

A collection of amazing quotes I've gleaned from TRP posts and comments, in no particular order, and without exposition

December 27, 2019 | 833 upvotes | by [chomponthebit](#)

Unfortunately, I didn't save user names nor the provenance of the OPs they referred to. Most quotes are self-explanatory, but if you require clarification, I'm sure the old timers can help. I sift through them every few months, to add & delete.

Please contribute more amazing quotes! And thanks to everyone who participates in this forum!

A good girl is a bad girl who hasn't been caught yet

(Woman) This upsets me but I'm too stupid to formulate a valid response

(Woman) If I said it, it's true. If you disagree, you hate me and think I'm a bad person.

Women are the selectors of procreation. They essentially decide whether genes survive or not. They are ruthless by nature and care only for their own survival and the survival of their offspring. Men are simply the means to that end

Money is freedom. Prioritize it

Pareto Principle (Law of the Vital Few): 80% of the effects come from 20% of the causes

She could have fucked Brad Pitt and you will forever be not quite good enough in her eyes because of what has been and what is theoretically available to her

Sex is like air. It's only important when you aren't getting any

N Counts: don't ask, don't tell. It's never a happy statistic

Being alone is not the same as loneliness

The difference between those who fuck up and those who don't is eliminating the "possibility of the event" entirely. If she's entertaining the thought, she's trash.

You only have to mateguard if you're with a woman who gives you a reason to mateguard. Vet them better.

Can't turn a hoe into a housewife

When people show you who they are, believe them. If you have to tell her not to be a whore, next her.

It's not your job to police a slut's desires or fix shitty character. Don't be naive - as if she doesn't know better. Just as you know when you're at the traffic stop that you broke the law, she knows she broke the law.

(She should) Try to act above suspicion.

The intention (of cheating) itself shows a flaw in character that must be avoided.

I would never dump a girl for cheating. I'll dump her for giving out her number in the first place

Men have to withhold attention the way women withhold sex
If she has a fucked sexual history you don't date her, you plate her.

Women love to feel wanted, and hate to feel needed, by men
The point is never to find a good girl or a special girl and hold on to her. It is to enjoy your life. If she's aiding in that goal, she can stay. If she's impeding that, she must go.
You should treat women like children
If she wants to cheat, she will, and the only way you'll know is if she tells you
You should not waste your time with someone unless you're "fuck yes" about them and, more importantly, they are "Fuck Yes!" about you. It's not worth your time nor emotions to invest in someone who's not 100% into you.

If she wants a second chance she must move heaven and earth
Basically all religious restrictions on women boil down to ensuring paternity.
It's been my experience that women are more prone to "magical thinking" than man. If not astrology, it's "positive thinking" or "karma" or whatever else mystical woo makes them feel less responsible for a) having to know how things actually work, or b) for the good or bad that happens in their life.

We all know women could cheat at any time, that's the constant. But women want to know their men can

Men love through adoration. Women love through admiration

You have to find a way to make yourself whole without a woman (or a man) because no one wants to commit to a broken person

Women want the final product, not the work in progress

They want a winner. They don't care which winner, they just wait at the finish line

If you don't respect you, who will?

If you want me on my best behaviour, then you better be on your best behaviour.

Men age like wine. Women age like milk

If there is ONE thing a man must NEVER do to a woman, it is this: DO NOT BORE HER. Make her happy, make her angry, make her laugh, ANYTHING but bore her. That enemy, boredom, is back and women are looking for you to strike it down. Embrace your youth and live again for the first time

Women make rules for Betas but break them for Alphas

This then is the basis of the Alpha Widow: A mental fixation on the man who made the most significant impact upon a woman as her Hypergamous ideal.

Five Minutes of Alpha Trumps Five Years of Beta.

Women simply won't police the worst aspects of their mating strategy and any interference, personal, political or social, that would prevent a woman from exercising her Hypergamous sexuality is viewed as misogynist, sexist repression.

When a woman has passed through her Epiphany Phase and become a never-married woman into her late 30s the mindset becomes one of self-justification. This is similar to the Kate Bolick effect whereby a woman has very little choice but to live with her past intimate decisions and convert necessities into virtues. She embraces a ready-made empowerment narrative wherein she convinces herself that her choices were the bold, unconventional ones she needed in order to grow

If you feel like playing Child Support Roulette, go ahead and cum inside her

My taste for romance was probably why none of my relationships had lasted very long; the romance always wore off in the end

Good sex can make up for a lot of flaws. Why do you think guys keep sticking their dick in crazy?

