

What to do when anniversary is coming up?

July 11, 2019 | 8 upvotes | by [jockhock](#)

What should a husband in a sexless marriage because of his wife's choosing do when his wedding anniversary is coming up? Does he go out and celebrate as if nothing is going wrong? It might be childish if he tell her he doesn't consider being a roommate to be a wedding and thus pass on the celebration. I guess this is where "frame" comes into play. I would appreciate some different opinions.

No reference to as where you are on your journey, by the sounds of it.... you haven't started yet.

So with that assumption in mind, you don't do anything differently than you did before.

The roomie statement is passive aggressive and yet another covert contract (if I tell her off she will wake up and fuck me) from your side.

You get to decide what to do once you become a man of value.

I personally make it a family date with the kids, but not a big deal (\$\$\$).

jockhock 1 points 11 July, 2019 12:54 PM **[recovered]**

Become a man of value. Yes!!!!

red88lobster • 3 points • 11 July, 2019 10:00 PM

It's tough love but it's the truth. It's hard to admit our own faults to our selves.

She is not fucking you because she sees you as someone she does not want to fuck .

Make yourself into someone other woman want to fuck and she will want to fuck you.

Or just keep blaming her like a whinny little bitch.

jockhock 1 points 12 July, 2019 09:11 AM **[recovered]**

I'm afraid, after all these years, she's never want to. I have to accept that.

rocknrollchuck • 5 points • 12 July, 2019 11:18 PM

So you're gonna give up before you even start? Tons of men have come here facing your EXACT circumstances and have overcome them and now have a wet and willing wife who will do anything for him.

Sidebar=====>>>

Onein1024th • 2 points • 15 July, 2019 03:53 AM

He may be right. Remember, we fix the man, not the marriage.

rocknrollchuck • 1 point • 15 July, 2019 04:08 AM

True, but he won't be that man if he refuses to try. The wife is just a possible bonus.

RPWolf • 3 points • 12 July, 2019 03:23 PM

This reply says it all. Either start or get the fuck out. You or your marriage aren't special.

Go look in the mirror and ask yourself if you would fuck you? If the answer is no, then why should your wife?

stoicstephen • 2 points • 12 July, 2019 08:55 AM

This reply is so transparent.

red-sfpplus • 15 points • 11 July, 2019 11:43 AM

Flowers and chocolates.

You might actually get your yearly duty sex if you behave for mommy.

InChargeMan • 5 points • 11 July, 2019 06:25 PM

I'm disappointed I haven't seen skittles suggested yet.

red-sfpplus • 5 points • 11 July, 2019 07:11 PM

Found the guy that gets anal on date #1

[deleted] • 3 points • 11 July, 2019 05:46 PM

Don't forget the foot rub. And not the kind that lasts about 1 minute at the foot and then you're massaging her pussy. OP needs to make sure he's really giving a good foot massage. He may ~~get~~ be privileged enough that his wife depressingly allows herself to be raped by him.

red-sfpplus • 4 points • 11 July, 2019 07:12 PM

Wow, this was disturbingly visual.

Now I am horny?

coinbaserep • 2 points • 11 July, 2019 11:49 PM

Don't forget a back rub with oil before bed after a nice dinner that will get her wet

Order her doubles to double your odds of success

simbarlion • 7 points • 11 July, 2019 11:34 AM

Go out. Get ioi's from waitresses. Get wild sex from wife or waitress.

If this is not possible this year, start at the start (sidebar). Don't leave anything out.

Make it happen next year.

RP_PO • 14 points • 11 July, 2019 11:10 AM

Do what the fuck you want to do. Base absolutely nothing off of your wife's mind.

IncitingDramah • 3 points • 11 July, 2019 02:49 PM

This.

On another note. Stop being a bitch and do the work.

ReddJive • 6 points • 11 July, 2019 12:30 PM

What do you want to do?

I know. Pretty radical idea.

MrChad_Thundercock • 4 points • 11 July, 2019 01:57 PM

“because of his wife's choosing”

Bullshit. It's your choosing.

lololasaurus • 5 points • 11 July, 2019 02:35 PM

It's already been answered correctly.

