Incels want to wait for sex to come to them like females do.

Female waits: Gets sex!

Man waits: Gets nothing...

NeatNeighborhood • 34 points • 3 January, 2021 11:43 PM

I had to learn this the hard way

Whether its a date or even a social circle, if you dont make the first move to talk to people, you will be all alone in this life, as a man.

[deleted] • 12 points • 3 January, 2021 11:49 PM\*

You need to be aggressive but not too aggressive if you know what I mean. Especially in the time we live in where Chad's horde all the females and leave nothing for everyone else. The inequality of the sexual marketplace is having huge consequences within our society that's causing psychological disease, crime and violence.

I've said it before but we're at a brinkning point where this issue needs government intervention once we're done after with this COVID-19.

NeatNeighborhood • 6 points • 4 January, 2021 12:04 AM

What do you propose the government do?

[deleted] 4 January, 2021 02:47 AM\*

[deleted]

C4yourshelf • 2 points • 5 January, 2021 03:34 PM

The government can stimulate my \*\*\*\*

[deleted] • 7 points • 4 January, 2021 12:31 AM

Well to begin, would be to legalise sex work. They could be many programs and markets the government could work on to reduce inequality in the sexual marketplace.

The government could either ban dating/hookup apps (people should meet in person) or tax them monthly for using these apps. This will destroy opportunities for females to get access to Chad and will put females off from using these apps because they'd have to pay to use them.

What could work would be a government funded socialist program advertised for single men which provides escorts weekly free of charge. Men will be able to get access to sex unconditionally as long as they're Incel/single and provide the evidence that they're. This program is brilliant since Incels will be able to get laid and have there sexual needs taken care of.

I can't really think of anything else at the moment that isn't too extreme or that would effect female rights because we want to keep it fair and equal.

Drumboy168 • 1 point • 25 January, 2021 10:34 PM

Haha you aren't entitled to sex

Weary-Nectarine-4191 • 1 point • 30 May, 2021 11:57 AM

Could you not make the same argument about social programs? You are not entitled to other people's wealth?

Sid\_Insidious • 2 points • 4 January, 2021 03:38 AM

We need to form gangs and run the Chads out of town.

rosenbergstein • 1 point • 9 January, 2021 02:56 PM

If you do try to make the first move you're accused of harassment and banned from whatever social circle you're in

DJSparksalot • 2 points • 17 January, 2021 09:44 AM

Hey that doesn't always work out favorably. Which gender do you hear getting blamed when they get raped for passing out around others? Parties/bars/etc.

[deleted] • 5 points • 17 January, 2021 08:52 PM\*

What is it with you females and your obsession with rape? You're not at risk of rape anymore than men are to be murdered.

In fact us guys are alot more likely (according to stats) to be attacked and murdered unremorsefully (even by their girlfriends/partner). Look men are attacked for all kinds of different reasons but the only difference is that when females are attacked it's usually for a sexual purpose.

An I'm not saying that murder is worse than rape or the other way round. Your statement has no point in regards to my main comment. Females don't send messages or court men online from the comforts of their own home either.

Females are just a bunch of lazy, self absorbed and entitled arrogants c\*\*ts who believe their vagina or body is a great temple that should be earned. Please excuse my French...

ThickAbbreviations18 • 5 points • 18 January, 2021 10:52 PM

Dam well said!!!!.

DJSparksalot • 0 points • 18 January, 2021 04:50 AM\*

How many times have you been murdered? Bet it's less than the amount of times I've been raped. I'll give you a hint, I've been raped more times than I myself have been murdered.

Also source for why you're more likely to be a homicide victim? I get that you're EXTREMELY emotional but your feepees don't count.

[deleted] • 5 points • 19 January, 2021 12:36 AM

Look if you want a serious adult conversation/debate then you'll have to come up with something rational or make sense because I just cant take this comment seriously. All I'm saying is I'm sorry if you've been raped multiple times, you must be just unlucky/unfortunate but you're comparing your life to mine and that's a very poor argument. Most females aren't getting raped in general like you're making out to be like there is a rape culture or rape epidemic that feminists are spewing all over society.

Ummm what? Your calling me extremely emotional. You...an actual female! (the branded emotional gender!) calling me extremely emotional lol. I think you took my previous comment out of context to be honest but then again, I think it's you who's been very emotionally compromised over my comments right from the start.

