About two years ago I set the OK Cupid filter to Hispanic and sent 20 women the following message: *Ay Chica, I herd you was looking for a knight in shining armor. Girl I gotchu. Ima be your Conquistador girl. Ima conquer that pussy. Hit me up so we can drink hortchata while listening to [Pit Bull](#) on [Latino 96.3](#). ¡Horale!*

Two weeks later I was putting my Soviet Missile all up in the Caribbean like it was 1962.

I was met with outrage when I posted my tale of South American jungle conquest to the OK Cupid subreddit. The predominantly Non-Hispanic [redditors](#) of OK Cupid found my post offensive and decided to get offended on behalf of the women who sucked my dick. Their analysis was: you shouldn't send messages that might possibly offend someone whether or not they actually offend. No one bothered asking why my allegedly horrible message got more responses than that of [The Cat Rapper](#).

The Red Pill on the other hand, offered an analysis that went beyond personal feelings. Yes the message is polarizing, however women are constantly flooded with compliments and generic bullshit. A message that makes her feel some type of way is more memorable and thus more likely to generate a response. Some of the responses are going to be: *go fuck yourself* and some are going to be: *White boy you funny, pero stoopid*. However both are preferable to the radio silence that betas receive. Offering Latin ladies Pit Bull rides and hortchata sips is a better strategy than beta flattery.

What differentiates Red Pill from other communities is that it's result oriented. The Red Pill encourages what works and discourages what doesn't. If someone posted [groveling](#) to The Red Pill he will be encouraged to pursue the cocky and funny strategy instead. If a fat guy asked for dating advice, he will be told to stop drinking calories. In contrast, OK Cupid is a [feelz before realz](#) enviroment and gives feel good advice regardless of outcome. The fat guy would be told that its what's on the inside that counts and the beta would be complimented on his [cat poetry](#).

In our culture of feel good political correctness the Red Pill is unique. The men of Red Pill are outcome driven, motivated, and have a staggering number of capable professionals among their number. How do I know this? Because over the course of the past month I've done close to 200 fitness and nutritional consultations via Skype. I had the unique opportunity to talk with Red Pill men across the world, deal with timezones, language barriers, and countless metric to imperial conversions. It was fascinating to hear anecdotes, business plans, and relationship strategies from men across the world and to see all the different flavors of alpha. Interestingly enough, I have yet to encounter a single neckbeard. Probably because neckbeards don't gravitate to Stronglifts 5x5 and self improvement.

The Red Pill is more than just a forum for discussing sexual strategy. It is an amazing talent pool waiting to be utilized for any goal you may have, which is exactly what I have done and what I recommend you do as well. As you read this, my Red Pill Bro Scientists are developing a clothing line specifically designed to increase your alpha points by at least 15%. Get excited.

For updates on my posts follow me on [Twitter](#).

Honestly, it's much better to really offend the women who aren't into you. You save your precious time for self improvement instead of constantly checking your messages waiting on a response.

If the girl responds favorably to the direct approach, chances are she is already thinking about meeting up with you.

*My internet dating rules:*

**Get the #, IG, or Snapchat in 5 sent messages or less, otherwise you'll be chasing pussy.**

Once you have the #, IG, or Snap, NEVER hit them up on the dating service again.

The sooner you close the meet up, the better.

*In regards to the post title:*

I don't see why we do not create clubs and events for RP men to organize, create business relationships, find wingmen, and just have a good time. I was lucky enough to play football and wrestle in high school, where I was taught how to lift, deal with adversity, and focus on self improvement. It would behoove many men to have organizations besides high school sports teams and the military which support masculine brotherhood.

bsutansalt • 42 points • 9 June, 2015 05:26 PM

It's less about offending or being nice and waaaay more about being exciting. Giving her emotional stimulation is what is all about.

[deleted] • 3 points • 10 June, 2015 12:57 AM

Mind giving an example or two on how to text a potential plate with the goal of giving emotional stimulation?

nikolathevisionary • 7 points • 10 June, 2015 03:33 AM

Think about it this way, 90% of the guys messaging her are saying shit like, "hey" "wat up" "ur hot" , or other supplicating and stupid messages.

So when you come out the gates saying "you like you could suck a watermelon through a garden hose! (Actual line that's got me laid before) she's intrigued.