I also went through this indecision (which, in itself is unattractive) early in my red pill journey. Trying not to be Rambo, trying to establish frame without getting told to sit back down (that is to say, I had no frame still).

Do what you want.

But an interesting consideration...

Do you think your wife is thinking about putting in high or low effort on that day for you "because of your choices"?

HerukaArisen • 4 points • 11 July, 2019 11:55 AM

What should a husband in a sexless marriage (because of his wife's choosing), do when his wedding anniversary is coming up?

Well, he probably tries to come up with all the possible overt and covert ways to make her wife have sex with him. What he SHOULD do is the same as what any man should do: whatever fuck he feels like doing.

nantucketghost • 5 points • 11 July, 2019 03:22 PM

Why are you in a sexless marriage? Are you fat, out of shape in a dead end job and deserve to be? Throw a pity party... Or maybe do something about it.

If you are not the above and your wife is just a cunt and you deserve better, well, then go get someone better.

That all being said: It depends on how many years. Just had a big 20 year anniversary. We just went out to dinner. There is no need to do anything special or buy special gifts. I don't do duty gifts. I will surprise and give when deserved but almost never because the calendar says so. It's not cruel at all when you are both on the same page and buy what/when you want. Not going to buy another piece of jewelry that will just go in a drawer (been together many years, doesn't need anything).

0io- • 4 points • 11 July, 2019 08:46 PM

Wife isn't choosing a sexless marriage even if it seems that way because she always says no to sex.

The key thing with all forms of redpill is you have to fix yourself. When you fix yourself, lots of women will want to have sex with you. Your wife, who is also a woman, will also most likely choose to have sex with you at that point because any regular woman would.

You need to get yourself in top physical shape through lifting weights. It's an absolute requirement. You have to lift. Do you even lift?

Get a gym membership and download stronglifts 5x5 for your anniversary. Your next anniversary will be a lot better if you stay at it all year.

CrazyLegs78 • 7 points • 11 July, 2019 12:17 PM

Give her divorce papers as a gift.

SBIII • 3 points • 11 July, 2019 12:09 PM

What should a husband in a sexless marriage (because of his wife's choosing), do when his wedding anniversary is coming up?

Where were you planning on taking her? You don't have a job or any income.

[deleted] • 3 points • 11 July, 2019 05:50 PM

Do something fun, bring kids if you want. Whatever you want to do. If she doesn't want to go along, go do it anyways. Something active, not dinner and goddamned boring movie.

Then fuck her when you get home and not in the "I just did this, you should fuck me" sort of way. Pick her up, throw her on the bed, rip her pants off and fuck her hard. If she resists, then go to sleep.

Oh the other thing you should do is 1) Lift, 2) Read the sidebar, and 3) STFU

RedPill-BlackLotus • 5 points • 11 July, 2019 01:20 PM*

It's the anniversary of you being a tit head. Laugh at yourself first, that adds a bit of levity to your very pathetic situation, you will need it.

Rejoice that you have hit the bottom and seen the ugliest side of female nature. You are here, you at least have a chance. This is easy now because once you know the basic rules of the game (the rational male and the side bar) you can start making better decisions about your future. The hard part is figuring out what you want and the execution, and ownership of the execution.

Laugh at yourself, your a fuckup and a shower masterbater. Most of us have been there. We all have that water masterbating beta badge.

Her behavior is a reflection of you. If you can accept your personal failings and own them, then draw some growth from them, then there was no loss, only growth. There is no resentment, only gratitude for the life experience you have received to get you to this point. This point of truth so you can finally see the world for what it truly is.

This won't be easy, in fact it's going to be hard as fuck. It might not even work. If you manage to stick around and actually fix yourself, then that version of you might leave her anyway.

Make this anniversary the death of your inner beta. Well the start of his death. Give that fucker hep c or something, his demise is coming, it's just a matter of time.

Sidebar, lift.

RoccoPinkman • 2 points • 11 July, 2019 03:44 PM

Laugh at yourself, your a fuckup and a shower masterbater. Most of us have been there. We all have that water masterbating beta badge.

