

What does genuine desire from a women look like?

January 20, 2020 | 94 upvotes | by [dirtymint](#)

Found TRP and have been making my way through the rational male series and no more Mr nice guy. I've been with the same girl since 17 am 31 now and have been married since 23 (I know the beta is cringe).

Because I have been in an LTR with the same person for this long, I wanted to know what genuine desire from a woman looks and feels like?

Genuine desire from a woman looks like this: She makes things easy for you, she's not difficult, she complies, she's submissive, she lusts for you and has little to no sexual reservation regarding you, fucks you passionately, she goes along with whatever you want to do, she fucks you like her life depends on it, you don't have to negotiate to get what you want from her, she actively looks to be apart of your life, responds quickly.

RPthrowaway123 • 21 points • 20 January, 2020 05:32 PM

I'm saving this because I feel like it's a good, concise description of everything I'd want from a woman. If I find myself wondering in a relationship, boom easy way to see if things have strayed.

Truedemocracy6 • 7 points • 20 January, 2020 06:36 PM

And she doesn't nag about shit

northernhubbub • 3 points • 21 January, 2020 01:01 PM

That's an excellent summary. I'd add that she supports your dreams, gives you space when you want it, does stuff for you on her own accord (cleaning, cooking, favours), wants to be a team, defers to you for advice regarding work / life, drops her other things when around you (no phone usage etc). I'm sure there's more too

cornylamygilbert • 2 points • 23 January, 2020 01:16 AM

somebody geld this

HurricaneHugues • 68 points • 20 January, 2020 06:43 PM

It's not beta cringe if you actually have a girl worth keeping. Don't ve fooled into thinking that playing the field endlessly is better than being steady with a good woman.

Former-Rabbit • 7 points • 21 January, 2020 06:21 AM

Don't ve fooled into thinking that playing the field endlessly is better than being steady with a good woman.

Neither is inherently better. Do what suits you best.

mr4kino • 28 points • 20 January, 2020 03:33 PM

Well do you have any issues in your relationship?

dirtymint[S] • 42 points • 20 January, 2020 03:35 PM

No, sex is on tap anytime I ask and she will do anything. The only issue is she doesn't initiate much but I'm confident I could easily find someone who does if I really wanted to but it's not really worth it.

mr4kino • 115 points • 20 January, 2020 03:37 PM

That's good for a 14 years relationship. Well done.

[deleted] • 4 points • 20 January, 2020 04:39 PM

I wouldn't be so sure. It may not be desire, but rather, she may be at that "breeding" time in her life where she just wants to get fucked. Hence lack of initiation.

RPthrowaway123 • 36 points • 20 January, 2020 05:30 PM

If he's happy with the relationship and getting sex when he wants and so on, I'd say it's pretty good too.

[deleted] • 3 points • 20 January, 2020 05:30 PM

Yeah course.

northernhubbub • 5 points • 20 January, 2020 04:57 PM

This one's interesting. Can you elaborate on how a lack of initiation and woman being the breeding stage (say in her mid 30s) are linked?

[deleted] • 19 points • 20 January, 2020 05:02 PM

Because she doesn't desire him enough to initiate, yet when it's offered she'll take it because of being in the breeding stage and generally horny. It's a well known fact women are in their sexual peak in their thirties. If that's indisputable, why isn't his partner initiating?

Much like how you don't desire McDonald's enough at a particular time of the day, enough so to go order it, but if your roommate comes home with some you'll gladly accept a burger.

RedHoodhandles • 4 points • 20 January, 2020 07:42 PM

Women's sexual peak is early to mid twenties. There's no such thing as a 'breeding phase', only pre-wall and post-wall. And her lack of initiative could be either lack of sexual interest or being submissive or both or neither.

[deleted] • 4 points • 20 January, 2020 07:42 PM

I heard around their 30s they biologically have a strong urge to reproduce. Hence wanting to get bred.

user20180620 • 5 points • 20 January, 2020 08:37 PM

Around their 30s they get sluttier because they realize that male attraction for them is fading, and they are trying to grab on to whatever they can find.

