

After breaking up with jerk bf, girl rides CC. Meanwhile parents look for arranged marriage. After marriage, husband learned about her past and now wants divorce. Online hivemind supported the hamster but one guy explained the truth.

He has seriously lost my respect by recording our private conversation

LOL it sounds like your respect of him is the last thing on his mind right now. Maybe your focus on that and not the real issue is why you're in this predicament?

Overkillengine • 81 points • 31 December, 2020 06:41 PM

It's power talk/shaming language. She's internally freaking out that he has a recorded confession by her, and she's trying to redirect from the contents of that confession by assigning shame to him for having it.

It's not so much the exact words that are important, but rather the results. PAY NO ATTENTION TO THE CONFESSION BEHIND THE CURTAIN! BLAME THE MAN! SHAME THE MAN!

[deleted] • 26 points • 1 January, 2021 12:53 PM

Her sluttery has been exposed and now she's freaking out.

Depressedbadger97 • 30 points • 1 January, 2021 03:02 PM

why is slut shaming, "worse" than being a slut? i asked this on a dating/relationship sub and got banned.... and its a genuine question? shouldnt men who want to avoid women with no boundaries, (if women are having sex with many men, she has no boundaries) some of these women just cant help themselves and throw themselves on chads willy nilly? why is it so bad for men to steer clear of these women? like why camouflaged it?

also, if there is nothing to be ashamed of, why even worry about it?

D45_B053 • 15 points • 2 January, 2021 08:30 AM

Asking for logic and rational thinking from a woman is like asking for warmth and comfort from a glacier.

42252252 • 5 points • 3 January, 2021 04:18 AM

Our society has coddled emotions for so long, for so many generations, that the act of harming them in any way, shape, or form has been demonized. It only makes the reaction worse as time goes on, and the demand that all the world plays pretend with whatever false narrative we present is basically accepted as the only moral thing to do.

It's how you have obese, unemployed singles in their forties telling their friends they're waiting for 'mr. right' and demand he make mid 6 figures and own a few properties to meet the bar.

People like that have never heard "no, you don't have the RMV to attain that" because it's much simpler to nod and internally roll your eyes.

Welcome to a world without shame, where all desires are made just. It's hell.

Depressedbadger97 • 1 point • 3 January, 2021 05:13 AM

RMV?

PixelBot • 20 points • 31 December, 2020 05:28 PM

Funny. I was about to post literally the same thing. Projection.

[deleted] • 22 points • 31 December, 2020 05:31 PM

Yeah projection big time! She keeps saying "lost respect" but from who? Herself?

f3wl • 100 points • 31 December, 2020 05:45 PM

This sounds like it happened in India and she's from an upper caste family. Didn't know things had degenerated that badly there. Just another confirmation of AWALT.

ZealousMaths • 82 points • 31 December, 2020 06:58 PM

She told the guy about the FWBs after marriage, the LTR before marriage. Hubby thought he married a marriage minded girl only to find out he had a slut on his hands. Surprise surprise she runs back to the same city often and husband isn't trusting. But she makes it his fault she kept secrets and played games.

panzer22222 • 41 points • 1 January, 2021 05:29 AM

She told the guy about the FWBs after marriage

I think the worst part is she continued multiple FWB after agreeing to marry this poor guy. Plus she disappeared for months back to these guys after being married...wonder why he doesn't trust her??

[deleted] • 11 points • 1 January, 2021 12:55 PM

He was about to settle down for a nice meal and instead got a half eaten sandwich.

ImS • 6 points • 3 January, 2021 06:25 PM

A half eaten sandwich with just lettuce and jizz left between the slices.

InevitableOwl1 • 36 points • 31 December, 2020 07:08 PM

I am confused why she dated someone out of caste (and I am assuming lower) and spent loads of money on him when the sex was bad. It kind of flies in the face of most of the common red-pill content as he didn't have resources or give her tingles (at least in the bedroom)

So either:

- he was very good looking
- she got off on it being upsetting to her parents
- there is some information missing on this first guy or part of her stories about him aren't true (most likely the bad sex part - seems an excuse for her to sleep around)

dorballom09[S] • 33 points • 31 December, 2020 09:40 PM

Its red pill but different version. Unlike West where hyper sexuality got normalised, south asian countries are still in transitional phase, especially India. So in a normal high school relation in US, the girl doesn't even know what love means but already had sex. But an Indian girl will fall head over heels for some guy and then have sex with him. This is why traditional families used to guard their daughters upto certain age so that no rascal can't charm their daughters. In some cases girls would elope or parents acknowledge the relation and help out the husband to establish him financially.

So in this case the guy is most likely a good looking charming person. With no future prospect or character. Not the alpha male type but a Chad. Average body build and a smooth talker. She was emotionally invested into this guy. With her parents support, she never faced hardship till bf cheated.

