

Wife hinting at threesome? Tips?

September 13, 2019 | 8 upvotes | by [skizzum97](#)

So me and my wife have been together for a few years, have a great sex life. Were into bdsm and let's just say she likes to call me 'Daddy' lol. We have not tried threesomes or anything yet but we did go on a trip with another couple friends of ours about a year ago and one drunken night the other woman tried to kiss mine (which my wife rejected). In discussing that night I told her that I have always had an ffm fantasy with her and she said she could never share me, has never had experience with a woman and we haven't really brought it up since... But she has made little comments here or there like "bet you like this" when a lesbian scene comes on tv or one time she asked if I'd be okay with her having a girlfriend who she hangs out with alone and hooks up with alone, I said 'im not okay with that shit. But I think it's okay for a couple to explore a threesome together as a shared experience". Her comments didn't seem to be positive but did seem slightly curious.

Fast forward to now, my wife's best friend is coming in from out of town and staying with us for the weekend. I don't know her friend that well, we have always gotten along well and maybe I sensed some sexual tension, but I know my wife talks to her often and that she is her best female friend. Anyway my wife has said a few things that seem out of character and are confusing to me. She asked me on different occasions things like "you're gonna have 2 girlfriends that weekend" and "you'll be our Daddy that weekend"... My first thought is it's a shit test but this of course has me intrigued and hopeful that she is hinting at some kind of potential threesome. However, based on her past actions and comments it seems out of character. Is she just playing with me knowing I have this fantasy or does it sound like she may have something up her sleeve? This is something I would definitely like to try someday so I want to approach it delicately and encourage appropriately if she is interested. Even if she is just joking, I would think that means she is warming up to the idea by making a tease about the subject, right? I welcome any advice from people who have had similar developments with their spouses. Thanks for the input ☐

It's a trap.

Expect her to be asking if Chad can join in a few months...

coinbaserep • 4 points • 13 September, 2019 09:24 PM

With her and her girlfriend , while he watches. If he's lucky

FRedington • 1 point • 13 September, 2019 10:49 PM

He gets to clean up Chad's mess.

red-sfplusplus • 28 points • 13 September, 2019 06:20 PM

Dont do it.

InChargeMan • 4 points • 13 September, 2019 07:58 PM

Didn't expect that from you...

red-sfplusplus • 9 points • 13 September, 2019 08:01 PM

Why not?

I speak from experience.

A MFF threesome has the statistical odds to ruin a non-open (from the start) marriage relationship.

InChargeMan • 7 points • 13 September, 2019 08:03 PM

Just saying, usually you're talking about buttplugs and shit...

red-sfplusplus • 10 points • 13 September, 2019 08:07 PM

OP asked a specific question to his situation. I provide input based off my experience at the time to a similar situation.

I am single now, and would MFF all fucking weekend long.

Had a butt plug in fitchick last night for a while. Already anal training her.

Perspective bro.

Buttplugs are trivial. Threesomes are a minefield.

helaughsinhidden • 3 points • 13 September, 2019 09:51 PM

Yep, don't to it, it's a trap!

Imaginary_Historian • 9 points • 13 September, 2019 06:26 PM

I've seen this end many marriages. If you want to be with two girls, find two girls to be with. Do not involve your wife unless you want your marriage to end.

The only thing that does work is a guy secretly seeing women on the side. That said, pursuing a three-way with a plate you don't care about is perfectly fine.

skizzum97 1 points 13 September, 2019 06:29 PM **[recovered]**

Her best friend being the 3rd seems risky on her part and also highly unlikely. If a 3rd were to happen I prefer to make it a random or a plate

HornsOfApathy • 3 points • 13 September, 2019 07:53 PM

Hence, it's a test.

Female social market value means everything to other females.

This is even too much risk/reward for her.

Imaginary_Historian • 3 points • 13 September, 2019 08:47 PM

I probably wasn't clear. DO NOT have a 3-way with your wife, regardless whether the third is a friend or a plate.

