He realizes at an early age that being nice to women gets him a lot of friends (but no pussy), one even told him he's too much of a nice to fuck. Idealistic Tupac then goes on to explaining his white knight strategy for getting all the girls, essentially get girls to reject Chad and only accept nice-guy behaviour. Clearly it didn't work out.

Later on in life he comes to accept that "btiches ain't shit". If you dealing with a cool female (a unicorn) that's cool but if you dealing with a bitch you need to break her ass and shake her ass. At this point in his career he's dealing exclusively with 10s.

"Bitches ain't shit but hoes and tricks ..."

Dr. Dre

"Bitches ain't shit" is a recurring theme in hip hop. That's what happens when you're constantly exposed to the depravity of many women. Be a thug or pimp, get the girl. Be a decent guy, get played. What else are you supposed to think?

[deleted] • 77 points • 12 March, 2017 12:46 AM

"I live the thug life - heartless hustler. Just cause I fuck, don't mean I trust her."

Bury me a G (tupac)

"I'd give you a bitch but wouldn't give you a joint. Bitches ain't shit now I made my point." - Too Short. Very redpill rapper

[deleted] • 20 points • 12 March, 2017 06:09 AM

Was talking to this girl who is a die hard feminist and sjw. She thought it was a total joke that I'm white and write raps. "No white man who raps is credible. I know a lot of extremely talented people of color, and have no respect for amateurs, especially white ones". Texted her back "in the words of all the great black rappers of all time- bitches ain't shit". We quit fucking after that lol. Shouldn't have been in the first place. Though she strangely didn't mind too much when I told her I was gonna get "trump tower" tatted on my dick for when I fuck her.

Reminder one: Feminists will fuck a trump supporter if the dick is good. Hint: tell her after the deal is sealed.

Reminder two: chicks seem to forget who you are the moment they're not around you. Don't say too much in texts, they'll write you off as if they never gave a fuck.

DarrenF26 • 6 points • 12 March, 2017 06:27 PM

Remainder two is the absolute fucking truth. Went on one date with a girl from Tinder. Both had a great time. She was actually keener than I was at this point. She wanted to meet for a second date the very next day. It didn't happen because of our schedules, but we agreed on a date a week from then. As the week wore on her interest plummeted. Then I get the you're a great guy let's be friends spiel.

Why? So I can take you out again and pay for your meal and entertain you in exchange for what? If pussy is being taken off the table, so is my time. Fuck that. Won't be making that mistake again. This experience and subreddit has opened my eyes.

Girls for the most part just use their pussy as an implied incentive for guys to wine and dine them.

I know this is about Pac. But I feel this is appropriate from Ice Cube:

Sometimes I used to wonder How the hell an ugly dude get a fine girl's number He's gettin juiced for his ducats I tell a girl in a minute yo, I drive a bucket And won't think nuttin of it She can ride or walk, either leave it or love it I show her that I'm not the O, the N-E, say I'm a ruthless N-I double-G A Cause I'm gamin on a female that's gamin on me You know I spell girl with a B A brother like me is only out for one thing I think with my ding-a-ling, but I won't bring no flowers to your doorstep, when we goin out

Cause you'll take it for granted, no doubt And after the date, I'ma want to do the wild thing You want lobster huh? I'm thinking Burger King And when I take you, you get frustrated You can't juice Ice Cube and you hate it But you see, I don't go nuts Over girls like you with the BIG ol butts It start comin out the pocket, to knock it But when the damage is done... You can only lay me girl, you can't play me girl For the simple fact that, I ain't the one

If girls wanna be treated with respect they should stop disrespecting themselves by pimping themselves out for a free meal.

[deleted] • 2 points • 13 March, 2017 02:58 AM\*

Definitely man. That's some truth. Yeah, my friend can't get girls even online. I'm like bro, quit talking to them, having conversations. It turns you to a friend. Escalate quick, hit her sex triggers and have her wanting you if you want something it of it. She doesn't see you at all. You're just a shell, your behavior and how she feels about it is what puts you somewhere in her totem pole of priorities What Ice cube song is that btw?

