

## Two prior, now married, plates contacted me on Facebook this week. AWALT is so true.

November 28, 2019 | 194 upvotes | by [Phaeer](#)

---

So throughout this week two prior plates wrote me on Facebook.

They both "left" me for their current husbands. They were pushing for commitments like living together, having kids and so on when they were with me. I always stated clearly that I weren't interested in that stuff so they chose to leave, which is completely fine.

Girl 1: 6 years and two children later with the guy she moved in with only a few months after leaving me. She straight up asked me if I wanted to punish her (her words) this weekend.

I remember the last thing I said to her when she left. She asked me if she could call me in the future if she needed to talk. I told her she shouldn't contact me if she didn't want sex. There have been complete radio silence for 6 years, she even deleted me from Facebook until two days ago when she added me again.

I played it pretty cool when she wrote me. I asked her if she was looking for something permanent or just rough sex one time? She answers "I just want you to punish me, you used to be good at that".

Best believe I'm going to fuck this slut senseless this weekend. I have booked a hotel room tomorrow because I really don't want her to know where I live and I'm planning on keeping all communication through Facebook, so I don't have to give her my number either.

Girl 2: She wrote me last night. She is living with the guy she left me for as well with one child which she had like 1 year ago. She is not as direct on her intentions in contacting me but I don't see myself going back to this one anyway. She was so emotionally dependent on me at the time and I really don't want to be in that situation again. But just ask yourself, why would she contact me now if it wasn't for the same reason as the first girl - she just finds it harder to admit to herself.

What the fuck is wrong with these whores? And even worse, what's wrong with these cucks who marry these women.

Yeah I learned the hard way that marriage is TRP on hard mode. I ended my marriage and turned my wife into a plate. And told her we can continue to date until she finds the next sucker to screw over.

2 weeks later I have a new plate also. Life is good and I feel free. (Filing for divorce on new year, cus broke)

DoesItMatterTooYou • 20 points • 28 November, 2019 04:14 PM

Fuk that. No fukking way I would even be nice to my ex much less fuk that skank whore after what she did. Very slow painful downward spiral is almost too good for her.

SoloQueueXL • 24 points • 28 November, 2019 04:22 PM

Hey man if she cheated shit happened bro, we're all here if you need someone to talk to. PM me if so

DoesItMatterTooYou • 24 points • 28 November, 2019 04:29 PM

Hey I really sincerely appreciate it. I moved past the initial pain but will enjoy the anger phase for a while. It is great to channel at the gym.

It's good to know thoughtful people are out there in the sub.

Have a great holiday!

SoloQueueXL • 8 points • 28 November, 2019 04:30 PM

Yeah you too, happy holidays

LethalShade • 7 points • 28 November, 2019 05:07 PM

Why do you think she cheated on you?

DoesItMatterTooYou • 15 points • 28 November, 2019 05:13 PM\*

Lame sex life. I was disinterested in her so I put no real effort into the relationship. I let myself be mentally trapped into a situation for years. I am most angry at myself for being a BP pussy for so long.

Now I eat right, lift, have a positive outlook (and I am the prize view). My GF responds well to me being strong and leading. If I ever go back to BP ways life will suck ass really quickly.

[deleted] • 4 points • 28 November, 2019 03:30 PM

excuse the intrusion, I have a similar situation as the post; exactly... assuming that one of the two women mentioned (ex-wives, ex-girlfriends with their respective conjugal relationship) agree to have casual sex without commitment, would it be wrong to use one of them to make a threesome? or is it against TRP? totally straight and no feelings for either of them.

SoloQueueXL • 14 points • 28 November, 2019 03:31 PM

Lmao don't do it bro, you made her a plate doesn't mean she wants to know you're fucking other women. My ex wife thinks I'm only fucking her.

The art of low key my friend.

[deleted] • 1 point • 28 November, 2019 03:36 PM

specifically in my case I'm fucking an ex friend of my ex-wife, and I think that if we invited her to a paradisiacal destination and a couple of gorgeous gifts (even having a husband) she would go with us is it still going against the recommended?

SoloQueueXL • 5 points • 28 November, 2019 03:38 PM

Having multiple sources of pussy is great. I wouldn't ruin that and get greedy over a threesome. You'll realize soon enough all the extra sexual stuff doesn't matter.