I mean, find yourself a plate, and have a three-way with the plate and a random or another plate.

Balls_Wellington_ • 7 points • 13 September, 2019 06:28 PM

This is how a dear friend of mine got talked into opening the relationship and that ended with him and a scrawny Asian dude splitting who got to sleep with her at night.

I'd still probably do it, though. I'm just a moth in front of a candle.

Exclusively attracted to your inevitable demise. Lol

BobbyPeru • 14 points • 13 September, 2019 06:36 PM

Nope. Either

1) She eventually wants a MMF

Or

2) She's testing you

matrixtospartanatLV • 10 points • 13 September, 2019 07:12 PM

It's both

red-sfpplus • 13 points • 13 September, 2019 08:04 PM

Or it could be that he is so Alpha (at the time) that wife would rather share her HVH (high value

husband) with another woman to keep him happy.

Until his faggot ass slips up, then she will never shut the fuck up about it, use it in divorce court against him and tell all their friends and family he cheated on her, even though she used a double ended dildo anally with the other woman.

But hey, that part never fucking happened.

Over60_FireTempered3 • 2 points • 14 September, 2019 03:37 AM

Until his faggot ass slips up, then she will never shut the fuck up about it, use it in divorce court against him and tell all their friends and family he cheated on her, even though she used a double ended dildo anally with the other woman.

I think I read that book, somewhere...

situations_13 • 6 points • 13 September, 2019 08:36 PM

Deny until she makes it glaring obvious that's what she wants. Make her be the one to cross the line. Also don't do it with the best friend. Never a good idea. I would also side with she's not really hinting at a threesome with her best friend. Best friends are like sisters and that's just weird. Also you'll probably have to encounter her again and again through the marriage.

skizzum97 1 points 13 September, 2019 08:46 PM **[recovered]**

I agree that her best friend being the 3rd seems risky on my wife's part and also highly unlikely. Does it seem like a shift in tone on the subject, though? Wondering if her recent comments may be indicative of a spark of curiosity to try it.

situations_13 • 2 points • 13 September, 2019 09:20 PM

Yeah, it does sound like she's teasing you with her friend. But based on past context maybe she enjoys talking about it and is not actually into the act. Also maybe she denied the wife of the other couple previously but has since opened up to the idea. Either way you two should talk honestly about this before anything ever happens. Talking in the heat of the moment is not going to give you both a clear understanding of boundaries regarding threesomes.

MrChad_Thundercock • 8 points • 13 September, 2019 06:26 PM

Chick wrote this.

Cam_Winston21[] • 7 points • 13 September, 2019 07:01 PM

Either that or someone who overthinks.

"So me and my wife have been together for a few years" as an intro, screams 'chick'.

She asked me on different occasions things like "you're gonna have 2 girlfriends that weekend" and "you'll be our Daddy that weekend"... My first thought is it's a shit test but this of course has me intrigued and hopeful that she is hinting at some kind of potential threesome.

That's quite the leap.

OP, I found a penny in the parking lot, does that mean I should extrapolate that to mean I'm winning this weekend's powerball?

itiswr1tten • 3 points • 13 September, 2019 09:07 PM

Use her testing as a platform for massive free dread and take zero action on the MFF party.

Hamster will spin a bazillion times harder on no attempt to get the 3some.

Oio- • 3 points • 14 September, 2019 12:58 AM

Comments on here are too negative. OP should go for it. What would Uncle Vasya do? What would Chad do? I know what I would do... go for it. If she wants to go fuck Chad she'll do that with or without OP having a threesome.

Sepean • 5 points • 13 September, 2019 06:29 PM

I have no ffm experience so I can't say if you should do it, but if she is shit testing you the pass is to make the threesome happen. The way you describe your relationship, I can't see her baiting you into going for the threesome and then getting angry at you for wanting another girl or whatever. That's something wives do to their beta husbands, but a sub to her dom? That seems out of character.

skizzum97 1 points 13 September, 2019 06:35 PM [\[recovered\]](#)

If that were the case why did she reject the kiss from the other woman last year and say she could share me?

