

# The Rise Of Born-Again Virgins

Disclaimer: The article is worthless, but it's a good example of the utter cluelessness of the female hamster. Nothing new to RP theory here, but it'll be new to some readers, and the rest of us can still get a hearty chuckle. Basic concept: AF/BB.

<http://www.whimn.com.au/love/intimacy/the-rise-of-bornagain-virgins/news-story/b2998c8e3f6f8451de73ca7940f8ea90>

(Of course the article is only about so-called born-again female virgins.)

*Becoming a born again virgin isn't a physical concept, it's more a conscious decision to abstain from sex until you're married. Essentially, it's free virginity pass, even if you've already ... had a child.*

This same publication, along with all of media and society, tells women that virginity is nothing special, in fact it's something you should try to lose as soon as you're ready. Yet, somehow, it has value again when you're trying to get commitment from a man.

*However, it is not just celebrities that are abstaining from physical intimacy. Jo, a 28-year-old single, retail manager from Melbourne, relates to their desire to wait. She has put the breaks on all sexual relationships until she's found a man whose willing to put a ring on it. In a world of Tinder and casual hookups, she believes chastity is an underrated virtue. "I lost my virginity at 16 to a douche bag, in an indoor sports centre. It was a cold and unemotional experience. He dumped me the next day. I've had one relationship and more than a handful of hookups since. I have always struggled with intimacy. So, after one more disastrous sexual relationship that led nowhere, I decided that I was going to take my time and wait for some form of commitment before I jumped into bed. It's essentially a sex detox to clean the negativity out of my system."*

After 12 years of fucking guys -- lots of guys -- this whore has only fucked one who thought she was worth even the minimal commitment of calling her his girlfriend. Now that she's mostly used up, she's out looking for some poor beta who will give her the ultimate commitment without even a fuck first.

*Jo believes she'll hold out until her wedding night finally comes. "It's going to be magical because I feel as if my body and mind have been purified," she said, optimistically.*

No it won't. The schlub dumb enough to marry her -- and there will be one -- is going to be far lower value than the douchebags she fucked before. Why? Because if he was anywhere near the same level as her previous lovers, he wouldn't have to settle for her worn-out ass. He'd be able to marry a higher quality woman (or he'd still be out having one night stands). So, the sex with this loser is going to be worse than the no-strings-attached sex she remembers having in her late teens and early 20s.

I love this sub.

The crazy thing is, she doesn't seem to realize that you can't just erase 12 years of CC because you "feel like it" or "abstaining" now. Of course your just "abstaining" now at 28 when guys are starting to give you less attention than they did in your early years.

If she hasn't been laid in a while and the guy comes across as a high tier beta, she might fuck him just to keep him around.

The key is to be pretend to be that BP beta. The intelligent, nice, family oriented guy game.

I saw this earlier on my morning read through of Drudge, and couldn't wait for it to show up here. This shit just warms my heart. The most blue pill idea of all in a polished media ready package: that the final buyer is the ultimate prize winner. Not the guy at the gym when she was 16, not my frat bros when she was 18, or that 20 year old mistake in Cabo, or her boss at 26. They aren't the winners, the guys who grabbed the Costco free sample along the way.

The true winner is the recipient of the enlightened woman who has **Found Herself**<sup>TM</sup> after the gang bangs at SAE and the post grad Euro-Trip. Only a **Real Man**<sup>TM</sup> with a steady supply of blue suppositories can handle a woman like that anyways.

This idea that a woman can reclaim her virginity and is "not that girl anymore" despite fucking Chad1 thru 99 for the past ten years is amazing.

What's more amazing is some men's willingness to ascribe to her all the blessings and benefits of virginity despite her skyhigh bodycount, merely by virtue of withholding sex with him and only him. How special he must feel!

From <https://therationalmale.com/2012/12/19/the-epiphany-phase/>

It's during this stage that women will make radical shifts in their prioritization of what prerequisite traits qualify as 'attractive' in a man and attempt to turn over a new leaf by changing up their behaviors to align with this new persona they create for themselves.

