

# Most girls on Tinder only use it to boost their insta followers right ?

This app is so awful tbh,

First you need to text her, it's so boring because most girls on Tinder are dumb, they only answer :  
"Yes" "Haha" "Okay" "Nice" " :)" "I like netflix, clubbing and going to mcdonalds and you?"

So know, to avoid this useless shit texting phase, i just ask the girl in a date after like 5 messages and most of them flakes and give shit excuses or something like

"It's going to fast, i need to know you, add me on insta"

I know i'm good looking otherwise i wouldn't never be on this app, i always have ton of match, for like 50 matches, i maybe get around 3 dates ? Which result in around 1 or 2 average girls fucked per month using Tinder like a tryhard which is ridiculous (Im in a small town thought like 50k people in it)

I even made a catfish account with a male model, who had like 300k followers on insta, and its the same thing as when i use my real pic, lot of match, but lot of girls flake when you ask in a date

Is it just me or i feel like 90% of girls only use tinder for instagram followers and validation ? and like 10% of them to get fucked ?

It became very hard to meet girls when you are not in university and work from your home, most clubs in my town are closing because people don't go out as much as before since Netflix - Tinder and social medias

It seems like approaching at bar is my only option now, fuck tinder really, tryharding so much on this app to fuck one or two average girls per month is so worthless

What do you guys think?

It's not just you. My match and message rate is very high, but my flake rate is so high that it negates any reason for having the app. I need to cold approach

OfficerWade • 7 points • 31 January, 2020 11:52 PM

This right here, lots of good comms within the app but anytime I schedule a meeting I get ghosted. Facebook however has never let me down. Don't be afraid to use that match maker!

Mzo2016 • 4 points • 1 February, 2020 01:28 AM

instagram has got me laid so many times!! but these dating apps... its crazy

Its really a process.. You usually start with low likes, the more you follow friends and new girls, post nice pictures about hobbies, just your face or with friends. Itll rack up by itself. I start talking to girls usually when they post something on their storiea and its a slow process from there.

Mzo2016 • 3 points • 1 February, 2020 05:51 AM

just dont feel ugly because you dont have many likes.

Mzo2016 • 2 points • 1 February, 2020 05:57 AM

yea its more about whose the most active on insta, knows the most people or is the most attractive. You should follow these old friends!

ghosthumper\_69 • 2 points • 1 February, 2020 06:31 PM

yea its more about whose the most active on insta,

fr..those accounts with a lot of engagement and likes..yeah those people are literally online all the fucking time and they're aways watching your stories..or atleast browsing through.

gimmickless • 0 points • 1 February, 2020 04:29 AM

If you actually want more likes, you need a strategy to engage with people who use the platform a lot. This interview talks about one strategy that worked.

mountainbiker178 • 11 points • 31 January, 2020 09:51 PM

I'm in the same boat

jackandjill22 • 1 point • 1 February, 2020 01:02 AM

Interesting.

burn-all-bridges • 1 point • 1 February, 2020 08:20 AM

Props for self awareness

TheDero • 71 points • 31 January, 2020 07:54 PM

It will only get worse over time. It's just another bullshit social media app at this point. "Swipe surge" "Tinder Gold" "Tinder Gold Plus" all selling points to make their \$\$ from desperate guys. Use it very lightly. You can still meet girls and fuck them but it is a beta feeding ground for these chicks. A girl I talk to is a solid 5/6 and has hundreds upon hundreds of matches thanks to dog filters and the right angles.

Shirtless Chad is the only profile worth keeping up on there

Hungboy6969420 • 13 points • 31 January, 2020 09:59 PM

Right ime it was decent years ago and now is a full blown money trap

jackandjill22 • 1 point • 1 February, 2020 01:03 AM

Dog filters. Don't get how filters are going to affect someone's opinion if a girl at all.

AegonTheC0nqueror • 16 points • 1 February, 2020 02:23 AM

It covers literally half their face. That's why

TheDero • 21 points • 1 February, 2020 03:08 AM

Take a tinder girl out with nothing but snapchat filters on her profile, and let me know how that goes for you buddy. Take her to a seafood restaurant so you can have two servings of catfish

The-Knowing • 31 points • 31 January, 2020 09:41 PM

Most? No. But of course plenty do, especially the really hot tinder girls.

Here are the primary reasons girls use tinder:

They are curious as to what their theoretical options are

Gives them an opportunity to connect with guys with way higher SMV without risking rejection like in real life

Feeds their ego with validation from the absolute boatload of men matching with them and sending them openers and pickup lines

Tinder pretty much sucks, but it's low effort and will work if your SMV is 7+ and you put a little effort into your pics - if not, then don't bother, you're in for a rude awakening.

IRL is better. Say you hook up with HB6s on tinder, then you're probably capable of going 2 steps up with real life game. But hey, the more the merrier, so why not if your SMV is high.