It's less about what you say and more about what your message implies. In this case, you like to have fun and don't give a fuck.

Fair warning, if you're not attractive/have abs don't bother with online dating.

dan\_legend • 2 points • 10 June, 2015 07:41 AM

It's less about what you say and more about what your message implies. In this case, you like to have fun and don't give a fuck.

I'm pretty sure that means she can suck a mean dick.

OilyB • 2 points • 10 June, 2015 07:53 AM

<suck a watermelon through a garden hose>

Lol! I often say 'she sucked my pillows right through my ass'. Works as well.

2cold2hold2hot2handl • -1 points • 20 June, 2015 09:45 AM

I like to look at their profile and ask them "why do you like such and such.. that sucks" get them to qualify themselves right away..... or they don't reply.  
Easy.

reigorius • 2 points • 10 June, 2015 04:13 AM

I make silly assumptions based on photo's. Just whatever shit comes to my mind and go for the number quick. Works pretty good. Or random mindpuke bordering insult. When I get the number, it basically tells me the girl wants to fuck me.

magus678 • 20 points • 9 June, 2015 05:24 PM

Always Be Closing.

I would add an addendum to this that you should be judicious with your "dating service time." If you can't follow through with these confident closes, sometimes it is best not to be making them until you can. Meaning, I don't like to lay it on some girl on a Tuesday night when you need to do xyz and can't meet her until Thursday. This greatly increases the likelihood she flakes etc. I'm trying to get her caught up in the novelty of the whirlwind and ride it all the way to her bedroom.

Of course there are a million ways to skin that cat, but that has been one of my personal takeaways from online dating: moving faster is always better.

vengefully\_yours • 23 points • 9 June, 2015 06:03 PM

I don't see why we do not create clubs and events for RP men to organize, create business relationships, find wingmen, and just have a good time.

Well, we aren't well liked. Imagine the line of blue and pink bob cuts on fat chicks chanting hateful shit and accusations of rape outside every venue. Personally I'd find it amusing, but really I have nothing to lose because everyone who knows me knows who and how I am.

GayLubeOil[S] • 25 points • 9 June, 2015 07:03 PM

Im thinking we should do a vegas trip this holloween. Ill be an Aztec god this year

vengefully\_yours • 9 points • 9 June, 2015 07:06 PM

I'm down for that, I'll be a jackbooted skinhead thug. Wait, too easy.

Grifter32 • 2 points • 10 June, 2015 01:05 PM

I live in Vegas. I have room for a few people.

If you're actually down set something up! I'll start saving right now.

max\_peenor • 2 points • 10 June, 2015 04:49 PM

I would fucking love to do a Gaylubeoil Vegas trip.

In any other context, that would be terrifying.

RageLife • 1 point • 10 June, 2015 10:39 PM

Especially a gaylubeoil Vegas trip with max\_peenor.

Downright terrifying.

therealpkg • 0 points • 9 June, 2015 08:32 PM

+1 for the Vegas trip idea. Maybe an EC can get a thread going to gauge interest.

SephiXen • 1 point • 10 June, 2015 07:01 PM

Circle of stones somewhere in colonial Boston, we'll sit on the coast and call up RedPillCthulhu and Brodin himself. Brognarok will start and we will Blackknight through the waves of femnazi cannon fodder until that guy with the half-naked girls on his shirt becomes King of Bros and slays pussy by the train load.

RPthrowaway123 • 1 point • 9 June, 2015 08:24 PM

Last time I dressed up for halloween, I was The Doctor. Could definitely rock that costume again.

blue\_27 • 1 point • 9 June, 2015 10:06 PM

Halloween is a Saturday night this year ...

Dark-Ulfberht • 0 points • 10 June, 2015 12:18 AM

By god, I'll channel my alter ego.

The first time I did this, I won a grand in a competition and had sex with some random chick . . .while still in costume.

TheRedPilsner • 0 points • 10 June, 2015 02:03 AM

The only way that story could get cooler is if the girl was wearing a Harley Quinn costume.

yesidoes • 7 points • 9 June, 2015 06:26 PM

Honestly I'm imagining, and I see none of this shit.

It's easy for the fat chicks to yell hateful shit on Reddit because it's an internet forum. If we rented building spaces for monthly events, I highly doubt these chicks would expend the calories necessary to get off their asses and protest.

