

Some things that I've noticed. On me and her.

June 4, 2019 | 9 upvotes | by [FinancialLeopard5](#)

After the cry baby here took a shock from guys at askMRP, I decided to dive with all my mind and body into get a better version of myself.

Liftings are constant;

Wardrobe getting better (last weekend she told me: where are you going with shirt and shoes?? You look good.).

I'm feeling more confident using good looking clothes;

Reading everyday.

Setting boundaries.

Breaking covert contracts.

Few days ago I've posted a cry baby puke that she doesn't give me sex.

Reading some new posts from the guys here, it's ALWAYS the same fucking thing.

I have in my mind that I'm cutting the umbilical cord from her.

Last friday post was a slip that I had.

I HAVE TO manage to avoid those slips. After all, take time to change things that were with me for 30 years.

I think it's part of the lesson.

Some thoughts that made me think:

[This](#) from [u/LongRoad_518](#) . And all the comments there.

The very best is from [here](#) from [u/Daddy_ThunderCock](#).

"I put her fantastic little pussy on a pedestal and would go to almost any lengths to keep my dick wet."

That's fucking ME. Or who I'm trying to quit.

I'm struggling to exit her frame. But I'm doing it. Day by day. Discipline. I've noticed that I was codependent of her pussy for me to feel masculine, I needed her pussy. After all, I was a SAHD.

I have to exit her frame. She sees me 1 mile (or more) away. She know all of my movements. I gotta put in my head that I DON'T NEED HER PUSSY.

On the other hand, I wonder if she's thinking like: "he's making those changes, but I doubt that'll stick. If stick, it's better that he file for divorce, not me". Really. I think that she'll do that. I dunno why...maybe I'm overthinking.

Anyway.

Last friday I tried to initiate. She was at bed, watching netflix on cellphone, OF COURSE...

Started to kiss her.

I noticed her tension. She avoided me so she don't fall into sex. It was clear that she wanted something...at least I thought. She said:

- What do you want?

- You.

- Babe...

After she said that "babe..." I simply kissed her in the forehead, went to my side of bed, grab my book (MAP) like nothing happened...I even said: It's starting to get cold, no?

She said: Yes, actually tomorrow will be a lot cold I saw in [wheater.com](#), etc etc..bla bla bla

Few months ago I would be the butthurt baby with her for a week. Of course I got mad, since I've posted here...lol. I got mad simply because I needed sex. Any sex. Fuck someone. Period.

Next day I acted like NOTHING HAPPENED. Being fun, talking, etc. Coincidence or not, she made my favorite food for lunch.

I really don't know if in this period I should keep trying to initiate. I'm doing Kino...trying to kiss her more time, hugs, etc. but when I start, I instantly notice her tension. She doesn't want to fall in my "trap" (or should I say game?). She's resisting a lot.

I don't blame her, after all I was the little baby that needed validation thru sex back in the days.

As I was the SAHD, taking care of house, etc., she was working and earning money, paying the rent, etc. With some free-lances, I've payed some bills at home, but nothing extraordinary. And Since I was/am responsible for the finances, we didn't go out for anything, even a simple movie at cinema.

I think that her tension is actually that. Her "fear" of having to take care of things at home again, even I getting a job that pays lower than hers. I believe that since she's a manager at her job that she loves more than anything, she thinks/feel that she 's my manager too or have the "power" just like her job. Still, I don't blame her. It's my hole. I dunno if I could explain right (english isn't my native language as you can see), but looks like she's on the "edge" or "bridge". Like: "If I have sex with him, I'll lost power".

Some questions:

- This kind of tension tends to pass?

- For any of you guys passed thru this, how you guys maintain your head straight without sex?

Really, it's easy to say " Go lift, etc etc" but for me (and I think most guys), when I see a nice broad on the street, etc., arrive home after work and see the woman you married, you want to have some sex, no? Or simply go to bathroom and get a "relief"?

If you spent more time putting in the work via the sidebar and less time writing posts which could pass as novels, you would realize pussy is as easy to get as air.