But getting the nut does

RanaMahal • 2 points • 28 November, 2019 06:12 PM

ya i can confirm this. have had a few threesomes and they're just not all that. the only, and i mean ONLY moment that was awesome was getting a double blowjob. the rest is way overrated and just not really that fun imo

FightGuard • 1 point • 2 December, 2019 04:44 PM

In what ways did ur ex wife screw you over?

SoloQueueXL • 1 point • 2 December, 2019 04:45 PM

Tried to make me a beta provider, the second she got her other two kids back she tried to push the responsibility onto me. Needless to say it didn't workout

VasiliyZaitzev • 180 points • 28 November, 2019 01:35 PM

So if you are familiar with the film "Good Luck Chuck" it could be about me. Something like five women I banged went on to marry the next guy they moved on to after I wouldn't commit.

When I was in my "Dirty 30s" I would get offers (Often very explicit) of NSA sex from married women. Like "Hubby is out of town, why don't you come over and I will cook dinner for you and we'll bang" type deals. A woman I know explained it to me this way: *"They have someone to compare you to. You have a cool life of music and travel; they have seen their husbands sitting on the toilet."*

In general, I refused because I like my life uncomplicated.

They guys they marry don't know they are cucks. They got married and think they "won" and that it's all over, they are over the finish line. In truth, being married is TRP on Hard Mode.

MrTheFalcon • 43 points • 28 November, 2019 05:18 PM

Can confirm; marriage is TRP on hard mode. I regularly have to reset expectations (entitlement), and it's always emotional combat where if I lose my cool, even once, I lose.

The rewards of family life are great, but the price is very, very high.

WolfOfAllStreetz • 9 points • 29 November, 2019 02:37 AM

MRP guy here, can confirm its TRP on nightmare mode. No extra lives.

thechaosz • 3 points • 29 November, 2019 02:44 AM

Jesus this hits home for 9/10 men I know.

Some who are good or close friend's/family.

If I had a nickel for everytime someone said, "Geez you have an awesome life, I wish I could do what you do whenever I want"

You could, or could of. Don't marry, don't have kids.

Is it that hard?

Middle class, ho hum Spokane WA.

Raised by narcissist that came out later.

No real family, everyone is disjointed.

Tons of incredible friends through the years. (I made my own family)

Living near Philly now. LOVE IT. I've always been very loyal and passionate, and told it as it is.

I feel at home for the first time in my life.

RanaMahal • 0 points • 28 November, 2019 06:09 PM

the fuck are the rewards? i'm actually genuinely confused there, doesn't seem like there are any really.  
how are you "resetting expectations" exactly?

MrTheFalcon • 32 points • 28 November, 2019 08:13 PM

The rewards are building relationships with my wife and kids. I run the house like a ship, everyone pulls the weight they are able. I'm raising a strong son and strong daughters. I like being the captain with a tight crew. The challenge itself is rewarding.

I've travelled plenty, I enjoy my work, and I like simple comforts, like breakfast foods, and good coffee. I don't need adventure or cars, and I have no ambition outside of crafting hobbies and my startup tech company shares.

The resets: My wife will start to take things for granted after a while. Like making plans for my time or large purchases without consulting me, or getting pissy over my work schedule (which pays for our food). So I have to be a dick on principle; cancel the plans, take it back, etc. All compliance tests.

Once in a while she'll go full Karen on me, and I'll check out for a few days and do whatever the fuck I want. I come home when she apologizes.

Again, it IS hard mode. Don't get married. But if you do, there are rewards to be found, and marriage will grow you up quick, if it doesn't destroy you completely first.

Tousen71 • 9 points • 29 November, 2019 01:58 AM

That's real.

RanaMahal • 2 points • 28 November, 2019 11:45 PM

that sounds fucking awful no offence. just seems mentally draining and like a constant frame battle for the rest of my life. i think 30+ years of dealing with that shit would not be ideal for me lol

[deleted]

RanaMahal • 3 points • 29 November, 2019 01:24 AM

ya i mean i'm new to trp in the aspect of frame, and i'm a young guy, but having to almost battle your wife and taking shit away from her etc. sounds like being a parent to a grown up. if the rewards are good to you then sure ya that's great, it just seems like a big battle to me for minimal reward.

NightFire45 • 27 points • 28 November, 2019 06:50 PM

Well...the entire point of your life is to have children, raise them, send them out into the world. The best way to do this is with a nuclear family.

thechaosz • 0 points • 28 November, 2019 07:17 PM

I could not possibly disagree more.

