

# I don't usually date guys like you

Hey guys,

Quick question here. I have noticed recently that over my long dating career (I'm 30+), several girls have said to me "You are not the type of guy I usually go for" or variation of this. The number of occurrences makes me wonder what it actually means.

Does that mean I can reach girls with higher SMV than me just because I'm good at banter, and that they realize i'm below their SMV and hamster it afterward, or is it a way for girls to justify the fact I've banged them in the first 3 hours of our meeting (humble brag here) ?

Thanks for your insight.

Think it means in their eyes you are a bit of a bad boy/stalion. They mean they usually go for guys that are a more exclusive with them.

Just a way to deflect the fact that they likes a guy that show them he got options.

ComplexProjection[S] • 5 points • 9 July, 2019 12:51 PM

Thank you for your answer. If you are right, it is more positive than what I was expecting, so I guess I'll keep doing what I do. Let's see what others think about it. ;)

EnemyAsmodeus • 1 point • 9 July, 2019 05:37 PM

If you're having sex within the first 3 hours, she's either a dirty drugged up slut, or anything you say actually doesn't matter at all. Just say gobbledygook and she will giggle.

I've dated major sluts who take days longer than that.

ComplexProjection[S] • 3 points • 9 July, 2019 05:45 PM

Well I'm talking here mainly about tinder chicks. Most of them fuck on the first date.

EnemyAsmodeus • -6 points • 9 July, 2019 06:15 PM

Most girls don't fuck on the first date. Most girls aren't even interested in casual sex.

In some very rare cases, you might get in bed with a girl on a first date and they too will put up LMR

ComplexProjection[S] • 23 points • 9 July, 2019 06:28 PM

I'm sorry for you buddy.

EnemyAsmodeus • -10 points • 9 July, 2019 07:44 PM\*

You wouldn't be the first account to humblebrag on askTRP...

You're like the asian kid in school who kept repeatedly saying how "eeaaasy it is to get an A+" trying so hard to make us believe "it took no effort at all!! It's all so simple..." but everyone is looking at each other like "wha-wait he thinks he's impressing everyone? He thinks we care?"

If you call out their lies... their immediate defense kicks in: "you're just jealous" OR "I feel sorry for you, you can't do anything I can..."

They get off on it. External validation. This is the equivalent of the instagram slut bragging about her body for attention. But for these men, they are interested in trophy wives and being able to tell their friends about the date they had (or mythically imagined).

ShittySoftwar3 • 5 points • 9 July, 2019 07:48 PM

Different places different faces my friend

EnemyAsmodeus • -1 points • 9 July, 2019 08:07 PM

Not sure what that means... yes he could be dating fuglies so maybe life is super

easy for him and he only likes fuglies.

ShittySoftwar3 • 1 point • 9 July, 2019 08:11 PM

While, yes, that could be the case what I mean is that woman can act slightly differently depending on what there background/area is. Overall they operate on the same spectrum but depending on the area(city/neighbourhood etc) OP is in it can be easier. Think of it as how areas with the least money have the most young pregnancies and highest population.

[deleted] • 0 points • 10 July, 2019 06:50 AM

I agree mostly with the point you're making. That being said I do think a good number of tinder girls are DTF, even on the first date.

infamous3238 • 5 points • 9 July, 2019 09:19 PM

On tinder, most girls do fuck on the first date. If you aren't getting laid on the first date, then work on your own game, don't trash talk OP.

EnemyAsmodeus • -1 points • 11 July, 2019 07:45 PM

No they don't. That's not how girls work, they're not even interested in casual sex. It's a typical popular myth. Occasionally you might have such a magical date that lasts for hours and it happens, but it usually doesn't.

infamous3238 • 0 points • 11 July, 2019 10:14 PM

That's not how girls work, they're not even interested in casual sex.

Are you kidding? Tinder is designed for casual sex. Every girl I've met from there we banged on the first date. Most girls who are single are down for casual sex with the right guy.

If this is really what you think, read the sidebar and work on improving your SMV. You have a lot to learn still.

