always them to be more difficult than normal girls, plenty of whining, looks like there is more effort for a fat bitch than a normal girl

Then don't bother. Fat girls are only worth it if they're easier than a normal bitch, and even then it's a toss up depending on their skillset eg if they can suck down a nut with precision and efficiency, maybe it's worth it.

IRunYourRiver • 71 points • 7 October, 2019 12:13 PM

To lift? Yes, definitely.

Greaterbird • 2 points • 7 October, 2019 04:31 PM

It is a lot of fun to be with someone you can casually toss over your shoulder

Many men make a very big mistake in thinking that women are like a tier list and the further down the tier list, the easier the girls will be to game. The thing is, you have to remember the acronym AWALT or "All Women Are Like That". Going up to a fat girl is going to be similar to any other girl. If anything, her fatness is an indicator of other behavioral dysfunction and she's going to more likely to be rude or condescending. To add insult to injury, not only do fat chicks have the same rate of reciprocity of other women which all depends on your level of attractiveness, if you do get rejected by one, it utterly shatters your self-esteem. It's like in the Yu-Gi-Oh anime when a character receives a direct attack to their life points lol. So pretty much: Avoid fat women.

Great advice. In my experience, pretty/thin girls are usually *nicer* than fatter girls.

Like someone said in another reply : *It's a common misconception to believe that pretty girls = bitch, and fat girls = nice*

Truedemocracy5 • 13 points • 7 October, 2019 02:43 PM

It's a common misconception to believe that pretty girls = bitch, and fat girls = nice

Happens with people who lack life experience and get their knowledge from movies/shows/internet (bloopers and redditors are often like this)

Other misconceptions:

Jocks are jerks Nerds are nice Poor people are good Rich people are mean/bad People hate Americans abroad
Etc etc etc

I'd say it depends on your country, if feminism is a big thing there then most probably all the brainwashing get to their ego. Here in asia, girls are "normal" as in the more out of shape she is the more she's insecure thus more clingy she gets making them easier, to a point it's not even a challenge to redpilled men.

Practically no. Don't listen to him OP

BouncyShroom • 4 points • 7 October, 2019 08:55 PM

Speaking from dating a fat girl for a couple of months, I strongly advise against it. Why?

She will be insecure about her looks. This was a massive problem for me, because if any girl even looked at me whilst we were out together, it was "My fault"

Personally, I felt ashamed to introduce her to any of my friends or parents. I would worry if I was seen in public with her in areas I know I'll bump into people I know

I was the process of losing weight & eating healthy. She didn't care about her health, so her bad habits rubbed off on me.

The biggest one for me still was how her insecurities projected along the whole relationship. Would not date a fat girl again unless she was a slightly thicc girl who carries her weight well

Fat girls give better blowjobs because they are always hungry

I wouldn't know

YouWannaPutMoneyOnIt • 2 points • 7 October, 2019 11:25 PM

It's because they're fake. It's so weird lol. Fat girls or girls with low self esteem will do what they perceive other girls to do even tho that's not actually what the other girls are doing.

For example, fake girl sees other girl being standoffish and playing hard to get, but she doesn't realize the girls doing it as a form of game to attract the dude, so fake girl takes it upon herself to embody the perspective without realizing why, she thinks it's a means to an end, even though what she wants is the attention. Hence, why I say they're fake

frognads • 2 points • 7 October, 2019 01:59 PM

To carry? Yes.

[deleted] • 1 point • 7 October, 2019 03:18 PM

Easy busy crazy noisy

gorillafarmer • 1 point • 7 October, 2019 03:36 PM

Most fat girls are not difficult. But they are nasty af, would stay away if I where you. Unless you're in too whales, then go for it.

gorillafarmer • 1 point • 8 October, 2019 05:13 PM

They probably just reject you to boost their own confidence if that's the case.

Imaginary_Historian • 1 point • 7 October, 2019 05:36 PM

I would only game fat girls if you like fat girls. I wouldn't game fat girls only because you think they may be easier.

Once you plate one, ultimately they might be easier to keep the plate spinning, but they aren't necessarily easier to get to plate status in the first place.

Maarko • 1 point • 7 October, 2019 05:59 PM

Obvious

FiveStarTendieDinner • 1 point • 8 October, 2019 01:13 AM

Fat girls aren't worth any real man's time.

Pushnikov • 1 point • 7 October, 2019 12:13 PM

This is addressed in other places often. They aren't used to the attention, so they go on a serious ego trip when it happens. Basically, they can't handle the emotional charge and their Shit Testing goes through the fucking roof. But, why give them a fuck.

i-am-the-prize • 0 points • 7 October, 2019 02:14 PM

difficult girls are more difficult.

you would think that being fat they'd be nicer/better BJ's. but some aren't. Some are.

just because she's fat doesn't make her less difficult, but does show:

- 1) lack of self respect
- 2) ignorance or stupidity (they're different) on health and wellness
- 3) let's you know they won't be able to hike/ski/bike/walk as well as a fit chick

Who cares?

theredspg 1 points 7 October, 2019 10:21 AM* [recovered]

you should change that to 'I don't care'

fucking hell, expected a more inciteful response from an endorsed contributor

Tarmyniatur • 5 points • 7 October, 2019 11:41 AM

Guys posting on a forum a lot thinking they're hot shit, what did you expect? Every online community is full of wannabees that don't provide proof they master the material.

Aphthong 1 points 7 October, 2019 12:09 PM* [recovered]

He's saying that unless you're a fatty fucker, then it's irrelevant.

Why are you guys so into the landwhales?

How to fuck fatties..Roll in flour(they're easy to roll), go for the wet spot.

They're like a scooter-fun to ride but don't let your friends see you on one.

theredspg 1 points 7 October, 2019 12:32 PM* [recovered]

We don't need that echo chamber fucking nonsense here, where talking against someone results in a ban.

I've pointed out GLO errors when dealing with people online and I didn't get banned.

Stop brownosing people you haven't met

Aphthong 1 points 7 October, 2019 03:23 PM* [recovered]

Consider what he wrote on more than the superficial level.

Like GLO and other EC's, communication is rarely just small talk.

Read some Whisper posts to enlighten yourself.

EC's are endorsed not for them, but for you. It means the guys that run this site agree that the EC "gets" it.

Now think about this place without EC's. How long until it devolves into chaos and bullshit?
They don't get paid. They share their wisdom freely.
Show some respect. Fucking pearls before swine.
Why do you care what fat girls do?
Stupid question gets a concise layered answer, and you redsperg out.

who cares?

SomaNoob 1 points 7 October, 2019 02:23 PM **[recovered]**
Oh boy, is ass kissing an EC a fucking sport or what

Spidinabus 1 points 7 October, 2019 03:33 PM **[recovered]**
Giving respect to the guys that give the best advice here according to the guys that created this place is not ass kissing, it's simple logic.

Tarmyniatu • 2 points • 7 October, 2019 04:50 PM
He didn't say "unless you're a fatty fucker it's irrelevant", you just understood that.
I don't care what an EC is, shit advice can be given by anyone and if that's bannable I don't want to participate. You respect the tag if it's a decent argument not blindly.

TRPCops[M] • 4 points • 7 October, 2019 06:10 PM
This is a reasonable take on respecting the tag, thank you

xx-Rain_Maker-xx 1 points 7 October, 2019 01:38 PM **[recovered]**
99% of the responses of endorsed contributors are worthless. That tag, and the endorsement program in itself, means nothing to be honest. The best honest advice I could ever give you is read the side bar and leave. Once you get the main gist of TRP is better to stay away.