The point of life is not to procreate. If you'd like to make that your life, great. MANY people do. I may be an outlier.

Being financially successful at 40, traveling, going to shows, banging multiple woman, on pace to retire early, racing my cars and dirt bikes, and doing whatever the hell I want whenever I want, is my idea of life.

thechaosz • 1 point • 29 November, 2019 02:36 AM

Ok I'm feeling good so I won't address the condescending tone. I usually go nuts but it's the internet and I'm surrounded by great people so whatever.

It's your opinion. There is no "meaning of life". I'm one of those that's called "very

excentric and out going" and the next day I don't want to go outside.

I'm good with my amazing friends, family, staffy and female friends.

I might be where you are at mentally in 10 years (no babies ever) but maybe with a long term partner. I can definitely see that.

I would never consider giving away my lives worth for the whims of an woman. Ever. I mean ever.

I'm absolutely shocked with your net worth you would even consider such a reckless contract.

Literally marriage guarantees nothing for men in the USA. Nothing. Not a single shred.

NightFire45 • 8 points • 28 November, 2019 08:10 PM

Hint, you can do all this while married. Maybe the multiple women part could be a hurdle but that's just extra drama anyway.

mickenrorty • 6 points • 28 November, 2019 09:07 PM

liquorbaron • 1 point • 29 November, 2019 12:32 AM

As a whole they're on par with the same amount as regular society. In other words just because there are priests doesn't mean that they are any more prolific towards being pedophiles than what the same sample size from society brings about.

Gainzndgame • 1 point • 28 November, 2019 10:47 PM

I see arguments about how people decide to live their life as frame battles. If you choose to get married because you belong to a good community and have a good family line that is supportive of the act and enjoy the benefits of pair bonding I get that. Just understand that it's super hard mode and she can and might cheat on you even if you (somehow, miraculously) don't fuck up.

I want to think people posting here aren't as simple minded as some replies think they are.

RanaMahal • 3 points • 28 November, 2019 11:43 PM

yeah literally no woman is gonna not cheat on you nowadays and they make up the

most bullshit random reasons for it and i know i couldn't stand for it if it happened to me lol. also having to tell someone where you are at all times and what ur doing etc it's all too much

TattedGuyser • 16 points • 28 November, 2019 07:32 PM

She has him on facebook and knows who he is. Not exactly hard to find someone these days with that little bit of information.

Also what if she claims false rape to hide the infidelity? He now has the cops hunting him on her behalf. We read about this shit in the news every single day, it's very real and can easily happen to any dude here.

Tousen71 • 1 point • 29 November, 2019 02:22 AM

Yeah...buddy of mine showed me this yesterday (if you have first, middle, and last name - which you probably have on your Facebook) you can instantly find a current address just by googling it. Shit is crazy.

LethalShade • 9 points • 28 November, 2019 05:07 PM

Imo do it, just protect yourself well. I'm sure you're not unfamiliar with the husband showing up on your doorstep with a shotgun after getting cucked type of story.

You're not doing him any favors by not fucking her. If she's coming to you for an assfucking, she clearly has no respect/attraction towards him and their relationship is already fucked. If anything, you're doing them both a favor by throwing gasoline on this shir and maybe they'll be smart enough to get out before being slowly burned alive.

In truth, being married is TRP on Hard Mode.

This is SO true. I don't regret being married. My kids are amazing, and turned out great. But the divorce sucked ass. You had better believe that even an otherwise "decent" woman will try to drain every asset you have in a divorce.

WolfOfAllStreetz • 2 points • 29 November, 2019 02:36 AM

Do you feel like your success with women stems a lot from your music activities? Seems that genre crushes it.

VasiliyZaitzev • 2 points • 29 November, 2019 03:36 AM

It is a force multiplier, particularly being a singer, and particularly with recorded songs they can listen to. But guys who go into music to get pussy don't last. You have to be in it because you love it.

brinkleybuzz • 38 points • 28 November, 2019 05:23 PM

Alpha Fux, Beta Bux.

Women want a man who will get them wet and pay their bills. They'd love to get what they want from the same man but will settle for a 2 for 1 deal if they can't.

Congrats, you're the side-dude, the go-to guy for the good dick your exes are missing in their lives.

I stopped messing around with married and engaged exes when one's husband beat her to a pulp and came after me before the cops got involved. No pussy is worth that amount of drama.

RedHoodhandles • 4 points • 28 November, 2019 09:03 PM

[deleted] • 2 points • 29 November, 2019 04:15 AM\*

Yep, this.

