

Sugar baby sex worker complains that men are cheap because they won't pay her bills any more, resorts to man-shaming because "the pandemic has made men cheap." Her 'coworkers' feel the same way. (Do NOT make comments about simps. And absolutely no tracking down the OP for any reason.)

So a pandemic makes men cheap and demanding?

I'm in camming from being an SB for 4 years. I absolutely love it but I made \$30 tonight with a shit ton of guys in my member/free chat and 2 privates! So you're just going to hang out and chat with a chub? 🙄 Where I cam is a total pain in the ass but at least there's traffic.

Yes, I feel you. I've been getting so many idiots and timewasters since the virus hit my country. I've never really had issues with that before the pandemic.

Yesterday I had a guy tell me "I read your ad thoroughly and I can't find your rates for 30 minute incall. How much?". The thing is, I never do incalls and I don't do meetings shorter than an hour. This is very clearly stated in my ad. This is the first time in like 6 months someone has asked me for services I state that I don't provide. I swear, this virus makes men stupid.

Stitch It!

It's too bad these women don't have the foresight to do things like "save money" or "live below your means" in the event your source of income suddenly dries up.

But, what do I know cruising through this quarantine like it's a 45 day paid holiday.

Land_of_the_Losers • 166 points • 3 April, 2020 01:20 PM*

Pfft! Next, you'll claim that the Roaring twenties, Japan's 80's bubble era and Dutch Tulip Mania weren't permanent economic states which continued to exist for all time. Now spend spend spend, you tightwad jerk! She's got very important lip gloss and dildo attachments to obtain.

sleepyweaselisawake • 146 points • 3 April, 2020 01:35 PM

Economic downturns are the social constructs created by the patriarchy! Men have infinite money and shouldn't be hoarding it for themselves. Porn isn't free! It take a lot of time and effort to get naked and make a low quality, low effort masturbation video where I say names!

NobelPeacePrizePepe • 60 points • 3 April, 2020 02:46 PM

Maybe the thots should get together and all pitch in for an anti-piracy ad like the MPAA did back in the day.

"You wouldn't steal a thots car!" No, I wouldn't, but I also sure as fuck would never pay for it.

sleepyweaselisawake • 42 points • 3 April, 2020 02:54 PM

How is it stealing? If Target gave me unlimited access to any product I want and all I had to do was show up and be subjected to some ads that I'm not going to pay attention to, I'm sure as hell never going to spend money at Walmart.

If that makes thots feel bad who fucking cares? It's a free market. Not everyone gets a trophy.

BluepillProfessor • 16 points • 3 April, 2020 03:49 PM

Have you tried watching HULU with the ads? It is unwatchable.

sleepyweaselisawake • 19 points • 3 April, 2020 03:56 PM

I don't have Hulu. I have Roku with subscriptions to Netflix and Philo, anything else I stream is free. The only ad I fucking despise is the Peyton Manning/Country Bumpkin insurance ones.

If Nationwide offered to insure all my assets for life, for free, at 10K times their current value I would say no because I fucking hate those commercials.

I don't like or dislike those commercials but I love your hatred for them. There are lawyers and dealerships near me that I will never do business with because of their commercials.

sleepyweaselisawake • 5 points • 4 April, 2020 03:33 AM

I don't pay much attention to ads, but when I see one I really hate I boycott the business entirely. It's nothing more than petty revenge, but it makes me happy.

Hence the additional fee. Conveniently the base price is less than other similar non-ad based product offerings and the ad-free price is more than similar non-ad based product offerings.

Back in the day I used to honestly think women only stripped and Did coming to get them out of a financial situation or pay for school or something like that never as a long-term career. I guess I'm giving them too much credit thinking that they're smarter than they actually are for them it's just fast easy money to blow.

sleepyweaselisawake • 44 points • 3 April, 2020 04:55 PM*

"it's just fast easy money to blow."

That it is an infinite source with absolutely no future consequences whatsoever. Because as soon as they start to realize they made some poor life choices it's "insecure men" who are at fault.

Professor_Q • 39 points • 3 April, 2020 04:58 PM

When is it not men's fault ☐

sleepyweaselisawake • 30 points • 3 April, 2020 05:05 PM

Never. Which is why it's best to invest as little as is necessary for a woman to decide to bang you for awhile then move on.

Red_Pill_Dynamics • 8 points • 3 April, 2020 11:03 PM

Absolute truth.

