. I'm doing enough risky stuff that I think I don't have to worry about living past 85.

antoniofelicesmunro • 0 points • 28 May, 2019 11:01 PM

My plan is starting the day I turn 70, I'm going to do a bunch of crazy things and let fate take its course. Do heroin, rob a few banks, get in some fights, who knows. If I survive, I'll have cool stories, if I don't, I'll have lived a good life even before 70 anyways.

GreatMenderTeapill • 2 points • 29 May, 2019 05:06 AM

ElvisDimera • 3 points • 28 May, 2019 08:39 PM

You gonna get the asian pregnant? Thats my dream

ForeverNandrolone • 5 points • 28 May, 2019 09:31 PM

I'll be 60 and she'll be 40. So... doubtful? I won't have kids in America because of how ridiculously expensive it is here to raise kids. Maybe in Asia, it's not too irresponsible? I'll have to wait and see.

its-mystery • 3 points • 28 May, 2019 07:16 PM

I'm 19. I constantly think that i should avoid women in these years as they require time investment and focus on career building but as i get older, i'll start lagging behind in one field of life. Any suggestions? Any other general life suggestions are welcome too

DickMystery • 4 points • 28 May, 2019 09:19 PM

Had that same feeling, but guess what. They're fucking/dating people who have absolutely nothing but some looks and/or game. Yes they require some time investment, but that'll also develop your game. You're good enough already, you can only get better. Also, start lifting if you haven't yet, you're still young, if you lift seriously you'll look awesome in 2-4 years (depending on how quickly your body will mature). Better than >90% of the guys probably.

ForeverNandrolone • 5 points • 28 May, 2019 09:29 PM

Essentially, I agree with this guy. At your age, you mostly want to date girls so that you can develop your game. Very few girls at this age will help you with your mission. Also, you want to date girls younger than you but that is impossible or very difficult at your age so gaming girls is a bit of an uphill battle.

its-mystery • 1 point • 29 May, 2019 08:15 AM

Will try to up my game with girls now

its-mystery • 1 point • 29 May, 2019 08:13 AM

Have been lifting for 1.5 years. It's Best thing an adult can do.

HotN00b • 2 points • 29 May, 2019 02:54 AM

i did this to some degree.

27, about to retire super freaking early.

the issue is that i developed a lot of hatred towards sluts. women get to fuck, sleep around, and then get your hard earned cash? the cash that you spent all your life working for and building up!

What did they do? fucked random guys.

i can't get myself to date any girls who aren't virgins, and i can't ask women if they are virgins because they usually blow the fuck up. i also will not sleep around and play the pua game, because that's hypocritical and detrimental to the current state of things.

in a few years, i will be retired and i won't have to worry about them blowing the fuck up and getting me fired or something. then i will go around asking girls if they are virgins.

riggedved • 1 point • 29 May, 2019 05:30 AM

True. Same case with me. But I have given up on virgins. I wish we could go back to the times when women married when they were 18 to older dudes. That plan just downright appeals to me.

omega\_dawg93 • 1 point • 29 May, 2019 12:01 PM

lmao. but this is truth.

i met a divorced 44 yr old a few weekends ago.

if you guys don't know, women get more overt in their communication past age 35... they tell you what's up upfront. all the "I'm an innocent little princess" bullshit comes to a complete stop.

this broad told me... I'm just happy when i meet a guy who can still get an erection. then she took care of her biz.

ForeverNandrolone • 8 points • 28 May, 2019 09:40 PM

I'm on TRT(tren replacement therapy) so I fuck like a champion that's a little different than Viagra. □

Honestly, lots of guys won't do what's necessary to maintain their virility even taking something as benign as Viagra.

128bitworm • 1 point • 28 May, 2019 11:05 PM

Hmmm ☐...never thought of that! Probably coz I got no kids. But then, also, I like a simple life, and I have observed that women are a complication.

jm51 • 1 point • 29 May, 2019 12:30 AM

Women are a complication and kids are a real pain when they get to their angsty teens.

Access visits worked out well for me. Get to see the best of them and let their mother handle most of the angst. Then have a beer with them once in a while when they're adult.