Think about caveman tribes. The alpha fucks all the women. If a beta fucks a woman, the alpha kills him not because he had sex one time with that woman but because the beta is challenging the alpha's place and trying to replace him and fuck all of the women all of the time. It's not just about revenge but also about securing the future.

jerrymcguiver • -2 points • 28 November, 2019 09:03 PM

Tousen71 • 3 points • 29 November, 2019 02:53 AM\*

Best advice is if you're going to fuck a married or engaged woman, let it be with someone you DON'T know.

ONS territory ONLY.

A full on affair might get you killed.

Note: And don't take her to your house.

99robsmith99 • 1 point • 29 November, 2019 07:32 AM

Why give people advice on that? Anyone who fucks a married woman deserves anything that comes their way.

Tousen71 • 1 point • 29 November, 2019 09:05 AM

You're only saying that because you're afraid of the consequences. Which objectively are misguided anger.

It's not your marriage. If the girl wants to step out it's not your concern. You just have to be wary that guys on the receiving end won't take their anger out rationally by leaving their wives, some may remedy the situation by going after the dude.

Which is stupid as hell.

But...you can't predict how someone will react. So, it's best to tread lightly and be aware of the risk you take doing that shit.

Really I wouldn't feel bad at all for this guy, if you marry a woman who's not a virgin, you are a

SIMP. Plain and simple.

Honestly most of the horror stories you read online about men being divorce raped are from men who didn't do proper vetting and ignored all red flags

ViolentInteger • 1 point • 2 December, 2019 03:51 PM

She brought a bottle of Vodka which she drank 3/4 of in a matter of 2-3 hours.

Red flag #1.

Everything that came out of her mouth were either stupid to the point of me wanting to kill myself or just completely unstable.

Red flags #2 though... 15? This was the point at which you needed to silently get up, get your stuff, and walk out the door, *briskly*.

But you didn't. Because of scarcity mentality.

She wanted me to beat her up with closed fists during sex. I knew she was into this before this weekend but she wanted to leave with black and blue marks all over her body.

MAJOR red flag. Not only does this show that she is a fundamentally broken human being due to unresolved past abuse, but guess what happens when she shows the cops and says you hurt her?

But hey, you're desperate for a fuck, so nevermind this!

I told her that we were done and she got extremely mad with me for 5 min. then she went back to telling me how wonderful I am, then 5 min. after she cursed me out again and so. Fucking batshit crazy!

Wait. This surprised you??

The signs of borderline personality disorder were obvious well before this meltdown.

Next day there was a message on my Facebook. [...] Needless to say I haven't answered.

And let me guess: you're dumb enough to think this is over?

Oh no. Its not. This is the *beginning*. You got front row seats to the lesson on how "never stick your dick in crazy" became a saying. You earned it through autism.

I'll give you a hint, though: ghosting a BPD woman is going to dump fuel on the fire. That is not how to deal with this problem. Your only hope is to turn into Billy Beta and make yourself repulsive.

ViolentInteger • 0 points • 30 November, 2019 02:18 AM

Its not a comeback. Feeling the need to defend myself would imply weak frame, no?

I'm legitimately curious to know your age. I get the feeling that most of the guys spouting off nonsense in this sub are inexperienced in life (i.e.: under the age of 25). They learned a few RP basics from an academic standpoint, but they don't know how it really works. But this doesn't stop them from confidently flapping their gums, which sound great to other inexperienced guys, ultimately creating an echo chamber of beginners to RP theory. That's why so few guys ever break out into the intermediate levels.

So how old are you? 20?

Yeah, he could try to wake a couple more guys up. Not that he has any obligation to them but does not sound like he has much interest in these women anyway...

Edit: As far as TRP not having morals its really these women who are lacking there, seems like OP never made a commitment to anyone involved

GiraffeOnWheels • 23 points • 28 November, 2019 03:27 PM

Has no morals aka is amoral. Like a gun it's not good or evil but how you use it can be.

phaljohnson • 3 points • 28 November, 2019 05:49 PM

Yeah I read it the wrong way earlier

ng07977 • 2 points • 28 November, 2019 07:46 PM

It's true that TRP is amoral - it's just information.

But morals are a human thing. Who would want to be that guy?

UEMcGill • 5 points • 28 November, 2019 06:34 PM

Don't blame the women. Blame the men. Take care of business, be a high quality man, and vet for high quality women and the likelihood of this is drastically reduced. He gets what he puts in.

