You mean first degree burn? That's the worst one.

nixonnate32 • 17 points • 14 March, 2020 07:22 PM

Nah, first is just the skin surface. Third is down to the fatty tissue.

Guess you're right.

I-am-the-lul • 5 points • 15 March, 2020 02:04 AM

IIRC, basic burns are 1st degree, the more serious and most painful are the 2nd degree burns and the worse damage but less painful(*due to the nerve ending being destroyed*) are the 3rd degree burns.

No, they still go for looks when they're toting bastard kids around. They just can't usually get the looks they desire.

BobbingForBunions • 164 points • 14 March, 2020 02:04 PM

Whenever a woman makes a claim, it's useful to remind ourselves that "saying it doesn't make it true."

Women lie when the truth is unpleasant or inconvenient.

Honest\_Solution • 87 points • 14 March, 2020 02:22 PM

Women will lie by omission too

UPPERHINGLE • 61 points • 14 March, 2020 02:21 PM

Look at what they do, not what they say.

BoxofMistakes • 37 points • 14 March, 2020 05:45 PM

Women just lie for attention. I've been around enough women to know they lie for no reason at all. They just lie because they're bored.

FerroInique • 2 points • 6 May, 2020 11:51 PM

Gotta keep their tools sharp.

BoxofMistakes • 2 points • 6 May, 2020 11:52 PM

They don't live in the same world as men. They see things completely differently.

BluepillProfessor • 9 points • 16 March, 2020 04:54 PM\*

They lie whenever they feel like it. Lying is like breathing or pumping Chad to most women. It's just something that...happens.

I-am-the-lul • 5 points • 15 March, 2020 02:06 AM

In other cases, adding the words *"for the moment"* works pretty well too.

UpperClassStout • 30 points • 14 March, 2020 03:43 PM

Exactly. She's going to be cucking whoever the fuck she ends up with probably within 6 months. Once his wallet opens for her, her legs will open back up for whatever Tyrone knocked her up in the first place.

redditor\_aborigine • 5 points • 15 March, 2020 02:37 AM

Honestly though, women are not generally the esthetes men are.

Rottinghere • 191 points • 14 March, 2020 10:49 AM\*

*"We no longer go for looks. We go for maturity, stability, loyalty and peace"*

Sooooooooo in other words, you're going for a Billy Betabux. Billy sure does look good now that you're a single mother counting down the time in the wall's waiting room, doesn't he? Of course he does!

As a matter of fact, you've suddenly (and conveniently) come to the realization that Billy was the one you were always meant to be with. He's your "soulmate."

The past doesn't matter at all, only a stable and secure future with Billy matters, amirite?

Funny how that works...

Tweapodok33 • 129 points • 14 March, 2020 11:12 AM

If Chad showed up with some cash and wanted her back Billy would be dumped so fast his head would spin.

RRFdev • 78 points • 14 March, 2020 12:40 PM

The moment Tyrone cleaned his act up and worked a steady job Billy is dumped to the sidewalk and kicked aside.

mustangfrank • 30 points • 14 March, 2020 03:39 PM\*

The moment Tyrone cleaned his act up and worked a steady job Billy is dumped to the sidewalk and kicked aside

That's for damn sure.

And billy would be multiple kicks from him and her.

BlackWinterShinigami • 82 points • 14 March, 2020 12:11 PM

Little does she know Billy found the red pill and realized his worth, and started getting his priorities in order. He now has value, and also realized he doesn't have to settle for some Chad's leftovers and crumb snatchers that comes along with it.

When she approaches, hoping Billy will step up and be a sucker....I mean be a suitable father and husband (cause she now thinks he's her "soul mate.") Billy now seeing she hit the wall at Mach 5 speed, and has cum demons from Chad, he kindly tells her no thanks and walks away letting her realize how she curbed him when she was younger and no kids. PAYBACK'S A B!TCH.

Sorry I had to add a story lol

ninjaboy7 • 36 points • 14 March, 2020 12:37 PM

I love happy endings

mustangfrank • 36 points • 14 March, 2020 03:42 PM

Yo forgot where billy Beta realizes that all single mom's look at Betas as the catch, because Chad and Bob the Bad Ass biker won't pay, so now billy recognizes this and plays the single moms because they are so easy to read. Pump and Dump, then on to the next. Pay back is hell, isn't it?