The more the "affair" lingers, the more the woman will demand more of the man. This is when it gets more expensive, more time consuming, more stressful and more one-sided in her favor.

sleepyweaselisawake • 6 points • 3 April, 2020 11:27 PM

There's nothing better than a woman who shows herself out of my life with no fuss.

they can rely on mommy and daddy and if that doesn't work there's always daddy government

BoltharHS • 34 points • 3 April, 2020 06:28 PM

Couldn't agree more. We know that cam girls, escorts, sugar babies, Twitch thots, etc. get paid and paid well. Yet all over Twitter I see that they are suddenly in a catastrophic circumstance. When I worked for a big corporation I socked away significant savings because I knew that some day the music might stop. That money ended up enabling me to put myself back through a public 4 year college, debt free. Their poor planning is our crisis.

sleepyweaselisawake • 28 points • 3 April, 2020 06:41 PM

"Their poor planning is our crisis."

Not as long as you're not paying for their "services." Frankly, I don't understand why anyone would pay for low quality, low effort amateur porn when there's millions of videos available for free.

BoltharHS • 8 points • 3 April, 2020 08:16 PM

Oh, I don't. I think it has something to do with the perceived personal touch. If a girl does a custom video for you, or shouts you out in the chat, or puts you on a newsletter or list of patrons it makes men feel a connection. It's fleeting and artificial, but a connection nonetheless.

sleepyweaselisawake • 15 points • 3 April, 2020 08:31 PM

Because names aren't common? She could make a video with the name Sam and call it "custom" while she sends it to hundreds of people. It amazes me how easily people get scammed.

I see escorts regularly who charge between □30,000-□40,000□and I don't hear these women complaining about money troubles or treating their clients like shit. Granted I am in Japan and not a western country, but it does paint an interesting picture. The trashy cam girl who acts like a bitch and gets money from men she doesn't even see is broke while the high end escorts who dresses nice and actually fucks men to satisfy them is not having to worry about money.

xMB99 • 93 points • 3 April, 2020 02:59 PM

Always knew it would turn out like that. A lot of strong independent women have lost their real jobs due to most businesses shutting down or cutting their hours so now they have to resort to various methods of prostitution to make to make ends meet.

SirKolbath[S,M] • 89 points • 3 April, 2020 03:22 PM

Businesses can afford to hire women who do half-ass work only when times are good. Once they start tightening their belts, it's going to be the men who do the heavy lifting that keep their jobs.

BoltharHS • 25 points • 3 April, 2020 06:34 PM

I read 2.5 million new sign-ups, 60,000 of which were new content providers. I hope this doesn't become the new normal. If there's enough thirsty simps to support these sad substitutes for escorts then why would women do anything but low effort (and low value) camming?

WiseMonkeyGoodMonkey • 16 points • 3 April, 2020 09:25 PM

There's only so much disposable cash in a downturned economy. I'd imagine only the women providing real up close and personal services are going to continue to make any real money.

Svartanatten • 12 points • 3 April, 2020 04:23 PM

thisisnotyourconcern • 19 points • 3 April, 2020 04:33 PM

Svartanatten • 10 points • 3 April, 2020 04:34 PM

Well sanders made the most sense for the DNC. He's the only guy that could beat trump and had overwhelming support. the DNC knows he's a loose cannon. They want a yes man and Biden is that guy- he can barely speak coherently and he's been hiding behind the scenes during this whole pandemic. Done nothing to assuage the fear of the American people like a leader should.

thisisnotyourconcern • 11 points • 3 April, 2020 04:20 PM

Don't you mean Biden made the most sense for the DNC? Given your next sentence, I'm sure that's what you must mean.

Having looked at Joe Biden's mental health, I wouldn't vote for him on those grounds alone. There's a really saddening (and I mean this without judgement) video clip of him whereby he can't even tell which way the camera is facing and he just looks and speak in a different direction. I wouldn't want that man leading anything, must less the most powerful nation on earth.

A lot of Democrats seem to be going that way, though. There's a clip going around of Chuck Schumer yelling at a chair, for example.

putdisinyopipe • 13 points • 3 April, 2020 04:32 PM

Huh. It's almost as if a lot of people are about to be laid-off and they're less predisposed to shelling-out big bucks on a non-essential service of dubious value. Why, it nearly resembles a situation in which the times are not as conducive to moneymaking and freewheeling spending as they once were.

LordGraygem • 19 points • 3 April, 2020 03:01 PM

If you're going to pay for something non-essential right now, you'd get better value for that money buying a video game, a book series you've been wanting to read (but never had time to get into), or some season DVDs for a show you want to get into.