SeasonedRP • 5 points • 28 November, 2019 10:14 PM

Nonsense. That's how tradcons rationalize women cheating, but it isn't reality. The truth is that after a period of time being married or cohabiting, women get bored and want something different. Familiarity breeds contempt. You can be as high quality as they come and it won't matter much -- they want someone who isn't you. Clearly not all women act on those urges but a significant number do. Social media and our society's preferential treatment of females and excusing female bad behavior make it more likely women will cheat today than in prior generations.

WolfofAllStreetz • 3 points • 29 November, 2019 02:44 AM

Women don't want a bunch of random dicks, they want one special dick.

They aren't like us that wants to fuck different pussy 24/7.

SeasonedRP • 1 point • 29 November, 2019 10:30 AM

One at a time but not the same one forever. They get bored as a relationship goes on and want something else. That's why marriage and cohabiting doesn't work out for men.

I agree bro. But there are so many ways it could backfire. After trying to help 2 friends and my own brother, I've learned some people don't want the truth. They want to believe in the fairytale and they can't handle their sunk cost investment into the wrong reality. Only if they're looking for answers, will they be receptive, and then even then it's no guarantee.

Someone with so much to lose and who may have a tendency to believe in his wife over a random message, may be the type of guy to do anything it takes to get rid of you. They might show up with a gun to avenge her 'raped' wife. You have no idea how they would react.

If he had met the dude somehow and could make a sound judgement on the guy, he may have a better basis on whether it would be a good decision to make or not.

razezero1 • 1 point • 28 November, 2019 10:06 PM

Thank you, finally someone is suggesting the correct thing to do.

LethalShade • 1 point • 28 November, 2019 05:02 PM

I'm still split on this one. If a woman cheats in the relationship, it's both her fault for having no boundaries and loyalty but also his for not inspiring loyalty in his woman and allowing repeated disrespectful behavior that leads to cheating.

I've also been cheated on and it destroyed me for a while but it taught me a lot. Pain is the greatest lesson in this life so I wouldn't feel too bad about fucking someone's girl. They don't own her and if she's currently being deprived of good dick, why not help yourself and a girl out.

serynada • 3 points • 28 November, 2019 05:39 PM

it also gives him the option to kill OP. you're making a lot of assumptions. the husband may believe he's happy and him knowing this will only harm him. some things are best kept secret. your emotional appeals to morality are preventing you from viewing this situation objectively. it's best he not know.

this scenario is as old as time itself.

LethalShade • 2 points • 28 November, 2019 05:58 PM

I don't disagree with your point but I just dive a bit deeper. Does the man respect himself and can you/should you respect a man that doesn't respect himself?

I don't believe in cheating out of the blue. There are always signs. If you choose to ignore

these signs or are ignorant about them, are you really respectable?

They made a commitment of sexual exclusivity. But what's not talked about is that relationships include a lot more commitments than just sexual exclusivity. A hidden one is growth and value right? I think most relationships are based on the fact that by entering them, both people will grow from it and gain value. It's when that hidden clause gets broken that resentment and cheating tends to happen.

All that to say, this is a lot more complicated of a matter than people give it credit for. The respect thing goes both ways. So I say why not give this poor girl a taste of a real man, something I doubt she's had in a while.

[deleted] • 27 points • 28 November, 2019 03:27 PM

Seems like the I got bullied so now I will bully others story. Wouldn't blame you at all if you fucked them but most confident men with stuff going on wouldn't bother with this degenerate crap. Anyways, your choice... we all have our flaws.

HornedBul • 12 points • 28 November, 2019 03:29 PM

they are grown men over 35 which in my book means they should have learned some life lessons at this point.

you need to realise people grow at different rates. I'd rather learn lessons later in life than not learning them at all.

Not really trying to tell you what to do, just chiming in my 2 cents  
maybe I'm just hamstering my own "late-bloom"-iness

badabing654 • 14 points • 28 November, 2019 03:41 PM

Screenshot and send it with a fake account. And 35 is nothing, there are dudes in their 50s getting redpilled, can't underestimate bp conditioning

Qba1994 • 3 points • 28 November, 2019 03:53 PM

Why do they keep coming back to you? Have you started posting pictures and showed of your SMV or they just loved the sex you provided them with? (Was it rough and hardcore or what?) I'm in LTR and would love to make her never forget me (maybe you have got some tips)

FlowFreal • 5 points • 28 November, 2019 04:26 PM

thechaosz • -7 points • 28 November, 2019 07:20 PM

Morals lol. Is that from the Zombie space daddy book everyone worships?