Even when there is no air, in the water, top of a mountain, it is still easy to pack up and take with you.

Pussy is air.

When did you become a poet? That shit is poetic as fuck red

You can always tell when Red needs to up his AI - too much estrogen and hes rocking haikus instead of faggots.

into_being • 11 points • 4 June, 2019 07:52 PM

I Read this and your deadbeadrooms post. maybe someone else will answer the questions you asked, I think they're mostly irrelevant.

Sure, you can keep initiating. Maybe you'll even get a sympathy starfish fuck while she watches reruns of the Office on her phone...

You know what your situation is. Your taking baby steps. looking for tactical answers to damage control a failed situation. You have a lot of work and reading to do. For yourself. She's checked the fuck out.

It's hard to accept the reality of the shitty relationship. I get it. I've lived it.

You'll never control her [lack of] desire for you, but you can improve your own life and fix yourself. She may come along or you can move on. Either way, you have only yourself. Stop looking to her for validation.

Stay plan = go plan.

Also: lift, learn to value yourself, sidebar, dread, etc...

or delete this shit and keep living in a worsening state of quiet desperation... your call

FinancialLeopard5 • 2 points • 4 June, 2019 08:00 PM

Stay plan = go plan.

Thanks.

FinancialLeopard5 • 1 point • 4 June, 2019 08:04 PM

You lived it....

You fixed it?

into_being • 4 points • 4 June, 2019 09:08 PM

You lived it....

You fixed it?

"It" doesn't mean the 'relationship'.

"Fixed" isn't the right word, because I won't be done growing until I'm actually dying.

I realigned my life and my priorities. Everything else in MY life either fell into line, or into proper perspective.

man_in_the_world • 7 points • 4 June, 2019 09:58 PM

Like: "If I have sex with him, I'll lost power".

No. She just doesn't want sex ... with you.

Stop bullshitting yourself. She simply doesn't want sex with you, because you're a whiny, needy, loser faggot. STFU until you fix that.

HornsOfApathy • 4 points • 4 June, 2019 07:57 PM

You spend waaaaay too much time thinking about this.

I'm doing Kino...trying to kiss her more time, hugs, etc. but when I start, I instantly notice her tension.

Two things that you'd figure out if you fucking GOT TO WORK on the sidebar:

1. You are enervating to the fucking max man.
2. Every unhappy wife is a rape victim.

Your wife doesn't want to fuck you because:

1. You're unattractive.
2. See #1.

Get to fucking work you bozo.

BarracudaRP • 2 points • 6 June, 2019 10:57 AM

Your link to the "enervating" thread by jackten is fucking phenomenal. +1 and saved to read again, like much of his work it should be required reading for the intermediate guys here.

If you're wondering why your date nights are lame and dishes are exhausting, the answers are there.

FinancialLeopard5 • 1 point • 4 June, 2019 08:02 PM

Thanks for the links. Will dig into today.

HornsOfApathy • 5 points • 4 June, 2019 08:05 PM

Do it at the fucking gym while lifting. Damn you fucking new crop of MRPers are a bunch of pussies.

Yep. It's like summer brings a fresh batch of lazy noobs looking for a handout.

FinancialLeopard5 • 1 point • 4 June, 2019 10:32 PM

I've just read two times the number 1. Absolutely amazing. That's who I am. Fuck.

hack3ge • 3 points • 5 June, 2019 12:27 PM

Let me let you in on a little secret - I used to be you and would try to hug, touch, kiss, hold hands and you know where it got me fucking no where.

Last night my wife was walking past me in the kitchen - old me would have hugged her or tried to kiss her. Instead, I grabbed her ass, growled at her and then pulled her pants and panties down to her knees in one pull. She turns around and bends over and I fuck her over the island - fuck all that hugging and kissing bullshit - are you a man or a faggot?

Last time I tried that, when we were "good" she said: It's not like that! It's not like you cannot fuck me whenever you want!"

hack3ge • 2 points • 5 June, 2019 07:21 PM

She's challenging you to test you are a man who deserves to fuck her whenever you want. My wife made the same mouth noises - carry on until you get a hard no and then walk away with a smirk.