128bitworm • 1 point • 29 May, 2019 01:28 AM

It takes a lot of though, planning, patience and fortitude. A load of effort I don't want to partake in. So I 'enjoy' family life through my few married friends. That b nuff 4 me!

jm51 • 1 point • 29 May, 2019 09:16 AM

Not for me, I coasted and in BP terms, it just happened.

Other peoples kids can be good fun. Their parents see them every day. Friends of the family see time lapse snapshots of them.

Being a favourite uncle is cool job. No paternal responsibilities, set boundaries and allow them total freedom within those boundaries.

128bitworm • 1 point • 29 May, 2019 03:55 PM

Don't know if am the favourite uncle. I am rather old fashioned regarding behavior, manners and discipline. So the kids can't quite get away with stuff their parents overlook. But that aside, I try to spoil them as much as I can.

Aging is not bad I'm 59, never married, no children. I make a great living in a scientific field. It keeps my mind sharp and the work is interesting. I date women much younger than myself. I am not sorry I did not settle down. My life is my own. There are mostly positives.

I would be remiss if I did not mention the potential downsides. As I get older I realize I need some people I can trust. My parents have passed. I gave my financial power of attorney to a friend I've known for 40 years. He is trustworthy and wealthy himself. I also have a good attorney who drew up the papers. I have another friend whom I've entrusted with my medical proxy. She is a friend of thirty years. What happens if I get sick must be addressed. This is the pragmatic side of the red pill.

[deleted] • 2 points • 29 May, 2019 02:09 AM

Seems like mostly upside though. What field are you in?

Ricky469 • 2 points • 30 May, 2019 01:22 AM

I'm in physics research. Very interesting and I get to see new discoveries being applied to technology.

Ryabemo • 2 points • 29 May, 2019 03:39 AM

So... are we close to finding a cure for aging?

Ricky469 • 2 points • 30 May, 2019 01:20 AM

LOL I wish we were. Believe it or not while we have discovered more about aging than we did before, being able to "fix" it is another thing. Most organisms are designed to live a certain life span then die. This fuels evolution. Mutations that cause an organism not to reach reproduction age do not get passed on but after reproduction the mutation matter less. Aging makes sense to keep a population healthy. The problem is as sentient being humans are fully aware we age and die, that sucks LOL.

itiswrltten • 39 points • 28 May, 2019 05:42 PM

Same as my current plan. I have a 22yo bisexual OLTR and we are on the search for a long term shared girlfriend.

Until we find her we are fucking hot girls together. It's awesomely easy when she is the initiator via social media. We basically DM hotties in our area after I find them on various apps.

I will put a kid or two in OLTR one day if it keeps going the same as now. I'll put a paternity and residency agreement together with my lawyer so everyone is taken care of if we split or someone dies. I may allow for a wedding.

Stay plan is the go plan. Continue being awesome.

party\_dragon • 5 points • 28 May, 2019 09:14 PM

Is it an open LTR, or one-sided open (you fuck other girls), or *closed* "we only fuck other girls together" style? Approximately how old are you?

itiswrltten • 17 points • 28 May, 2019 10:26 PM

I'm somewhere around my 30s

We date and fuck women together, but once they're vetted I'll take one or more of them when she isn't around, she just needs to know they're vetted first.

I am the only dick, and OLTR only fucks other women when I am present.

Narcissist456 • 10 points • 28 May, 2019 11:20 PM

[deleted] • 12 points • 28 May, 2019 06:20 PM

That's amazing man, I'm jelly

virtualvirgincake2 • 2 points • 29 May, 2019 10:21 AM

Having a bisexual gf looking for another girl for your group is like having a car that drives itself. That is the goal imo

I may allow for a wedding.

Between you and a girl or the girls themselves?

itiswrltten • 2 points • 28 May, 2019 11:46 PM

Me and OLTR1, but no legal marriage.