It's going to be magical because I feel as if my body and mind have been purified," she said, optimistically.

Haha I love that the original article had "optimistically" written there at the end :)

It's great that these women are 28 and 33. It's like they're following the script to the letter.

Auvergnat • 36 points • 16 March, 2017 09:10 PM

Also see Rollo's most recent update on the topic, in which he discusses how women reinvent this image of themselves as good waiting girls in order to hide the fact that betas are not that attractive to her anymore:

<https://therationalmale.com/2017/03/15/the-epiphany-phase-revisited/>

And my addendum to it suggesting women also make betas wait in order to test for the quality of their betahood:

That thesis is simple enough Rollo, but I think you're missing another huge evolutionary incentive at making beta Bob wait. See, Bob here is for her a mean to fulfill the betabux side of her dual sexual strategy, and in order to optimise it, she needs to make sure he's willing to give **a lot** of his resources in exchange for her sexual access. And what better test for Bob's *willingness* to share *as much of possible* of his resources *whatever she brings to the table* than **checking how long will he be willing to wait for sex and how much time, attention and money will he be willing to spend before she finally opens her legs for him?**

I would therefore surmise that making beta Bob wait before sex is for the post-wall woman not only an expression of her lukewarm sexual interest in him **but also a test for optimal beta qualities**. That is, she may be "settling" for a lower-SMV man and not liking it one bit, but she's still unconsciously going for the best deal she can get. **Just like she shit-tests potential alphafux to verify the quality of their alphahood, she "wait-tests" potential betabux to verify the quality of their betahood.**

I would add an addendum to this addendum: post-wall women making men wait re-invent their image as a good girl because they know that's what they need to attract a beta. Taking into account the following from a recent comment of mine:

The alpha male has in theory so many women to bang he wouldn't care sharing one or two. That's what we see in practice. For example, the sexual strategy most advocated on TRP, spinning plates, is a fundamentally alpha strategy and it would **thrive** in a society where women's dual sexual strategy is the norm. The problem is only that it's a lot of work to become alpha enough to be able to be selected as a lover by many women and that by definition not everyone can be a top 10% value man. The truth is that it's the beta who wouldn't tolerate having to share his chick with an alpha dude. Women's sexual strategy totally fucks up with the beta's sexual strategy. Indeed men's sexual strategy is also dual but the Manosphere has not discussed the topic as much. I'd venture giving it the following definition:

Men's dual sexual strategy: **"If possible**, fuck a large variety of chicks. **If not**, exchange the commitment of my resources to get one but ensure that she gives birth to (and raises) **MY** kids."

Then very obviously, the image of a good girl is of paramount importance to attract a beta.

Hence women entering the epiphany phase and switching their strategy from AF to BB **must** reinvent themselves as prude girls. This is necessary both to test for a prospective male's beta qualities **AND** to show good mate value to said prospective beta males.

aanarchist • 11 points • 16 March, 2017 10:53 PM

tldr if you meet a nice girl who makes you dinner and treats you like a king but doesn't put out, great. gratefully accept the things she gives you and give her equal in return, but get your physical and emotional needs met elsewhere with a woman who is actually willing to indulge you. monogamy for a man is completely obsolete unless the woman he finds is a literal unicorn, and that's a bad bet to take.

Rufferto\_n\_Groo • 3 points • 16 March, 2017 11:37 PM

If the nice girl is under 22, this is ok. Keep up the pressure on her for 6 months. If all is still going well, ring it if that's in your plans and desires.

If it's a 30 year old, take that dinner and go bang a plate later.

MattyAnon • 12 points • 17 March, 2017 10:59 AM

ring it if that's in your plans and desires

### **Do Not Marry**

Not even at 22. Marriage is a one-sided providership contract. It is simply a terrible deal for men due to our modern laws and modern customs. Marriage makes man a stepping stone for a woman's AF/BB strategy.

