This is fun.

### ***Option 1.***

Sounds like a lot of work for a 35yo.

### ***Option 2.***

You're looking to have children if I remember correctly. It doesn't matter that she's a bit older, the genetics are still great. You'd probably have beautiful daughters at least.

I have a hard time understanding that her father wouldn't approve. Usually Asian parents are ready to marry their daughters off to anything remotely resembling a male homo sapiens if they turn 30 unmarried.

Materialistic sucks. But then, as I understand it, this is a very common theme in Chinese culture. You really should be in SE-Asia instead.

She's also something of a reformed slut.

### ***Option 3.***

Cute yes. And great to be together with. But she doesn't want commitment?

I'd obviously go for number 3, as she's nice to be together with also outside the bedroom. Who cares she isn't into anal or whatever. You're 50. You've had enough anal-girls in your life, and you could always just buy a whore for that stuff if it is so important.

Actually, Option 1 is my third option because she is so much work, although she is really sweet and we have great bed time together.

Option 2 offered to sperm jack me and have a baby out of wedlock. Her logic is that her dad would be forced to accept the situation. He is a businessman making (in American terms) a low six-figure salary. He keeps setting her up with beta bux Chinese guys who are fat and disrespectful and have 3-inch penises. I am sort of her alpha cock but because she is such a sex camel (and because we have a sort of LDR) we don't see each other for months at a time. She isn't the sharpest pencil in the box but great looking and we get along well.

I went on vacation to Thailand with Option 3 and she offered to get me a local hooker to indulge me but yes, I understand what you are saying: I have ass fucked more than my share of women and it is not a big deal in terms of the physical act itself, but only as the psychological comfort of a woman giving me her everything.

This is going to be a hilarious read.

Entropy-7[S] • 1 point • 19 June, 2016 09:49 AM

Well ya, I will take a long shot of actually getting any useful advice but I might as well be entertaining in the delivery.

[deleted] • 1 point • 19 June, 2016 10:44 AM

PPD is not the place for this kind of post, it has been removed.

Entropy-7[S] • 1 point • 19 June, 2016 11:16 AM

Where in your silly rules does it say this?

I posted the same thing to TRP to see their response and I want to compare the difference in observations and advice.

If comparing and contrasting the observations and advice that you get from bloopers and terpers is not what PPD is all about then remove everyone's posts.

[deleted] • 1 point • 19 June, 2016 11:34 AM

This is a debate sub - it doesn't state in our rules that you can't post pictures of flowers, but that doesn't mean those posts would be appropriate content. If you want relationship advice there's plenty of places to get that, but PPD isn't one of them.

Entropy-7[S] • 1 point • 19 June, 2016 11:40 AM

The debate comes later once I have some contrasting opinions.

The grand fact is that I don't really need advice from your lot or TRP because I can figure things out for myself like I have done for the last several decades.

If you don't want that sort of informed debate then lets be honest about it.

[deleted] • 1 point • 19 June, 2016 11:48 AM

If you don't need advice, don't ask for it. If you do, ask for it in the appropriate place. Either way this is not the place you should be posting this kind of thing.

We don't want debates about which "plate" you should upgrade, no. The sidebar states the purpose of the sub:

PurplePillDebate is a neutral community to discuss sex and gender issues, specifically those pertaining to /r/TheBluePill and /r/TheRedPill.

And your personal life does not fit that description in the slightest.

Entropy-7[S] • 0 points • 19 June, 2016 12:48 PM

Maybe I should type slowly so that you can understand: I want to discuss this particular issue from both the blue pill and red pill perspective; my personal life is a working example.

[deleted] • 1 point • 19 June, 2016 12:53 PM

Don't start being uncivil, dude, it won't work in your favour. You've been told the post is not appropriate for this sub, and it will not be reapproved. Accept this and move on.

Entropy-7[S] • 0 points • 19 June, 2016 01:27 PM

Pointing out that someone is stupid is not uncivil. . .move on.

My DNGAF factor is high enough that you can do whatever you have been empowered to do. Just do it, but don't waste my time trying to justify it.

Okey Dokey.