I'm pretty sure we'll have a "girlfriends table" if that ever happens. I'm throwing a party for July 4th and we're inviting several of them plus usual guests. I'm hoping 3 to 5 of them get horny and we have a little orgy in my room. I'll write a field report if it happens

Project\_Zero\_Betas • 1 point • 28 May, 2019 11:48 PM

Me and OLTR1

If you do proceed with adding OLTR2, OLTR3, etc., aren't you worried about them feeling excluded, or of "lesser" status?

itiswrltten • 5 points • 29 May, 2019 12:46 AM\*

No. They know they're not first but we don't shove it in their face and basically treat them like a girlfriend. Also, my frame is rock solid and they all love following the lead of a masculine guy. Pimp hand strong basically.

They get all their needs fulfilled and OLTR does most of the heavy lifting in the feelz department.

Keep in mind we would only "girlfriend up" legit bisexual women who can develop an emotional relationship with OLTR, the "bi-curious" and ones that mostly want to fuck me are pretty much plates and don't last long.

### **Examples / In Practice**

**OLTR** is blackanese and has been with me for 6mos, OLTR for 2. Upgraded herself through excellent behavior and asked for/worked for the partial commitment. We brought in other girls right around the time she asked for an upgrade. OLTR genuinely enjoys watching me dominate & make other women orgasm - in her words, it's hot because she can see my sexuality in third person instead of first. Porn in real life with a submissive kink.

**Main GF** has been around 2mos. She is 24yo half white half Afro-Brazilian. She is 5'9" and thick with excellent fake tits and an ass you would expect from the ancestry. Fun, outgoing, highly energetic and open minded personality which jives with us.

She has regularly been the "girl you do a 3some with" in her friend group and always felt there was something missing from that arrangement. The idea of a legit polyamory setup intrigued her, so she proactively "liked" the Hinge profile I created for us and I closed her from there. OLTR likes her because she is much bigger than her and we dominate the fuck out of OLTR together, and then I fuck GF into submission after (usually). GF also gives great massages and that is one of the few things OLTR is trash at. GF is also fascinated by OLTR's ability to squirt and we have been teaching her how, slowly. They can all squirt btw.

### **Side Pieces/Works In Progress**

Red headed slut. Turning 25 soon. She was my plate before this went down and not really OLTR's type but she will Do. Literally. Anything. OLTR has a mean girl streak sometimes and likes to push limits with this one.

Recently-ish divorced Jamaican. 26yo. Award winning smile. Hadn't fucked a girl since college/before marriage. She is interesting because she is so innocent/out of the game. We basically reintroduced her to having fun.

18yo college rower. Black with a tight body and amazing curly hair. She's 18 so there is literally no personality yet. We kinda caught this one as a fluke off Tinder and OLTR convinced me to try it out. We'll see how it goes.

---

I just realized I am fucking a lot of black girls recently.... I was on the Latina tit for awhile.

AwkwardEmpath • 2 points • 7 June, 2019 09:50 PM

I've always thought about having a relationship like this. It's great to see a real example of it. I'd like to be where you are in about 3-5 years. Definitely going to be following your content for advice, thanks for sharing man.

itiswrltten • 2 points • 7 June, 2019 09:59 PM

Good luck and remember you need to keep that pimp hand strong

Project\_Zero\_Betas • 1 point • 29 May, 2019 12:55 AM

and OLTR does most of the heavy lifting in the feelz department.

WRT the other girls and making sure they feel included?

itiswrltten • 5 points • 29 May, 2019 01:24 AM

Yep. Anxiety and comfort tests are way easier to deal with when they can just vent feelz directly at each other in womanese. OLTR is very self confident and secure which helps.

Tbh though anxiety episodes are pretty rare. The one multi week lasting gf we lost was starting an LTR, she didn't freak out or anything. She just thanked us and moved on.

Project\_Zero\_Betas • 1 point • 29 May, 2019 01:37 AM

Gotcha

TheScarletScholar • 1 point • 4 June, 2019 02:18 AM

This is what I'd call an ideal way to do it. Damn.