FinancialLeopard5 • 1 point • 5 June, 2019 07:24 PM

How'd you managed to change? If changed?

hack3ge • 1 point • 6 June, 2019 03:08 PM

Really? Hmmm I wonder where the fuck I would find a playbook for becoming a man that can fuck women whenever he wants.

Seriously faggot - its called the sidebar.

RisingUpAgain • 1 point • 6 June, 2019 03:13 AM

My wife says "just cause we're married doesn't mean you can play with my boobs any time you want," and "you can't just put your dick in me every time you feel like it," a lot right before I do those very things.

red88lobster • 4 points • 4 June, 2019 09:32 PM

Yawn... So you tried to initiate sex while she was in bed watching TV and on her phone.

Read the side bar. Honestly , so much good information in those books.

You won't learn much from posts like this .

FinancialLeopard5 • 0 points • 4 June, 2019 09:53 PM

I'm following the sidebar. Slips happen.

red88lobster • 1 point • 4 June, 2019 09:54 PM

That's not really good enough.

FinancialLeopard5 • 0 points • 4 June, 2019 10:13 PM

I'm aware. I need to do more work.

UnbreakableFrame • 4 points • 5 June, 2019 01:53 AM

The work that most needs doing in a man's life is always the work that feels the least natural. For you that work is obviously shutting the fuck up and just quietly reading the material on the sidebar. From here on out, only post on OYS once a week.

CrazyLegs78 • 3 points • 4 June, 2019 09:20 PM

So, first thing, get the fuck out of her head! YOU CAN'T CHANGE HER. Quit worrying about it so much. Don't seek validation from her. Get your validation from how you have performed at the gym today/this week, or how much you've improved yourself according to YOUR standards. Only that can tell you if you're worth your salt. If you need the validation of a woman, run some day game and practice approaching. This will help curb your

validation seeking from the un-receptive wife, and give you a pussy-o-plenty mindset. Fucking flirt with women and care less about that woman.

FinancialLeopard5 • 2 points • 4 June, 2019 09:29 PM

Basically validation (or not) can only come from myself, right?

CrazyLegs78 • 2 points • 4 June, 2019 09:43 PM

Always. That's what mrp is about.

simbarlion • 2 points • 5 June, 2019 12:02 AM

or you could get validation from the internet

FinancialLeopard5 • 1 point • 4 June, 2019 09:25 PM

Thanks for that

simbarlion • 3 points • 5 June, 2019 12:00 AM

I trawled though the shitshow of a post history. Its simple really - You are betamax and your anxiety and lower job is keeping you there in her eyes. But is it her or you holding you down?

You fear life without her (validation and financial security). It's not clear what you add, except probably a decent dad. She is in the captains seat, and first office looks to be stuck in the scuppers.

Can you expand on the 'manager at home' comment and see if the link she's the boss applies.

FinancialLeopard5 • 1 point • 5 June, 2019 12:38 AM

Exactly her. And me. And I'm only a decent dad. Period. I have to man the fuck up.

FinancialLeopard5 • 1 point • 5 June, 2019 01:11 AM

You motherfucker jack of all trades. He described me, my wife, my family and her family. That guy is a fucking sorcerer.

simbarlion • 4 points • 5 June, 2019 01:37 AM

I do like the bit where she is conned into a massage.

Look, your path out of this is through the dread levels and reestablishment of yourself as seperate from her. If in 6 / 12 months you are busy and happy and she doesn't flex, well you know what to do.

One thing that helped me was a bit of self talk e.g :

Good, i am glad she is gone, who watches netflix on the cell....

Its not like we have sex anyway

She is not even that hot, I've seen that ass flab too much already

Her SMV is on the way down, mine is going up

etc

And for fuck sake, get your shit together as an independent adult Male. You're embarrassing us.

FinancialLeopard5 • 1 point • 5 June, 2019 01:44 AM

Sure will do. That's my life goal now.