DJSparksalot • 0 points • 19 January, 2021 02:57 AM\*

Please calm down your irrational emotionally charged rant is quite incoherent.

Let's try to stay on topic. The subject that caused you to have this multiparagraph hysterical fit was "your feelings" not being "homicide statistics".

I wanted to see what homicide statistics you clearly referenced, what with your highly rationally gendered brain and all. Surely you can cite a single source or personal experience?

MrDoctorOtter • 0 points • 6 January, 2021 09:19 AM

Wowee. You're one sad dude.

[deleted] • 6 points • 6 January, 2021 01:24 PM

Making a point does not make me sad. I don't understand why there is some men like you who have this mentality when they're the enemy. We're on the same team man. Whenever feminism/Females hurt men, you're included and will be dragged down to our level too.

Drumboy168 • 1 point • 25 January, 2021 10:35 PM

Because it doesn't hurt us, you're just toxic. Nobody except incels has any problem with the way things are.

**It's literally just you guys**

glintglib • 3 points • 3 January, 2021 11:24 PM

How to even lift a polar bear trap?

Creative-Anxiety-244 • 8 points • 4 January, 2021 10:53 AM

This actually applies to women more than men since they are the ones who wait for guys to approach them  
lmfao. Just go over at FDS/pink pill feminism to see all the landwhales and mentally deranged women crying about not being in a relationship with a chad.

If you want to find chad go to low income neighborhoods or inner cities or drug dealing spots. Chads are normally gang leaders where women would sacrifice even their kids to suck coke off his cock.

QuarantineEarbud • 15 points • 3 January, 2021 01:45 PM

Willow-girl • 8 points • 3 January, 2021 02:19 PM

hallucinatrionic • 9 points • 4 January, 2021 07:55 PM

I don't understand how they thought this was a good meme. This is precisely what women do.

[deleted] • 25 points • 3 January, 2021 07:28 PM

0 matches after 1 million swipes on tinder, then after 1 chadfish pic on profile: 10 matches, 15 minutes.

I guess "just be out there" really works!

spacechicken1990[S] • 13 points • 3 January, 2021 07:42 PM

Nah uggos should avoid old It'll only crush you.

[deleted] • 13 points • 3 January, 2021 07:53 PM

You mean to say looks only matter on OLD and not IRL?

RedPill\_is\_a\_cult • 16 points • 3 January, 2021 09:32 PM

First impressions matter. And on OLD, first impressions weigh more heavily to the visual. You can't capitalize on things like a quick wit, situational humor, or leveraging networking (a trusted mutual friend vouching for you).

[deleted] • 3 points • 4 January, 2021 03:52 PM

You can't capitalize on things like a quick wit, situational humor, or leveraging networking (a trusted mutual friend vouching for you).

I asked whether looks matter, or not. If they mattered to the point of people ignoring all the above qualities you just stated, then it goes without saying that we should focus on that first.

RedPill\_is\_a\_cult • 2 points • 4 January, 2021 07:02 PM

I asked whether looks matter, or not.

No, you asked if looks matter *only* on OLD and not in person. There's a very important difference there. Looks matter, varying by person in importance (and varying in specific qualities looked for), but they tend to be weighted more on OLD than in person.

My first advice would be to learn to love and accept yourself, regardless of what method you go about looking for dates, because a weak foundation of low self esteem is only going to hurt your efforts.

Then, find the method that leverages your strong suites.

[deleted] • 1 point • 4 January, 2021 07:11 PM

Then, find the method that leverages your strong suites.

So plastic surgery it is then.

spacechicken1990[S] • 3 points • 3 January, 2021 08:15 PM

Yep.

I'll take my downvotes & angry comments now pls xx

[deleted] • 3 points • 4 January, 2021 04:18 PM

Oh well, guess I see why Jeremy meeks had such a good personality. His looks didn't matter IRL and women liked his personality for beating a kid close to death & cheating on his gf who bailed him out.

grigor47 • 0 points • 3 January, 2021 08:52 PM

Or get better pictures!!

grigor47 • 5 points • 3 January, 2021 08:52 PM

And conceal your ugliness

[deleted] • 2 points • 4 January, 2021 04:16 PM

Isn't that called catfishing?

grigor47 • 1 point • 4 January, 2021 06:27 PM

Or just show a better angle, having good pictures is important and not a lot of guys do it very well imo.

I've never really struggled too much with OLD but I noticed a huge jump in matches when I recently updated some of my pictures to some really well shot outdoor shots of me rock climbing. Of course I see myself as having a lot of good qualities to start and the pictures simply demonstrating said qualities better.