BlackjointnerD • 1 point • 7 June, 2019 07:49 PM

Hey man Im in a similar situation but the girls me and my ltr find always flake..Any tips on how to get a girl comfortable with a couple? Have talked to about 3 girls who act interested but then don't follow through

itiswrltten • 3 points • 7 June, 2019 08:34 PM

Step 1: Create "woman seeking woman" profile on Hinge and Tinder

Step 2: Look sexy as fuck together, with a mix of photos of you being awesome and her looking hot

Step 3: explicitly state in bio you are looking for a 3rd and "open minded" about where said 3rd fits into your love triangle

Step 4: get your dick sucked and balls caressed by two girls at the same time

BlackjointnerD • 1 point • 7 June, 2019 08:47 PM

Lol Bro Iv literally done all that..guess I just have to be patient, my city might be the problem and have to just deal with the spectrum of my area

itiswr1tten • 2 points • 7 June, 2019 08:53 PM

Swipe Online Dating is 90% photo quality. If you're not getting matches you're not that hot or your photos suck.

BlackjointnerD • 1 point • 7 June, 2019 09:04 PM

I get matches its just the following through part...could probably improve picture quality though, we are a 8.5/10 in the looks department..we both have banging bods. Maybe its in the personality? We get girls in group chats and stay flirty and sexual, set up dates but they lose interest i guess

itiswr1tten • 2 points • 7 June, 2019 09:17 PM\*

I game them by myself because OLTR is so hot she never had to try in her dating life, I don't trust her skills.

I make it clear I am running the show in my relationship and on the date. I basically game them like I'm single and put the moves on. The only Serious Business question I ask them is if they've done it before.

The best possible answer is they've done 3somes but that's not enough. Disqualifying answers are "I'm just curious/not sure" and its derivatives. Warm but not hot answers are things like "haven't done it before but excited by the idea".

Like all OLD there are gonna be flakes. That's life. Seems like you're getting matches but had some flakes and could have closed 1 or 2 better.

Be your masculine self and reel these freaky bitches in

ElvisDimera • 1 point • 28 May, 2019 08:41 PM

What is a paternity or resident agreement? Why would you pay for the woman after you split, willingly? Isnt that voluntary alimony?

itiswr1tten • 8 points • 28 May, 2019 09:04 PM

Paternity basically prenegotiates child support (can never escape that legally).

Residency or cohabitation agreement establishes that she has to gtfo with her stuff if you break up with her. It's complicated but essentially tries to eliminate "lifestyle" and "common law" issues.

John Cena had a public spat over his cohab agreement if you want to Google a real example

Davidskylarkk • 11 points • 28 May, 2019 05:12 PM

Keep some cocaine in the pocket...

Narcissist456 • 8 points • 28 May, 2019 05:40 PM

Please elaborate.

Musicgoon • 9 points • 29 May, 2019 12:25 AM

I got married at 27. It blows goat! Divorced raped and 1kid later. It's my opinion you're not missing much. Now, in my 40's I take good care of myself and look really good. I have no problems dating younger 20's plates. I enjoy my lifting and making music. Working on my mission and travel. I enjoy women and multiple relationships. And I'm much happier and fulfilled.

Two people sticking together out of obligation sucks. Having women spend time with you because they WANT you and you choose them, is a much healthier feeling. I choose my life. I make no apologies for who and what I am. I spend time and energy on building myself. Not living for a woman.

[deleted] • 2 points • 29 May, 2019 01:09 AM

Thanks, this is what I always suspected, glad to hear it again.

whuttupfoo • 4 points • 28 May, 2019 10:42 PM

I pick up chicks with my friends who are in their 40's. Note the average man that age can't do this. These guys are extremely successful in life, millionaires. But that's what my life is going to be like in my 40's. You don't need to be a millionaire to live like that, you just need not be blue pill.

[deleted] • 2 points • 29 May, 2019 01:08 AM

if I was a millionaire, I'd be fucking slaying chicks everyday. NOT because of the possessions, but because I'd be in total control of my schedule, which means I'd be doing things that keep my mood up all day.

amwfhunter • 9 points • 28 May, 2019 04:48 PM

If I get too old and ugly I'll sugar daddy it. But right now I'm closing in on my 40s in a few years and I still look young so I'll keep this and may be get some Botox.

Monkitail • 6 points • 28 May, 2019 07:03 PM\*

It's crazy how easy it is to sugar daddy it. Got a friend of mine that looks like Danny devitos version of the penguin. The fucking guy eats like him too.