Eat 2-3 hours before a workout or competition and most likely you won't be throwing your food up

Brutal13 • 5 points • 28 December, 2019 06:45 AM

I do intermittent fasting and do weights/MMA in the morning after a 10 hours fast. And then I eat only after fasting more than 16 hours combined. Try it.

Try less caffeine and stop fasting. Would suggest cardio but it doesnt sound like a work capacity problem since you do mma.

That's because you don't eat

I don't know where I found this quote, but it's easily one of my favorites.

Women make rules for Betas but break them for Alphas

The red pill in a nutshell

ArnoldT1000 • 11 points • 28 December, 2019 06:15 AM*

Last girl I fucked told me she doesn't fuck on the first date. We were at her house. I then fucked her 10 minutes later in her room. We've all heard this one before but the lesson remains the same.

You decide the rules. She follows your lead.

Yes this is a great one. One of my past ncunts was making rules for me and I knew then she saw me as a beta; immediate next.

and the survival of their offspring.

Clearly you've never met my mother.

The point is never to find a good girl or a special girl and hold on to her. It is to enjoy your life. If she's aiding in that goal, she can stay. If she's impeding that, she must go.

This is my current attitude, to the extent I make this point in a book I'm writing. You can go to a ballgame with (a) your buddies; (b) alone by your self; or (c) a woman. All will be fun. But a woman is only 1/3 of your possible options, not even a majority.

Good stuff, nice post. Up arrow for you!

"Men, in general, become enraged at the site of their wife having sex with another man precisely because that event directly threatens his genetic well-being"

Or you are not into evolution, here's the spiritual explanation:

34 For jealousy *is* the rage of a man: therefore he will not spare in the day of vengeance.

35 He will not regard any ransom; neither will he rest content, though thou givest many gifts.

Proverbs 6 King James Bible

Oscar_Cc • 5 points • 27 December, 2019 04:45 PM

I don't think you are wrong but what the original quote does is to implicitly acknowledge that "players" are average-looking dudes who focus on getting laid, rather than simply "naturals" who do it effortlessly.

p3n1x • 14 points • 27 December, 2019 06:18 PM

It was not true 70 years ago and throughout most of history.

Back this up, or you should be slapped with the bullshit dildo.

The quoted statement exists because females exist. Maybe the perception of it is a historical ebb and flow that is lost on some of you, but you said that like female behavior started 70 years ago. Understanding the core of a behavior is more important than the current status. Current affairs change and repeat themselves rapidly.

AWALT does not have a timeline. War has always existed and women have dealt with conquering soldiers as such.

The "good girl, bad girl" ratio can most likely be correlated to economic prosperity. Take the 1920's for example. 1945-1960 was fuck'a'palooza for the US.

Going back just 150 years, your father was the guy that fed you and kept you alive, the idea that he was the same guy that dropped off his seed in your mother is a roll of the dice.

no higher than women from the 1950s and before

1920's, Romans, Vikings, Babylon has a reputation for a reason, Mesopotamian pornography is on point. Anal sex was a big deal for contraception (historically recorded). Romans and Greeks were well known for Pig and Goat intestine condoms. Condoms = promiscuity (historically recorded).

It is relative and "bad girls" were just as bad prior to 1950! Your are trying to represent some Unicorn horseshit prior to women's suffrage.

If "bad girls" didn't exist pre-1950, humanity wouldn't exist.

[deleted] • 1 point • 28 December, 2019 04:41 AM

Kind of unrelated, but what are your favourite books?

HorvathRed • 13 points • 27 December, 2019 05:33 PM

That's dumb bloop fantasy. Even in the Victorian era, women hoed around. Sure, it was more discreet and a lot more risky so maybe it happened a bit less and a lot more discreetly. Human nature has always been the same, AWALT.

chomponthebit[S] • 15 points • 27 December, 2019 08:15 PM

You can't deny that the pill + the encouragement of slut culture puts today's woman in an entirely different class than Victorian age women. A slew of religious and secular laws existed to control women's hypergamy and to help ensure paternity. We don't have those now, and women's hypergamy is run amok

[deleted] 27 December, 2019 07:49 PM

[removed]

HorvathRed • 2 points • 28 December, 2019 05:42 PM

The point is that a man has ALWAYS benefitted from being Red Pill throughout history, even when working within the foundations of society. I don't see the use in pinning for the old days when women perhaps cheated a bit less, they were still women and still nothing ensured they behaved as well as

you assume. It's naive to think there hasn't always been cuckoldry. If you are truly red pill, you should be doing better sexually than any man in centuries past and glad about the current climate. There's never been a better time to be a player, enjoy the decline, et al.

