

Two Weeks

October 23, 2019 | 0 upvotes | by [themerovingian01](#)

It has been a little over two weeks since my wife moved out and I'm doing great.

It's sad, it hurts, but I'm plowing through, moving forward and creating opportunities and abundance.

My life feels like this song: <https://www.youtube.com/watch?v=3yDP9MKVhZc> "Give me two weeks and you won't recognize her."

My plate is still fucking me like crazy but getting a little annoying.

On my recent business trip I got a lot of attention from women and had a one night stand as well as setup a date with a semi-local girl. The one-nighter said she was 'drawn' to me. This shit really works. Ten months of reading and practicing is finally coming together but I know this is just the beginning.

I also have a date setup with a hot 22 year old from an app.

I bought a bad-ass motorcycle because I always wanted one.

Meanwhile my wife has been extra cunty. Complaining she has no money. Interrogating me to see if I hooked up with people on my trip. One day saying she'll want to come back soon and the next saying file for divorce now. She wanted to come over this weekend and I did cave and let her. She fucked me like a pornstar and blew me multiple times in a night. Something like that hasn't happened in years. The question is, do I try to keep her around as a plate?

I guess the purpose of this post is to tell people breaking up and getting divorced sucks but if you're in a bad situation the future will almost always be better. Especially if you apply the principles you learn here. In two weeks you'll start forgetting about her and start living a life of abundance and excellence.

You sound like you're actually having a pretty hard time of it and desperately seeking validation in the attention women give you.

SubjectiveCompass • 8 points • 23 October, 2019 08:34 PM

Yes. According to the post, OP judges himself by how much women reward him.

arm_candy • 15 points • 23 October, 2019 07:09 PM

Jesus Christ, just file the papers.

Also use protection if you're going to fuck your estranged wife. My money says she shows up at the house with a positive pregnancy test soon.

themerovingian01[S] • 3 points • 23 October, 2019 08:05 PM

She was dead set against kids and even said if she got pregnant she'd have an abortion but I see your point.

EasyDaysHardNights • 7 points • 23 October, 2019 08:13 PM

Don't assume it would be yours.

ChokingDownRP • 7 points • 24 October, 2019 06:08 PM

I suppose if a woman said it, you can take it to the bank.

wkndatbernardus • 1 point • 25 October, 2019 02:39 AM

Hank the bank Gathers. Dude had game...unlike this fool.

Morpheus_TNTB • 1 point • 23 October, 2019 10:39 PM

...so.she told you!

HIJKelemenP • 1 point • 24 October, 2019 12:22 AM

Hahahaha. That's what she said huh?

RoccoPinkman • 31 points • 23 October, 2019 06:17 PM

Did you miss the irony in this? You made a post about your wife to say you've forgotten about your wife.

themerovingian01[S] • -1 points • 23 October, 2019 06:50 PM

I obviously have not forgotten about her but the point is getting out there and seeing and experiencing what else is available is eye opening. If this happened one year ago I know I'd be sitting home every night crying like a little bitch and begging her to come back.

Really?

Blatantly obvious that your thoughts, frame, convictions, and life are nothing but a hot mess. Kill your ego.

OP comes across like a little boy whistling the dark... he lets his wife come over and fuck, but he's nowhere near advanced enough to not let her turn it back into a shitty marriage. He's going into deep waters and he doesn't know how to swim. The ending is predictable. Since he hasn't filed and he's still fucking her.

Listen, OP, quit bullshitting yourself. You are still deep in her frame. If you weren't, this whole thing would never happen

Meanwhile my wife has been extra cunt. Complaining she has no money. Interrogating me to see if I hooked up with people on my trip. One day saying she'll want to come back soon and the next saying file for divorce now.

She's firmly in control, and she knows it. You are in deep denial.

Fun face about denial - You don't know you're in denial because you are in denial. Chew on that.

The question is, do I try to keep her around as a plate?

So, you've got one annoying plate and you want to make your wife a second annoying plate. Is the pussy that good?

There's nothing wrong with fucking your wife, but you are taking two major risks by continuing to interact with her and spinning plates *before* the divorce process is finalized: frivolous claims and getting manipulated.

Your wife clearly just wants you for the comfort, resources, and security you represent. She could make your life a living hell if she wakes up one day and decides to lie to the cops about you abusing her. Some women lose their shit when they've been scorned by the man they manipulated so easily for years. Even without kids, I'd check with a lawyer about the risk of alimony because it's certainly something she will explore if she thinks that's the only way to get money out of you.

You also risk falling back into your old habits and your previous role of being a beta simp waiting to be manipulated. The fact that you feel guilt about letting your wife come over is evidence that you don't feel confident in your own ability to set and enforce boundaries with her or manage any of the problems she's trying to create for you. Your wife is actively manipulating you. Is that really the kind of person you want to spend your time with?

Raise your standards. Have you filed yet?

themerovingian01[S] • 1 point • 23 October, 2019 06:56 PM

I don't feel guilty about it. I only allowed it for the sex. But I do question whether it is a good idea to keep her around. Some people here do it successfully and some people here swear against it. The pussy is good and convenience.

I do have an attorney retained, documents prepared, but not filed yet.

PillUpAss • 3 points • 23 October, 2019 07:21 PM

There are billions of women. Does the man you want to be plate an ex?

themerovingian01[S] • 2 points • 23 October, 2019 08:07 PM

Probably not.

part_wolf • 3 points • 23 October, 2019 07:51 PM

Go read the comment /u/arm_candy made about your wife showing up with a pregnancy test. Then go ask /u/WeightsNCheatDates if the pussy was worth it.

This post reads like you are a 4 year old running around with a stick of dynamite! She's gonna blow! You have done zero work and your ego will fuck you over eventually.

themerovingian01[S] • 1 point • 23 October, 2019 08:08 PM

Playing with dynamite is not a place I'd like to be.

She was dead set against kids and even said if she got pregnant she'd have an abortion

Just mouth hole noises that get your guard down. Pay attention to actions, not words. Women say a bunch of crap to get men to get them pregnant for a variety of reasons. Do you even know her cycle?

Complaining she has no money.

Couple BJ's and you are her emotional tampon all over again. Absolutely do not keep this woman as a plate. It doesn't work first of all to demote a wife to a plate and secondly the minute you get your dick wet you keep falling into her frame. You are a validation whore and she knows it.

We have no kids in common. (from previous posting)

File the papers, ghost this woman.

Keep on working, don't jump into an LTR for a while. You still have a lot of neediness bleeding through your weak but improving frame. Post in the OYS too.

red-sfpplus • 3 points • 23 October, 2019 08:25 PM

Yeah. So much abundance and excellent you have to dig thru the trash.

LPT: No one fucking like you say you are goes and digs thru the trash.

Source: I am not a faggot. Only pussy you are getting is your exs. And prob not even hers.

It has been a little over two weeks since my wife moved out and I'm doing great.

Good news - I am pleased to hear this.

I give you two more weeks of 'reverse honeymoon' period.

After that everything everyone else has posted applies.

Louis ck said it best

“Divorce it great. I’m not saying don’t get married but if you do, get a divorce because it’s so much better”

themerovingian01[S] • 1 point • 24 October, 2019 04:31 AM

That's quite funny.

InChargeMan • 2 points • 24 October, 2019 08:33 AM

Don't root through the trash.

It sounds like you're living it.