With what they do at a Warren Farrel talk, they would all buy bus tickets to be annoying at any function. We could have lots of fun black knighting, like Kevin Smith protesting his movie Dogma when it showed in his hometown.

yesidoes • 3 points • 9 June, 2015 06:55 PM

Public events are definitely an easy attack point, but email only contact lists and events with doors that lock should be more than enough to keep SJWs out.

At that point, if they break in we can go the Gamer Gate route and broadcast their idiocy and their attempts to derail 1st amendment rights to assemble.

vengefully\_yours • 3 points • 9 June, 2015 07:07 PM

Gamergate is doing it right. They have the sjws looking like the facists they are...

You might be on to something. You fucks would never recognize me though.

[deleted] • 5 points • 9 June, 2015 07:09 PM

You guys and your 1st amendment rights. Not everyone is so lucky. Take a look at this piece of shit and weep

[http://www.europarl.europa.eu/meetdocs/2009\\_2014/documents/libe/dv/11\\_revframework\\_statute\\_/11\\_revframework\\_statute\\_en.pdf](http://www.europarl.europa.eu/meetdocs/2009_2014/documents/libe/dv/11_revframework_statute_/11_revframework_statute_en.pdf)

Note section 2(e). This is EU bullshit they want put into law in all member states. Supposed to legislate for 'tolerance' they explicitly want to make it illegal to criticise feminism (a definite hate group). You couldn't make it up...

Nothing\_Gazes\_Back • 2 points • 9 June, 2015 06:21 PM

They can bitch and moan all they want. Don't ever let that prevent you from doing what you want.

vengefully\_yours • 11 points • 9 June, 2015 06:54 PM

No worries, they can't stop me. If the Iraqis couldn't, a bunch of fat girls calling me names isn't going to have much effect.

A few months back one filled my inbox with hateful shit from all her alts. It was amusing, I took screen shots and when I feel sad I look at them and laugh.

Nothing\_Gazes\_Back • 1 point • 9 June, 2015 07:16 PM

Lol! Who the fuck has time to do something like that? At least you know you made an impact.

vengefully\_yours • 5 points • 9 June, 2015 07:46 PM

Yes, thats why I laugh. Twenty or so alts saying stupid shit. Must've struck a nerve close to home to get them riled up like that.

[deleted] • 12 points • 9 June, 2015 05:48 PM

Honestly, it's much better to really offend the women who aren't into you. You save your precious time for self improvement instead of constantly checking your messages waiting on a response.

Hell, it's even just worth it to offend the women who aren't into you for it's own sake. Some call that a waste of time but blackknighting is never a waste of time; it's an end in itself. The red pill is all about breaking women's rules and blackknighting is doing that on steroids. It's the essence of game and the essence of being a man if you really think about it.

[deleted] • 25 points • 9 June, 2015 08:03 PM\*

Reminds me of Patrice (RIP) talking about how he would say "bitch" all the time because it's liberating as fuck.

Every time he would say it, it was a reminder that literally the only thing 99.99% of bitches can do about it is *get mad*. And who gives a fuck if they're mad?

Edit: One of his explanations verbatim: "When I say 'Bitch' - let me explain to you why I say 'Bitch'. It's just a belief system. It's just to say to you that I'm going to say a word that you don't like, and you're not going to do anything about it. It's a dichotomy for *all* man shit. The word 'Bitch' represents something that's so repugnant to women, but the fact of the matter is that *I choose to say it or choose not to say it*. That's my respect that you earn from me; it's not my respect that you automatically are entitled to. You're not entitled to me opening the door for you, or me laying my nice coat in a puddle, you're not entitled to me wrestling an alligator to save your life ... I say bitch, you get mad, and now what? What's 'option 2'? That's all I wanna say; I wanna give you options. Make me not want to call you a bitch."

idle\_reception • 6 points • 9 June, 2015 06:13 PM

I don't see why we do not create clubs and events for RP men to organize, create business relationships, find wingmen, and just have a good time.

I would love to start something like this locally, I wrestled in high school but never took it seriously just did well off natural talent.

Because of the lifestyle I lived I've lost all my friends but a few when I sobered up and started getting active. The closest I have is running a few backpack trips over the summer through a hiking group but I'm the youngest one who goes by a decade. They aren't exactly RP either.