One thing that I have a question, tho. As I take our daughter at school, I have to wait for her to arrive home so I can do my things...our daughter sleeps at 7:30 sharp. Isn't a form of her controlling me? Since she always have " that meeting that extended", etc. And I have to wait for her arrive so daughter don't be alone at home. Alternatives? Baby sitter? Grandma house?

simbarlion • 1 point • 5 June, 2019 04:44 AM*

Yes, thats difficult. Remember she is captain and you are first officer, it will take a while to turn that around. Your situation will be massively improved if you just start doing more without her, preferably out of the house.

I would suggest getting a baby sitter or grandma over so you can go to the gym / sports.

Remember to just do it and let her know, don't ask her first. Make it a regular night (like say thursday). If she will be home in time, great, if not, you make your arrangements.

Its better if its a team or organised sport / class like BJJ. It has a fixed time you have to be there.

Bonus link on absence in the relationship

FinancialLeopard5 • 2 points • 5 June, 2019 11:36 AM

"If you are new here, now is the time to fake it until you make it. Get out of the house, if only to sit in a parking lot in the car and read the sidebar books. This will be more beneficial to your marriage than you reading the same book while sitting at home."

THAT. That it's what I have to do. I've always thought that "I'll read at my home office"..That's absolutely what I have to do.

FinancialLeopard5 • 1 point • 5 June, 2019 10:01 AM

Thanks a lot brother. Great inputs. Could seem basic stuff from a lot of guys, but since I was codependent from her, it's new to me. Actually at Wednesdays I go to psychologist at 7pm.

I've simply send her a message: you be home at 6.30? If not, I let our daughter at grandma and that's it. Thanks for the link!!

MrTrizzles • 3 points • 5 June, 2019 03:44 PM*

I tried to initiate.

You fucker, I was eating breakfast when I read that and it killed my appetite. Those four words are some of the saddest I've ever read here. I'm not going harp on it though, not going to ask what "trying to initiate" looks like, not going to ask how it looks different from *actually* initiating.

You should initiate sex the same way you have sex -- with confidence and power and a sense of authority.

Have you thought about just grabbing and fucking her? Essentially rape her, but keep it sensual if possible.

Would she relent? What if she didn't and you still took her? Would that ruin her little head, or would it make her think a little bit?

What if she protested enough to make you finally back off... Only for you to act with the same vigor the following night. And the next, until she gives herself to you.

Any of this sound realistic? Might it do some good, or probably not?

It's sex. It's the only reason why you are married and not just friends. Feel entitled. Never try and explain your

sex drive. If you're fucking her right, you won't need to. But never do it. Let your sexual actions speak louder than any sexual words could. Be fucking relentless fucking. Let her be mad at you... for trying to have sex... with your wife. That's a worthy hill to die on.

E - And yes you do too need her pussy. Daily. You've misunderstood a common RP expression. Pussy on the pedestal doesn't apply to when you're in a position to pound it, you twit. Can't be stoic with a hard-on can we? Put your lust for her front and center, so it's staring her in the face. Figuratively and stuff. In time this will affect her in a strong way. Her ultimate reaction will tell the tale.

FinancialLeopard5 • 1 point • 5 June, 2019 03:54 PM

I see. I got it. Basically I've always initiate with a kiss. She get a lot wet when I kiss her. That's why she stops. Last time I did that you told, she pushed me and said didn't want anything forced. And began speaking very angry..bla bla bla With that, I backed off. Every time. So if I act like that, she'll push. If not, push too.

MrTrizzles • 1 point • 5 June, 2019 04:26 PM

That's disgusting, stop it. The FUCK makes you think anyone wants to hear play-by-play level details of you fumbling around! This is how you repay my kindness?

Her anger is just an emotion. Charged air. Play with it. Flirt with her anger. The angrier she gets, the more you're grinning. Keep it equal parts lust and amusement. Until she begins to relent, then go dark and powerful. Her anger is *her* anger. Nothing to do with you, so don't involve yourself with it. You're not even curious why she's angry. It's her little thing. Mental conflicts she's dealing with or some such. You recognize her anger, but since you don't even really know why she's angry, it's impossible for you to contextualize it. So you ignore it.