Sexual strategy is Amoral

Popeman79 • 4 points • 28 November, 2019 07:38 PM

Sexual strategy is amoral the same way science is amoral. It's just a description of how things are. Doesn't mean you have to be amoral. It's your own choice.

ng07977 • 5 points • 28 November, 2019 11:05 PM

It's astounding how some (most?) TRP users don't understand that distinction yet spout off their advice and believe it's good.

Popeman79 • 6 points • 28 November, 2019 11:09 PM

It's also of great disservice to TRP as lurkers believe we actively promote being shitty to others..

ng07977 • 4 points • 28 November, 2019 11:15 PM

Well said. Massive blind spot here IMO. I'd hate to ever meet the retard you replied to - "Morals lol."

ng07977 • 2 points • 28 November, 2019 11:17 PM

Forget religion. As a first principle, if you don't believe in a distinction between right and wrong (the definition of morality) you shouldn't be advising anyone about anything and you probably suck to be around.

thechaosz • 0 points • 29 November, 2019 02:38 AM

I don't know the dude. Friends/family/neighbors/acquaintances etc I don't personally touch, but wouldn't judge. I've literally hooked up my friends with my exes. Who cares? It's a broad.

I have a friend who gets hit up by married exes all the time. He did that for years. He is not unable to care, has lost interest in sex, is fat and plays D&D all the time. He's a great guy, but he's completely checked out. There's a lesson in there somewhere.

htbf • 10 points • 29 November, 2019 12:01 AM

What's wrong with D&D bitch

MrTheFalcon • 2 points • 29 November, 2019 03:59 AM

Nothing, bitch. I play D&D every Thursday. But this motherfucker plays four times a week. It's like eating your favorite food all the time; it ruins the food for you. He has trouble enjoying the game for itself. Like people who play MMOs too much.

ExternalCake • 7 points • 28 November, 2019 11:53 PM

He fucked married women and now he's so jaded that he doesn't want to interact with women at all?

volvestupidshit • 3 points • 29 November, 2019 12:46 AM

That is probably the case. Poor guy checking out early and becoming an incel.

MrTheFalcon • 2 points • 29 November, 2019 04:00 AM

Yes

serynada • -1 points • 28 November, 2019 05:47 PM

is he actually your "friend"? and i think the lesson is simply his refusal to swallow the red pill has led him to a vegetative state. reality is too difficult for him. plenty of people fuck married women gleefully, live fantastic lives, and sleep soundly at night.

bumbuff • 8 points • 28 November, 2019 10:15 PM

Where's the question?

What the fuck is wrong with these whores? And even worse, what's wrong with these cucks who marry these women?

I feel like this had nothing to do with someone needing help with RP interpretation. It was a humble brag, nothing more.

Livecrazyjoe • 6 points • 28 November, 2019 06:03 PM

I get AWALT but dont bang married ladies. In my opinion that's a great way to get shot or sued because you ended a relationship.

Its fine to entertain the idea but dont be third party in that relationship.

oldslut • 15 points • 28 November, 2019 05:12 PM

first off, do you want to fuck some worn out chick that had a few babies since you last fucked? don't you have something better going on than that?

and, what the fuck is up here with the people saying you should tell the husbands? TRP is amoral. telling the husbands would serve no good purpose and may even cause shit for you. obviously the dudes are blue pill cucks.

they probably wouldn't believe it, even with proof in front of their face. then they turn around and blame you.  
fuck no.

Forsaken4321 • 13 points • 28 November, 2019 05:18 PM

A man who doesn't stand up for himself.

liquorbaron • 3 points • 29 November, 2019 01:04 AM

Best believe I'm going to fuck this slut senseless this weekend. I have booked a hotel room tomorrow because I really don't want her to know where I live and I'm planning on keeping all communication through Facebook, so I don't have to give her my number either. Am I paranoid or smart?

You're stupid. Just move on. Why give her the satisfaction of being able to get fucked by you (the prize) when **she wants** 6 years later? I mean look at the hoops you have to jump through; booking the room and being discreet just to ass fuck some chick that you fucked 6 years ago before she had two kids and a husband. Look at what the consequences could be if her husband does find out and is unstable about it. She threw a hook out there, probably to a few of her exes among other orbiters as well, to see if she could still validate herself and here you are ready to bite. Shit it looks desperate on your part.