In an ltr, they get sexual to keep their man from trading up to a younger model.

[deleted] • 4 points • 20 January, 2020 09:09 PM

Well, that's if the guy even has the option to get an upgrade. If he is a beta she will know she can lock him down sexless.

teabagabeartrap • 6 points • 20 January, 2020 10:24 PM

I would suggest married red pill to you, it is another subreddit.

But... mhh my point of view is this: I have this girl and I was unhappy that she wasn't initiating, when I didn't. Normally I tell her.. come to me, scratch my back or my head. Get undressed and wait here and there for me etc.

But as she never initiated herself, I put her on a freeze in that regards and didn't initiate for 10 days. We

had no sex, no affection, nothing. And it was not good between us.

After 10 days I said fuck it, this one is done, but I will get my little friend wet before I drop this. And well... I did it, and commended her around and on the next day she told, that she is happy as hell and don't know why. She doesn't understand herself.

That was the moment I understood, that if you are married or together long term. You need to be better than the rest of the world and always have to work. That is really harder than all the stuff here, where you just want her for a while. You can never let your guard down and be the leader of the relationship. At least if you want a happy wife...

I came to peace, that I have duties... and on the other side hey... I am in Command. We do what I say. Great feeling. Makes me happy. After I swallowed this very hard pill I tried to talk away for a lengthier while...

side note: this is not canon here... surely I will get downvoted. But maybe this is something that helps you. Didn't sound too bad what you wrote. Imho no need to go too far too fast. This will cause more harm than good.

Have fun!

Whitefarmer • 12 points • 20 January, 2020 05:18 PM

Initiating sex is your job. Initiating blowjobs is her job

dirtymint[S] • 11 points • 20 January, 2020 05:27 PM

Initiating sex is your job.

I've been wondering about this for a while. It is still nice if she initiates though and sex usually happens after a blowjob

BarcaLiverpool • 3 points • 20 January, 2020 06:11 PM

What are some ways to initiate sex?

omega_dawg93 • 22 points • 20 January, 2020 06:41 PM

don't talk... just kiss a lot, grab ass like you mean it... kiss more... and KISS HER PASSIONATELY. then just pull your hammer out.

my favorite move is to turn her around, cup her breasts from behind, kiss her neck while rubbing my unit up/down her butt cheeks. not many resist that one because she's feeling my hands, my mouth & my dick all at the same time.

note: submission begins with trust... trust begins with turning your back to the person. see the animal kingdom for natural examples of this.

if she hasn't grabbed on to your dick by then, place her hand on it. she will get to work if she wants it.

again... STFU and just act.

Trposh • 1 point • 21 January, 2020 04:42 AM

then just pull your hammer out

lol nice

omega_dawg93 • 1 point • 21 January, 2020 01:10 PM

it's a legit move. girls like dix... why deny her what she wants?

they also like to be dominated. one of the most dominant physical things you can do is (confidently) grab your hammer and offer it up for servicing.

if she wants you, there will be no hesitation in her part.

Trposh • 1 point • 21 January, 2020 10:30 PM

Fully agree. I was lol'ing at the terminology, not the move itself.

Whitefarmer • 5 points • 20 January, 2020 05:31 PM

Yeah that's true to. I just except that s the way it is. I think deep down they want to submit and initiating just doesn't feel right to them. If she's more than happy if you initiate that's desire

Nergaal • 2 points • 21 January, 2020 12:23 AM

it also has to do with habits. if she isn't used to initiating, and there is no change with you (you didn't add a noticeable amount of muscle recently, you haven't been hit on by hotter girls in front of her, etc), you shouldn't be surprised she isn't initiating

diehard1194 • 2 points • 21 January, 2020 10:20 AM

A feminine and submissive woman will not initiate sex. She might throw hints at you (new lingerie, certain looks, innuendos) but it's your responsibility to make sex happen. You lead she follows. You tell her what you want her to do to you. When the reverse happens, she initiates more than you do, and she takes the lead sex is likely to be transactional - "I do this so he can do what I want later on". Eventually, she'll use it to manipulate you.

