

What do you fuck?

Do you guys fuck anything worth it, anything at all, or do they have to meet a certain standard? Just asking as I am about to fuck a 37 year old I met at a club. Don't worry I have a rubber.

Everything goes. Whales, stick insects, dwarfs, chicken nuggets, cats, dogs, sheep, goat, cow, donkey, horse.
You name it, I'm there

If you find her attractive and she wants you - go for it!

I'm have high standards myself.

Sex is nothing special.

And I'm not willing to do anything just for pussy.

My standards drop a little if I'm drunk and if I don't need to put any effort in scoring.

But not by much.

ps.

Age doesn't matter if she's hot

They have to meet certain standards... how else can be aroused ?

If I was back out there my standards would be "how bad do they want to fuck me" and that's it. I'd fuck a pumpkin full of hot peppers if it wanted it bad enough. Both genders.

Enthusiastic sex, that's all I care about. I'll even harpoon a seadonkey and hang it on my wall if I have to.

My wife can take unlimited loads so my motivation to look for anything else is pretty much zero these days.

You fuck a woman twice a day for ages and the enthusiasm gets fucked out. Its unavoidable. You need like sock puppets and a whole production to make it fun again.

Fuck your standards. I hope you boned her.

Me personally I never met a bitch I wasn't up for hitting if I had enough booze in me.

I always made sure to have enough booze in me.