EnemyAsmodeus • 0 points • 11 July, 2019 11:00 PM\*

No I think you should read the sidebar, SMV doesn't work like magic where you are just "DTF" and they are like "oh sure".

If it was that easy, everything would be like grindr, we'd all be having first date sex all the time. It's a myth. Tinder girls also look for boyfriends in many cases.

Occasionally, things "happen" but even then you have LMR on the first night or other night, that's why the term "LMR" was invented because it is EXACTLY UNLIKE and the opposite of Grindr between gays. It is never a "first date => sex" situation. Girls aren't even turned on by that.

If Tinder was that easy, why would TRP even exist?

Read the sidebar and raise SMV? If your SMV is high, why would you need to read the sidebar? Stop making stuff up. Straight-to-sex-first-date is usually not possible. If it was, lots of people would be getting lots of matches on tinder all day long. Everyone would be fucking, everyone would be using grindr (both sexes and hetero and homos), and no one would need TRP.

Why would you need strategies for the opposite sex if everything was so easy as pulling up an app and asking for sex?

Provide some honest stats then: 99 of your first dates, and 99 of them turned into sex on first date? Let alone 10 of them?

If I didn't bang so many tinder girls, why would I argue with you?

infamous3238 • 0 points • 11 July, 2019 11:44 PM

No need to get angry. Lots of guys like myself are getting laid regularly on tinder, if you aren't then you have work to do. Honest stats: of the last 20 or so tinder dates I can remember two where I didn't get laid. One was because it was logistically impossible (both visiting friends in another city), and another because I fucked up and said something she took offense to.

Yes, a few are looking for boyfriends. Of course you pre-screen for this by subtly suggesting sex prior to the date. If a girl is doing late night drinks with me or meeting me at my place on the first date, what does she think is going to happen?

Ohboohoolittlegirl • 149 points • 9 July, 2019 01:32 PM

She sees you as a player and she loves it, but she needs plausible deniability

red\_philosopher • 21 points • 9 July, 2019 03:06 PM

This. I misunderstood the first time I got called a player by a girl. Had I known better I would have taken her home right then.

\_Ulan\_ • 29 points • 9 July, 2019 03:19 PM

This. She knows you're bad, by she doesn't want you to know she did all the bad guys.

the13thmonk • 3 points • 9 July, 2019 05:45 PM

yup

TheRealEyesWideOpen • 60 points • 9 July, 2019 12:51 PM

They are trying to artificially increase their own SMV by indicating they are "special" because they don't usually date guys like you. They are trying to add some pressure to the situation.

It's also a shit test to get you to respond in a panicked manner and gauge your interest level.

My response is usually - "well that's unfortunate" and I get up to leave. Nice to flip the shit test and watch them panic and get you to sit back down.

ComplexProjection[S] • 32 points • 9 July, 2019 12:54 PM

Thanks for answering me :) If you are right, that's good for me. I usually answer "and I don't usually go for sluts, but here we are", which often leads to sex.

red\_\_Man • 10 points • 9 July, 2019 04:06 PM

isn't this a direct insult? Yes you should tease but not to this level

ComplexProjection[S] • -5 points • 9 July, 2019 04:14 PM

Well, I guess if you say it seriously, it can taken as an insult.

But I do it playfully, usually while moving slowly toward her. In details, it goes like this:

Her: I don't usually go for guys like you

Me: and I don't usually go for sluts, but here we are *I stand up and start moving*

Her: I'm not a slut!, strongly

Me: Of course you are, and you know it \*keep moving toward her, eyes locked

Her: No I'm not, with less strength in her voice

Me, touching her, talking close to her ear: You are my slut, and you love it.

Enssue kissing, banging, savage sodomy.

ForYourSorrows • 25 points • 9 July, 2019 05:27 PM

Yeah this is fantasy lol. I know many sluts and almost none of them respond well to you directly calling them a slut to their face, regardless of how "alpha" you are. The only situation this works in is if you're very attractive and they're very not. In which case literally anything works.

billyultra • 10 points • 9 July, 2019 07:24 PM

Exactly, this guy is trolling

hibloodstevia • 0 points • 9 July, 2019 07:08 PM

Your refusal to believe him tells me more about you than him.