Baseless? Just look at human history fucktard. Women were never "better" back in the day. They've always been children, looking out for their own interest and whatever dick interests them at the moment.

p3n1x • 9 points • 27 December, 2019 06:25 PM

If you have to ask someone else if X, Y, & Z are normal behaviours, they aren't

I like this one, it is OK to ask questions. That is why men should develop a strong inner circle. There is nothing wrong with a self 'paranoia check' every once in a while. However, what man wants to be around a woman that makes him feel paranoid all the time?

trollreign • 6 points • 27 December, 2019 07:10 PM

Your gut tells you when something is off. There is no objective "normal". If your gut gives you a bad feeling, then it's not normal for you, and that's all that really matters.

p3n1x • 7 points • 27 December, 2019 07:23 PM

Two or more guts are better than one sometimes.

"They want a winner. They don't care which winner, they just wait at the finish line". This is so important. When I was in high school and my early years of college, I thought there would be that one girl out there that liked me for me, the reason I can't get laid isn't because I'm a loser, no, I just have to wait for my special girl who likes me for me. WRONG. WRONG. WRONG. Nature will let you die out before you get laid if you aren't "good" enough in the sexual marketplace. Girls/women don't give a fuck about men whatsoever, either you become high value enough to get laid, or die a virgin, they only want winners and they have plenty of winners to choose from.

A girl bounces when she feels like she's found better options. She bounces back when she discovers it just ain't so

3 months into breakup and no contact. Good to read that.

chomponthebit[S] • 22 points • 27 December, 2019 06:43 PM

TRP generally suggests avoiding her even if she begs for your dick. Dumpster-diving just gets you dirty - especially when it comes to feels

_do_not_read_this_ • 13 points • 27 December, 2019 06:11 PM

You should be three months into your next three relationships.

The best way to get over a woman is to get under another.

skxch • 11 points • 27 December, 2019 06:45 PM

Thanks. I am in indefinite no contact, have unfollowed her from IG/FB, deleted her number, removed pictures, items, everything you can think of.

I've slept with 3 girls since then, but still not really feeling that same spark that I ever did with her. Maybe because we first met a few years ago in my mid twenties, when I was in a different state of mind. Young and naive.

Whereas more battle hardened now and less quick to invest my emotions.

Funny thing is since we split up , I've had massive success in my career. Coincidence, or was she holding me back? Doesn't matter.

_do_not_read_this_ • 13 points • 27 December, 2019 06:50 PM

Every now and then one gets through the armor. Happens to the best of us.

It's okay to reminisce, but not to pine of a broken heart. Guaranteed she moved on in about 12 hours, if that.

skxch • 6 points • 27 December, 2019 06:52 PM

She moved on while we were still dating. 2 yr relationship. She got relocated for her job. Then we broke up. Got back together weeks later. Did long distance for a year, was planning to live together and start a family (I was , not her obv lol) and then the attraction died over the end of summer after a year of long distance and that was it. She went out one night till 3 am and lied to me about it. And the next day I was like this isn't working for us anymore. She never admitted what she did, but I knew it was done at that moment. I was done.

_do_not_read_this_ • 10 points • 27 December, 2019 06:54 PM

LOL, it was "done" when she got relocated for her job, not a year later when she stayed out - no doubt for the very first time - until 3 a.m.

Live and learn, brother.

skxch • 7 points • 27 December, 2019 06:56 PM

Indeed. I sometimes wonder why we did long distance for so long, but when I stop wondering and admit It, it sucks but I was being used as an emotional crutch till she got comfortable in her new city and established her life. Live and learn indeed.

samsop • 3 points • 28 December, 2019 03:49 AM

Rough on you man. Long distance is a huge no-no. Did it at a much younger age and got cucked big time, it was fucking horrible.

skxch • 5 points • 28 December, 2019 03:50 AM

Yep, did it for too long and realized you can't make a hoe a housewife

skxch • 6 points • 27 December, 2019 06:55 PM

This one did get through the armor and I think that's why I haven't even given other girls a chance other than to have sex. Eventually I want more than that from a female again, but can't need it. TRP has helped a lot over the years. I used to be a pretty big beta let's say 10 years ago, and have learned to value myself more and more. This was by far the highest status , best looking chick I had dated to that point. Better to come fellas , better to come.

ArnoldT1000 • 4 points • 28 December, 2019 06:06 AM*

If she broke up with you, either by cheating on you or just telling you it's over, no way she's coming back. That means you got it to the point where you were so beta with her and put up with so much of her BS, SHE had to leave YOUR ass because she couldn't put up with your weak shit anymore.