Rufferto\_n\_Groo • 4 points • 17 March, 2017 08:25 PM

### **WHAT /u/MattyAnon SAYS IS TRUE (1)(2)(3)**

- (1) This rule may be broken and the user may graduate when they have internalized and mastered Game. **Risk may only be managed, not eliminated**
- (2) You will not enjoy the decline. It's not going to be fun within 5 years. Rather, someone else will be having !!FUN!! with you.
- (3) A human's role in their nation, culture, etc. is historically one of two things: Breed or fight/die. Choose one. The future is won by whoever has the most children.

abstractplebbit • 2 points • 17 March, 2017 11:15 AM

This makes sense in theory but I think there might be a problem with this being useful and here is why:  
A girl would marry an alpha if she could

JorixKienu • 2 points • 17 March, 2017 12:38 PM

A girl would marry an alpha if she could

A girl would marry a guy she thinks is an alpha AND THEN treat he as a total beta provider (materially and attention wise) until he is nullified to become a zeroed beta provider.

Before that point she will cuck him (at the slightest chance) and when she is sufficiently bored she will divorce rape him to suck the remaining juice in his living corpse.

The alpha male is a myth, women first try to "create" the one that fancy her fantasy and then "chiew and spite" whoever fail into this wrongful spell.

Ok, this is a rant. Just something I have to spit.

And is not oneit, not at all.

We all come to the realizing one way or another hence "Red Pill Rage". So many people find the Red pill and look to plug back in as better versions of themselves aka "Ciphers" wishing to forget everything everything previously and storm forward attending to create Blue Pill dreams under better circumstances. SOME are purple pill "Neos" aka PUA Manipulating the source code to their benefit in an attempt to live in and out of the Matrix. Some are "Morpheus" aka Seasoned redpill contributors like Rollo, BGS IBMOR, Rom Wills, Tom Leykis, GLO, Barbirosa. Grooming and guiding from the front lines but being fully aware of the Pitfalls of both existences and providing a map, but but not a Path. You have the "Marovingian" aka MGTOW whom operate off the grid. Some pop in here and there and play a behind the scenes roll but most stay secluded like monks left to their own devices. The only "xionist" are rucked deep off in 3rd world countries but they still feel the fallout of the system.

The games always going Esther Villar's manipulated man is true testament of that. Honestly alot of men simply wish to be used.

JorixKienu • 1 point • 22 March, 2017 07:10 AM

I like your description / comparison of the different male "characters" on RedPill / MGTOW continuum. Evocative and descriptive

I was one of the many who wishes to be manipulated ( or simply trusted that the game was not so rigged but that doesn't really matter). But I am no more.

My actual dilemma is the actual circumstances of my present life. I'm fully forced to not act as I wish / as is in my best interest. My circumstances dictate that if I act , I'll disqualify myself to myself. If i act now I'll not be able to live with myself after.

Believe me or not, that's not oneit. I hate the situation and the woman, but not for the same reasons.

HobbesTheBrave • 42 points • 16 March, 2017 06:52 PM

I'm a politically right-of-center, devout christian man. And I've not laughed this much for a long while. The idea that guys wouldn't spot whores and sluts from girls who keep themselves chaste, it's fucking laughable. I feel like I'm watching a playdoh fun factory of chicks I know going from 26-32 in the last several years... in that it's the exact same pattern. Not looking forward to what 33 has to offer these poor souls, but they're clawing at my ankles on FB as I'm a former-BB who's now in a rich city (and variably rich).

I'm starting to be more open and it's gotten me into trouble until I found a way to finesse... but people ask why I'm single and who I'm looking for so I answer like, "well I'll want kids in 5 or so years, and I don't want complications so we should be done by the time she's 32... so I guess she'd be about 25 right now..." sometimes with snark like "we might want some time to fall in love too" (I am early-30s). I've answered with

less finesse that's gotten me in trouble, eg. "mainly under 25".

I've dated 20-23 consistently for the last year, granted I'm often dry dick and they're mostly .5ONS (half night stand), would be hard pressed to find a worthy 25 year old.

yomo86 • 15 points • 16 March, 2017 07:59 PM

Grain of wisdom I picked up from my boss: If you are under 50 you can always tell that the near future is the right time to start a family.

