

Do you guys really just ignore it when girls send you selfies of themselves?

June 4, 2019 | 65 upvotes | by [fuckboychadlmao](#)

I've seen guys in here say that when girls send you pics of themselves it's just to get attention and or compliments, and to just ignore it. I'm asking because I met a cute girl and she got my number and was texting me and sending me pics of her the next day. She's currently in a diff city so I've pretty much been ignoring most of the texts because I suck at texting if it's not for logistics. Is this hurting me more than helping?

If they aren't nudes, I reply *"Too many clothes."*

I know it's a late response, but I just want to thank you for sharing this advice. It worked for me last night. I'm new to TRP and this is my first break through. Thank you man.

I'm glad it worked for you.

I bet you get blocked a lot

omega_dawg93 • 11 points • 4 June, 2019 03:25 PM

who cares about being blocked?

that's better than sitting back hoping, wishing, and praying she'll bless you with the pussy one day.

let her know upfront where you stand.

men put themselves in the friend zone.

VasiliyZaitzev • 9 points • 4 June, 2019 04:07 PM

You lose.

My ex-OLTR2 pre-emptively blocked me when I would commit to exclusivity - she is also something of a shit magnet when it comes to exes behaving badly - but she later unblocked me of her own accord after I *didn't* turn into Crazy Stalker Guy. That's not my style and anyway, if a girl blocks you, so what? You move on to the next one. Always. Be. Closing.

UriahTheChosen • 58 points • 4 June, 2019 05:19 AM

Hit her with the double tap "haha" if you have an iphone.

holy shit LOL.

Yashugan00 • 26 points • 4 June, 2019 10:22 AM

you'll find that if you don't react strongly, they send a lot more. they want that reaction, the chase it. They demand it!

EvolvedVirus • 3 points • 4 June, 2019 09:47 PM

I had a weird one. Sent me a photo with another guy (some random fat guy). Sooo weird.

Anyway so I just complimented the guy's suit.

ZeppKfw • 1 point • 5 June, 2019 01:57 AM

I love your friend's suit (No Homo Tee hee)

OilyB • 28 points • 4 June, 2019 10:30 AM

Ignore her, just comment on her surroundings.

Recently had a plate send me a selfie of her at work wearing a white shirt and jacket. I responded with "nice outfit but how low does that v-neck go?". Within 5 minutes I had a fresh nude.

amwfhunter • 64 points • 4 June, 2019 03:00 AM

I think you are looking too much into it. The rule typically is to ignore but in the early stages if you have definitive plans to fuck her, I would say give her just like 5 to 10 percent attention until u stick your dick in that. But when and if u do that just know your time frame window is limited.

babybopp • 29 points • 4 June, 2019 07:01 AM*

You are part of one in a group text. Ignore her or escalate

Ulan • 34 points • 4 June, 2019 09:59 AM

She wants validation. Period. You can either comment on something in the picture : "I've got the same bras", "Your hair looks curlier on this pic", "Pretty face doesn't know how to clean her room"

Or go straight : "Someone want some attention here ?"

It also depends whether you are trying to fuck or going for a plate/LTR. For a fuck you would keep teasing her, but for a P/LTR you can start to teach her what you like/don't like.

SalporinRP • 10 points • 4 June, 2019 02:04 PM

Yeah because 95% of the time they're sent to you and 15 other guys.

Only time I don't ignore is if the caption is something that could only be sent to me.

Example: I'm texting with a girl and letting her know I'm doing something specific tomorrow and she snaps me a pic asking how that thing went.

Gordon-G • 9 points • 4 June, 2019 12:17 PM

Indifference is the difference...act aloof, dgf attitude. Always want to have the power, you've got it now, don't give it away by chasing her, giving her compliments/attention/validation.

TFWnoLTR • 6 points • 4 June, 2019 04:50 PM

The ones who sent selfies I ignored wanted to meet and fuck sooner and more often.

The ones I replied to with compliments and requests for more would flake and show disrespect on dates and would have taken too much effort to close.

Just my 2 cents. I now ignore all selfies or comment on the background rather than her. It's working pretty well.

Holy fuck this sounds so trp logically but so fucked in reality. This coming from a guy who had the luxury of being able to learn this from other guys and not the hard way.

Thor-Loki-1 • 3 points • 4 June, 2019 02:02 PM

Dude, just how many other guys is she sending pics to?

Figure that out, then figure why she's doing it.

Then get her to send nudes.

awkwardtouching 1 points 4 June, 2019 03:20 PM* [recovered]

I'm assuming you don't mean nudes? Regular selfies I ignore completely.

Still, you met a girl from another city and you plan on meeting up? Either move quickly or use this opportunity to work on your texting game. You can't just ignore a girl for 3 months then try to show up in town and bang her.

Bang her once, then you can start longer periods of ignoring her because you'll have that one experience to reference and keep things exciting.

fuckboychadlmao[S] • 1 point • 4 June, 2019 07:45 PM

When I gave her my phone to add her number she hit the call button to get my number too I guess. After that night I was planning on waiting 2 days to text her but the next night she texted me and asked if I was okay from the night before (I was super drunk), with a pic of her. I replied the next morning and after that there was too much time in between texts. I assumed she probably took an ego hit from me waiting so long to reply. I barely texted her that day and accidentally left her on read. I know I look like a dick to her right now but I'm trying to figure out how to respark the situation and plate her. She only lives an hour away.

LilLoserFreny • 1 point • 4 June, 2019 01:14 PM

Yup, it's just attention seeking behavior on their part.

blonderbot • 1 point • 4 June, 2019 01:40 PM

What if they ask to see your piks first?

ChesterRickman • 1 point • 4 June, 2019 01:52 PM

Ignoring is the best reaction. Like shit, I've found out letting a bitch wonder is the best thing you can do. If she doesn't like you in the first place then it's going to be difficult, but shit's left up to chance if the sparks are there.

thegoldengoat19 • 1 point • 4 June, 2019 05:13 PM

By ignore, do you mean leaving her on read? Or by responding with a selfie of your own, or commenting on her surroundings?

ChesterRickman • 1 point • 4 June, 2019 06:06 PM

Leave her on read and then after some time continue as if she never sent it. In my experience this is when they start sending them more and more often trying to get a reaction.

mallardcove • 1 point • 4 June, 2019 03:01 PM

If not ignore, criticize

Xerexes3869 • 1 point • 4 June, 2019 03:02 PM

It's awkward if the girl isn't beautiful. It just becomes a chore and I just send her a ☐

CrimsonShiv • 1 point • 4 June, 2019 04:38 PM

Don't read into it too much (if you can help it). It doesn't *'mean'* anything (at least for you anyway). Go meet more girls!

the13thmonk • 1 point • 4 June, 2019 05:21 PM

Idris007 • 0 points • 4 June, 2019 03:16 PM

Old plate of mine had an outburst at me because I used to reply to her nudes hours later with dull responses. She had a low self-esteem issues so I nexted her