BrickSandMordor • 1 point • 20 January, 2020 11:49 PM

A blowjob's still a job.

HurricaneHugues • 2 points • 20 January, 2020 06:47 PM

Don't be a moron and drop one in the hand for two in a bush. You're the man, you lead. Unless you're built and you can invoke genuine sexual desire from her with just your body, don't expect her to be initiating a lot. Do u lift?

OfficerWade • 2 points • 21 January, 2020 04:03 AM

Ah, the grass is always greener approach. Don't worry. Any women worth having won't initiate and you can believe she isn't initiating with any other guy. You gotta take the good with the bad and the ugly. Sorry bud.

W_O_M_B_A_T • -1 points • 20 January, 2020 06:51 PM

The only issue is she doesn't initiate much but I'm confident I could easily find someone who does

Apply more dread game.

It's clear to her competing for your attention and interest isn't necessary or rewarding.

biezpiens • 140 points • 20 January, 2020 04:14 PM

she will break her own set of rules for you. she will do shit for you. she will compete for you. etc.

had this plate recently- fucked her on the first date, after a month or so of fucking her she said: "you know i normally don't sleep with guys on the first date if I think there could be something serious between us and since i saw you smoke (I smoke cigars when i drink) i thought 'ok this guy smokes so i won't see him again anyway'" and so she proceeded to swallow that protein 2 hours after meeting and kept coming back for more. perfect example of genuine attraction and how they'll break rules for alphas make rules for betas.

BadDeath • 74 points • 20 January, 2020 05:28 PM

Sorry to break it to you but there is nothing better that proves that 'AWALT' is true like the phrase: 'you know I normally don't sleep with guys on the first date'.

Greek-God-Brody • 4 points • 20 January, 2020 08:28 PM

Only with players. So if your game is tight, she will sleep with you on the first date. She will not be able to resist it.

BadDeath • 7 points • 20 January, 2020 08:45 PM

She is not LTR material if she sleeps with every player made available to her.

muricanwerewolf1 • 8 points • 20 January, 2020 10:06 PM

Welcome to the state of the western world.

Truedemocracy6 • 32 points • 20 January, 2020 06:29 PM

Spot on. Betas literally pay for sex. See sorry husbands I'm friends with who's women only get horny when it's after getting a new car, vacation, or time for a new kid.

A woman who wants you will blow you in the restaurant bathroom

mickenrorty • 11 points • 20 January, 2020 06:45 PM

True but they also say this for plausible deniability, they want to portray to you that they're not slutty, not just for you specifically but for their image in the social network graph of people you mutually know. She doesn't want you telling the boys etc.

mrmaika10 • 1 point • 20 January, 2020 08:16 PM

Well yeah obviously

lakazepo • 0 points • 20 January, 2020 09:31 PM

I've had women say they won't sleep with me on the first night then text me literally the very next day, not even 12 hours later, looking to hook up haha. I find that shit so dumb that I just reject them

everytime.

muricanwerewolf1 • 4 points • 20 January, 2020 10:08 PM

I can't imagine turning down sex for a reason that dumb.

lakazepo • 1 point • 21 January, 2020 02:33 AM

To each their own.

mickenrorty • 1 point • 21 January, 2020 07:05 AM

mikkeldaman • 3 points • 20 January, 2020 11:59 PM

Haha... I reject girls who offer me sex all the time because I am so alpha. Bitches be so dumb. Right guys? Right? High five? Anyone?

lakazepo • 1 point • 21 January, 2020 02:33 AM

... calm down there lol. I think you just took a hit to the ego. I reject them because they try to use dumb ego boosting tactics. Its unattractive to me.

