

So, because you are lukewarm, neither hot nor cold, I will spit you out of my mouth.

Let's get motivated here gents!!

We all stumble, that's why we're here. We're not victims, we fight, we get back up.

It's only been a few months but it's working for me, and I've stumbled and I felt the poison of resentment and anger, but it's been 5 steps forward for every one back.

Cut the bull. Every saint has a WARRIOR SPIRIT.

Be the WARRIOR, the man, the leader God commands you to be.

When I teach others to put lead on steel, I aint lukewarm. This guy needs to make the hits count to save lives. I SAY there's a problem. I SAY you aren't listening and keeping the trigger to the rear. No passes for muzzles and putting rounds in the dirt.

We need to not be lukewarm here. Don't avoid the truth because its mean or afraid of offense. This is the gym, the safe place so the man has the best chance and skills against the evil of our day.

Save a man, save a marriage, save these people from eternal hell.

And thank you for your time and help.