And shit, if you're such a tool that you need to *pay* for something to beat your meat to, all three of those categories are bound to have something to scratch that itch.

SirKolbath[S,M] • 26 points • 3 April, 2020 03:31 PM*

I've mentioned this at the TRP subreddit, but I use a \$10/hr breaking point. For me to buy a luxury item, I must receive a worth in return of at least \$10 per hour value.

For example, if I spend \$60 on *Borderlands 3*, I had better play it enjoyably for at least six hours.

If I buy a new computer for \$1,200, I had better get 120 hours of successful use out of it.

As the esteemed Robert Heinlein explained in *Starship Troopers*, Value is a *relative*. It is not an *absolute*. We've all seen people buy something and thought, "Why the fuck would he blow that kind of scratch on something that stupid?" It's because value is relative, and it is comprised of *cost* and *benefit*.

This is the most simple part of economics and it's where all the dipshits clamoring for a \$15 an hour minimum wage show their asses. In order for a job to be worth \$15 to the employer it must generate at least \$16 in benefit for that employer. Flipping burgers simply doesn't generate that much benefit-- when their backs are shoved to the wall burger joints simply laid off half their staff and installed ordering kiosks and switched to free smartphone apps.

Congrats, kids. You got half your friends laid off. Great thinking!

Paying a camwhore \$60 an hour or whatever they demand is *at best* going to generate \$60 worth of entertainment. This blatantly violates my \$10/hr requirement.

where_muh_good_mens • 13 points • 3 April, 2020 04:18 PM

It's funny, I went into a burger joint and the cashier told me to use the kiosk. I said, I'm paying with cash not card and she came over, entered my order in the kiosk, then went back and took payment at the register. I don't think the irony of her requiring me to automate my order bestowed her poor, uneducated mind.

I've found an audiobook of that novel on YouTube. You can listen to it here:

BoltharHS • 7 points • 3 April, 2020 06:37 PM

Not bad reasoning, but I do think you need to take into account premium services. For me, an hour getting a raw blow job would trump an hour of Netflix or a video game by far, therefore be worth more to pay.

SirKolbath[S,M] • 7 points • 3 April, 2020 06:39 PM

I feel that a blowjob worth paying more than that certainly wouldn't take an hour.

Incorrect. Minimum wage was *never* meant to be a family supporting wage. Nor should it even be an existing thing; as stated, the job is simply not worth as much as the government mandates the salary.

However, this is not the subreddit for such discussion.

Edit: This is a subreddit for discussion of women's dual mating strategies. It is well within the authority of the mods to end discussions that wander afield from that purpose.

The final word on this shall be in two forms:

1. You quoted FDR, the guy who literally thought throwing Asian Americans into concentration camps was a good idea. Hardly the person I'd look to regarding what is considered "livable".
2. The FDR quote regarding minimum wage has been debunked so often and so easily that it

literally takes less than three seconds to Google it.

Next time a mod locks a thread and tells you it's over, I suggest you leave it at that.

Fuck that, the virus made these cunts greedy. I make use of camgirls from time to time, and I noticed over the last few weeks is every thot has jacked their rates up figuring that lonely simps wouldn't notice pornhub giving out free memberships to their premium content.

Neo-Shiki • 69 points • 3 April, 2020 01:19 PM

I never understood the need to pay camgirl to be honest. You have so many porn website, why you should pay fifty buck just to see a girl undress , or play with a dildo ?

sleepyweaselisawake • 37 points • 3 April, 2020 01:54 PM

I wonder the same thing. There's nothing a cam girl can offer that hasn't been uploaded for free already.

TheApricotCavalier • 4 points • 4 April, 2020 12:57 AM

Its interesting to tell someone to do something, and then watch them do it.

-Semaj- • 24 points • 3 April, 2020 04:36 PM

Pornhub is turning into a mess of cucked/blacked/step-son shit all over the place and I'm sorry but I don't want to see any of this shit when I'm trying to have a wank. I get that people have different tastes but it feels like (((they))) are trying to brainwash people now by aggressively throwing the most degenerate, demeaning types of porn in your face in the hopes that your curiosity gets the best of you - it's creepy and weird.

The emo girls in free clips look pretty rough. Most of the time they've binged on so many shitty tattoos/piercings/haircuts that it just stops being attractive.

I buy from a quiet Polish girl who keeps her room clean and seems to have a good relationship with her folks. It's a nice change of pace.