And don't tell me you got it, go do it and tell me you did it. Don't do that either. Go do it... and then do it again. Don't tell anybody, because it's just the new you. Whatever else is going on, you keep your girl well-fucked, because that's how you roll. Now go.

FinancialLeopard5 • 1 point • 5 June, 2019 04:37 PM

FightingFungus • 2 points • 5 June, 2019 05:29 AM

Read the books on the sidebar as others have said. I am in the midst of improving myself and what I have done over the last 2 months is

Lift weights

Leave the house (Go to the bookstore, the gym, at a friends house, walmart or anywhere) just get out of the house.

Withdraw attention, not in a bitch way but be a little more aloof than usual. Only give attention when it comes to sex.

And the biggest one of them all is to hold frame. I have done a terrible job with frame over the last 2 months since swallowing the red pill, but I have done a great job with frame over the last week and things have been great. Frame is the most important thing in my opinion.

You can have movie star looks, 1 million dollars and an 8 inch cock it doesn't matter if you don't have frame.

FinancialLeopard5 • 1 point • 5 June, 2019 10:06 AM

I'm understanding "frame". But can you explain your example?

[deleted] • 2 points • 5 June, 2019 06:08 AM

You've been buttfucked by everyone else already, I'll give you a tip for Kino.

Apply kino before GYM. If she says no, smile and go to gym. While at the gym look at the mirror. That is a piece of shit cuck you're looking at. That nobody wants to fuck.

Also, apply kino in a non sexual way huh, shes cringing because she knows kino = leads to sex = sex she doesn't want with you.

Good luck fuckface.

FinancialLeopard5 • 1 point • 5 June, 2019 10:08 AM

just the tip

apoc2050 • 1 point • 4 June, 2019 10:37 PM

Mother-not-fucker, what are your lifting stats.

FinancialLeopard5 • 1 point • 4 June, 2019 10:45 PM

I've got back to the gym after 10 years. Starting slow, but steady. Basically doing exercises to "fortify" muscles. Since I've lost a lot of weight, I lost muscles too. Basically the strong lifts program but less weights and more types of exercises. My personal trainer told me to do 2x a week. I'm doing 4x and running on weekends.

FoxShitNasty83 • 2 points • 5 June, 2019 08:49 AM

I started going out to lift weights once a week, then twice then three times. The wife got annoyed "I don't resent you doing this but your gone a lot (comfort test)" then one Christmas a squat rack and weights appeared. "Now you don't have to go out"... But I still do leave the house to lift 3 X A week. Ignore her, what's she going to do divorce you = win... Get angry = feelz.... Read no more Mr nice guy then again and again and again. Read my post history (this shit takes time, I'm still grinding because of my mindset)

[deleted] • 1 point • 4 June, 2019 11:11 PM

Do you also DEER this hard when your wife asks you a question you don't want to answer?

WNS has a point. I look in your post history and you have six, count em, six removed AskMRP posts (though surprisingly, you're not banned from MRP yet).

You post again this month, you're banned permanently. Your posts are low quality, even for AskMRP, and that's saying something. Consider it some time to read the sidebar. AskMRP is not your diary.

so... in your mind, magically after you get divorced, you're somehow going to be improved and fuckable.

so poor wife deals with your unfuckable ass for 10 years, has all the baggage and memories of your unfuckable ass, and is supposed to somehow magically forget that you've been loser for 10+ years.

and this is just supposed to magically happen.

i thought i banned you from MRP for being guaranteed to fail. i'm surprised you're allowed to shit up this joint worse than it already is.

I don't understand why you didn't follow through after she said "Babe" and started talking about the weather. That doesn't sound like a hard "no" to me.

But anyway you need to lift more.

She turned her head ...

I think you should try a little harder than that.

After all the rejections, I need to build this again.