He was right. Today a girl asked me that (my sister-in-law) it shut her up quite nicely and politely. I had a job interview yesterday, the nuts in HR asked me what I wanted in the future. I lied and told them a nice family. It shut them up. Those morons never question the narrative.

yomo86 • 2 points • 17 March, 2017 06:32 PM

Well yes, and no. If a beta tried to pull it off you are right to a T. If Chad, still chiseled but broke, tries at the age of 40 to 'settle down' and be a good dad after banging crackheads, college sluts with std's and fats he would be applauded. SMV even only the animalistic kind shifts perception quite easily.

Oz70NYC • 1 point • 17 March, 2017 07:16 PM

Valid point. But most double standards don't apply to Chad. Chad is a standard all his own...which is why we all strive to achieve Chad status.

redpillthrowaway112 • 66 points • 16 March, 2017 06:26 PM

This is bound to be a repeat of the "I married a slut who fucks like a prude" story, where a man married a post-wall woman who constantly withheld sex from him. The woman convinced him she simply wasn't a "sexual person" and therefore couldn't have passionate sex with her own damn husband. The husband later found old porn videos of her in college sucking off 20 guys and was devastated at the realisation that his wife is VERY sexual, just not with him.

That was me with my ex wife. I met her while she was riding the carousel. I just so happened to be the beta bitch she decided she wanted to siphon the soul out of. And I fucking fell for it 7 damn years. I will NOT make that mistake again. If...and that's a YUGE if...I do marry again, she's gonna be red pill as fuck. I won't settle for anything less.

abc69 • 4 points • 20 March, 2017 01:24 AM

Don't marry, bro. It's a contract where women are favoured

[deleted] • 22 points • 16 March, 2017 07:13 PM

An example of a woman's refusal to accept the responsibilities of her actions.

The rational behind abstaining from sex to fix the problem is very simple. But when you spell it out, the ridiculousness of it becomes readily apparent. Men are the problem, so not having sex with men until one comes along who isn't the problem will solve the problem. The End.

Except, how are you going to know when that man arrives?

The problem is women in this situation are totally fucked up. *THEY* are the problem. And their solution is to literally *DO NOTHING*. And as one can well expect, shit won't get fixed, and when everything crashes down, as it will, it's the poor beta's fault because it's men that are the problem.

aanarchist • 6 points • 16 March, 2017 11:00 PM

funny cuz they could solve the problem by treating the first man who treats them like a human being like a king and never letting go, but that's asking too much for them to actually do something.

[deleted] • 8 points • 16 March, 2017 11:40 PM

That's exactly like asking a straight man to get horny for a homosexual male who offers to take care of him in exchange for sex. It's a great offer, but goes completely against the wiring.

aanarchist • 5 points • 17 March, 2017 12:36 AM

that's a terrible analogy but i can see your point.

seaguy87 • 20 points • 17 March, 2017 02:10 AM

**TL;DR** I am trying to sell my *very* used pussy at new pussy prices. Now which one of you betas would like to buy it with your life's commitment and resources?

inn0tg00d • 6 points • 17 March, 2017 04:03 AM

New pussy prices. I fucking died!

seaguy87 • 3 points • 17 March, 2017 06:49 AM

Perhaps you died, but at least you weren't sold used pussy at new pussy prices. I think dying would be preferable.

grewapair • 41 points • 16 March, 2017 09:57 PM

Honestly, this is just the type of manipulation that makes me sick to even be around women.

Basically, the women just want to fuck chad endlessly and don't want to fuck betas at all. Once they finally figure out that Chad is never going to support them endlessly, they decide to start looking for a nice beta bux to support them and their spawn. There's only one problem, they find betas repulsive and don't want to sleep with them.