DarrenF26 • 2 points • 13 March, 2017 07:37 AM

Yeah I agree man. That is the way to go. Make contact. Set up a meet. Hang out. Have fun. Get her having sex ASAP. And when you're not together in person she hears from you every week or so to set up the next date. No chit chat just set up the next hang out. And spend as little money as possible.

The thing that was most eye opening from this experience was how fast that shit happens. Monday is the date and she's keen as fuck. Tuesday and Wednesday she is keen as fuck for a second. Thursday her responses get blunt outta nowhere. Friday I back off and leave her alone. Saturday she is telling me let's be friends. Sunday she ghosts.

My great crime? Nothing man. Just taking an interest in her and wanting to chit chat. Basically showing an interest in her life and giving her my time.

Don't do it guys. Don't make the same mistake I did haha. Give her as little of your time and respect and money as possible. I'm not saying be an asshole but make sure you're getting out of your interactions what you're putting in.

The song is an NWA song but it only features Cube. It's called - I Ain't Tha 1

Sure, if they're really into you. They'll drive an hour and a half in the middle of the night they want to see you so bad. Though it's not "you", it's how you make them feel when they think about you. I try to keep that in mind.

Yeah I'd be telling her shit like get ready, I'm about to dunk the Cheeto, baby.

Dude I said the most fucked up sexist jokes to this girl. She was like blah blah white oppression. I was like, I'm not racist. Whites and blacks are in the same boat. It's our Jew overlords that hold us all down. She looooved that. "Hey I'd like to cuddle and all... but I'm gonna hop in the shower and umm.. I want no one else to be here when I get out. You know how front doors work, right?" lol.

But she was hitting me up every day or two to get fucked. They will hamster away any perceived personality flaws WHILE they like you

Luce\_Bree0 points 12 March, 2017 08:38 PM\* **[recovered]**

A little off-topic but as a (former) lover of hip-hop music and culture this pisses me off.

This is why identity politics is bullshit and why the Left is where the REAL racists are. It's also yet another instance of SJWs having no fucking clue about the subcultures they criticize.

I bet that cunt has no idea about the underground battle scene where non-Black rappers like Dizaster (Iranian or Lebanese American, can't remember) or Illmaculate (short half-Mexican and half-white guy) are some of the illest in the game, to say nothing about how Marshall Mathers has deservedly become recognized as one of the sickest MCs of all time.

I wish you could donkey punch her one last time just on principle.

[deleted] • 1 point • 13 March, 2017 02:52 AM\*

Dude. You have no idea how this bitch irked me. So hot, bomb pussy, but incredibly fucked in the head. I asked her ok, what about native American rappers, Mexican rappers? "They're oppressed too (aka brown), so they at least have some right to appropriate. But all white culture is basically stolen from those who built that culture out of struggle to survive. You will NEVER, EVER EVER EVER deal with any pain. Blacks are TO THIS DAY slaves in America. You're a white man. No one can, has, or will ever do ANYTHING to you, EVER." Literally her words. Like, I basically went full racist/sexist humor in every comment to her just to get some relief.

What she wouldn't take in that I tried to explain to her, is that I've been around a lot of blacks. I don't take these issues lightly or as a joke. I highly value hip hop and rap culture. I didn't have a dad around much, rap is basically what informed me about the harshness of male reality as a youth. "Oppression" is relative. I've been psychologically and sexually dominated by a black man when I was too naive to know how to defend myself. Been ganged up on by black kids on my street, throwing rocks at me. For all your gender fluidity talk, you're sure quick to label me nothing more than a white man. Don't tell me about race and masculinity and sexuality. I've been dealing with it my whole life. It's a two way street. Don't lay your white guilt on me, justifying that I'm worse than you because I'm a male.

Needless to say, the chick got in my head. Bad news bears.

