Sex on the second date if you're lucky

I enjoy reading, painting, playing video games, and seeing live music. Music is very important to me. Dancing gives me life.

I'm mostly into techno and metal but I like it all. As long as I can have a good time it doesn't matter what kind of music it is.

Please be single

I'm 6' tall.

Herpes positive as of October 2018 (I'm not kidding)

Sorry u/Liquid_Leopard, after reading your new title and taking a careful look at the profile, it appears she's not looking for commitment just yet.

As you've correctly stated, she's still riding the carousel, but she's not complaining about being single and seeking commitment from good men (rule 5), and these are the types of posts we look for during the weekdays.

Feel free to repost this one on the weekend. We remove several posts like this daily so you're not the only one. Thanks for understanding.