D45\_B053 • 20 points • 14 March, 2020 09:57 PM

If you wouldn't put your dick in a pile of roast beef that was in a parking lot for a month, why would you put it into a single mom?

Beware the hides of mach.

ronoda12 • 13 points • 14 March, 2020 11:34 PM

When all the betas are redpillied then these parasites will be done. Only thing is they will vote for more welfare by taxing men. Men should vote to remove single mother welfare asap

BluepillProfessor • 8 points • 16 March, 2020 04:56 PM

If we took away the future criminals and placed them with couples there would be no reason for single mothers to be paid \$\$.

mustangfrank • 14 points • 14 March, 2020 03:38 PM

Remember a woman's past is her past that has nothing to do with today. She is a different person. What you see is a change created by needing a bail-out. She is still the same person she was 10 years ago, but Chad and Bob the Bad Ass biker will not pay shit, so billy Beta gets to man up.

Why black americans seems to be naturally redpilled?

asdf333aza • 155 points • 14 March, 2020 01:12 PM\*

Cause black men are exposed to the Tyranny of women from an early age. Now, not every black women is toxic, butt it's like literally 1 out of 100. And even the none toxic black female still likes the Tyrone Peacock type of guy. A lot of these bm come from single mother homes. And then a good chunk of black women are just flat out aggressive and hostile.

Black women have been trying to out compete their men for decades.

A few years ago the "I'm a strong independent black woman who don't need a man" meme was all over the internet. Probably one of the most dominant memes of the 2010 decade. However, the phrase has been around for a long ass time. And we all know how it goes when women say they don't need men. They might not need a man, but they still want you to take care of them. They want to make their own money to use on themselves and their kids(that ain't yours), while spending your money.

Not only that, black woman pick the bad boy types like it's the only answer on the test. They fuck with tyrones exclusively in their younger years. The more face tattoos and baggy pants the better for them. Criminal record? Cheated on last gf? Beating their last gf? Impulse buys a nice car with a shit ton of miles? Takes money from your purse? Can't get a job? Sells drugs? Carries a gun around illegally? Buys clothes they can't afford? These are the characteristics of the men that black women have decided should be passed on to the next generation. Those are the characteristics that they reproduce with and then they act surprised

when their kids do bad in school.

Black women have been willing to throw hands and domestically abuse their guys for decades. And yeah, these chicks will throw closed handed fist and still expect you not to hit them back.

And then there is the trash talk and insults. No demographic alive can talk more shit and throw sharper insults than the African American female. They'll be hitting you and daring you to hit them while calling your mom and sister a bitch and claiming how she told all her gfs that you got a baby dick.

And when black women do date, they think it's the man's responsibility to make sure they look good. Black women are well known for asking their bfs for money to get their nails and hair "did" or to buy themselves some new shoes. Black women literally see their dudes as an atm. A sperm deposit into a black women is synonymous with a bank deposit. They will come after you for money.

And black women have never had an issue getting government aid and child support to buy their kid the latest pair of Jordans. And they the main ones who will ask their baby daddy for child support for the kid and then go spend it on her nails so she can wrap her new nails around another Tyrone's dick. Probably where their younger generation got the idea that they are entitled to other people taking care of them.

kanye's gold digger song was made about black women . In addition to Tyrones, black women love them some peacocks. A dude who wears expensive brands, drives a nice car and always appears to be well kept and showing off all their money. Despite appearing to have so much money, they are still broke. These are the type of black dudes who like to look better and more dressed up than their women. They are the eyecandy in the relationship. And as long as they appear to have money, a African American female is going go for that dick. African American women care about money. This is probably one of their redeeming factors, because unlike other races of females, they wont lie about it.

And now that black women are finally making more money and earning more degrees than their male counter parts, they are flat out nasty about it. They spit and laugh in the face of any dude who makes less than them.

All these deadbeats tyrones knock them up. And then all of a sudden they expect to find a rich, handsome and successful black man to save them. Like a Tyler Perry movie or something. However, the successful black men know better. They know what comes with a black women. That is why most of these basketball players, nfl players, actors, celebrities and everything else be so quick to date outside their race. And black women are soo angry and bitter about it cause they feel entitled to those men's resources.