[deleted] • 2 points • 4 January, 2021 06:55 PM

I've never really struggled too much with OLD

Well, you don't have to struggle if you're good looking. But a 'better angle' won't save a balding head or a recessed chin with no jaw. We're not fat to take skinny angle shots.

grigor47 • 2 points • 4 January, 2021 08:44 PM

Hey man, was looking through your posts and stuff seems like you're struggling with some self image problems and have fallen for the trap that if you aren't Chad or 7 feet tall you'll never get laid or find someone who likes you.

I'm a firm believer that you are more than raw looks which don't last and your height which only matters depending how tall the girl is. I'm 5.9 and balding and by your standards I'd be fucked but I'm not, I get around 5 matches a day on OLD and love talking to random women.

The key is self improvement and self love dude. My hair was bothering me so I shaved it off, you talk about having a shifty jawline but have you tried fixing it? Either with braces, strengthening your jaw muscles(pack of gum a day), or breathing techniques(mouth breathing causes you to have a sunken in jaw) you can begin working on those issues. It sounds like you have a good job which is awesome, leverage it to upgrade style, read books to become interesting, pick up interesting hobbies (I hit on girls rock climbing all the time), start lifting (I lift everyday because I love it).

This isn't PUA shit man, this is treating yourself as the main character in a videogame and self love. I also think its important to find rolemodels of confident men to help guide yourself. Either way, it's not a fast process but it beats thinking you aren't worth it....feel free to direct message me man

Harkmunt40 • 3 points • 23 January, 2021 11:03 PM

Except in my case I put myself in many social settings in hopes of finding a mate but being 5'4 is basically like being invisible no matter where I go

mtorres266 • 15 points • 3 January, 2021 07:32 PM

I wouldn't call myself an incel, because I don't go around being desperate as hell begging for sex and being an asshole, but I have given up on finding love

I tried a couple times, but obviously failed, so eh, I'm 19 now, only about 50-60 years till I don't have to deal with that

mae1995111 • 5 points • 4 January, 2021 01:16 AM

I wouldn't call myself an incel, because I don't go around being desperate as hell begging for sex and being an asshole

No incels actually do that. It's just a cope unattractive women use by forming an imaginary group of unattractive men, labelling them with the most undesirable characteristics so that they can say 'ha look at how sad incels are' so they don't have to face the fact that they are unattractive themselves and that their

match is actually the men they shame online.

FrequentPangolin • 3 points • 4 January, 2021 06:43 AM

With that attitude you're probably going to give up on a lot more in life.

mtorres266 • 3 points • 4 January, 2021 11:25 AM

Probably yes

FrequentPangolin • 0 points • 4 January, 2021 04:19 PM

Is that how you want to live your life?

mtorres266 • 1 point • 4 January, 2021 04:41 PM

No, but I don't see a way I can change it, I have issues, it's not just because I can't get a gf, I got a very low self esteem and feel unlovable, among other things

FrequentPangolin • 1 point • 4 January, 2021 05:07 PM

You see you have issues and you should seek help for them

mtorres266 • 3 points • 4 January, 2021 05:13 PM

My goodness, what an idea, what didn't I think of that

FrequentPangolin • 1 point • 4 January, 2021 05:15 PM

Okay so you did realize that was an option. Why give up instead?

mtorres266 • 1 point • 4 January, 2021 05:20 PM

Because I tried, and I failed miserable

I know that if I was persistent and tried a bit I could probably get at least one person to be with me, but I hate the feeling of heartbreak, so I'd rather not do it

spacechicken1990[S] • 13 points • 3 January, 2021 07:41 PM

Are you on your period ? Maybe you need some anxiety medication ? Women commonly suffer from anxiety disorders.

[deleted] • 3 points • 4 January, 2021 08:44 AM

Most 19 year olds are already based and red/blackpilled. I think it really only requires a tiny bit of critical thinking to realize that women are having sex, but just with the top percentile of men. Hell, just by being around "chads" I heard them talking about having threesomes with some of the hottest chicks in my school. No cap either, you just can't make this shit up lmao.

mtorres266 • 3 points • 4 January, 2021 01:44 AM

I may be 19, but I just accepted that I might just never find love, so oh well, that's it I guess

[deleted] • 4 points • 3 January, 2021 09:19 PM

hallucinatronic • 1 point • 4 January, 2021 07:32 AM

19 is super young to consider yourself an incel. Are you super disfigured, super short or otherwise really ugly or what?

mtorres266 • 1 point • 4 January, 2021 11:24 AM

No, I think I look good, but I just have no confidence at all and low self esteem feeling unlovable, so that's that

hallucinatronic • 1 point • 4 January, 2021 07:27 PM

Once you realize that women aren't special and they're kind of cunts for acting like objects that must be approached by the right men, your lack of confidence won't matter with them, I think.