Luce\_Bree0 points 13 March, 2017 04:42 AM **[recovered]**

I'm sorry about that, bro. I'm Black and can barely relate to most Black people because they feel the same way; then I get lectured to by white Liberals about what I SHOULD feel "oppressed" by. It's a completely toxic ideology, thank god I got Red Pilled. It can be a lonely existence but it's VASTLY preferable to thinking everyone is out to get you, fuck that.

[deleted] • 1 point • 13 March, 2017 05:22 AM

I think the truth is, the majority of people from any race don't give two fucks what color anyone is. If you have a brain, if you're human, people will try to relate to you and see you as similar to them. Empathise with you. But those who profit from it just want to keep stirring the pot, make news where there doesn't need to be any. Yeah there's bad eggs, but it's not even close to the majority.

I can only speak for myself, but i think the reason most whites like rap isn't to "steal" it. They just want to participate. To understand others and where they're coming from, and relate to them however they can, and to add their own two cents to the culture. To show respect for the truth of people's daily reality that they talk about. Realness is recognized, doesn't matter the color. And regardless, if you stand up for yourself, people will respect you, because you don't give them another option. That's just being a Man.

Big Tupac fan here...

I feel compelled to add that this dude got a legendary amount of pussy (even at the age depicted in this video). When he went to the Baltimore School of the Arts (before this video was shot), he was already the man.

During that time he was riding back from a girl's funeral and remarked: "Damn...she was the only girl in our class I ain't slept with yet!" His classmates weren't amused.

That said, you're right that Tupac had a huge Red Pill transformation. If you read his letters and writings you see that he was essentially a "Red Pill Prophet." He had this stuff figured out in the early 90s.

His parents were black supremacists as well. Members of the Black Panther movement in the 70s and 80s. There's a conspiracy theory that the government had him assassinated due to this history.

whuttupfoo • 1 point • 12 March, 2017 01:38 AM

You think the black panther movement is about black supremacy? What're you on?

Jimmyschitz • 9 points • 12 March, 2017 01:50 AM

No, not necessarily. They were a radical left group, and obviously started with good intentions by trying to be a civil rights activist group. However, like the current BLM they devolved into hatred towards whites and police. They bought guns and walked around Oakland, CA at night with them. They're rallies consisted of chants saying to kill the pigs(cops). Over the course of the movement police officers and members of the BP were killed and injured.

COINTELPRO was started by J. Edgar Hoover to sabotage the movement. FBI was involved in the COINTELPRO as well, hence my original comment. Not saying Black Panther Movement was necessarily bad, but it definitely wasn't good like any radical left movement.

Edit: So, what I'm saying is that, yes their parents were most likely black supremacists, because BPM consisted of them, and what the movement was founded upon; Black Empowerment.

socalsolja • -2 points • 12 March, 2017 07:02 AM

"No, not necessarily. They were a radical left group, and obviously started with good intentions by trying to be a civil rights activist group. However, like the current BLM they devolved into hatred towards whites and police." And of course, Tupac's parents and the Black Panthers grew up in a time when whitey was still openly lynching blacks and clearly treating them as inferiors. Just saying brah.

Jimmyschitz • 1 point • 12 March, 2017 02:19 PM

Right, because ALL white people were just calling black people niggers and hanging them in trees during that time. You know not everyone agreed with the oppression of a single race right? They obviously experienced racism but it doesn't give them the excuse to kill cops, buy weapons, spread the message of cop killing, etc.

1971240zgt • 1 point • 14 March, 2017 01:29 PM

Ha! That's the same excuse they still use today! What a coinkydink.

It's called fear? Backed up in a corner in a place you're the clear minority. Been taught to be skeptical of authority and gov for your own safety.

I just think it's shitty you're using black people as your scapegoat when determining who should be the bigger person.

Jimmyschitz • 1 point • 14 March, 2017 04:06 PM

A scapegoat? Black people commit 50 percent of homicides despite being 13% of the population. And that's because they're afraid of authority/ white people? That's ludicrous. The media has brainwashed you into thinking that a lot of whites people hate black people, that black people are oppressed.

