

How to become an alpha male chad?

April 26, 2020 | 1 upvotes | by [yourhabibi101](#)

I've been rejected by every girl I know so far. Options are looking slim, been watching mgtow and redpill a lot. I can see why, but how do I become the guy that all women want? I feel like there's no hope for me since I'm only 5'6". Any tips guys???

Bruh I feel you. I was the same when I started college at 18. That first year I hated it but I started hitting the gym and started wearing Supreme and red bottoms n all. I'd post pics on IG and started flexin everywhere. I started getting all the MSA girls and so many sorority girls too. I hated it because I felt like an fboy and I still do sometimes now but I've become so much more confident man.. Now the flexing has become a habit and I hate it but I'm just stuck in this mode now... Good luck to you, my man.

Yah if you want shallow.

Women are told in hadith they should only judge potentials based on their Deen, which is, of course, totally unrealistic to expect the way people are these days, but money will only bring thots into your life.

If you lack looks - money will do the job. But being a Alpha Male Chad - is not something you should strive for. You should strive to be a Mujahideen. Being a truthful and bold Muslim will be enough to be a Mujahideen. If you become that - Your will be something greater than a Alpha Male Chad. You will be a true salve of god. And if the girls around to you are not attracted to a true slave of God - but are attracted to Looks or money - They are not worth your time. Shallow Girls cannot bring you happiness, they will make your life a living hell. Don't be afraid to go MGTOW.

This is what you wanna shoot for. You are a muslim. Going after body counts is the last thing that should be on your mind. I am a revert, I am 5'6, I was by no means a Chad but I had my fun. Sure "easy for me to say", but girls that want Mr. Dreamboy are ALL A WASTE OF TIME. If you ever score a real girl to add value to your life (and hopefully vise versa) focus on your Deen, get in shape, and make sure you can at least be an economically feasible match for that type of girl.

How many Islamic girls flock to you considering you're a revert? Some people assert that non-white girls all want a white man.

Actually black guys are the wave

Beyondthet 1 points 27 April, 2020 11:09 AM

No skin colour is the 'wave.' You either look the part or you don't. This is something men who fit in this category have the privilege of knowing at a young age. When you're Chad or Tyrone, you know you're Chad or Tyrone usually very early in your life and it carries on that way until it catches up to you and it usually does. Of course 80% of men don't fit in that category so they have to put in double the amount of effort to get the same results.

Been single a while because I lack connections, also been having trouble with stable work. It is an advantage but the whole "white skin = Chad" trope is so overplayed.

You should go to a local mosque and find a matchmaker. I would, however, advise you to get your financial life in order before you do that, though. As for "white skin = Chad," that's indeed not true as Chads come in all colors but it is, however, true that having white skin is seen as a privilege: you are treated better in non-white countries, and non-white females that grow up in white countries often hate themselves because they are under-represented so they have a preference for white guys to the point they won't even consider somebody of their own race; think about Indians and Chinese girls.

To be fair. He doesn't suggest to be going for body counts. I interpreted it as he just wants to be liked by more women so he has more options. So many Muslim men can't get potentials because they don't look the part. So his question does make some sense (although I disagree with it and replied to him in my own comment)

Shallow girls WILL make your life a living hell.

Most of them are shallow. Let's not kid ourselves.

RREEEEEEEEEEEEEEEEEEE 1 points 27 April, 2020 06:14 AM

When people speak of Chads, they usually mean they want to become a "slayer." As in having a high body count.

theweirdreplyguy 1 points 27 April, 2020 06:19 AM

I honestly think that this is part of the problem. I know its natural to want a woman in your life, but we gotta stop wanting and needing them to this extend, especially nowadays. I mean what then? what if you were "chad/Tyrone"? you think you gonna find that unicorn you've been looking for. you won't because there are no unicorns. your problems will not go away because you became more of an 'alpha'.

however, you can become more 'alpha'/masculine. this should actually be something we should all be striving for. and since you mentioned your height, take the example Ali (RA), he was as masculine as a man can be, yet he was about average in height but leaning towards the shorter side. if your 5'6 you're only about a couple of inches off the average height...you are a man

bro, being a man is a state of mind first, then physical. practice your religion, fear Allah, and make physical improvements. like the brother said, be a Mujaahid. so long as our lives are centered around getting a woman or being with a woman, we wont reach far.

Chads are born, not made.

Beyondthet 1 points 26 April, 2020 08:56 AM

But being a Alpha Male Chad - is not something you should strive for.

Please read this 10 times and commit it to your memory.

And if the girls around to you are not attracted to a true slave of God - but are attracted to Looks or money - They are not worth your time. Shallow Girls cannot bring you happiness, they will make your life a living hell.

Then read this another 10 times and again, commit it to your memory.

Exactly. This is what you should strive for. Being a Chad will not help you with anything. There are plenty of Chads facing serious legal issues that we know of. Improve your life for yourself, not for the sake of superficial women because they will bring you nothing but chaos. Especially if you don't understand female nature and the Redpill.