Only then her love fog vanished.

With shitty break up her romantic fantasy got destroyed and hamster took over. So her first relation was greatly influenced by emotions rather than physical. Her inexperience also played some parts.

Cristoff13 • 26 points • 31 December, 2020 10:30 PM

The sex was probably good. This is just her trying to badmouth him to make him sound worse than he was, and at the same time coming up with this nonsense justification for indulging in casual sex with multiple guys.

Depressedbadger97 • 8 points • 1 January, 2021 03:05 PM

do men who get casual sex get it often with multiple women?

withrowsprings • 7 points • 1 January, 2021 06:47 PM

Back in my days, student hostels were separated by gender. Male and female hostels. Now, I hear about post-graduate hostels in top tier institutions in cities are integrated or women are freely allowed to visit men hostels. In second-tier cities, the situation is conservative.

The case here is not fully presented from the girls point of view. My guess is, she wanted to get married to the rich beta boy through her parents because the rich asshole boyfriends do not want to marry her. Or, the boyfriends are poor, she wanted a rich guy based on her parents choosing.

InevitableOwl1 • 6 points • 1 January, 2021 08:13 PM

The first boyfriend was poor. The other guys were to have her fun before the arranged marriage.

And she clearly thought he was the biggest beta in the world because she left him for months early into their relationship and also felt she could reveal she had lied about the extent of her past with no consequences

withrowsprings • 6 points • 1 January, 2021 11:10 PM

My own country is getting weird day by day. I think family girls side has a part in this action.

IncorrigibleLee86 • 2 points • 4 January, 2021 08:08 AM

why she dated someone out of caste (and I am assuming lower)*

Parents of Dudes her level can hire better PIs.

dorballom09[S] • 14 points • 1 January, 2021 06:44 AM*

India is in a really awkward position. Their low income village people still place very low value on woman. Which forced the government to implement new gender related laws to stop the violence-discrimination. But these new laws are being abused by urban woman in big cities who has same rights and opportunity as men. Manosphere has the highest influence on India among asian countries(not counting Japan) as a result.

Also their culture-religion is unable to give proper rights and respect to woman. So feminism-liberalism is rapidly spreading like wildfire in there and no one is trying to stop that. Promiscuity is following that as well. For comparison, see the reddit amature porn sub for India vs Pakistan, the two rival countries. India outnumbers Pakistan by a large margin. Things like sex after marriage is on the decline with rising popularity for bf-gf.

Overall India is trying its best to free the hamster. In next few decades, US will run towards its social destruction while India will try to reach the current state of US.

cricklund • 9 points • 1 January, 2021 05:07 PM

Their culture religion is unable to give proper rights and respect to womenLoll big lol.. We literally have ascended women to godhood, women have tons of laws that favours them, you talk about right ? They have fucking privileges.

Unpopular_But_Right • 1 point • 3 January, 2021 02:27 AM

So what's a country where women are fairly lowly valued but also their women aren't butt ugly, to the point that a young, attractive, family-minded woman would be interested in securing a better life with a 40-ish overweight American of middling income?

withrowsprings • 4 points • 1 January, 2021 06:42 PM

When west had lot of diabetes cases in 70s only a few in India had it. Now, India is the largest diabetic nation in the world. Soon, I hope India will overtake west in these aspects also.

kanyewestfishdicks • 2 points • 9 February, 2021 01:56 PM

Tbf, she grew up in America, went to an american college whereas he spent all his life in India before moving. That should've been a gigantic red flag for him.

TweetBirdie65 • 77 points • 31 December, 2020 05:50 PM

She is in denial. At the very end where she replies and claims to have had “friendly reminiscing” after her marriage proposal was made, that sounds like complete bullshit. As a matter of fact I’d be surprised she wasn’t fucking at least one of those guys during the 4 months she went back to her home area. The guy is 100% in the right to be suspicious and I’d want out, too.

Overkillengine • 38 points • 31 December, 2020 06:36 PM

If she makes no effort to avoid the appearance of impropriety, may as well assume impropriety.

ZealousMaths • 40 points • 31 December, 2020 06:59 PM

She said she had no contact, then mentions she did maintain contact. Untrustworthy

InevitableOwl1 • 13 points • 31 December, 2020 07:09 PM

There is lots of missing info. Why on earth did she leave so early on for such a long period of time

Overkillengine • 17 points • 31 December, 2020 09:43 PM

I find it safest to assume that gaping chasms of omitted information are deliberate because giving actual details would make her look worse.

dorballom09[S] • 17 points • 31 December, 2020 09:47 PM*

She deleted her post. That's why I had to add that comment from a guy. She made some additional posts as well completely hiding her past and got validation.

She said in a comment that she had some job to do in her home city.

