

The Unofficial-Official song of MRP

August 20, 2019 | 8 upvotes | by [SorcererKing](#)

RP subs are not big on media comparisons in general, but maybe this will help some new guys who are unsure if all this is for them. It's a bit tongue-in-cheek, yet guys who have been around for a while should see the obvious parallels. So this is for fun, but isn't really funny. Savvy?

This song is sung from the perspective of the Red Pill itself, with a verse inserted mid-song interlude by *Women*. (See if you can spot the stanza I mean.) It's talking to all of us, reminding us all of the stakes and our role in it. Play for keeps, boys.

You Know My Name (by Chris Cornell)

If you take a [w]ife, do you know what you'll give?

Odds are you won't like, what it is

When the storm arrives, would you be seen with me?

By the merciless eyes, I've deceived

I've seen angels fall from blinding heights

But you yourself are nothing so divine

Just next in line

Arm yourself because no one else here will save you

The odds will betray you, and I will replace you

You can't deny the prize it may never fulfill you

It longs to kill you, are you willing to die?

The coldest blood runs through my veins, you know my name

If you come inside, things will not be the same

When you return, to the night

If you think you've won, you never saw me change

The game that we have been playing

I've seen this diamond cut through harder men

Then you yourself, but if you must pretend

You may meet your end

Arm yourself because no one else here will save you

The odds will betray you, and I will replace you

You can't deny the prize it may never fulfill you

It longs to kill you, are you ready to die?

The coldest blood runs through my veins, you know my name

I love Gru. I approve of this message.

Yeah, he is like we all strive to be on here.

Bad ass, evil tough guy to the world who is a big softy on the inside.

*wipes tear away...

This is the theme song from Casino Royale. There are very serious parallels to the betrayal from Eva Green's character, etc., that mirror what you're describing here.

RIP Chris Cornell.

This song is a staple of my workouts but the lyrics remind me of the weekly "I've been RP aware for 2 years but I just found out my wife has been cheating on me" posts.

Tell me how it feels to live a lie
Tell me do you know that it won't ever be the same
You can't deny, the house of cards just hit the floor
Don't tell me you can save it in the end
There's nothing you can do
'cause when it's gone, you know it won't come back again
But you don't listen anymore
If only I had said this long ago

If only I had found a way to tell you all the things you should've known
But you were lost right from the start
How the hell are you the one to blame?
You've done no wrong, you gave it all
So what the hell did you have to change?*

You broke your back, she broke your heart
You're addicted to pain
Too blind to see you're lost in the shadows
Too addicted to face
In time you're gonna lose it all

**(Chance are, you should change, but sometimes she's just a cheating whore)*

Interesting side note, the lead singer of Alter Bridge once had Chris Cornell's ex-wife as his manager.

I find the Benny hill theme uplifting when doing heavy squats.

“Who gives a fuck” - it was popular way back. About a fucking mrp song? Really?

This sub is getting gayer by the second.

Don’t know how much more MCT can take.

WTF.

Edit: I’m afraid we’ve reached the end...

johneyapocalypse • 2 points • 20 August, 2019 11:29 PM

Whine more please.

SK can be as gay as he wants he started this fucking place.

Gay threads also break up the Superior Serious Business malaise that can set in occasionally

Noobs taking this seriously would be a pleasant change

I was thinking about this the other day. If you can get a woman to feel this way about you , your a high value man.

It's the red pill victory dance.

That look on Eddie Murphys face is how you squash a shittest with your mouth shut.

Updated: broken link.

Here is the full version with no Eddie Murphy that fist link is shit, I just love that look on his face and I love that

movie.

Damn, and I always liked his voice. Shitty message in that song, I never noticed it.

tspitsatgp • 2 points • 21 August, 2019 12:37 AM

He's gay, so just pretend it's a women singing. Problem solved.

Had to adapt that line for obvious reasons.