If you have never pulled off anything like this, it's either because you have not create an email attraction or you have had those opportunities but did not know it.

Women eat this sort of shit up, just so long as they think your SMV is high enough compared to theirs.

ForYourSorrows • 2 points • 9 July, 2019 09:05 PM

Buddy, I've pulled off some insane dumbass shit before too. But those are one offs. Ive been around beautiful women (sluts and non sluts) for many years due to a combination of where I live, my occupation and my social life and I guarantee you this guy is full of shit. Any woman you'd want to fuck would very likely (note how I'm not saying NEVER) not respond well to this.

ComplexProjection[S] • -4 points • 9 July, 2019 05:30 PM

Well, my experiences say otherwise.

Jabbermouth • 3 points • 9 July, 2019 05:01 PM

You seem to have the correct frame/mindset to pull something like this off.

Most guys would buckle at the first "I'm not a slut!" and freeze up.

GJDM.

EnemyAsmodeus • 3 points • 9 July, 2019 05:41 PM

Confirmed, he's dating whales.

ComplexProjection[S] • 1 point • 9 July, 2019 05:42 PM

Damn, I was found out!

EnemyAsmodeus • 2 points • 9 July, 2019 06:17 PM

More cushion for the pushin... ain't that right?

the\_Milkweed • 7 points • 9 July, 2019 03:36 PM

I prefer to ask them how thats been working for them so far

itiswr1tten • 13 points • 9 July, 2019 01:08 PM

Hilarious. Keep it up.

CainPrice • 29 points • 9 July, 2019 02:59 PM

That's the same thing as "I never do this on the first date."

The thing to remember with women is that in her head, she's not lying to you. In her head, the way she pictures herself, all of the other assholes she's dated and fucked are completely different than you, and all of the things she did with you, and with them, on the first date are completely different. She literally believes, despite a history of dating guys exactly like you, that she doesn't usually date guys like you. She literally believes that she is the person she pictures in her head and not he person that she actually is.

Don't pop her balloon. Let her keep the fantasy.

ZealousFeet • 11 points • 9 July, 2019 03:32 PM

So in other words, she's disassociating from her promiscuity as a form of ASD. May be over thinking this, but isn't that what the military does to soldiers, helping them disassociate from killing someone?

"I don't usually do this." Vs "He was just a target."

Keeps them sane to mask guilt and other painful emotions.

CainPrice • 8 points • 9 July, 2019 04:45 PM

Right. It's pretty similar now that I think about it.

Women act in the moment, but a month later literally don't remember the sex or the guy. If they sit down and really strain their brains thinking about it, they kinda remember that it happened, but don't remember a lot of details about the guy or the sexual encounter in general.

When a woman can't tell you her sex history, she's not always trying to hide it from you. She literally doesn't know how many guys or in what context. Down the line, something might jog her memory, like "Oh yeah! I hooked up with a guy who did that once!", but when thinking back in a more general and less specific sense and wondering how many casual guys she's fucked, she literally didn't remember that time at all. Or many other times. She doesn't remember specific guys or specific nights or sex acts. She's numb to it. She just fucks when she's in the mood and has no idea what she's done with who.

In her mind, she's the non-slutty person she pictures and literally believes it hasn't been that many guys.

ZealousFeet • 1 point • 9 July, 2019 04:57 PM

I can see why this would subconsciously help a woman down the line, if they're really insecure about themselves. They see themselves as sluts, whereas a guy sees himself as a success, who would be an anomaly to most who're not in the top 20%.

Thanks for the insight.

EnemyAsmodeus • 2 points • 9 July, 2019 06:02 PM\*

No the military breaks you down and then builds you up so that you fight with emotional backing and strength without doubting yourself.