Nothing\_Gazes\_Back • 5 points • 9 June, 2015 06:22 PM

I just pictured a bunch of bb 40 somethings backpacking in socks with sandals.

Where are you from? My friends and I are doing the tri state challenge of the Appalachian trail this fall.

idle\_reception • 1 point • 10 June, 2015 12:14 AM

Haha not quite, a lot of them are advent hikers. Overweight but that can still move with a pack but their ideology.

Illinois, Wisconsin, Minnesota area but I've been looking at the Appalachian trail for two years now.

arrayay • 0 points • 10 June, 2015 01:14 AM

They hike awaiting the coming of Jesus?

Sad to say it, governments will see this as a threat. Good and capable men banding together to discuss real world problems. Shut them down immediately!

lachiemx • 0 points • 10 June, 2015 07:59 AM

How? As long as you live in a country with a right to assembly you'll be fine. There's no reason to be alarmed. How would you stop a group of men from meeting in a hotel room? You can't.

Got really bored with tinder one night and decided to send out a bunch of messages on 9/11 basically saying "damn, I'd like to ram you like a plane into the twin towers." So fucking stupid... But I ended up fucking two girls from that shit with one becoming my best plate for 6 months.

SaiyanPrince\_Vegeta • 6 points • 9 June, 2015 07:11 PM

True.

It's pretty sad that mexican americans speak and act that way cuz it gives a big misconception as to what we're really like lol

beerthroway • 15 points • 9 June, 2015 07:55 PM

Absolutely. I grew up in a 95% Mexican town as a white dude. Mexican culture was awesome. Not so much with this generation, as they have all become entitled with all the affirmative action shit handing them everything, that's destroying the culture. But the older generation is massively respectful, hard working, caring, giving, family oriented, fat shaming, laziness shaming, and plenty of other valuable traits to have at the center of your principles as a society.

DexterousRichard • 2 points • 9 June, 2015 10:38 PM

American intervention. At every level there's interference from American bankers, American arms dealers and CIA drug smuggling. When this wasn't the case there was no such Fail.

Sure, there was corruption there but there is all over and it didn't stand out until the NAFTA age when the Mexican economy was decimated by the American hegemony machine.

Oh fuck yes, this is my area of expertise. I spent a long time sending beta faggot messages (including taking advice from the OKStupid subreddit). Made little headway. I've got the aesthetics, so that wasn't it. Wasn't until I started fucking around with them without giving two shits what they thought that I realized what actually works.

Mind you, I've got two modes of game I run, one for the generic dumb-as-bricks slut, and one for the empowered thinks-she's-intelligent-and-refined slut. The former is who this works on best. Use lines like:

"Your photos make you look like you'd enjoy being hate-fucked"

"Your hands are too small, how are you going to get me off when you're on the rag?"

"What rhymes with weenus and just happens to be your favourite thing?"

You're going to get precisely two responses, sheer, unadulterated hate, and sexual arousal. Both are good. You can sometimes steer the hateful ones into success (though not usually, just more hate, hah), but the ones that respond positively want your dick. Keep up the sexual vibe and get them to come over.

With the chicks that act all pretentious, you just need to coat the sexual vibes in more layers. Use wit and plausible deniability:

"We would make beautiful babies. It'd be a public service to *insert city*, we should get on that right away"

"I'm doing a study on how long it'll take to repopulate the world after an apocalypse, I need to borrow your womb for a few decades, starting this Friday at 7 pm"

Be sexual as fuck, women eat that up. If you've been lifting this is just about the easiest way to get laid.

Girls get this shit all the time. What makes them pick you over some other ripped guy sexting them? Yes they will bang a few but compared to the number of messages they get there are not enough days in the week.

Also by going sexual so quick arnt you excluding some of the girls who would otherwise fuck you after some conversation. Some of my best plates are reserved the first or second meeting.

[deleted] • 14 points • 10 June, 2015 01:01 AM

they dont get this all the time-- they DO get " oh baby.. id do anything to spend time with your highness"

[deleted] • 12 points • 10 June, 2015 04:26 AM

Actually the messages girls get are a fucking joke. They're not even that vulgar, they're mostly flat out lame and boring.

A while ago I made a fake girl account on OKC to see what kind of openers guys typically send. No description, only a few pictures of some above average 7~8 early 20's blonde girl.