Hungboy6969420 • 15 points • 31 January, 2020 10:02 PM

Imo apps are better for women, IRL is better for men

The-Knowing • 26 points • 31 January, 2020 10:19 PM

IRL is better for both, but the easy access to fast-food style dopamine is simply too hard to resist, and I can't say I don't understand it.

These tinder girls aren't living their best lives. They might feel validated and they might get to be pumped

and dumped by some super high smv dudes. In the long term none of this is fulfilling to them.

Things that come easy don't fulfill you, and for women internet validation and semen comes flooding with the swipe of a finger.

Hungboy6969420 • 10 points • 31 January, 2020 10:23 PM

AF/BB. I had a hoe run last year that resembles what you're talking about. It was basically shallow validation, over and over again. It got addicting and then it became meaningless so I stopped . I'm pretty indifferent atm, though I'll probably rear my head again in the spring

watchguy45 • 8 points • 31 January, 2020 10:42 PM

I find online dating so boring now.

Went through a stage a couple years ago where i ran through over 100 bumble/hinge sluts

monky-loves-you • 11 points • 31 January, 2020 08:12 PM

This is correct, it's just to get orbiters and build their follower count. Any girl that posts her instagram tag in her profile is automatically trying to do this, because she just wants followers even from the guys she swipes left from, guys who think they still have a chance if they like enough of her posts she'll notice them.

Never fall for this, treat anything but a number or a messaging app as a rejection and move on. Fail fast is better.

RPthrowaway123 • 6 points • 31 January, 2020 08:21 PM

You're spot on. I've given up online dating entirely, going back to the old fashioned way.

sharkymcstevenson69 • 33 points • 31 January, 2020 08:01 PM

I fuck girls on Tinder and other dating apps regularly. However, I'm always gaming and approaching in person. I don't invest any importance in the apps and don't pay the retarded cuck fees. I use the free versions and sometimes a smokin babe gets a wild hair up her ass and wants to fuck a stranger, potentially me. Treat it like the cheap commodity it is and keep your expectations realistic.

You wouldn't give as much of a fuck about some stupid app if you were approaching women and getting results.

[deleted] • 8 points • 31 January, 2020 08:16 PM

Is the time investment worth the odd fuck?

sharkymcstevenson69 • 23 points • 31 January, 2020 08:56 PM

What time investment? I swipe for 10 minutes a day tops. I don't play stupid games either I get straight to the point. No endless chit chat bullshit.

[deleted] • -9 points • 31 January, 2020 08:59 PM

Are you a so called chad?

sharkymcstevenson69 • 20 points • 31 January, 2020 09:04 PM

I lift. I take care of myself. I have style. I'm cool as fuck. I'm not ugly but I'm not some phaggy "Chad" modesque type. It's called having swag, my dude. Throw that blackpill bullshit in the garbage.

MelodyMyst • -3 points • 31 January, 2020 09:41 PM

It's called swagger, not swag. Swag is something else, my condescending dude.

sharkymcstevenson69 • -5 points • 31 January, 2020 09:46 PM

Someone pissed in your Cheerio's this morning? Lol

[deleted] • -4 points • 31 January, 2020 09:06 PM

Well unless you're above a 7 women will not pay attention to you on tinder. So you must be a seven at a minimum then.

Hungboy6969420 • 4 points • 31 January, 2020 10:00 PM

Idk I've had alot of women say I'm an 8 or 9 and I had meh results on tinder. Guess my pics suck

RedJourney23 • 5 points • 31 January, 2020 10:50 PM

I get rated an 8.5-9 in real life and have decent pictures. I match with all the girls but they flake when it comes time to meet. These girls are on there for validation and the time it takes to find the odd fuck is not worth the time or mental investment

Hungboy6969420 • 1 point • 31 January, 2020 10:51 PM

Yea pretty much, it's a huge numbers game. I got laid alot cause I had sooo much free time my last semester of college

RedJourney23 • 1 point • 31 January, 2020 10:52 PM

Yeah. I'd rather be improving cold approach skills and testing my metal

[deleted] • 3 points • 31 January, 2020 10:03 PM

They do. Or you don't lift

Hungboy6969420 • 2 points • 31 January, 2020 10:04 PM

Bit of both. Most people can tell I work out but I'm not big or cut...yet. It's mostly facial

[deleted] • 2 points • 31 January, 2020 10:06 PM

Are you actually "hung"?

sharkymcstevenson69 • 13 points • 31 January, 2020 09:18 PM

Autistic thinking. People have different tastes. I could be a 3 to some bitch or a 9 to another. Your hamster is running the show in your head. Point is, I work hard to be attractive. In the gym, in my career, in my passions. Women get turned on by that. You know what else they get turned on by? My utter lack of fear and irrational confidence. I have literally stolen chicks before "Chad's" eyes because I know how to fuck a woman in her mind as well as her pussy. Your guess which comes first.