Imperial Japanese State Shinto and Buddhist blending (later evolving to Kamikazes)... The Nazi cult training (all started initially as attempts to improve the fighting strength of Prussian soldiers)... The Soviet Apparatchik communist training and still today's Russian military cult training... The Islamist Qutbist terrorist training... These are the ideologies that train "disassociation" so that you are free from moral compass or guilt. You are not actually murdering someone, your body is, and it is a tool of the state. Thereby they don't feel like the evil psychopaths they are.

Typically such groups will do things that make their soldiers seem like they have supernatural powers... Mystical potions in Africa from doing horrific atrocities... Rituals of the Japanese before battle, suicidal charges, self-sacrifice seppuku for failure... Spetsnaz and their absurd flips and acrobatics... same with AQ/ISIS and their insane show off training videos and ruthless brutality...

ZealousFeet • 1 point • 9 July, 2019 08:25 PM

Yeah, I oversimplified a bit, but the gist was that both group found a way become comfortable with their actions be it a ritualistic endeavor or simply hamstering that one is not a monster/slut.

A fruitful contribution you've given nonetheless. Thanks.

the13thmonk • 8 points • 9 July, 2019 05:45 PM

for the same reason you get " i don't usually do this on the first date "

WIA20XX • 15 points • 9 July, 2019 12:57 PM

Your view that it is positive or negative is false. You take what these bitches say too seriously.

She may be honest, she may be fucking with you, but she's still an adult with a painted face too insecure about everything in her life. She's probably pushing away the best thing in her life.

Think like a god damned player.

It is a shit test opportunity. Pick your favorite response and hammer the chick with it.

"Of course you don't. I get it, you been fucking with losers all your life, you don't even know how to talk to a winner."

That should provoke the fuck out of her, and she'll either accept your wisdom, or defend her choices. She's in reaction to you. Either way you beat the shit test.

Red Pill circles de facto teach lack of emotion and avoidance of conflict - so you'll never learn how full of shit these girls are because you'll never even think about it. I'm saying using you brain.

ComplexProjection[S] • 1 point • 9 July, 2019 01:02 PM

Thank you for your strong answer ;)

As said elsewhere in this thread, I usually just answer with "and I don't usually date sluts", so I don't think I take it too seriously.

I was wondering why several girls have said the exact same thing to me.

WIA20XX • 1 point • 9 July, 2019 01:07 PM

I prefer to focus on her choices not her essence. Because they're all sluts and Virgin Mary at the same time.

But that reaction could mean anything.

You care about what she does, not what she says. Elsewise you end up in logic traps, trying to analyze words not behavior.

ComplexProjection[S] • 2 points • 9 July, 2019 01:27 PM

Well, I'm a rational animal, I can't observe several times the same event without trying to understand it :)

okuli • 6 points • 9 July, 2019 04:01 PM\*

Anti slut defense. They all say: "I don't usually do that".

Krebota • 5 points • 9 July, 2019 04:01 PM

Women don't know what they want, untill they have it. Sometimes it goes beyond their weird standards for whatever reason and they have to deny it for themselves because they love it.

BurningOrangeHeaven • 5 points • 9 July, 2019 03:57 PM

Most likely imo - she doesnt even know what "type" of guys she goes for, your just a little different from her imaginary type.

redpilllogin • 6 points • 9 July, 2019 04:46 PM

Every single girl I've dated has told me this bullshit. Women only think they have a type because of societal programing.

leftajar • 3 points • 9 July, 2019 08:54 PM

That means you have good game.

In other words, you don't fit the physical/cultural profile of guys she usually goes for, and is surprised by her unexpected attraction to you.

RSD Owen talked about this one time, when he's far into an interaction with a hottie, she'll sometimes have this wtf moment where she verbalizes, "who are you? I usually go for hot guys!" That's her subconscious attraction noticing that you don't fit her pattern.

[deleted] • 2 points • 9 July, 2019 02:09 PM

I've had that happen but i've also had the opposite where they say I AM the type of guy they usually date inspite of the fact that I know for a fact that it's not true based on looking at their previous BF's.

girls just talk a lot of shit lol

[deleted] • 4 points • 9 July, 2019 04:49 PM

(In a playful voice) "I'm not 100% sure about you either".