\_mwk • 1 point • 4 January, 2021 09:44 PM

you're setting yourself to be an old man forever chasing after a lost youth you "gave up" on, you're 19. you have all the time to glow up and get confident

mtorres266 • 1 point • 4 January, 2021 09:54 PM

Heh, I'm only 19 and I already wish I was like 8 years old again

Maybe I'll regret it when I'm older but rn for me the best option seems to just focus on my job, get money get my own place, and do that for the next 50 years or so, then after I retire, well, idk just live I guess

Boring life but that's the best I can do

\_mwk • 1 point • 4 January, 2021 09:58 PM

no you'll do that when you're old and serious and boring. now you're young and fun. now is the time to make friendships and create ties and good memories to look back fondly on when you're 50, not even necessarily date, just cultivate a good social life and go after what you want, make mistakes and grow, not what some loser middle aged dad or bitter old woman on the internet tells you to do.

giving up and shutting down at 19 is how you end up a late bloomer at 29, and that's not something anybody wants

mtorres266 • 1 point • 4 January, 2021 10:56 PM

Well they say high school years would be the best in your life, well I spent them alone and barely any friends, I skipped prom cuz I didn't have anyone to go with, platonic or romantically, I only went to graduation cuz I was forced, and hell, my best memory from high school is when in the senior trip, a girl from my class told me my hair looked nice

Now I got a job working 10-12 hour shifts, I need money, and I just don't have time or energy to go out and make friends even if I had the confidence and self esteem

Besides, everything fun is closed now

\_mwk • 1 point • 5 January, 2021 09:23 AM

high school sucks that's not true but the couple of years after high school should be fun, and about socialisation. you do you my dude but my advice is to make strong friendships and good memories while you're young and cherish and maintain them, it gets harder when you're older

mtorres266 • 1 point • 5 January, 2021 12:53 PM

Grammatically speaking, both men and women are objects if the conversation is about them.

You've been objectified!

Women are cancers to society. If women didn't sleep with criminals there would be no violent crime. I don't know why men allowed them to have the vote. So stupid.

Isn't this how women approach dating? They're just more successful at it because female privilege

It's not privilege. Women dress like prostitutes and show off their ass and tits to get CHAD attention, not just any regular man.

I despise i can't just touch whatever woman I want. Why do they exist if I can't grope them ? :(

A 30yr chicken is obsessed with incels? Who woulda thought!

spacechicken1990[S] • 11 points • 3 January, 2021 05:40 PM

I absolutly loveee the fact you all think I'm 30 & use this as a perceived insult to invalidate my claims.

heckin-incellerino • 10 points • 3 January, 2021 05:55 PM

think im 30

literally has 1990 in her(male) name

hmmm..

Noodles\_R • 4 points • 3 January, 2021 06:06 PM

Still not a cause to invalidate her. She's a great, sensible contributor

heckin-incellerino • 9 points • 3 January, 2021 06:22 PM

bruh quit the whiteknighting, shes not gonna reward you with her used up goods. im not invalidating her, just pointing out a small detail

spacechicken1990[S] • 5 points • 3 January, 2021 06:40 PM

How do you know that? I could be reaching through my screen rn & „rewarding“ her with my „used up goods“.

Ive always wondered how you think white knights work, like do I magically give them fucks through my phone screen?

heckin-incellerino • 10 points • 3 January, 2021 08:23 PM\*

Ive always wondered how you think white knights work, like do

they get a dopamine hit every time they pretend to be an ally of women. if he acts nicely to you he will feel like hes earning imaginary brownie points that put him closer to getting some coochie someday - not neccessarily only from you. its similar to situations when you go out of your way to help a stranger in need - you feel feel good about yourself afterwards at least somewhat temporarily. its the same thing except he didnt need to prop you up in front of my eyes

Noodles\_R • 3 points • 3 January, 2021 06:25 PM

I'm a woman ... I read and genuinely agree with most of her contributions.

hallucinatronic • 7 points • 4 January, 2021 07:53 PM

I'm a woman

Who the fuck cares? Most of her contribution are incredibly myopic and are based in the notion that men aren't contributing in good face based on lived experiences. So what's the point?