[deleted] • 7 points • 1 January, 2021 12:58 PM

Yep, sounds like she snuck back home for one last ride on the carousel

u4534969346 • 4 points • 1 January, 2021 02:46 PM

one last ride

this time for sure

RealMcGonzo • 52 points • 31 December, 2020 06:50 PM

Love the part about her explaining all those partners as her having to figure out if she was bad in bed. Yeah, that was it. She didn't really want to fuck every guy in sight, it was all an experiment.

Then later:

I left the city after bidding farewell to the guys.

LOL. Bet those guys tell that story at the bar a lot.

InevitableOwl1 • 21 points • 31 December, 2020 07:10 PM

Yes this just seems to be an excuse. There are several pieces of missing info in this story. No doubt it has been sanitised as much as possible. Which is saying something because she comes across very grubby in this

moorekom • 6 points • 31 December, 2020 10:20 PM

She was kissing some frogs to find out if any of them was a prince.

[deleted] • 3 points • 1 January, 2021 12:59 PM

The hamster was on crack

[deleted] • 49 points • 31 December, 2020 09:59 PM

This is exactly why I usually laugh when someone tells me of the trustworthy Asian/Indian wife.

A couple of years ago at a party I ran into an American-Indian Engineer, late twenties, he had gotten married a month prior (arranged marriage) to an American-Indian woman (also late twenties)... I asked where his wife was. He said "She's touring Europe with her girlfriends for a few weeks before we settle in together."

I didn't say anything, but I have my guesses as to what she was actually up to. I suspect many here do.

Depressedbadger97 • 17 points • 1 January, 2021 03:10 PM

ive been told my whole life women dont even like sex, they were prolly going to museums or looking at memorials.

[deleted] • 3 points • 2 January, 2021 12:10 AM

I'm sure that's it.

[deleted] • 36 points • 31 December, 2020 05:25 PM

I'm just curious, maybe you lovely guys could help me out here but, she keeps claiming she lost "respect" and such, my question did she have any respect before?

Overkillengine • 23 points • 31 December, 2020 09:45 PM

She's big mad that the beta had a spine and isn't going to allow her to cuckold him

InevitableOwl1 • 14 points • 1 January, 2021 09:55 AM

It is quite shocking how much of a beta she assumed he was. I mean she walked out within the first year

and was away for four months

[deleted] • 6 points • 1 January, 2021 01:02 PM

"Trying to find herself"

[deleted] 2 January, 2021 09:54 PM

[deleted]

InevitableOwl1 • 1 point • 3 January, 2021 12:49 AM

The only possible excuse is Covid. But you would have thought that would have been very explicitly mentioned - "I was stuck there unexpectedly"

kaskntithies • 21 points • 31 December, 2020 08:58 PM

She lost respect; meaning she's spiteful that he didn't want to play ball like the doggy she took him for. Good on him for taking matters into his own hands, nobody should have to put up with people like her.

InevitableOwl1 • 7 points • 1 January, 2021 09:59 AM

One of her comments really stood out about just how beta she assumed the husband was - her description of him

She said that she knew he would never cheat on her. Now this is either because he is extremely traditional or she thinks she is so much hotter than him that he could never do better. Or perhaps the usual divorce threat thing but women never openly admit this

My guess is maybe both (or just the looks one) because if it was solely to do with how traditional he was she wouldn't have been stupid enough to leave early on for months. Perhaps that was a big shit test from him that she failed epically.

I do wonder how he found out of whether she blew her own cover by going away for so long and when she confessed he actually had no idea what she would say and it was worse than he imagined

jihoech • 2 points • 1 January, 2021 07:36 PM

I think she told him about her fwb willingly, she has not been caught. Why did she do this? She had to be pretty sure with him.

NoMoreMisterMaybe • 8 points • 31 December, 2020 08:57 PM

Some people spout something weird like "respect is given not earned". Not sure what they mean. Weird people.

Sometimes I ask them where their red nose is.

Emervila • 32 points • 31 December, 2020 07:33 PM

Confession is the key, the cultural factor overrides any shame or blame she can put on him. Notice how she said she accepted the arranged marriage bc her parents, also the guy goes to the father to communicate divorce not to her, that fact tells you this is very cultural related and this guy deeply respects her family. He wanted good evidence for her family to know for sure why the marriage is broken, he's being a rare gentleman within his culture.

She is extremely manipulative, in the oldest OP she says sex life with the toxic ex was "lackluster" but then tells to her husband it was good and she felt loved by her ex until he cheated on her. From east to west in that story,

no wonder why this guy needed to record, in a more western approach I now agree It was needed to record.

moorekom • 18 points • 31 December, 2020 10:29 PM

While I agree he was smart to record her, his approach is just proper protocol in a traditional culture. Notice that this girl didn't bother to learn much about the guy she was going to marry. In Eastern counties like this, arranged marriages are a contract between two families. This marriage was the same. He is pissed off with her and her entire family (rightfully so) and he is taking his issue with the family. They failed to disclose the truth to him and he knows that dealing with them directly is the right way to do it.