Here's all the most recent messages the account received. Guys, you have nothing to worry about (No, I didn't reply to any of the messages....)

What makes them pick you over some other ripped guy sexting them?

I imagine that is why you message more than one

gestalts • 1 point • 10 June, 2015 12:24 AM

Yes of course it is a numbers game whatever you do, but if you pile shit on with more shit you have the same substance. Just in my experience the ones that go for overly sexual stuff are on average fuglier, less able to hold even the simplest of conversations, and overall shitty fuck.

Cyralea • 3 points • 10 June, 2015 01:05 PM

Girls don't get it as often as you might imagine, but these girls are definitely being passed around. It's just something you accept, you aren't going to get same-day lays with a virgin.

Regarding holding out for 2nd-3rd dates, yeah, you could go that approach, but why waste all that extra effort?

gestalts • 1 point • 10 June, 2015 03:23 PM\*

I'll defer to your experience on the number if messages issue. The two girls I'm with say things along the lines of 'I always match and guys send creepy./lewd messages' which of course says nothing really. All ask about specifics.

Why is it worth the effort? Because try as I may sex isn't just about the physical for me. If the girl is just hot ill fuck her once if it's convenient but if she is smart, funny and hot I want it on the reg because I enjoy their company after. Also the chase/conquering is half the fun for me. instead of mega easy sluts you'd be self-selecting for with straight to the sex stuff, the girls I'm targeting are just your benign slut or somewhat more conservative girl. Also this helps the fact that I demand exclusivity.

Those are just my reasons. Different strokes for different folks of course.

[deleted] • 2 points • 10 June, 2015 07:48 AM

I disagree women get these all the time. I mean they might do just based on the sheer volume of messages they get but basically a small minority of the messages will be like this, causing her to take notice.

The name was really giving the wrong signal.

You could have called yourself "Stealth" or something equivalent.

Very sneaky... I like it... now that I finally get it...

Patrice O'Neil said something similar in his podcast. He'd walk up to a woman he wanted to game in a shopping mall and say something offensive and out of the line. Like "Why you checking those outfits, those wouldn't suit a mamma of 3 kids "

She would get all riled up "I don't have 3 kids" and then Patrice would say something more to get her emotions high and then simmer down to a normal conversation.

Point being get their emotions flowing as they feed and respond on/to feels.

hahaha. I just ran into a feminazi online who I didn't know was a feminazi. Was a friend of a friend from 2 decades ago. Now she's showing her true colours she went and wrote something absurd about man-spreading and other nonsense like it. I made it clear men will take no shit that's lies: what, men should always let women push them out of the way exclusively, because "equality"? She flipped her shit and I laughed and blocked her. No loss.

vengefully\_yours • 3 points • 10 June, 2015 02:35 PM

One of my fwb has been going on about this sub, how she is a feminist, how feminism is for everyone. She says rp won't work on her, yet she wants exactly the kind of man RP makes you. How do I know? Easy, she fucks me and enjoys it. I used beta tendencies to get rid of a girl she knew, and after seeing me act BP didn't want to fuck anymore.

[deleted] • 12 points • 9 June, 2015 05:07 PM

What differentiates Red Pill from other communities is that it's result oriented. The Red Pill encourages what works and discourages what doesn't.

That's why BP gets so fucked on PPD and shit. At the end of the day, they've gotta contend with the fact that red pill works. You can polk holes in our epistemological foundations all you want but you'll never polk holes in the fact that we polk a lot of holes.

GayLubeOil[S] • 6 points • 9 June, 2015 05:10 PM\*

And put carne asada in lots of tocos. Today a blooper posted on PPD that his favorite exercise is tricep pushdown and that lifting is over rated.

[deleted] • 12 points • 9 June, 2015 05:19 PM

Dude, if you think PPD is bad then you've gotta check out femradebates. I had a guy who literally wears fedoras PMing me to talk about how jogging twice a week and doing yoga once a week, has gotten him too jacked for BMI, and by "treating women like people", he's gotten to the point where he's simultaneously dating 5 women who are all cool with it because they're sex positive feminists.

Highlights.

Kyuzo\_ • 8 points • 9 June, 2015 07:48 PM

If hia threesomes start with one of the girls saying something like "bring solo and the wookiee to me", then I'd buy it.

Chick I dated back in the day is "poly" and has had somewhere between 50-200 sex partners (admitted to 50+, you figure that out).