Proactive, not reactive. Never break frame/enter her frame and don't tolerate misbehavior. If she misbehaves, you remove attention. Don't tolerate it and hamster it away.

Did anyone happen to save the post before it was removed. I was only able to get through half of it

chomponthebit[S] • 3 points • 31 December, 2019 06:00 AM

You're one of a dozen that messaged me. I'll throw them together and send them when I have an hour this week

p3n1x • 4 points • 27 December, 2019 05:55 PM

Don't try to change other people's behaviour. Don't paint red flags green

I would adjust this one a bit - "Don't try to 'rationalize' others behavior".

The core point of that statement is not to bullshit yourself about red flags.

AriaRz22 • 2 points • 27 December, 2019 05:40 PM

The difference between those who fuck up and those who don't is eliminating the "possibility of the event" entirely. If she's entertaining the thought, she's trash.

I didnt get the whole prase

chomponthebit[S] • 3 points • 27 December, 2019 06:40 PM

Imagine a person has a substance-abuse issue, gambling addiction, etc. So long as they avoid potential triggers where they may encounter drugs, booze, and gambling, they avoid the problems, too.

Now imagine that women are addicted to dick. One in particular is dating you, but she constantly parties with her friends (placing herself in the midst of an event that might trigger her dick-thirst) while you're at work... and you just found some Tyrone guy's number in her jeans pocket last week...

nayvote • 2 points • 27 December, 2019 05:51 PM

Same. I'm guessing "fuck up" means cheating?

Conartist96 • 2 points • 27 December, 2019 06:23 PM

One profound quotes that I found in this sub that hits me which is "Make Yourself That Desirable"

MaTArcher • 2 points • 27 December, 2019 06:41 PM

I've been collecting quotes too from here, rational male, chateau heartiste, woujo, other books and its really a good way to remember all the main points that hit home during your reading.

Good collection!

edge_lord_super_17 • 1 point • 27 December, 2019 06:54 PM

i know Rational Male is a red pill book, are the others red pill as well?

MaTArcher • 1 point • 27 December, 2019 07:54 PM

They absolutely are, visit their websites, they don't have books but online blogs.

Razberryice • 2 points • 27 December, 2019 07:39 PM

Amazing list! I've saved it, thanks man!

chomponthebit[S] • 3 points • 27 December, 2019 08:05 PM

Glad I could be of service!

rizzlyfromthe9 • 2 points • 27 December, 2019 09:00 PM

That sex is like air part is amazingly true damn

krowitz • 2 points • 28 December, 2019 06:03 AM

Glad you picked up something, but a lot of these things require context. Having a collection like this and hammering these one liners down without the appropriate context is probably not what was intended by the original posters.

chomponthebit[S] • 1 point • 28 December, 2019 10:30 AM

Which is why I warned they come without provenance, and why - if they require context - they ought to ask the folks that follow this sub religiously

VickVaseline • 2 points • 29 December, 2019 04:49 AM

A girl bounces when she feels like she's found better options. She bounces back when she discovers it just ain't so

You got this one listed twice, OP. Just wanted you to know that I'm paying attention. Haha

chomponthebit[S] • 1 point • 29 December, 2019 11:30 AM

And here I tried so hard to eliminate redundancies

meatrocket8 • 2 points • 29 December, 2019 08:25 PM

"The first fuck matters the most. After that, it's nothing but diminishing returns"

Wtfuck lol. Btw that's what's literally said about your 1st opiate\opioid IV shot, after is a chase. And is partially true. I know it...

Go watch "Bitter Moon" by Roman Polanski. Then tell me about the "first fuck".

Posts like this are kind of like a BuzzFeed list. And admirers of posts like this are kind of like BuzzFeed readers.

chomponthebit[S] • 7 points • 27 December, 2019 10:43 PM

And comments like yours are kind of like a BuzzKill

RStonePT • 6 points • 27 December, 2019 11:42 PM

Cept he's 100% right. the buzzfeedification of this into pithy little facebook quotes is simply a shot of feelgoods into the brain

INNASKILLZ2K18 • 1 point • 29 December, 2019 11:09 AM*

Exactly, platitudes and bromides.

They don't mean shit until a man goes out and experiences these conclusions for himself.

There is a time and a place for rewiring the brain a little bit with new information. But information and bromides don't mean shit without following real solutions.

MentORPHEUS • 2 points • 31 December, 2019 11:16 PM

*bromides

INNASKILLZ2K18 • 1 point • 31 December, 2019 11:38 PM

Ah shit, thanks a lot. Terrible spelling right there.