[deleted] • 2 points • 31 January, 2020 09:30 PM

Well I struggle with the idea that even though we're taught to be the prize the reality is that if you have 40lbs to lose then you probably aren't. I don't have the guts therefore to approach nines or whatever. So yes you're confident but I'm not. I'll stay off the apps.

almagest • 15 points • 31 January, 2020 11:05 PM

So lose 40 lbs.

KnightBlue2 • 3 points • 31 January, 2020 11:16 PM

Stop eating 3500 calories a day, start walking faster, go to the gym, whatever you gotta do.

[deleted] • 2 points • 1 February, 2020 03:50 AM

I will.

Truedemocracy6 • 1 point • 31 January, 2020 10:44 PM

Lol swiping on the toilet = time investment?

[deleted] • 0 points • 1 February, 2020 03:49 AM

I'm starting to think all social media is bad irrespective of how much time you spend on it.

wont\_tell\_i\_refuse\_ • 22 points • 31 January, 2020 09:40 PM

Plenty of chicks on there do want to fuck. They just may not want to fuck you.

I\_LOVE\_CHIPS • 1 point • 1 February, 2020 12:49 AM

Bingo. There are for sure a lot of flakes and instagram hoes, but not for Chad.

DANYboy52 • 1 point • 1 February, 2020 05:25 PM

Yeah but he said he used a models account as well

Hedser91 • 7 points • 1 February, 2020 01:54 AM

If finding girl(s) is like fishing tinder is like throwing out a line in a small pond that is being overfished. You can put in the line because you never know.. But if you want to greatly improve your catch and even want to catch that big fish you gotta move to better waters. And while you're there maybe use a net instead of a pole and line. Now your efforts can pay off, no need to put effort into that line in the overfished pond, just check that line from time to time but no more. Because where your fishing skills truly shine is in that "secret" creek nobody is fishing and that is where you will put your effort.

johncillo • 5 points • 1 February, 2020 12:16 AM

Tinder is a female validation tool, so if you keep the bait happy (the girls) they will constantly open up these apps.

I have a script that has got me laid and got some plates out of it. However, these are mainly chicks with low self esteem sometimes just looking for revenge sex or a hook-up. 20% of the time works all the time.

silverreddi • 0 points • 1 February, 2020 05:08 AM

Show me that Script im curious

johncillo • 4 points • 1 February, 2020 06:41 AM\*

Well I can break it to you. It goes like this:

-Openers:

-Posting a wink gif with someone who doesn't know how to wink and adding: "I don't know how to wink" always gets response or a chuckle.

"I know this profile is fake but can you give me the name of the model from the pics to send her a message?"

if there is a picture with a dog "You look cute, your human is not bad".

Developers:

"what's my tinder crush doing?" Or "right now I am talking to my tinder crush, I think she might like me, what should I say to her"

After response, continue with: - "I have 2 important questions to sweep you off your feet"

Validations (I like to validate them in 2 things, if they do sports and food for the upcoming date) "The questions are: - Do you like sports? - Do you prefer sushi or italian? Proceed with caution..."

After the response: "Excellent responses, I just like being dramatic"

And then: "How does it sound <something active, sporty> <food of choice> , and an adventure with me in my white horse?" (I own a white car)

After the response: -"I might need your number to coordinate the date" -"I might need your number while I work up the courage to ask you out"

After the number is sent there are other scripts but I will leave it, I need to go to bed.

Edit: formatting

silvereddi • 1 point • 1 February, 2020 12:39 PM

Interesting, gonna try that out

liquorbaron • 4 points • 31 January, 2020 08:55 PM

It goes for all online dating apps owned by Matchgroup. Never used Bumble so I don't know if it's similar in the amount of women on there just using it as a means to self promote their Instagram or other alternative app that they have as a means for income.

SalporinRP • 3 points • 31 January, 2020 11:39 PM

Tinder used to be amazing but is now filled with bots and attention whores. You can still fuck girls off of tinder but it's nothing like it used to be 5-6 years ago.

I use Hinge now. More geared towards setting up a first date than an outright hookup but 70% of the girls on tinder aren't down to just come over to hookup anyways.

I've also realized that I prefer to meet women out in public first so I can assess if they're crazy or not. I had a bad experience where I invited this tinder girl over and she happened to be a fucking nutjob.

Pimpcool420 • 1 point • 1 February, 2020 01:02 AM

Where are you from?

I'm in Canada and tried hinge for the first time. The girls on Hinge look better, but with the exact same profile pics as my Tinder I get ZERO likes on Hinge (almost 6 weeks now).