HurricaneHugues • 7 points • 20 January, 2020 06:45 PM

What she actually said was: "You know, I don't fuck guys on the first date unless they're Chads. But I almost strictly only accept dates from Chads"

ForeverInYou • 2 points • 20 January, 2020 08:22 PM

Ehh some of them will also just lie to make you think she's a princess. It's a double edge sword, it's hard to really know a girl if she's that much into you

mikkeldaman • 1 point • 21 January, 2020 12:02 AM

Words can be deceiving indeed so maybe you should stop paying attention to them. Pay attention to actions instead.

Foolishoe • 14 points • 20 January, 2020 08:18 PM

It's not beta to be married dude. It's beta to be married and not living a great life as a male.

That means staying strong and keeping your castle in good order. That means being able to tell your woman what you want and she is supportive of your desires and passions.

Beta is being a doormat, getting talked down to, laughed at by your wife, who is supposed to be your life long 110% down for whatever road dog.

It's hard to magically get that, and it takes years of work and constant work to maintain it. We all live different levels of that with our partners, our plates, but that is what we are out there prospecting for.

We are looking for the essential things that make our life great, complimented by the presence of a female in our lives.

You should be fine on your own, secure and comfortable, sociable, capable. You work to make yourself that way, but with your wife, you should be stronger together, better.

MrTrizzles • 9 points • 20 January, 2020 08:46 PM*

You're her world. She longs to just be in your presence. One form that takes is her curled up on the floor with a blanket and a book, while you work at your desk close by.

She will start to lose her mind if she cannot see you for more than a couple weeks or so, slowly consumed by her worst fears—that you've left her, or met with some calamity, or are hurt, whatever. She won't be able to help herself.

When seeing you she will get misty eyed if it's been a couple days, tear-faced if over a week. Other times she will weep with relief and joy such that she won't be able to stand.

[...] She puts her life in your hands and trusts you know what you're doing.

I still can't wrap my head around how it is that women feel safest when they are at their most vulnerable. Just the word "submissive" even sounds evil.

It's no surprise they have a special kind of anger for men who are able to conceal an ugly nature and exploit her trust.

-Skizzy • 3 points • 21 January, 2020 01:51 AM

Damn that was actually beautifully written.

_quote • 7 points • 20 January, 2020 06:22 PM

When you look her in the eyes she looks back and gives you a big smile every single time. She walks right by your side whenever you walk somewhere, not 3 feet away. Laughs at all your jokes even if they aren't that funny.

W_O_M_B_A_T • 5 points • 20 January, 2020 06:53 PM

She regresses to the level of a giggling 5 year old.

liquorbaron • 4 points • 20 January, 2020 07:58 PM

Surprised no one has mentioned it but your situation is a bit of a different case. Since you were dating her since you were 17 (don't know her age at the time) there's more of a chance that she pair bonded to you. What was her sexual history like (if any) before you?

The more men a woman fucks, the chance for her to ever be able to pair bond goes down dramatically. This is why so many women that ride the cock carousel for so long will NEVER end up in any sort of stable relationship. It becomes unnatural to them. This is also why female virginity has been prized forever. Not only is there the aspect of being "untainted", there's also the aspect that there's a greater chance she will stick with her first true love.

As with anything it's not a guarantee but in your case (considering how early and how long you've both been together and barring any sort of nefarious, unknown actions on her part) one could conclude that there is a pair bond.

Because I have been in an LTR with the same person for this long, I wanted to know what genuine desire from a woman looks and feels like?

She likes to do shit for you without you asking in order to appease you.

MisterRoid • 0 points • 20 January, 2020 09:31 PM

I don't see beta as a weird term, but yeah, I agree. Many guys here are idiots who think they are the shit cause they can cite the sidebar in their sleep and use the word "plate" to describe any girl they have had sex with. You are just another beta cuck when you blindly follow Rollo's word and not much better than the blue pilld guys you are bashing...

RP_COGuy • 6 points • 20 January, 2020 08:43 PM

You need to go to the married red pill sub. Women are the same, but how you play the game is a little different. It's essentially hard mode. You will have more reading to do.