"Yes washed up baby mama.... I will fuck your ass whenever you command or want it."

You should be all like thanks but no thanks. Leave that past in the past. And then **IF** you want to be a good Samaritan bro, figure out a way to screen shot the conversation anonymously and send it to her husband via a fake account.

Blazer808 • 4 points • 28 November, 2019 07:51 PM

- A. Fuck her
- B. Show her husband the messages
- C. Ignore her

Even better would have been taking the conversation off facebook and using a lesser known messaging app. Less a chance of an angry cuck husband coming to kill you that way.

mabev43568 • 1 point • 30 November, 2019 07:04 AM

6 years more the time you had her, more 2 children, she should look worse than 10 years older.

She's most probably not worth doing anymore, on the wall or behind it.

W\_O\_M\_B\_A\_T • 1 point • 5 December, 2019 02:17 AM

Girl 1: 6 years and two children later with the guy she moved in with only a few months after leaving me. She straight up asked me if I wanted to punish her (her words) this weekend.

Extra points: Smash a few for old times' sake. Take photos. Then send anonymously to husband.

He deserves to know his wife is a lying sloop.

Chances are, he's over on slash r slash deadbedrooms complaining about her "low libido."

I dunno. I had a few opportunities to cheat back when I was in an LTR years ago. Thought about hiring an escort. But I didn't because it's not that fucking difficult to just mind your own business. Turns out I hardly need

have worried or felt guilty, she was already jumping on an ex boyfriend of hers on at least one occasion I know of.

So that double-life type shit kind of rubs me the wrong way.

I remember the last thing I said to her when she left. She asked me if she could call me in the future if she needed to talk. I told her she shouldn't contact me if she didn't want sex.

Am I paranoid or smart?

You never know. Her captain save-a-ho husband might decide the best solution is to go medieval on your ass. I'd say, hotels only. Plus it communicates her correct place in the social order, heh heh.

I certainly wouldn't consider this more than a few time fling.

Girl 2: She wrote me last night. She is living with the guy she left me for as well with one child which she had like 1 year ago. She is not as direct on her intentions in contacting me but I don't see myself going back to this one anyway. She was so emotionally dependent on me at the time and I really don't want to be in that situation again. But just ask yourself, why would she contact me now if it wasn't for the same reason as the first girl - she just finds it harder to admit to herself.

Bingo.

What the fuck is wrong with these whores?

Gatherer Mentality.

And even worse, what's wrong with these cucks who marry these women?

There's only two major things that're wrong with them, 1) They're afraid to say "no" and/or walk, and 2) they think *bargaining up*, is a good strategy for dealing with conflict.

acaliforniaburrito • 1 point • 28 November, 2019 05:29 PM

Yeah I vote for the send the screenshots to the husbands and report back

[deleted] • 1 point • 28 November, 2019 05:53 PM

They both "left" me for their current husbands. They were pushing for commitments like living together, having kids and so on when they were with me. I always stated clearly that I weren't interested in that stuff so they chose to leave, which is completely fine.

Congrats, you're doing it right.

What the fuck is wrong with these whores?

What the fuck is wrong with your attitude? You're the one who generated the Alpha Widows, bro. And think about these poor bitches, tied down to schlubs.

And even worse, what's wrong with these cucks who marry these women?

Feminine Imperative 101.

Cheers!

cglehosit • 1 point • 28 November, 2019 06:21 PM

A relative of mine did a similar thing to her husband, except intended to and did tell the husband and kids everything after she cheated, like some sort of revenge cucking. Reasonable people don't do this sort of shit, we

say AWALT but that doesn't eliminate the fact that some women are more crazy than others.

The other concern for me is the kids, that's just not something worth my time to mess around with. Sure, husbands can be beta dream boys, but cheating is cheating and anytime it's a married woman WITH KIDS in her 30s, there's gonna be trouble. If she was an early 20s just married girl you knew in high school, different story.

razezero1 • -1 points • 28 November, 2019 10:02 PM

You're a horrible piece of shit. The correct thing to do is to send those messages to their husbands and let the whores reap their own rewards. Red pill doesn't mean cucking people.

volvestupidshit • 3 points • 29 November, 2019 12:52 AM

IvaraMain • 3 points • 29 November, 2019 12:53 AM