Currently, authorities are taught that minorities are more likely to kill THEM. Yet, White people are still killed by cops more than blacks on average. So, if you support BLM you support the hatred of America, the hatred of whites, and the hatred of peace. Fuck off kindly, this thread is old. Everyone should seek equality not reparations.

1971240zgt • 1 point • 14 March, 2017 07:10 PM

Fedor\_Gavnyukov • 66 points • 11 March, 2017 07:19 PM

pretty much almost all his songs teach you life and how to get ahead. gotta read between the lines. us russians love pac because the life back home growing up for many of us was on par with what he sang about, especially those growing up in the early 90s.

many people that talk shit about him take what he says at face value and don't try to actually listen to his words. all they hear is vulgarity, but his songs are actually stories, many of which are about things he witnessed or about people that shit happened to.

the more you listen to him, the more you understand things that you may have missed a few years back listening to his songs. I've been listening to him since 94 and I still have "ah ha!" moments sometimes because I didn't quite understand in his lyrics when I was younger.

Fedor\_Gavnyukov • 27 points • 11 March, 2017 07:21 PM

Don't forget about the duality to many of his songs. Sure he had gangsta side but at the same time he recognised this was simply a product of his environment and that he could be someone else however this was what he had to do to survive. You could say this is analogous to TRP where sure we could all be BP white knights but we won't get shit from women so we gotta do what we gotta do to get some pussy.

It's funny that he becomes a "bad guy" and gets girls. Then during the on clip he says that niggas need to stop giving bitches attention, cause that's how niggas get killed. Ironically, he became a bad guy to get girls and ends up dead because of it.

Just take it as a reminder that the end game of redpill should not be every single man being a complete thug/pimp/player/asshole. Because that's what the end game really coming to be. You all came here to become more attractive to women so you changed yourself a bit. If every nu-male lived by TRP rules, yall would have to up your game again. And again. And again. Basically if this cycle of changing yourself to appeal to women continues, civilization is doomed. (Men need to be able to follow rules, organize, and can't be stuck jockeying to prove who is more alpha, look at the black community for reference)

Ending feminism is the only thing that can break this cycle.

Xombie0991 • 2 points • 12 March, 2017 02:53 AM

There will always be guys who are too ignorant, guys who are too pussy, guys who are too religious, and some guys will try and always fail for one reason or another. Others have brought up that too many guys will learn "game" or "red pill" and it will become useless, but I think thats just catastrophizing.

dankvibez • 1 point • 12 March, 2017 03:12 AM

It will become useless though, its just a way of "one-upping" your competition. I mean maybe it takes 30 years for all the "too ignorant", "too pussy", "too religious" guys to get bred out. But the next generation will probably be more redpilled than the previous.

Stop acting like you are some genetically supreme shitlord for being on this subreddit. 80% of guys can probably follow the steps of game, and if they are failing, they will turn it up a notch. Things are just going to get more and more competitive for females, kind of like traditional african societies. The men provide very little for society and instead compete with each other for women.

Xombie0991 • 2 points • 12 March, 2017 05:01 AM

But I am not genetically superior. I am in fact a recovering incel. But even I know this shit won't

happen, its like some crazy apocalypse theory.

And those guys won't get bred out. They will score a post wall ex-party slut, have kids, probably get cheated on but most likely forgive or ignore it.

Not rocket science... just regular communication.

To be fair though, your talking about a young kid putting pussy on a pedestal because of being so young compared to a AAA rap star making shit loads of money getting pussy literally thrown at them on a daily basis... ...to the point that it probably becomes ridiculous, women offering sex would just seem like used car sales man or door to door sales people.

Completely different outlook on life due to availability, if older tupac just stayed poor and never really amounted to much, he would probably sound like his younger self. (that's assuming he had a normal life, married the first

or second women he lays and has kids).

Plenty of rap fans don't like 2Pac. There's a massive debate whether or not he's overrated, with a lot of people agreeing he was (he most definitely was).