Per\_Horses6 • 2 points • 1 February, 2020 07:09 AM

It's shit, I'm gonna delete mine soon. Cold approach is the move now

HastaPronto90 • 2 points • 1 February, 2020 09:08 AM

They flake, because they found a better guy who massaged them and who fits in their category. Maybe your are not that good looking as you think, people overrate their looks all the time.

Truedemocracy6 • 3 points • 31 January, 2020 10:41 PM

Real talk tbh if you're high value dating apps are a fuck fest for you. I'm a dude and used to use it for validation  
The "women aren't on it to meet guys" is cope by low value dudes

jackandjill22 • 1 point • 1 February, 2020 01:06 AM

Interesting. That dude seems to have invested a substantial amount of time in making a profile tho

Truedemocracy6 • 2 points • 1 February, 2020 06:36 PM

And that time is still worth it if it yields results lol

jackandjill22 • 1 point • 1 February, 2020 06:36 PM

Lol

PeautyBrinciple • 2 points • 31 January, 2020 09:45 PM

Infinite options for 4+/10 women means it's a waste of time unless you are a top 5% guy. Work on yourself and forget apps until you're high enough value.

PinacoladaSauce • 1 point • 1 February, 2020 12:32 AM

Not really. There's tinder game, there's text game, and there's in person game. I probably fuck like once a week maybe every 10 days from tinder. You just gotta figure it out man

I\_LOVE\_CHIPS • 1 point • 1 February, 2020 12:49 AM

Apply the Brad Pitt rule.

cluelessguitarist • 1 point • 1 February, 2020 01:17 AM

Tinder is a waste of time, when you meet them in real life they dont even look as half as good, better to meet them in real life

Wrath\_of\_Trump • 1 point • 1 February, 2020 01:36 AM

i get a decent amount of matches from girls i would bang but the couple convos i had i lost interest in immediately and i'm barely motivated to message the others. it's mostly a validation tool for sure and my lack of effort makes it a bit of a validation tool for me as well. i should probably delete it

319Skew • 1 point • 1 February, 2020 02:11 AM

Yep. Avg 5 is treated like a 9. You can get laid but it's a waste. Best to set yourself above the sea of dick by hitting her up in RL.

EdvardMunch • 1 point • 1 February, 2020 03:27 AM

Its fucking random and many things

AuberyBitoni • 1 point • 1 February, 2020 03:48 AM

I feel the exact same way. I live in a small town too, Tinder is fucking shit here. Girls on there are boring as fuck

so I ended up deleting it.

Gonna move out of the small town so I can approach more girls irl.

mrpoopistan • 1 point • 1 February, 2020 03:59 AM

In their defense, many of them aren't even actual girls. Influencing is such a fucking scam these days that I assume every insta account is garbage until proven otherwise.

tripmepls • 1 point • 1 February, 2020 04:33 AM

There's a lot of sifting but you can definitely get action from Tinder. Get them to add you on IG and you follow suit, not vice versa.

LeatherBoundWisdom • 1 point • 1 February, 2020 04:41 AM

I know guys who have great success with tinder, and I also know guys who can't get jack diddly shit from it.

Try it out, see if you're getting results. If nothing after a few weeks I'd say drop it unless your pictures improve substantially in quality (for example, you get six pack abs and can show them off).

VigilantSmartbomb • 1 point • 1 February, 2020 05:52 AM

That's interesting with the model

Yeah cold approaching is about it

You could join other alphas and try the Luke warm approach

Talk to chicks already in alpha groups type thing

Sometimes alphas share chicks, become an alpha and let them help

SavorThePill • 1 point • 1 February, 2020 06:37 AM

Well, as an actor on the platform you are feeding into the greater female validation framework being facilitated by the greedy gammas over at big tech.

Buuuuut everyone likes to have fun too, so if Tinder works for you, why not right?

Of course, I refer back to the whole female validation framework and all that...if you care about those implications and despise contributing to that, but still want to use Tinder, then it's sort of like drugs and alcohol: drugs and alcohol are fun (which everyone knows), but drugs and alcohol are also bad (which everyone knows).

HurricaneHugues • 1 point • 1 February, 2020 08:00 AM

Your text game is weak. What do you message them? How big is your search radius?

robbedigital001 • 1 point • 1 February, 2020 09:43 AM

Just think, with all the chumps using tinder how you being able to approach in person sky rockets your value

theredspg • 1 point • 1 February, 2020 10:39 AM

girls aren't dumb on there, have you ever tried to fucking type with a touch screen keyboard? fucking hell that's why you only wanna type one word replies and maybe if you're boring

IXseed • 1 point • 1 February, 2020 09:29 PM

Most women use it to either kill time or get validation. Only maybe 1/4 of women use it for dating.

cfbovernl • 1 point • 1 February, 2020 10:31 PM

No.

alphakari • 1 point • 1 February, 2020 02:53 AM

I'm in a small town though like 50k people in it.

R u retarded?
