You expected the title to be in reference to a girl, but it's me. I like cuddling. I'm honest. I am not a rich man or a super player. I'm just a bit obsessive with one-track minded pursuits. This year I made a point to step out of monk mode and apply my autism to putting in more numbers to do a bit better with women this year. No hard goals, just wanted to try my hand at more casual sex. Did alright, just got gonorrhea and herpes. Think I might have also gotten HepA from eating ass but it's unclear, but I won't be in a rush to do it again. Bit of a Pyrrhic victory there but that's the law of equivalent exchange. In any case, my priorities now have shifted from just wanting to bang all the vaginas. I want to be a better man. I want to make more money. I don't want a girlfriend or any more diseases yet. I hooked up with this Chinese chick who I vibe with pretty well as long as we don't talk too long, but I definitely wouldn't want to commit to. I'd say she's an HB6.5. I've had my share of whambam thank ya mams and ghost, but some nights I just want to cuddle. I don't know, I just like high quality cuddling. It makes me nice in a place that's not my penis. Sounds a bit gay but it's fine because I lift and take shirtless pictures, so I was already a bit of a homo. I don't want to buy a body pillow, it's much cheaper this way. LTRs sound like too much work and sex is just sex. Anyone can get that. I like squeezing something warm and human shaped that doesn't make too much noise at night. Not all cuddlers are made equal either, some are just bad. Some you just want out of there as soon as you bust. This is a good one. Anybody else have a cuddle plate or am I gonna be the only one who does this? Are there rules that apply to maintenance? Is it enough to be just beta enough to keep the cuddling going with one particular chick without necessarily needing sex or commitment? That'd be ideal

crunk\_lion • 15 points • 11 December, 2019 07:52 AM

I know I absolutely fking died where he said "i take shirtless pics and lift weights so I was already a bit homo".

chubz4you • 10 points • 11 December, 2019 08:47 AM

"I got hepA from eating ass, or maybe it was the oysters.." haha

BurnieSlander • 37 points • 11 December, 2019 05:52 AM

This might be the funniest thing I've ever read lmao

theeverydayhustle • 2 points • 11 December, 2019 09:21 AM

What if the plate ate oysters and the ass still had bits of it in digested form

BajaGhia • 13 points • 11 December, 2019 06:27 AM

How much could a cuddleslut cuddle if a cuddleslut could cuddle sluts...

serynada • 16 points • 11 December, 2019 03:50 AM\*

do what you want. if you wanna be a cuddleslut, be the best cuddleslut that ever cuddled.

as long as your frame is strong and the girl knows what's up, she'll cuddle the shit out of you back (even tho she might call it quits when she realizes she ain't busting nuts). find a chick who's like minded and keep doing what you're doing.

no real "technique" or "system" to being an elite cuddlewhore. i know for me i've used plates as human pillows but i always fuck em. i think most guys use plates as fucktoys *and* cuddle slabs.

i encourage you to chart your own path and instruct the community if you learn something valuable. become the foremost cuddleskank expert.

Wait a second, lifting weights and taking shirtless selfies makes you a homo? Bad news for me I guess...

Standgrounding • 1 point • 11 December, 2019 09:50 AM

No homo tho

athrowaway-9001 • 3 points • 11 December, 2019 07:17 AM\*

In my experience, cuddling usually just leads to sex for me.

But to each their own man. If you love to cuddle, cuddle away. Seems like you necessitate towards a physical aspect of human need outside of sex and that's more than okay. Do what you want and unapologetically.

Otherwise, I'm sure you can find some girl that would like to reciprocate said cuddling. As far as maintenance that is beyond me, but probably find some emo or goth chick with abandonment issues and they'll probably love that shit.

Jugurthajones87 • 4 points • 11 December, 2019 06:21 AM

I'll cuddle with you, bro. But I have to be the big spoon (I'm 6'7)

TiredOfBeingMediocre • 2 points • 11 December, 2019 07:35 AM

Tbh this is well-written and it was an entertaining read lol

smartfunction30 • 2 points • 11 December, 2019 08:15 AM

Assumed it was serious and I got to the i take shirtless pics so I'm already a homo part and starting snickering so hard.

Still, I like cuddling, too.

UpperRedSide • 2 points • 11 December, 2019 09:16 AM

"I like squeezing something warm, female, and human shaped."

I mean, same.

You're not chasing pointless LTRs and catching oneitis, so knock yourself out.

HannibalTheCommander • 2 points • 11 December, 2019 10:07 AM

God damn, why did he remove the post. The title alone made me chuckle haha.

spider\_1337 • 1 point • 11 December, 2019 06:55 AM

I never related to the infamous cuddleslut tbh I'm more of the type who dislikes cuddling but hey cuddle away if you wanna

Childe- • 1 point • 11 December, 2019 08:04 AM

A solid 5/7.

kellykebab • -8 points • 11 December, 2019 05:56 AM

Save it for your journal dude. Why are you wasting other people's time with your disconnected, wandering "thoughts?"

athrowaway-9001 • 4 points • 11 December, 2019 07:41 AM

Sadly I've read worst on this sub, but at least he made it entertaining and was honest with himself instead of doing a bunch of mental gymnastics to validate himself.

kellykebab • 2 points • 12 December, 2019 04:06 AM\*

I guess.

Seems like he breaks Rule 1 of this sub pretty flagrantly. This is just a meandering vomit of navel-gazing. I thought this sub was supposed to foster concrete requests for advice.

Maybe this is an interesting blog post. I don't see how it fits into AskTRP. And I definitely don't want it to set a precedent for other long-winded diary entries.

athrowaway-9001 • 1 point • 12 December, 2019 07:40 AM

Nothing against you in particular. I definitely agree that it isn't exactly a top quality post, especially for TRP.

Don't get me wrong, I'm not exactly encouraging or exempting this type of behavior, but it is a change of pace instead of seeing the plethora of newbies coming onto TRP asking the same questions without reading the sidebar.

Regardless, I will still try to help guys where I can reaffirm my TRP knowledge that has been instrumental in my own life.

kellykebab • 1 point • 13 December, 2019 11:52 PM\*

it is a change of pace

The point of this sub is not "novelty" for the amusement of the reader. It is to ask and receive advice. This post just doesn't belong, period. It's not even a matter of its "quality," but of its lack of adherence to the whole reason this sub exists: advice.

james3374 • 6 points • 11 December, 2019 06:20 AM

Because this is how we learn as a collective.

kellykebab • 1 point • 12 December, 2019 04:06 AM

What did you learn from reading this post?

james3374 • 1 point • 12 December, 2019 02:09 PM

Nothing from this specific post, but overall, sharing thoughts, ideas and feelings with each other is the purpose of Reddit. We may not be interested in all subjects or posts. It's our prerogative to filter for what we're into.

kellykebab • 0 points • 13 December, 2019 11:48 PM

Nothing from this specific post

I rest my case. We are talking about *this specific post* after all.

overall, sharing thoughts, ideas and feelings with each other is the purpose of Reddit

By this limp standard, literally any post is valuable. And yet, Rule *Number 1* for this sub clearly says posts must be requests for advice/clarification.

When you start permitting all kinds of diary entry, word vomit posts in a sub like this one, which

has a specific purpose, you drown out the kinds of posts that this sub was meant to encourage. Low quality tends to dilute high quality.

james3374 • 1 point • 14 December, 2019 07:35 AM

I understand your stance, and at the same time, I sincerely hope that your influence on communication and social progress is limited.

kellykebab • 1 point • 14 December, 2019 08:15 AM

What an odd response