InevitableOwl1 • 9 points • 1 January, 2021 10:02 AM

He also seems to have rightly worked out that the family might suspect / know of her behaviour and going direct to them with the recording that backs up what they know is pretty solid as cases go

He wasn't going to get push back

[deleted] • 3 points • 1 January, 2021 01:04 PM

Thought they could sneak it by him but he found out.

nitro-666 • 25 points • 31 December, 2020 09:30 PM

Divorce is a huge taboo in her family.

Whoring around, not so much.

Reality_Is_Illusion • 2 points • 6 January, 2021 03:27 PM

You talk like her family knows/cares about it. It is like an open-secret - as long as we don't mention it - it doesn't exist.

Cristoff13 • 18 points • 31 December, 2020 10:33 PM

She sounds dumb. I'm guessing her husband deliberately goaded her into talking about her casual sex partners while having his phone ready to record. All he would have to have done was complain about him being inexperienced before marriage. This would have set her off about bragging about all the handsome guys she banged just before marrying him, and how she at least wasn't a virgin loser when she got married.

InevitableOwl1 • 10 points • 1 January, 2021 10:06 AM

Yes I am not convinced he found out about them but as I mention elsewhere likely got generally suspicious about how early she left to go home and stayed for so long despite being married in a traditional society

She should have been there trying to make children with him but seemingly go out the first chance she got.

He likely had no real knowledge or evidence of there being lots of other guys after her "toxic ex" but she stumbled straight into a pretty simple set up

[deleted] • 4 points • 1 January, 2021 01:07 PM

Trying to get pregnant to the punjabi equivalent of Tyrone then hurry back home and pretend it was the husbands child

[deleted] • 8 points • 1 January, 2021 01:05 PM

and what a catch she was because now she's had all that experience riding random dicks she'll be able to please her husband better...

Redhood616 • 16 points • 31 December, 2020 11:33 PM

Back in the day, when the town bicycle left to a new town, the guys there would be oblivious of her past escapades. Now thanks to social media, when the town bicycle leaves town, the entire world knows about it.

IncorrigibleLee86 • 3 points • 4 January, 2021 08:19 AM

Bingo. Don't wife up chicks that move around like crazy. Every city is 10 dicks minimum.

sicrm • 14 points • 31 December, 2020 06:09 PM

that hamster is really going

jihoech • 3 points • 31 December, 2020 09:04 PM

Poor rodent.

Kenshin86 • 2 points • 1 January, 2021 12:07 PM

Can someone point me to an explanation of the hamster analogy?

SoakMyBigCork • 1 point • 1 January, 2021 05:32 PM

Google "rationalization hamster" and you can read all sorts of stuff about it. In my opinion The Private Man blog on the subject is the best explanation.

Cr0ssedPaths • 15 points • 1 January, 2021 06:41 AM

Dude was smart to record the conversation for proof. If he gets a divorce, he needs cause in order to save his reputation. She was outsmarted.

No doubt he was told that she had one relationship, but the sex was terrible. Ok, he can overlook that. Then the dam of truth breaks, like it always does eventually, and decides he better start planning for an exit.

There could also be a dowry involved, hence having the dad hear the conversation.

InevitableOwl1 • 8 points • 1 January, 2021 10:09 AM

I didn't even think of that part. No wonder the OP is so mad. The wedding would have been big and expensive so that is humiliating.

Then there is costing her family a dowry as well as the general shame

But it seems her family were complicit in not disclosing her past. Not that they had a choice if they wanted someone traditional to take her

silly_birb • 14 points • 31 December, 2020 11:53 PM*

I cannot see the difference between marrying her or a hooker.

The hooker may even end morally on top since she made the guys pay for the sex.

IncorrigibleLee86 • 2 points • 4 January, 2021 08:21 AM

Hookers know how to put out & will do it to keep your ass happy. They make terrible wives for numerous other reasons.

mjladieman • 13 points • 1 January, 2021 12:09 AM

That's one thing I have to continue to remember while dating. I'm not getting anything new, it's all used and abused

[deleted] • 3 points • 1 January, 2021 01:10 PM

Not all of it, but those girls are definately the minority nowadays and getting harder and harder to find.

Selfmade_3127 • 2 points • 27 January, 2021 12:51 PM

why do you have to explain the world to grown women?

men are hardwired by evolution to *avoid* promiscuous women for long term relationships because this minimizes cheating and paternity fraud! Knowing that a women is promiscuous creates *physical disgust* in men ... that's natures way of telling us "don't invest in her or the offspring, the baby is not yours!" ...