Sepean • 3 points • 13 September, 2019 06:45 PM

I can't say, there could be many reasons she changed her mind.

But if you guys are in a D/s relationship, I don't see her dangling this in front of you as a shit test and the pass is to let it go.

But who knows if she is shit testing? It could be a comfort test, it could just be for fun.

And don't for a second think that even if she wants it, she won't make a huge fuss over it later. I can see a hundred ways this can backfire, especially with a close friend involved.

HornsOfApathy • 7 points • 13 September, 2019 07:58 PM

But if you guys are in a D/s relationship, I don't see her dangling this in front of you as a shit test and the pass is to let it go.

I'm in a 24/7 D/s relationship. I don't think OP is in a *real* D/s relationship, it's probably just for play occasionally. Why do I think so?

Trust is massive in D/s. My wife would not broach a subject if she wasn't being 100% truthful. If she said some vague shit like OP's wife, I'd just flat out ask her as her Dom and she would give me the real answer.

A good/real/notfake Dom would be able look her in the eye and get the answer.

OP cannot.

So I don't think your D/s characterization of this relationship is entirely accurate and we *probably* shouldn't be letting it weigh in our advice.

InChargeMan • 2 points • 13 September, 2019 08:01 PM

Women say all kinds of shit. Even if she really believes something she says at the moment, revisionist feelz will prevail.

that_italia_guy • 2 points • 13 September, 2019 08:49 PM

If u want the threesome, I would actually talk about it seriously with her. You and her should try to get on the

same page for expectations, what's mainly off limits and what each other are comfortable doing and not doing in the situation. I don't think this is a trap, I think your girl is more adventurous than you think and is waiting for you to take lead on this. If she actually gets upset over it, than that is that, and at least you guys know where you stand when it comes to this stuff.

Iammrp2 • 3 points • 13 September, 2019 07:02 PM*

A month later "Ex Wife branch swung to another woman. Help!"

Everyone else is saying don't do it, it's a shit test etc but honestly I'd do it. Fuck it. If she branch swings who cares. Fuck two chicks at the same time and move on.

If she's just joking and it's a shit test who cares about that either. My wife knows I'd like to fuck two chicks at the same time. I don't hide my sexuality. Just be like yeah that'd be great don't forget the whip and I'll bring the cream.

red-sfpplus • 9 points • 13 September, 2019 08:05 PM

If she branch swings who cares.

Ya know, you talk a big game lately about how "easy" it is to walk away.

You fucking married bro? I forget?

It aint fucking easy to walk away.

Iammrp2 • 5 points • 13 September, 2019 08:19 PM*

I never said it would be easy. I know you have kids which makes it hard. I asked you in your OYS post how that's going. Looking at your comments it looks tough. I don't doubt it is.

Back to my comment, it looks like OP doesn't have any kids. IMO married without kids is not much different from dating. So why not do what you want. If he does have kids then he's a retard and needs to be putting his energy into those little rugrats.

I'm married with kids

hack3ge • 1 point • 13 September, 2019 08:48 PM

Even without kids - being married means she can go fuck Chad and take half your shit and there's nothing you can do. At some point you will realize kids make no difference - my kids play zero into my decision they will be fine either way. Once the states involved it's hard mode either way mother fucker.

tsplitsatgp • 6 points • 13 September, 2019 09:32 PM

Really? I could give zero fucks about splitting my wealth - who gives a shit. I will make it all back or I won't. When I married her I had zero. The only thing I really care about is not having to pay spousal support because after the separation I want a clean break.

Not spending every Christmas with the kids? Now that's going to suck. But that's me.

hack3ge • 1 point • 14 September, 2019 12:04 AM

Think about the quality time you would spend with them - as much as you want you can't be around 100% of the time now some of that time you are likely not fully engaged. You are worried about holidays but I guarantee taking your kids somewhere on vacation or camping or something else will be more memorable for them.