And there's not enough successful black men for all these "college educated black women" and regular black women too. Literally 100% of women competing for 10% of men here. They'll get knocked up by a Tyrone or a black male Peacock, but they want a educated, tall , handsome and hvm type to settle with. And the issue is those high value males are too smart to date a sm or a African American women who has that attitude that black women are so famous for.

The black men left the plantation long ago. Every black man who leaves his mom's house has left the feminist plantation. Nothing stops them from leaving. Not a marriage, not a kid, not religion, not financial responsibility. Nothing!!!

If you want to see what female lead households lead to look at the black community. You can literally point out a black boy who had a dad in his life from one who came from a single mother home. The difference is astounding. The effects of a matriarchal households can be seen by looking at the deterioration of the black community. And over the past few years, it's not just them. The white and hispanic single mothers are raising boys and girls who are just as degenerate. (Asians Indians don't seem to be having that issue in America.). Female lead homes are why these new generations are so fucked up and cant do anything for themselves. Just like their moms they feel entitled for someone to take care of them because all they saw growing up was

female behavior that showed entitlement. They think they can break the law and taken corners and do whatever they want. They think the world revolves around them because that's what they saw their moms doing. They never saw a hard-working man in the house to teach them responsibility, work -ethic and the value of a dollar. Feminism has them all fighting in the Victim Olympics. They all think the world is too tough and that they deserve help. These new generations aren't even really poor. They just don't have as much money as they THINK they're entitled to.

NohoTwoPointOh • 58 points • 14 March, 2020 01:46 PM

t afford? These are the characteristics of the men that black women have decided should be passed on to the next generation. Those are the characteristics that they reproduce with and then they act surprised when their kids do bad in school.

□□□□□□□□

Brother you said it.

You said ALL of it.

Black American women are the first to say "Black men ain't shit", but they NEVER stop to look at **WHO IS RAISING** these Ain't Shit Men.

If you think gynocentrism in wider society is insufferable, it is *twenty times more concentrated in the Black community*.

Just as a small example:

I was recently banned from the BlackPeopleTwitter subreddit, because I pointed out that the REAL tragedy behind Trayvon Martin's death (which of course was not covered truthfully by the media) was that he was a deeply troubled kid from a broken home who obviously was not getting the guidance that he needed.

Checked the rules for the sub after the ban, and it *literally says that suggesting that Black men need fathers is MISOGYNISTIC*.

The Black American community is so fucking cucked that they prioritize the hurt feelings of bitter single mothers over the health and prosperity of its boys and men, who inevitably grow up to become the Toxic Males that feminists bitch and complain about.

My brothers of other races, let the Black American community be your warning, do NOT repeat their mistakes.

RedPill\_Dragon • 14 points • 15 March, 2020 08:02 AM

I'm Black and I can't imagine my life without my father. He made me. Honestly. Black kids need Black fathers period. This is some BS!

And yep, I avoid such groups since gynocentrism is wack. Man, feeling the tingles now.

RedPill\_Dragon • 9 points • 15 March, 2020 08:03 AM

It has always been this way. Women think that we are looking at some site and I'm like no.... we experienced YOU! You made us this way, it wasn't the media or a book that did it.

DickieDawkins • 2 points • 14 March, 2020 09:29 PM

All I'm saying is that it was delivered in feminism and 3rd wave seemed to hit the hardest. I remember watching it grow and evolve from that to full on socialism. It got crazy around 2011 or so and has been ramping up since

Celticpenguin85 • -1 points • 15 March, 2020 01:00 AM\*

Completely against what?

upsidedownbackwards • 21 points • 14 March, 2020 06:12 PM

It's about to get way worse. Give it 5-6 more years for women my age to hit their 40s and it's going to explode. The number of women who spend a bunch of their divorce money on plastic surgery is astounding. It's going to be really bad in 12 years when the kids are moved out and all these dried up single moms lose a bunch of their benefits and can only get the same social services single guys can. I predict a HUGE surge in homeless women when I'm 50.
