I'm so bad at surrendering! I can't keep my mouth shut.. Just got home with 30 mins before I take my Son to footy. Hubby at home on the PlayStation. Not picked them up yet. Convo goes like this. Oh. I have to take him in a half hour. He needs to eat and get changed. Oh I'll go now then shall I? Please.. After he leaves \*ffs you knob do I have to think of everything\*\* Need self care? A nap? A good slap? I'll keep trying!!