Typically it's only white kids and asians that are vocal about how god-like 2Pac is. I've never seen a black dude suck Pac's dick the way most suburbanites do.

He truly was a philosopher. You can't detach the violence from the message though it truly was his reality, a stark, miserable circumstance that was thrust onto him. I truly believe if you listen in chronological order his message begins to change to preaching peace

ass\_boy • 3 points • 12 March, 2017 03:38 AM

Yeah he sure had a terrible life going to a preppy music school and then being a fake gangster that promoted black on black violence. C'mon man you can like his music but he has a terrible message if any at all.

mbillion • 1 point • 12 March, 2017 03:51 AM

What's your point? Where he went to high school does not change black life in the eighties and early nineties. Nor does it change his circumstances outside of a brief snippet of his life in which he went to a performing arts school. He attended many schools as his family moved around frequently.

Philosophy is inductive, your attempting to assert to be factual philosophy must be deductive - however that's just not how logical studies work.

ass\_boy • 4 points • 12 March, 2017 04:31 AM

My point is the dude had no real message. He was a talented rapper for sure his flow and rhymes are amazing. But he was not truly saying anything different from what rappers have always said.

ass\_boy • 3 points • 12 March, 2017 09:18 PM

And drake has rapped about cooking crack. Another fake. If she couldn't pay the power bill how'd she send him to a music school. The kid was privileged and there's nothing wrong with that except when you fake being poor for street cred

darkmoon09 • 2 points • 12 March, 2017 09:56 PM

Nah, rap/hip-hop has changed a LOT since Pac's time. What we hear today is a bunch of watered down R&B shit that talks about money, rims, and all this other "bling" shit. Tupac, N.W.A, Bone Thugs, etc talked about REAL shit. They talked about having to duck for cover in a drive by shooting, being dirt poor, living on welfare, having to put up with racist cops and police brutality, etc.

Fags like Wayne, Drake, and Soulja Boy never struggled the way the old school rappers did. That's what turns me off about modern rap/hit-hop. It's just a bunch of horseshit.

omega\_dawg93 • 2 points • 12 March, 2017 04:34 PM

yep. the true nature of females is shown to black men by watching their mothers in action.

black women don't hide as much bullshit as other races of women do. when you see that TRUTH, you act accordingly and when you grow-up dealing with women like that, it's easy to swallow red pills bc at that

point, they're "affirmation" pills.

InformalCriticism • 3 points • 12 March, 2017 05:33 PM

Exactly. I have to hold my tongue when I hear black women complain about men, because if anything they're the ones we have to thank for upturning the peace between male and female nature.

Black men have done an outstanding job of showing us how to go our own way, even when society is out to vilify you.

omega\_dawg93 • 3 points • 12 March, 2017 05:47 PM

yep. blk women let the world see solipsism, and the alpha fucks/beta bucks mentality long long ago.

you can't tell them shit...they know it all!

they spit out babies by thugs & idiots posing as alphas then later in life they want the nice guy to accept them & those kids or, "you're not a real man."

what's funny is...most don't know what a real man is & that's why they can't distinguish alphas from posing alphas.

lmao, no. When you get into an ltr, spin plates, fwb whatever, just don't be a needy bitch. Don't be a "nice guy," texting back every opportunity, spending hours on the phone, checking in, and calling her beautiful non-stop. let them figure out they're not the most important thing in your life without actually telling them they're not the most important thing in your life. This whole being an asshole to create attraction is complete and utter bullshit and goes against one of the trp principles "you can't negotiate attraction." There's a lot of dumb mf's talkin shit to chicks thinking theyre getting chicks panties wet, but that's not happening. Unless

you're handsome, then do whatever the fuck you want to do.