She just turned 26 and is hoping her current "monogamous" bf will put ring on it soon, couldn't figure out why the last one wouldnt. Obviously had nothing to do with the fact that shed taken 40-50ish other dicks while they were together. And "shocked" to learn that he'd just moved in with some 21 year old after they broke up.

Girl isn't bad looking at all, but crazy as fuck. That's probably close to as good as you'll get with "sex positive feminists"

This dude is like the Gecko45 of betas. The story sounds so fucking fake it's like he's not even trying.

RedBeorn • 7 points • 9 June, 2015 09:54 PM\*

Gecko 45 TL;DR is that the guy claims to be a mall cop (trained in "ninjitsu") patrolling with a G36 rifle, and uses deadly force quite often. He thinks that making a second profile that agrees with his original points will somehow convince the other members of his legitimacy.

Here are some lines where I burst out laughing at their absurdity:

I am a Master of three martial arts including ninjitsu, which means I can wear the special boots to climb walls.

If you want to laugh at somebody, try laughing at the sheep out there who go to the mall unarmed trusting in me to stand guard over their lives like a God.

when our team saved the life and possibly the virginity of the Mayor's nephew, there was a special relaxation of the rules made for us

But then again I think of the mayors nephew, his face distorted with tears and terror, the GAP employees who asked for my autograph, and had to settle for a cover identity's signature, the flashbangs, and their acrid scent, the smell of napalm in the evening breeze, as I crouch behind a shopping cart in the parking lot

We are here to protect 13 year old boys like yourself, so you don't get gang raped behind the dumpster outside the mall arcade, on your way home to mommy after killing some bad guys at the "Silent Scope" game.

I have personally saved the ass-virginity of several young boys in my days. But there are many brave men like myself out there who risk their lives daily, so that boys like yourself can live a normal heterosexual life.

You all who are making fun of me have never been threatened by jailed drug dealers, serial killers, and shoplifters, or fired at by high powered rifles

My "Black-Ops" history ensures that you will never know about the missions I accepted in my younger days, and Vietnam still shudders when it hears the name of a an assassin so skillful and deadly, he is remembered decades later.

Same with those mindless teenyboppers who go to the Hickory Farms store, and then take double samples of fruitcake and cheeselog, you warn them that they will be charged with a felony(grand theft), and that if they attempt to fight and run, they will be, unfortunately, first tazerred, and if they continue to resist violently with intent to maim, then wounded.

Fortunately, wounding fire to suppress teenage kleptomaniacs is relatively easy, they all run in straight lines, and a hit in the knee will be relatively simple from the second floor.

Shooting out a teen's kneecap for taking an extra sample at Hickory Farms, I want this to be in a movie.

Why polyamorous with YOU? Why not some guy with enormous SMV?

Some attractive women go out with beta males, right? Not all, but enough for men to believe that being a beta male will get you a relationship. And these beta males sometimes have sex with their girlfriends, right?

And there are women out there who identify as polyamorous and specifically look for poly relationships.

So why is it unbelievable that a beta male who identifies as polyamorous might have multiple female relationships, just like a monogamous beta male might have a single female relationship?

[deleted] • 3 points • 9 June, 2015 07:31 PM

Poly is AF/BB on steroids. The women date 2-3 guys, duty fuck 1-2 of them once a month if even that and get all over the alphas without any remorse since cuckolding is in the terms of the

relationship. This guy claims to be having regular threesomes, claimed at all points of a pretty long PM conversation that at least one girlfriend would be in his lap, and spoke at length about how scheduling was the limiting factor of how much sex he was getting. Couple that with a fedora, being overweight, and taking all the blue pills imaginable, it seems very very very unlikely. And then when you consider that his credibility is already sapped from making physically impossible claims about his fitness levels, I'm just not seeing a way for him to be the AF.

Relevant hamster.

abcd\_z • 1 point • 9 June, 2015 07:56 PM

This guy claims to be having regular threesomes

He's (apparently) in multiple relationships. It would be like a mono beta guy claiming he has regular sex. A little unlikely, but not impossible.

