If they are being physically abusive for small things that they find "offensive" and ignore your warnings?

You don't "handle" anything, you next the bitch

sjswander94 • 5 points • 12 November, 2019 12:39 PM

You don't. Abusive bitch? Poof! Your gone next....

FinancialThanks1 • 8 points • 12 November, 2019 10:41 AM

Leave her. You're a king, you deserve better

DullIntroduction • 2 points • 12 November, 2019 10:42 AM

Soft/hard next. Even if you can physically handle her without hurting her, it would backfire. In any case, you do not have to indulge such behavior.

lolomotif12 • 2 points • 12 November, 2019 12:39 PM

Couldn't soft next because we lived together however I made my boundaries very clear on the subject every time. This last incident was when we were on holiday, repeated punches to chest and digging nails into me. I couldn't hard next her there and then due to still having 2 days with her on holiday. And now I'm back.

DullIntroduction • 2 points • 12 November, 2019 01:06 PM

Fair enough. Well, you know what to do.

BusterVadge • -1 points • 12 November, 2019 01:28 PM

You could have. You just aren't a strong enough person to. I would work on becoming a stronger, more courageous person if I were you.

dracoj21 • 1 point • 12 November, 2019 05:00 PM

How do you become more courageous?

BusterVadge • 2 points • 12 November, 2019 07:23 PM

Courage is doing what needs to be done in spite of fear. It's okay to be afraid. All men have fear. Courage is pushing through and doing it anyway.

dracoj21 • 1 point • 13 November, 2019 06:49 PM

Thankyou for the reply,I want to try to cultivate that but how would I do that?

lolomotif12 • 0 points • 12 November, 2019 02:39 PM

Nothing to do with that. I have an adult life and the flat we live in contains a lot of things I need for life, work and every day activities. I live in a massive city and just leaving is a complex process.

BusterVadge • 1 point • 12 November, 2019 07:25 PM

Bullshit. You're asking us what to do. You already know what to do, you're just not ready to do what needs to be done yet.

.... Or you could get married and make it even more difficult to escape your situation. yeah, do

that instead then come to mrp and complain to those guys.

bruiser18 • 1 point • 12 November, 2019 11:07 AM

You hard next

DullIntroduction • 1 point • 12 November, 2019 11:38 AM

Depends on the gravity of the offense. For first timers, soft next and enforce boundaries.

bruiser18 • 2 points • 12 November, 2019 11:44 AM

In OPs case she is physically hitting him and ignoring his warnings.

DullIntroduction • 1 point • 12 November, 2019 06:07 PM

In his case, of course. I was speaking generally.

bruiser18 • 1 point • 12 November, 2019 06:40 PM

Oh then yeah solid.

lolomotif12 • 0 points • 12 November, 2019 12:41 PM

See above reply

chemical-miracle • 2 points • 12 November, 2019 11:21 AM

Leave.

DoesItMatterTooYou • 2 points • 12 November, 2019 02:54 PM

What a bunch of excuses. GET THE FUCK OUT NOW. Even if it means leaving 100% of your shit there and never going back.

Either swallow the red pill and choke on the blue one clearly stuck in your throat.

This only gets worse and you will always lose the battle. Stop making lame excuses.

don't be a mangina and do stick your dick in crazy but never LTR crazy.

KirthWGersen • 1 point • 12 November, 2019 02:30 PM

Document, record and leave. Record a confession over the phone when she initially calls crying to get you back.

The reason is that she is likely mentally unstable. She may twist it around in her mind and accuse you of being the violent one and actually believe it. She may also say that the bruises on her arms and legs come from you hitting her not her hitting you.

lolomotif12 • 1 point • 12 November, 2019 02:57 PM

I have got pictures of the nail marks.

Chadster113 • 1 point • 12 November, 2019 02:49 PM

“But I love her”

lolomotif12 • 1 point • 12 November, 2019 02:57 PM*

Yeap, messed up fact. I didnt vet this girl well enough as I was at a funny stage in life at the moment and my guard was down. She should have been nothing but a FWB.

FereallyRed • 1 point • 12 November, 2019 06:44 PM

Hard no.

hoopingblob • 1 point • 12 November, 2019 06:49 PM

Slap her or next her. I'd do both tbh. Whatever suits you

NightwingTRP • 0 points • 12 November, 2019 01:34 PM

Firstly you're probably getting it because you issue "warnings" instead of instructions. A warning is basically a dare to challenge your dominance and she's seen you're weak. Every time she does it and you respond with nothing that affects her other than further empty words is another nice clear demonstration of how weak you are. Secondly, ANY physical violence of any kind receives a single "do not do that" order and if repeated EVER an immediate and permanent hard next. There are examples of the police arresting men because their women attacked them. You do not win under any circumstances once things get violent. Therefore this is an area where you do not play and you do not give any ground. No ifs, no buts.

lolomotif12 • 1 point • 12 November, 2019 02:37 PM

When I say warnings I mean, "do not do this or you will lose me", grabbing her by the arms and giving her a good shake and saying that "this isn't the kind of relationship you want, never raise your hand at me ever again"...etc

DoesItMatterTooYou • 1 point • 12 November, 2019 02:55 PM

Seriously? No. Bad bad bad shit happens. LEAVE. Actions not words.

NightwingTRP • 1 point • 12 November, 2019 10:02 PM

If you've already dealt with it the single time it ever came up, why is it still an issue? You're playing semantics here to try and pretend to yourself that you're not as weak as she clearly perceives you if there's been any repeat.

lolomotif12 • 1 point • 13 November, 2019 06:09 AM

Ok so how do I go about this then?

lolomotif12 • 1 point • 13 November, 2019 06:17 AM

If I hard next will I show strength and courage?

NightwingTRP • 1 point • 13 November, 2019 08:01 AM

I doubt any action you take will show any strength or courage. Based on your post history, you're weak and you've tolerated a huge amount of shit that no red pill man would even consider. The things you're asking about aren't even serious questions to us. You clearly have not read the sidebar or if you have, you have not understood it or internalised it. Based on your current state of mind, you're at least a year from being competent enough to be approaching a healthy relationship with a woman. More than likely two years as you clearly need more general experience with women and soft power so you'll need to spend some time spinning plates. Until you get to the point of spinning plates comfortably, you are not ready for LTR game. Do not LTR up the first bitch who shows you any kind of sexual interest!!!

lolomotif12 • 1 point • 13 November, 2019 06:43 AM

She obviously has mental issues and does not comprehend that her actions are wrong. Leaves me no choice but to next her.