The most important thing everyone here needs to understand is that all this advice is great if she's already attracted to you. Tupac died at age 25-26 and had accomplished a lot. He matured early on and had wisdom of a 30 or older guy. I'm nearly 30 and I still can't imagine how much the guy woulda done if he had lived another 5 years or longer. Comparing his life to mine makes me admire the guy

[deleted] • 1 point • 14 March, 2017 06:43 AM

There are women who I'm nice to (not too nice), those are the ones who aren't TOTALLY whoring out and I want to either be friends with or potentially get into an *actual* relationship with.

Then there are the girls where you know that it's essentially a waste of thermal energy to be nice to them, other than the human decency you should give to everyone. For example, there's this girl in my high school who I occasionally hang out with who has a nice ass and she knows it. Almost every day she's wearing leggings or

yoga pants, and the days she's not, she's wearing some skanky tight pants with some power girl shirt or some shit(and that's her in the winter aka rn in Canada).

If you want girls just for sex, go for the second one, they want brainless sex too.

scarletspider3 • 1 point • 16 March, 2017 04:43 AM

I think the black community had a diet of Red Pills given to them early is because they live in low income community. With so many guys in poverty and unable to live up to most beta metrics they had to Alpha up fast if they were to get anything. Not too mention that many of their women just can't find a man to match what she thinks she worth that they've completely given up on any beta qualities. So it just became about being the biggest Alpha you can possibility be.

[deleted] • -15 points • 11 March, 2017 07:33 PM

This isn't really relevant to this post but I'm a huge fan of Tupac's music and I've recently discovered a modern artist of comparable talent.

He's called Hopsin and rather than me explain I'll just recommend the following:

Ill Mind of Hopsin 4 Ill Mind of Hopsin 5 The Fiends are knocking Good guys get left behind Ill Mind of Hopsin 7

All available on Spotify.

Fedor\_Gavnyukov • 6 points • 11 March, 2017 08:59 PM

i wouldn't put hopsin on a comparable list to 2pac, but i get what you're saying. hopsin actually does have a positive message in his songs.

[deleted] • 1 point • 11 March, 2017 09:06 PM

I hear you, that's why I put the two qualifiers "modern" and "comparable" in there - cos even if I thought Hopsin was better than Pac (I don't) I'd never fucking well type it out for the world to see!

[deleted] • 2 points • 11 March, 2017 09:38 PM

I don't mind a few of his songs, but I'm more of a Wu-Tang Clan fan. That being said, he knew what was up when it comes to women...I'll give him that.

[deleted] • 3 points • 11 March, 2017 08:41 PM

You think so? Taste in music is subjective but I prefer "rap" - if you want to use that catch-all term - and so much of it is just bland pop with reverberation and auto-tune cranked.

I'm thinking Fetty Wap, Ty Dolla Sign, Rich Homie Quan and Kanye West when I say that but there's loads of others too.

booty\_boy • 5 points • 11 March, 2017 07:43 PM

Hopsin is technically skilled, but offers nothing for someone living a red pill lifestyle can relate to. All he does is whine about how artists who have amassed more fortune and fame than him suck, and blames all his problems on others.

[deleted] • 2 points • 11 March, 2017 08:39 PM

I personally don't get that vibe from his music.

He hates on people who just live every day like hoodrats and say they're "grinding" when it's just wheel-spinning.

He had a huge problem with Ruthless but that's years ago now, but if you didn't know the chronological order of his work I get how you'd think that - assuming that's even the example you were referencing.

booty\_boy • 4 points • 11 March, 2017 09:00 PM

The best example I could point to is when he made a song mocking Future's style of "mumble rap", and it ironically ended up his most popular song. He's one of those people that spends so much time breaking people down that he forgets to build himself up, and then points the finger at the dumb masses as to why he can't succeed. Not to mention he has a song degrading a friend of his for getting hooked on drugs, and his verses sound as if he wants pity because his friend has a substance abuse disorder.

[deleted] • 1 point • 11 March, 2017 09:05 PM

I know the song you mean, "I'm mad at the world because the meth took away my homey" is the chorus I believe.

I know exactly what you're saying but most of rap that isn't just pop is a diss track of some sort and at least he's talented at that side of his game.