So enter the "born again virgin" idea. Made merely as a manipulative excuse to not fuck any beta except the one who is responsible to support them endlessly, any beta who falls for it gets exactly what he deserves.

abstractplebbit • 14 points • 17 March, 2017 11:13 AM

That beta will barely even get fucked. He will be cuckolded shortly after

menial\_optimist • 18 points • 17 March, 2017 01:16 AM\*

This article perfectly describes my friends marriage. She hit the hard party scene age 16 and didn't stop until 23. She then found Jesus and became born again. Not long after she met my friend, and was "saving herself" for marriage. Fast forward and within two years he announced they were getting married because she wanted it, and that she deserved to be happy with no regard for his own (captain save-a-former-hoe). They would make out (clothes on) during the relationship and she would always say she wanted to fuck him so bad. She had him trained so well that the few times she offered her his body while drunk, he declined. Tired of his hand for 2 years with built up sexual energy he ultimately capitulated and married her. Within 8 months of the marriage she was pregnant.

He claims she didn't know anything when it came to sex and that he had to teach her everything. When I hear

stories from others I know of her older days this is literally an impossibility. It means she is purposely giving him vanilla, lame sex just as TRP has always said happens when a previous CC rider settles down with beta. Now that they have a 4 month old daughter, she has post-partum depression and has started smoking again, drinking lightly and occasionally going out with her girlfriends for a girls night at a local karaoke bar. Due to the fact that post-marriage before the pregnancy she came on to myself and later in the same night one of our mutual friends (the husband friend still doesn't know), my gut feeling is that as the honeymoon phase of the marriage wears off and the stress taking care of the child increases she'll more than likely cheat on him within a few short years.

askmrcia • 2 points • 17 March, 2017 12:05 PM

Feel bad for the guy because the poor bastard doesn't understand female nature. I see your friend and his situation soooooo much more as I get older.

The karaoke bar you mentioned is icing on the cake. There was one near i lived where this girl I knew goes by the nickname little bottom. Because she was some 33 year old petite women that would shake her ass everytime she sings a song. She constantly hit on me and I'm sure she did with other guys as well. One day I saw her at my gym and she introduced me to her fiance. I never seen this guy out at tnt bars before. Had no idea she was dating anyone. The guy has no idea what's he in for.

Another great example is when I was out with my ex and her best friend. The best friend was fat and in her mid thirties. She was telling my ex who was 28 at the time how she (the best friend) had her "ho phase" in her late 20s where she would sleep around with guys and not call them back. Bragging about it.

She is now with this fat beta guy because that's the best she can do. You see this shit play out in real life as you get older. Terrible but it is what it is.

menial\_optimist • 3 points • 17 March, 2017 05:38 PM

Yeah. I've told him about TRP before and he just rejects it instantly. He's fully plugged in and I know you can't force unplug anyone, but I tried. Its one of the most haunting situations, watching a good close friend tumble down a hole you know is more likely to lead him to darkness. It's hard to respect his choices, but he's his own man, and I shouldn't really care and focus on myself.

Little bottom, lol. This particular girl will always come back to the house and tell her husband & I about all the guys who hit on them/her. My guess is she's just trying to project an image that she's still desirable (despite getting fat post-marriage and then even fatter post-baby).

"..That is not to shame anyone who is enjoying crazy casual hookups, or whatever else you may be into. They are just as awesome, if you're enjoying yourself. That's the beauty of being a modern day, we get to choose."

"We get to choose"...We get to choose to be a whore. We get to choose to pretend that being a slut is part of growing up, and that we are in fact proud of the dozens of dicks we took, as though it was a difficult feat. We get to choose to pretend as though we are taking a moral high ground later on, when in fact we are simply too used up to attract the high value men we used to. We get to choose to socially and professionally attack you, if you point out that we were a complete and total whore. We get to choose to mislead some poor sap for years, and let him think we are attracted to him, when in fact it is just the money and comfort he offers....We get to fucking choose.

CanuckinFL • 11 points • 16 March, 2017 06:16 PM

yep they get to choose. Pick a delusion and repeat it should be the modern feminist mantra. That'll make us

all feel good about how real it might be, so long as Bill, Sara, Sara's neice Sharon blah blah and the 80 other members of their little world validate them. Nothing like 'objective' truth spat back at you when your desperation for acceptance screams for it. Then there's just time enough for a Facebook post or 6 -before driving to Starbux up the street for an iced vanilla latte. And don't fat shame them if they put on weight during the re-virginification.