Neo-Shiki • 7 points • 3 April, 2020 04:40 PM

Whatever floats your boat bro It's just you can find so many girl who do cam and are doing nothing new or nothing really interesting. But if you have found an interesting girl, good for you, because with how the things are going , they will become scarce, and you will have more and more who will make you pay a fortune just to undress.

-Semaj- • 3 points • 3 April, 2020 10:37 PM

I both agree with you and disagree with you.

I 100% agree that it's sad how many girls are getting into it and see it as normal, and on top of that, opting to sell content at rates that are beyond demeaning. Scrolling through ManyVids or the

SW side of Twitter it's utterly crazy how many girls have put their real names/faces out there and risked permanently destroying their reputation, all for a \$3.99 clip - of which they only get 80% and have realistically only sold 10 copies of given how over-saturated the market is. Destroying your life for the cost of a single meal at Boston Pizza, it's insane when you think about it. And then these girls run around and try to convince everyone to "get with the times" and "stop slut shaming." Sorry girl but you remember that Maury meme from back in the day - woman has sex for a double cheeseburger? You *are* that girl now, and social moderation is taking over as it should.

I disagree that it's pathetic to pay for it. I'm 27 and can remember that period from about 18-24 where my friends would default to strippers for anyone's birthday, or fuck off to Vegas for a few days, and come back with embarrassing stories of guys blowing \$600-700 on one girl (on top of food, booze, drugs cover, etc) and being too drunk to remember what she looked like. *That's* the definition of pathetic, really, and yet it's... normal for people in that age range. I simply found a way to pay significantly less for it while getting more or less the same experience, and without all the ridiculous drama that comes from having to hide from people what happened at the titty bar the other night.

MadLad2019 • 18 points • 3 April, 2020 02:29 PM

Personalized content. I have some specific tastes that I rarely find in free sites, when I do it's often paired with some fetishes that I find to be complete turn offs. I do not go in for the basic porn stuff like just dildo play when paying for it, that stuff is in abundance for free.

Neo-Shiki • 11 points • 3 April, 2020 02:44 PM

Specialized content ? Well that peculiar Most of time what camgirl propose are really basic stuff and really few personalized contend. And again even the personalized content are often some pathetic stuff easily found on other free website.

MadLad2019 • 11 points • 3 April, 2020 03:08 PM

MadLad2019 • -8 points • 3 April, 2020 07:28 PM

mr_kuk • 30 points • 3 April, 2020 01:36 PM

There is a simple solution here: It's called slutimoney.

It's like alimony, but less oppressive. Ever paid any online slut for anything? Well, now you have to pay her for the rest of her life, we might even have to carry the obligation onto your male children and her female children for all eternity. If you disagree, it's rape!

The slutimony can not be based on the monthly average, no. In the name of social equality the slutimoney must be based on the total amount spent by you on all online sluts since the dawn of the internet. The total amount must then be paid to each and every individual slut on a monthly basis under penalty of jail.

goodmansaysfuckyou • 41 points • 3 April, 2020 01:39 PM

BluepillProfessor • 17 points • 3 April, 2020 03:52 PM

No way! The monthly payment will be based on the lifestyle she has grown accustomed to before she hit the wall and the simps will be required to maintain it after the hit.

Now what institution could possibly be so crazy and ridiculously unfair as that?

Overkillengine • 4 points • 4 April, 2020 06:17 AM

kapitalidea • 24 points • 3 April, 2020 02:26 PM

It's kinda hard to feel bad for them. Either they are capitalist and have to accept the will of the market, or they aren't in which case they shouldn't be profiting from the suffering of others based on a birth position.

Forgive my simplistic take, but aren't beauty and wealth equivalent and exchangeable in both modern capitalist and ancient feudal societies?

Cavannah • 22 points • 3 April, 2020 05:51 PM

In a shocking turn of events, women of ill repute who are too dumb to do anything other than whore themselves out are also too stupid to understand economics and market dynamics, or differentiate between correlation and causation.

Imagine, if you will, this scenario:

Coca Cola starts selling a product that is only attractive to low-quality people; Only ugly and stupid people buy and consume Coca Cola.