Anyhow dude sold a company for 8 million plus. Hes slaying these industry sluts left and right.

amwfhunter • 10 points • 28 May, 2019 07:05 PM

Well because it is the most honest type of relationship . It is basically prolonged or even exclusive prostitution.

Monkitail • 8 points • 28 May, 2019 07:09 PM

"Exclusive"

amwfhunter • 7 points • 28 May, 2019 07:10 PM

Who knows ,who cares. But chicks are dumb either, if you are her top priority she might not want to piss u off. It is all about frame and respect. Paying her is just to be able to rid of her without issue.

[deleted] • 3 points • 28 May, 2019 04:54 PM

What do you do to stay young looking? Exercise, avoid certain foods?, sleep cycle?

amwfhunter • 20 points • 28 May, 2019 04:55 PM

Exercise, eat healthy, 7 hours of sleep at least. Intermittent fasting, early morning workouts, routine

chiropractor and massage. Regular medical and dental. I'm also Asian so it helps. Genetics.

Indythrowaway22 1 points 28 May, 2019 06:47 PM [recovered]

Can confirm. Dad is Asian. Mom is Irish. I look fully European though. Asian women can sometimes spot it because of my eyes. Point is, I'm 41 and women think I am under 30 years old. I also hit the gym with frequency. I get approached by women 25 and under a bunch these days. They are very forward. Some of them are looking for a SD to solve all their problems and are hustling.

amwfhunter • 4 points • 28 May, 2019 06:56 PM

I am in mid 30s, I dress like I'm in my 20s so they just think I'm a trust fund kid or something and I never tell them what I do for living. But never sd position, they legit want me to be bf.

Indythrowaway22 1 points 28 May, 2019 06:58 PM [recovered]

I work in the ghetto every day. Seems like everybody's got some kind of hustle out here so my worldview gets a little distorted.

amwfhunter • 12 points • 28 May, 2019 07:03 PM

No I think all girls have an agenda. Whether they like you because you're hot and they cheating or want u for cash etc. I'm a surgeon and I own another side business that I operated before I went to school which coincidentally also paid for school. so I never know what they want. A good looking girl can disarm most defences but my mind is so far gone red pill that I am skeptical even after their actions prove otherwise. So not distorted at all. It is better to be pessimistic than optimistic given what is potentially at stake when you account for north American society, feminism and this metoo shit

[deleted] • 1 point • 28 May, 2019 05:25 PM

What exactly is intermittent fasting? Is it eating all your meals within a 7 hour window or something?

bestsparkyalive • 4 points • 28 May, 2019 05:31 PM

A maximum 8 hour eating window

amwfhunter • 3 points • 28 May, 2019 05:50 PM

I do a 6 to 8 hour eating window

[deleted] • 2 points • 28 May, 2019 06:21 PM

So it's literally just eating 100% of your meals within 6-8 hour window?

Damn I'm pretty close, I eat most of my food, 80% within that window.

Red-Nerd13 • 6 points • 28 May, 2019 06:24 PM

That's basically it. Shove the rest into that window & you're good to go.

[deleted] • 2 points • 28 May, 2019 07:43 PM

I will shove it

themasculinemonk • 1 point • 28 May, 2019 06:57 PM

You can even try the Snake Diet. You go 48-72 hours of fasting then have a 500 calorie meal, then continue fasting for 48-72 hours until you reach your goal weight. .

Depending on how fat or skinny you are. After you reach your goal weight you either do OMAD or do alternative day fasting or eating two days of calories in one sitting then do 48s. It also incorporates dry fasting. It's suppose to kill all viruses and eliminate all the bad cells in your body which makes you younger or eliminate excessive skin.

Monkitail • 6 points • 28 May, 2019 07:04 PM

Wut?

[deleted] • 4 points • 28 May, 2019 07:45 PM

Maybe when I'm cutting. I'm still bulking brah

StopGaming1234 • 1 point • 28 May, 2019 08:47 PM

So you basically want to day

[deleted] • 1 point • 28 May, 2019 08:56 PM

Can you do IF while bulking? Or is it best left for cutting phase?

bestsparkyalive • 2 points • 28 May, 2019 10:06 PM

It's usually left for cutting. You want to always be in gain mode when you're bulking

HumanSockPuppet • 3 points • 29 May, 2019 12:36 PM

Don't get married, idiot.