Aha, so it's not just me who jerks off in the shower. Where do I pick up my badge? Is there one for odd socks too?

symbologythere • 1 point • 11 July, 2019 02:44 PM

Wait are we anti-masturbation here?

RedPill-BlackLotus • 3 points • 11 July, 2019 02:49 PM

Only if your doing it.

symbologythere • 2 points • 11 July, 2019 02:51 PM

Well I guess I'm dragging my ass back to the sidebar.

The_Litz • 5 points • 11 July, 2019 04:58 PM

Funny you mention the sidebar, NMMNG actually deals with it.

If it is self love, cool. If it is a crutch, replacing something or an escape.... not cool.

symbologythere • 2 points • 11 July, 2019 05:20 PM

That was one of my first reads, I'll re-read it...I don't remember that part.

[deleted] • 2 points • 11 July, 2019 05:47 PM

Keep re-reading until you know something was talked about but forget what book it was since you've read so damned much.

red-sfpplus • 1 point • 11 July, 2019 07:13 PM

Wait. I am not supposed to jack off when on tren?

How many people per day am I supposed to kill exactly?

This applies

jockhock 1 points 12 July, 2019 12:06 AM **[recovered]**

And what is the female nature? Is it that they can be coy and dishonest? I believe that is the case at least some of the time.

And is it possible for a beta to become and alpha?

RedPill-BlackLotus • 2 points • 12 July, 2019 01:34 PM

And what is the female nature? Is it that they can be coy and dishonest? I believe that is the case at least some of the time.

That's rational Male and side bar level shit. I would be doing you a disservice by robbing you of reading it yourself. Your brain has to want it for it to go in. It's kinda like anal sex, dicks fit better in asses that want a dick In them.

Your new here so check out this video, and rians YouTube channel.

Cranberry sauce and covert contracts

New guys have stacks of covert contracts. Watch his videos on an exercise bike, he covers all the basic shit.

And is it possible for a beta to become and alpha?

Yes in the same way a human can become a vampire, but will never be a true blood, they were born vampires.

True blood vampires are natural alphas. The rest of us had to get bit. On the dick. Buy a harpy.

Eminencemiddle • 1 point • 18 July, 2019 01:55 AM

Read the sidebar.

ghek11 • 1 point • 11 July, 2019 01:39 PM

Lol. So not mrp

Man up. Take her out the night before in nice public space if you have friends (probably beta cucks) invite them. If not ask your kids (she is probably focused on them anyways). The occasion is your anniversary.

The day of your anniversary stay overnight in a hotel alone and don't say a word. Nada. Nothing

Spend the time reading the basic books in the side bar.

RPeed • 2 points • 11 July, 2019 03:38 PM

I booked an overnight trip to a city that I wanted to visit myself. Which was prudent as she was being a bitch the day before.

I told her if she was going to be a bitch, she couldn't come on the trip and in view of this and overall performance: she should pack her shit up and be gone by the time I got back. But in that case I also wanted to book an extra night, so let me know.

We both went in the end. It was good but honestly one day was probably enough.

Rifleshoot • 2 points • 11 July, 2019 03:49 PM

Do what you want to do. Do you feel like celebrating your marriage to her? Then do so. If you don't want to, then don't do it.

aggierogue3 • 2 points • 11 July, 2019 05:10 PM

I mean if you still like the woman, do something cool for her. The fact that you don't want to do anything for your anniversary shows that you completely dislike the woman, which begs the question, why the hell are you still married to her? I guess you could just be a weirdo and take a woman you have disdain for on an awesome date for no good reason, you do you.

Remington-Holmes • 2 points • 11 July, 2019 05:22 PM

Go-karting or paintball

aggierogue3 • 1 point • 11 July, 2019 05:24 PM

Great idea. Take yourself on an awesome date and tell her she can come if she wants to. Go skydiving or spelunking or something awesome that you haven't done before.

WolfofAllStreetz • 2 points • 12 July, 2019 12:40 AM

Dunno how you guys deal with sexless marriages id be out or banging 20 something college hoes on the side.

FereallyRed • 1 point • 12 July, 2019 09:35 AM

Gift her a handwritten voucher for a one night female escort threesome experience.