Red_Pill_Brotherhood • 5 points • 20 January, 2020 08:57 PM

She will make everything easy. She will be enthusiastic, will quickly and effortlessly make plans with you, you'll fuck within 2 dates, she'll break her rules for you, she will make an effort to please you, and you are her top priority. Things will just flow.

I_LOVE_CHIPS • 3 points • 20 January, 2020 06:07 PM

Put some personal experiences below, but this article will show you what women who desire NFL players are willing to do.

1. When she goes out of her way to hang out with you: I've had so many girls flakes for X, Y and Z reasons. But I've had LTRs and plates go to unbelievable lengths just to spend time with me. One girl drove 8 hours from Auburn to New Orleans to spend a 2 day weekend with me. In the meanwhile, over the last 2 weeks I've had 6 dates lined up and 3 flaked day of.
2. When she picks out outfits to wear for you, especially ones that only you will see. (lingerie etc...)
3. When she starts texting you a bunch of stupid shit, generally it means she likes you. It's her way of saying "pls respond so I know that you care / pls pay attention to me"
4. Breaks her "rules" for you. If she is attracted to you, there are no rules. Just do the Brad Pitt test if you ever hear any one of these:

"I'm too hot/cold/dirty for sex"; "I just changed the sheets"; "The sheets are tool old"; "I'm not some slut you can just use when it takes your fancy"; "You are always on about sex, give me a break"; "Stop pestering me, I feel threatened"; "Every couple tails off sexually at some point, sex just isn't that important to me anymore"; "We have to get up early tomorrow"; "It's too late for sex" followed by three hours on netflix; "The neighbors/baby/dog/local pub/ will hear us"

omega_dawg93 • 1 point • 20 January, 2020 06:48 PM

they don't desire nfl players... they desire nfl level \$.

... unless you think most women really like those guys if they were not pro athletes.

I_LOVE_CHIPS • 1 point • 20 January, 2020 08:16 PM

I would argue it's status > money.

Either way, those stories of groupies should give OP a good idea of what women are willing to do when they are attracted to a man (for whatever reason).

This question reminds me of a oneitis from around this time last year. Initially, we met for a few drinks, after which she followed up to confirm we'd hang out again that weekend. Fast forward to around midnight on that second date, we're at a bar and I invite her back to my place. Her response: "I could've gone home a long time ago." Touché.

That night was the best sex I've ever had. I'm like holy shit, this is what it's like when a girl is legitimately into me. After making out a little bit, she's breathing heavily af, I carry her to my bedroom, she puts my dick in her mouth and starts going to town. After we're done, she tells me giving head "turns her on."

For the next month or so, she's always available. Comes over for sex whenever I want despite her having to get up early the next morning.

Fast forward a few weeks and I've started fucking things up big time - over investing, being too available, the whole nine yards. Next thing I know, she's making excuses not to come over (has to get up early tomorrow, doesn't feel like washing her hair, too tired, etc) or not to hook up when we're hanging out (we just hooked up yesterday, we hooked up last time we hung out, etc). The last contact before we nexted each other was I tried to initiate a hangout and she "had a lot going this weekend." I never re-initiated contact after that, and neither did she.

Highly suggest searching for mallard cove's piece "you're not her top option." Truly eye opening shit.

6 yrs later & 2 kids later (with her hubby), and after 100s of fuck sessions, she's STILL saying the same shit as she cooks food at my place & buys shit on my bday.

btw, situations like this is when you realize how good preggo pussy feels. she was an absolute nympho during both pregnancies... wanted to fuck all day every day.

onpuzzle • 3 points • 20 January, 2020 07:04 PM

Yeah I'd steer clear from fucking married wives. Beta sims can get way triggered to the point where if he finds out, your life may be in danger.

omega_dawg93 • 3 points • 20 January, 2020 09:09 PM

you do realize that women lie about being married right?

idk why y'all think they don't.

beta sims and their wives need to respect their marriage. if the guy(s) she fucks doesn't know, iivii... but jealous boyfriends usually know LESS about their lying women than married men.

so there's cause for concern for all of us.