Noodles\_R • 2 points • 4 January, 2021 07:54 PM

You care enough to respond to a day old thread ... this is a debate sub, people won't always agree. It's what makes the world turn.

And I said I'm a woman because I was accused of whiteknighting - another useless buzzword used by men to try to take other men down.

hallucinatronic • 2 points • 4 January, 2021 07:58 PM

Whatever. Women sit around and wait for male approaches. That's the entire problem with modern dating. Women constructed rules that are designed to penalize men socially for approaching or escalating, when neither of those things

are performed by women. The rules are constructed as if men should be the ones waiting for female approaches, yet women never approach. They actually do exactly what's in the meme.

So how is it a good contribution? It's fucking retarded, like most of spacechicken's posts.

Noodles\_R • 1 point • 4 January, 2021 09:24 PM

It's purge week. The calibre of contributions isn't exactly high. It was just an amusing commentary on how incels complain but don't appear to do anything to attempt to improve themselves (neets etc).

Banned\_BY\_SOYMEN • 11 points • 3 January, 2021 07:01 PM

Of course you agree with most of her contributions, she validated all of your preconceived beliefs.

Noodles\_R • 1 point • 3 January, 2021 08:06 PM

Or you know, maybe we're both actual similar people that exist outside this echo chamber

Kaisha001 • 4 points • 3 January, 2021 08:29 PM

You ARE the echo chamber...

Noodles\_R • 3 points • 3 January, 2021 08:52 PM

Bandit174 • 1 point • 3 January, 2021 06:50 PM

I wouldn't use it as an insult but I also thought the 1990 referred to your birth year ☐

Aishita • 1 point • 3 January, 2021 10:42 PM

Your claims would still be worthless if you werent a 30 year old edgy single mom.

Aishita • 1 point • 3 January, 2021 10:47 PM

regardless, your claims are still worthless

cografyakaderdir • 6 points • 3 January, 2021 05:19 PM

do you even know what incel means?

[deleted] • -3 points • 3 January, 2021 07:18 PM

terrorist

cografyakaderdir • 5 points • 3 January, 2021 08:11 PM

i don't think that 30 percent of young men are terrorists.

[deleted] • -2 points • 3 January, 2021 08:54 PM

if i continued on the joke i'd say that if 30 percent of men identified as incels then yes they're terrorists

but since people didn't take it as such i'll go with an serious answer: your reply implies that you think that all men who haven't had sex in one year identify as incels, correct?

if so, i think the rather conservative-leaning institute of family studies would disagree with that assessment.

cografyakaderdir • 8 points • 3 January, 2021 10:13 PM

inceldom is not something that you identify to be. you can be incel without even knowing what incel means.

and i have read that thing before and read it again now. it says that incels are wrong and this situation is only like this because of the declining marriage rates (without explaining why women's sexlessness isn't changed while men's sexlessness is getting higher ofc). and i agree on that. people posting on incel forums would be married if they were born earlier.

the number is maybe be *not that* high (and we could argue about that male volcels, many men are claiming to be volcel despite being incels actually) but i don't think incel=terrorist is a sensible way to think.

FrequentPangolin • 2 points • 4 January, 2021 06:46 AM

Nah. You have to identify as an incel to be an incel. They have more specific characteristics than just not having sex.

hallucinatrionic • 1 point • 4 January, 2021 07:50 PM

Specific characteristics that change depending on whichever woman is using them to shame a man at any given moment.

So in essence a man can be called an incel despite having sex, because it's convenient to some political troll, but men in their early 20's that are ignored by women can't have an identity and aren't allowed to talk about it.

[deleted] • 7 points • 3 January, 2021 11:41 PM

if i continued on the joke i'd say that if 30 percent of men identified as incels then yes they're terrorists

This is utter lies. Incels are harmless men. The bad guys are the ones women sleep with.

Must be why this FBI agent married the terrorist she investigated right?

No but they aren't harmless

I\_CAPE\_RUNTS • 2 points • 6 January, 2021 05:21 AM

hallucinatron • 2 points • 4 January, 2021 07:34 AM

Most terrorists and mass shooters have relationships with women that worship them tbh.