Don't be a sugar daddy, either. Your guidance and masculinity are far more valuable to modern women.

Learn game, stay in shape, and die in your own bed at age 90, with a belly full of a wine and a 21-year-old girl's mouth wrapped around your cock (a la Tyrion).

INNASKILLZ2K18 • 2 points • 29 May, 2019 08:24 AM

To all the guys thinking 40's is old...hold off on that thought. Ask yourself where that story has come from? Is it all those dad bod, beta, depressed fucks you see around?

Don't believe the hype. I'm 37, so not too far off, and do much better now than my 20's. Women in their 20's aren't a problem. Seriously, keep lifting, keep learning, keep swallowing the pill and MAINTAIN YOUR FREEDOM. Follow a mission, a path. Men in their 40's are either going to go completely downhill, or become exactly what most women want. A leader, experienced, emotionally in control, secure, dominant, and bucket loads more status than her.

A lot of the shit you younger guys are trying and hoping to do, we've done, or at least I know I have.

The '40 years is old' line, is just a massive shit test. I've NEVER had it be a problem with any woman in their 20's. Ever.

whiffofass 1 points 29 May, 2019 01:01 PM\* [recovered]

I'm starting to feel old at 29

INNASKILLZ2K18 • 2 points • 30 May, 2019 01:37 PM

wipe that shit. For me, once I hit 30 I realised I was still young as fuck. Hell, I've known older guys who told me any thing below 40 is still a boy.

MattyAnon • 2 points • 29 May, 2019 01:05 PM

Guys who aren't getting married

This should be ALL guys.

Marriage is not a safety net for men, it's a massive liability for no benefit.

even pre-RP it seemed like a huge loss of freedom for what appeared to be a little reward.

You're wrong about the "little reward". There is ZERO reward. It's all costs: her strengthened position isn't just a potential loss it's an ACTUAL loss. She negotiates from her position of power, this translates into a net cost as you negotiate from a position of weakness. Look, it's just fucking dumb for men to marry.

Yes, if the BP world was real, I'd love nothing more than a wonderful, beautiful, loyal woman, but I'm old enough to know that doesn't exist under most circumstances.

That dream doesn't exist under ANY circumstances.

The next best thing I think is to become wealthy and be a sugar daddy of sorts.

How about wealthy and hot.

Maybe just marry a 20 year old in my 50s.

Do not fucking marry. What's the advantage??

[deleted] • 1 point • 29 May, 2019 03:26 PM

Thanks man, you're right

MarioBuzo • 4 points • 28 May, 2019 06:33 PM

but I'm old enough to know that doesn't exist under most circumstances.

It does exist. Just be richer, and have a solid game to always be on top.

The next best thing I think is to become wealthy and be a sugar daddy of sorts.

That's a nice recipe to be fucking miserable. Have some money and be a stud, you can get a nice chick easily then. Even after 40. Just don't be boring, a gimp and unhealthy.

DiskKiller2 • 1 point • 29 May, 2019 06:03 AM

I don't know why some people obsess about marriage. You can have a fine long-term relationship, with kids and all, without sacrificing your finances. So when I'm 40, I might settle down, but not get married.

The marriage part in the deal doesn't strengthen the bond in any meaningful way. It's the opposite - it actually incentivizes your woman to leave you by offering her (your) money.

Gordon-G • -4 points • 28 May, 2019 06:23 PM

Use half age plus 7 yrs.

Example:

$50 / 2 = 25 + 7 \text{ yrs} = 32$  woman good with 50 yr old man.

[deleted] • 11 points • 28 May, 2019 07:46 PM

Anything of legal age, IDGAF as long as she's game

Gordon-G • 3 points • 28 May, 2019 09:40 PM

yes bang the biscuit but never marry

VasiliyZaitzev • 13 points • 28 May, 2019 07:25 PM

I think you mean half your age *minus* 7, so  $50 / 2 = 25 - 7 = 18$ .

The death of family is the death of our culture.

We need men and women to come together, working side by side raising kids.