Coca Cola executives then start complaining amongst themselves that "Coca Cola makes people stupid and ugly," not realizing that Coke does not *make* people into uglier and stupider versions of themselves, but rather that Coke is only attractive to ugly and stupid people

These executives then erroneously conflate *causation* ("Coke makes people stupid and ugly because only stupid and ugly people drink coke") with *correlation* ("Coke is preferred by ugly and stupid people because Coke is low-value, just like the people who consume it"), and then myopically generalize this to the entire market,

claiming that **"Consumers are always stupid and ugly"**

See how the parties in this hypothetical are idiotic and ignorant? That's the women in the OP. They completely fail every aspect of Porter's Five Forces and then mentally stumble around, shocked at a reality that's apathetic to them and their plight.

Here's the substance of the whore's issue:

They attract only low-quality customers ("cheap and demanding men," ostensibly) by dint of offering only a low-quality good (camwhore services) then generalize and complain that the market is comprised entirely of low-quality consumers ("Men are always cheap").

They are idiots who are parasitizing their own future through exploitation of their market base.

feanors_gem • 9 points • 3 April, 2020 08:50 PM

This isn't really a free market, as prostitution is illegal. This is prostitution lite, and these hoes have a monopoly due to the government. They'd have zero subscribers if these guys could go and pay for sex at the corner. A local massage parlor was busted not too long ago. Why is cam whoring allowed when a massage and hand job aren't? Because the price of pussy is being artificially inflated. THIS is the biggest bubble mankind has ever seen.

Globalism doesn't apply to sex. Otherwise we'd import a bunch of women (dreamers) who'd do the jobs American women don't want to do. The price of pussy would plummet over night. Women would get a wake up call at their value, and most would learn to make a sandwich with a quickness.

This one needs to look in the mirror straight in her value to find out why men are being "cheap"

BluepillProfessor • 3 points • 4 April, 2020 06:50 AM

The camgirl is hurting because many of her clients are attached men. When men are attached the women play the hide the vagina game. Instead of "cheating" many men pay a cam girl.

Unfortunately for the working girls, during a crisis not only do men pull back the money, guess what else happens? Women start throwing out pussy left and right. All that new relationship energy and excitement from being quarantined means the guys are getting laid left and right.

And that means....no cam girls.

TLDR: The hoes are scared and are fucking their men during the pandemic, to the detriment and distress of the working girls.

This is gonna get so much worse once they turn on each other. Onlyfans is oversaturated right now with new cammers and I assume any others are as well. That, plus Melody kinda knocked them off of their pedestal. Don't forget men are realizing free porn is better anyway.

The market just got saturated with over 3 million new accounts. Welcome to basic market dynamics.

I thought sex work was real and hard work? And that you gotta work hard for your money????

DasGoon • 2 points • 23 April, 2020 06:19 AM

These girls could do a lot better if they banded up and got someone to be in charge of running the business side of things. Like a manager, or an agent... or a **Person In-charge of Monetary Policy**. Things would run much smoother.

It seems sex workers ie camwhores are already looking for taxpayer bailouts in this time of “their” crisis: <https://news.sky.com/story/coronavirus-sex-workers-forced-to-rely-on-benefits-and-hardship-funds-in-pandemic-11968076>

It's sad that you actually have to remind people to not engage in harassment.

SirKolbath[S,M] • 1 point • 3 April, 2020 10:05 PM

Mostly I don't. I need to make sure that it's always front and center so the scum at /AgainstHateSubs can't use it as an excuse to brigade us.

MDMCrab • 2 points • 3 April, 2020 10:09 PM

That makes sense.

\$25 to stick it in your ass. I don't go higher than that. lol

Like crude oil, there's coming a glut of cheap pussy

yomo86 • 1 point • 16 April, 2020 05:05 PM

Supply and demand. Most men are in 'crucial' jobs. Justice system, road, works, trades and many chicks are at home vying for some attention

SirKolbath[S,M] • 1 point • 16 April, 2020 05:12 PM

I don't know that most men are in crucial jobs, but I'd say that most crucial jobs are done by men.

Is there some part of "do not make comments about simps" You're not understanding here?

One day ban. When you come back, use more common sense.

No one here is going to simp for you, thot

SirKolbath[S] • 7 points • 3 April, 2020 03:41 PM

You're knocking on the door of man-shaming. You know better than that.

I post my warnings in the titles because our posts are continually cross posted to bullshit harassment subs like /AgainstHateSubreddits who then use it as an excuse to brigade us. By establishing the rules clearly in my post they cannot twist our statement, *or* pretend they are some kind of regular poster here who then contacts the OP and pretends to be from our subreddit harassing her.

We are morally better than the scum at /AHS because we can and will say anything we choose *here*, but we absolutely will not tolerate anyone taking it out of this subreddit.

You are a guest here. Act accordingly.