You won't get a clean break just not possible - you will pay alimony and she will take half

your stuff. You basically will be paying her to get pumped and dumped by an army of Chads until she decides to give up and find another beta bux. Marriage 2.0 is a flawed institution there is no solution other than not be married and if you already are well you are fucked.

Iammrp2 • 1 point • 13 September, 2019 10:27 PM

I enjoy seeing my kids everyday and divorce hurts kids. No debate about that. And splitting the wealth isn't a big deal to me. I just don't want to get divorce raped and pay alimony horseshit. Wife works so that shouldn't happen. And I live in a state with good divorce laws.

That said, I wouldn't let that be a factor for staying. If it's over then kill it and move on with your life. I don't say that lightly. Ive been seriously considering it the last few months. And having that mentality makes me realize the truth behind saying the stay plan is the go plan. Getting yourself ready for the next phase puts the life back in you. Sexual energy is why we do anything anyway. When we become beta fat fucks the life leaves us.

Single. Married. Kids. No kids. Doesn't fucking matter. You have one job. Be a bad ass mother fucker.

hack3ge • 1 point • 14 September, 2019 12:07 AM

Welcome to proving my point - kids don't matter in the grand scheme of things and I actually don't personally think money matters but it will put a huge damper on shit if you have to live off 25% of your income.

Honestly at this point the only thing that matters to me is I do what I want and I make myself happy. It's all a bunch of bullshit anyone - at the end of the day you go in the ground regardless. I'm sure as shit going to enjoy the little time I have on this earth.

Iammrp2 • 2 points • 14 September, 2019 12:25 AM

Your last paragraph is right on but you make it sound like a bad thing. Doing what you want is a good thing. Arguably the most good thing. All men who are remembered and admired for centuries made their impact by doing exactly what they wanted and shaping the world according to their vision.

hack3ge • 1 point • 15 September, 2019 04:17 PM

Oh I agree but you most men can't see that and are being held back by it - especially when it comes to kids.

Onein1024th • 1 point • 13 September, 2019 08:25 PM

That's quite the leap; unless your life just turned into the plotline from a porno.

I'd just play it cool, or respond with, "yeah I'd like that but not at the expense of our relationship"

If it DOES happen, I'd go along; knowing full well that it could eventually doom the relationship

benmarvin • 1 point • 13 September, 2019 09:20 PM

Let the two of them go at it and video the encounter for your own amusement.

Otherwise it's a trap and she's going to hold it over your head later and/or ask for MFM.

askmeanything2 • 1 point • 13 September, 2019 09:29 PM

You need to play it cool. Don't lead, don't say no. We (mff) ended up watching hard core porn for a bit, but nothing happened, it was all good afterwards.

SorcererKing • 1 point • 14 September, 2019 12:02 AM

Fuck the plant.

chomponthebit • 1 point • 14 September, 2019 03:27 AM

Can't track down the post or article, but if a SO offers a threesome, she's probably already cheated and is offering you another temporary vagina to ease her troubled conscience

Oio- • 1 point • 13 September, 2019 08:44 PM

In my experience this isn't joking or teasing. Girls love threesomes. They are too shy to make it happen themselves, you have to encourage them.

Personally, I would do it.

Just tell them how it's going to go down. Say something like "when are you going to have another opportunity like this?"

In life you'll have more regrets from not doing things than from doing things. If you don't make it happen you'll regret it forever.

skizzum97 1 points 13 September, 2019 08:54 PM **[recovered]**

Even though she rejected the advances of the other woman last year and said she couldn't share me?

Oio- • 2 points • 13 September, 2019 09:04 PM*

Sounds like she's changed her tune since then. She probably trusts this friend more or she wouldn't be saying you're going to be having two girlfriends etc.

Edit: If you talk to kids who've never tried French Kissing, they think it's gross and say I could never do that, then whenever they actually start fooling around they like it and it's super-hot and they forget all about how they used to think it's disgusting. There's a thin veneer of "oh no I'm not a slut, I could never do such a thing!" and once you burst through that she'll love it. She's probably been fantasizing about it for the past year.