Also, a BMI of 25.8 is just barely overweight, which seems to match up with his claim of "I could lose maybe five pounds" (which would put him at a BMI of 25.08).

colovick • 1 point • 10 June, 2015 12:14 AM

I'm in a similar situation. Same height and weight as that guy. I do lift and my bmi says I can cut to 160. I'm shooting for 180 and going to play it by ear from there, but I doubt he's that muscular from just the little bit of exercise he gets.

Another aspect is that Latina women (and Latinos in general, speaking from working with then my entire career) expect a lot more consistent alphaness out of dudes than the current crop of whites. I dated a few in the midst of my transition, and while it was fantastic, it also went south really fast because I was dripping with beta tendencies. I employed a pretty typical trp strategy initially, but wound up catching feelz, and they were gone in no time. The irony is that these girls were actually worth catching feelz for, or at least to a far greater extent than the majority of white chicks I've met.

vengefully\_yours • 5 points • 9 June, 2015 06:13 PM

I'm seeing one now, latina chicks require a strong man. Show weakness and you're done. Indecision kills her tingles. Treat her like a tan fuck toy and swat shit tests like a patriot battery and she will beg for cock. They want men, not wimps with beards.

I'm moving down to Miami in a couple months, any chance you can give me the intel on Latina chicks?

infoscott • 2 points • 9 June, 2015 08:27 PM

Try to focus your dating on Argentine chicks. The South American latinas are *completely* different from Central Americans in all but language. The demographic is also mostly European, with an original immigration pattern similar to the United States. But you still get all the latin charm and warmth.

Many Argentines treat Miami like a second home, especially those from Buenos Aires (Porteños).

jx234 • 11 points • 9 June, 2015 05:23 PM

This post seems to be style over substance. In general, GLO writes well, proves that he is RP and helps people a lot from the sound of it. But this post is adding nothing of value. It gives a quick piece of online dating advice, praises TRP for being results based and talks about how great the users he speaks to are. Seems like yet another attempt to build his personal brand for eventual financial gain. There's a place for that - but its not here.

GayLubeOil[S] • 12 points • 9 June, 2015 05:37 PM

The substance is that if you network with Red Pill men you can quickly find qualified people to help you with fitness, SEO, Web Development and marketing strategies. Also my articles have a lot more polish than they used to because, a couple members help me dial things. Im benefiting immensely from tbe Red Pill community and I recomend you do the same. Its far better than dealing with the general beta population.

[deleted] • 14 points • 9 June, 2015 06:12 PM

As a corollary, it is also great to network with people at your gym. A place with a high concentration of healthy people focused on self improvement is a place to make like minded friends.

GayLubeOil[S] • 10 points • 9 June, 2015 06:16 PM

[deleted] • 6 points • 9 June, 2015 06:38 PM

[deleted] • 8 points • 9 June, 2015 06:26 PM

There's plenty of room for personality in TRP and I never miss a GLO post. Style posts by prominent members are an essential part of TRP, as the reinvented semantics and meta posts get quite tedious once you grasp the concepts. Although I'll always be leery of distracting attempts at marketing in this subreddit... I'd be lying if I said I wouldn't at least check out these +15% alpha garments.

The men of Red Pill are outcome driven

I would argue that in many areas of life (relationships included) you got to focus on the process and not the outcome. In a world with so many variables it is very easy to be "fooled by the randomness". We do our best to maximize the outcome and minimize the risk, and to achieve that goal we have to be "politically incorrect".

Focus on a good process and not get fooled by the wrong outcome which is going to happen from time to time. Intelligently learn from your mistakes and remember that success and good luck can corrupt your mind.

I've been doing ICF the last 3 weeks because it is more hypertrophy focused, and am not yet suffering with overwork (affecting the main lifts). I'm mid exam period at the end of the U.Ks equivalent of middle school, but it ends a year later, so I'm 16. I will have basically all day every day for 3+ months soon to work on self-improvement, so taking up too much time is a non-issue.

Do you know rippedbody.jp? That guy puts up tons of quality content (basically everything he knows he provides for free) about fitness, yet still doesn't suffer from a lack of paying clients that want personalized advice and/or an accountability partner. Also no ads.

What kind of illustration/editing are we talking about? I'm a visual artist.

GayLubeOil[S] • 1 point • 9 June, 2015 11:52 PM

Illustrations for my shirt and book cover. Can you send me your portfolio?

[deleted] • 1 point • 10 June, 2015 12:20 AM

Yes, of course. Do you have an e-mail or can I use Reddit for that?

jaimewarlock[ ] • 1 point • 9 June, 2015 05:53 PM

Bitcoin, MoneyPak, or PayPal

GayLubeOil[S] • 4 points • 9 June, 2015 06:06 PM

GayLubeOil.com I definitely need to put more work into it.

[deleted] • 1 point • 9 June, 2015 06:55 PM

Oh snapsies. I didn't even read who OP was. Thanks!

Neburel • 1 point • 9 June, 2015 06:14 PM

I'm hispanic, or so the federal government says I am, and I'm a quarter Cuban, and I found this to be hilarious.

My South America girlfriend put all the wonderful comas into this post

SexistFlyingPig • 1 point • 9 June, 2015 08:21 PM

I tried to be nice to girls on OKCupid and POF. It got me an occasional date, with lots of talking, me paying and her leaving at the end of the night without me.

Then I decided to just be assertive.

me: something something something playoff game.

her: Go local sports team.

me: lets meet up after the game. What's a place near you that you like to go to?

her: local place.

me: see you at 9:30.

If she hadn't showed, I'd have been eating appetizers by myself. I was okay with that.

I've noticed since then that my compliments on okcupid generally get met with radio silence, but my insults universally get an answer. Compliment followed by insult gets nothing, because then I just appear butthurt.

This story reminded me of this podcast I listened to recently. Well worth a listen for a woman's point of view on a very similar situation:

Always good to read you.

neckbeards don't gravitate to self improvement

Andrew Austen Luck has a neckbeard. He's also one of the best quarterbacks on the NFL.

I bet feminists think he is a RedPiller, cuz he has a neckbeard

GLO. I thought you would be bigger man, are you not juicin?

bertmaklinFBI • 1 point • 10 June, 2015 04:51 PM

His juice must be bunk because he has barely any musculature from the video.

I don't know how you can be a personal trainer, all about lifting, and taking AAS, and look like that. I smell a keyboard warrior.

Yes the message is polarizing, however women are constantly flooded with compliments and generic bullshit.

the gen pop is delusional and don't think about this at the time of writing the same message as 200 other guys.

AKnightAlone • 1 point • 10 June, 2015 09:38 AM

This post just turned me gay.

Wait, your name on Twitter is GayLubeOil...

You officially just rekt my jokes.

Here's some homosexual humor, hopefully to your enjoyment:

I agree. My tactics are:

-How are you?

-Compliment something and neg

-Always keep messages as short and interesting as possible.

I hit one chick with, "Hey. what's your number". And she actually sent me her number. Blew my mind. Hell. I even hit a chick with, "roses are red, violets are blue, I'm just trying to see what that mouth will do". She responded in shock that I would send someone that. I didn't get her number, but it was hilarious none the less that she responded without cursing me out.

Does this only work if you are buff or can an overweight guy do this as well (without getting arrested)?

I'm just wondering if I should try this kind of stuff now or wait a bit longer until I've leaned up and filled out.

[deleted] • 1 point • 10 June, 2015 03:47 AM

Hey man. My grandparents almost *died* in the Cuban missile crisis. Very offensive and you shouldn't joke about things like that even if people didn't die. Because they almost could have maybe hypothetically had died under different circumstances. Your joke was extremely clever and funny, but completely unacceptable. Not only did you effectively make me laugh, you made me laugh at my almost nuked grandparents. Burn in hell, dude.

You are 100% correct that ANY reaction is better than NO reaction. Having been on many dates, I have come to the conclusion that if you are genuinely attracted to a girl that the worst thing you can do is have a standard boring date where "you don't fuck up". Nothing goes wrong but nothing goes RIGHT either.

The greater the risk, the greater the reward. You have to take risks in order to create attraction. You have to risk being unfunny, rude, weird, etc... You have to risk being rejected, called a creep, an asshole, etc... But guess what, you are miles ahead of the guy who did everything right EXCEPT create attraction. After the date, this guy doesn't even exist in the woman's brain and he wonders why she won't return his texts or calls. When you take risks on the other hand either get slapped, embarrassed, put in an awkward situation, or END UP WITH A WOMAN HIGHLY ATTRACTED TO YOU THAT WANTS TO FUCK.

Don't be someone you aren't, be yourself, but take risks if you are truly attracted to a girl, that's your only chance for success.