Overkillengine • 13 points • 16 March, 2017 09:20 PM

Just treat them with the same trust you would a meth head / coke fiend or alcoholic / etc drug abuser that decided to go clean.

You know damn well better than to leave them alone in a room with their drug of choice.

And anyone with a brain knows damn well better than to give them unfettered access to money and valuables with which they could obtain their drug of choice.

Because a ho and a junkie are not so different. They are addicted to putting things that are bad for them in their bodies, and there is always the danger of relapse. *The addiction never really goes away.*

They have the right to do that to themselves if they wish, but no one else is obligated to bear the consequences for them.

gistamminute • 18 points • 16 March, 2017 06:19 PM

I had a homie who's gf-turned-wife did this to him... and he produly went along with it and rushed the fuck into marriage (<6mo from meeting iirc). The article is worthless, but it's a good example of the utter cluelessness of the female hamster.

Women know what they're doing (kinda), the clueless are the guys eating this shit up and manning up, according to society, to marry the sluts.

It's kinda like barfing up a steak and selling it as prime homemade beef stew. The suckers are the people eating it up.

ilikeurboobies • 5 points • 17 March, 2017 12:56 AM

I was stupid (and pathetic) enough to marry one. Guess what - a woman who doesn't care much for sex is a woman who doesn't care much for sex after marriage either. We had two kids, I got a vasectomy, and she lost all interest in my penis.

soundlikebliss • 6 points • 17 March, 2017 02:11 AM

I'd be less bothered if they didn't call it "virginity born again" or whatever the fuck, but rather "calming the fuck down with your holes" or something along those lines. Not that it changes anything, but you're not a fucking virgin.

[deleted] • 6 points • 17 March, 2017 02:39 AM

This story reminds me of my first oneitis that nearly killed me. She too was a whore who with the help of a local church decided that by holding herself for marriage she would be virgin and pure again. Being a beta back then i believed in all of that shit. Meanwhile the virgin whore was still getting smashed by alphas.

Looking back now as i am spinning plates from from any oneitis, i really wish i had this prespective 10 years ago.

ozaku7 • 8 points • 16 March, 2017 05:56 PM

One can consider this as a self-protection against relationships that are based on sex, rather than on commitment

and long-term. On the other hand, she just wants to justify her slutty past by making up for it by not getting laid. History is still a fact, once a slut, always a slut. The only thing that is good for her is that she will fool this other guy that she's a prude and "saving the best for last" bullshit.

What's worse, his dick won't ever get ridden as good as it has been ridden before. Her focus will be on commitment, and not sex anymore, because she will hamster away that by having too much sex, will make the relationship sex focussed and you can only expect once a week or once a month sex from this woman. Which is utterly useless.

This is your typical adult Disney fairytale, where she finally finds that prince that treats her right and she fucks like a prude.

nonthaki • 5 points • 16 March, 2017 07:02 PM

ohh yeah , she wouldnt have chosen this f\*king Beta prude if she could have gotten a sexlord Alpha to commit to her in the first place .

aanarchist • 2 points • 16 March, 2017 11:05 PM

dudes should adopt a similar af bb strategy. find a nice born again virgin to date and cuddle with and have her cook you nice meals and all that cute shit she was supposed to do for you in high school, and go find other women to actually have passionate sexual relationships with. if your game is good go game some cuties, if your game is bad go buy some prostitutes.

textualintercourse • 3 points • 17 March, 2017 05:05 AM

"more than a handful of hookups since."

This sentence, though minimizing the 278 dicks she's had penetrate her vagina, is technically more than a handful and therefore factually accurate.

beginner\_ • 3 points • 17 March, 2017 05:47 AM

About a pretty long time ago there was this locally famous pop-group that was very sexual. Then the female lead singer quit and decided to become religious. There was a short documentation about her on TV how she found good, is a reborn virgin and now waiting with her new boyfriend till they get married to have sex again. I was pretty young at the time but it was clear the boyfriend was a complete loser and she is full of shit. She then went on to moderate a religious TV show for years. Oh and she was 31 when they married so about 29-30 when that reorientation happened...

Only surprising thing is she is still with her husband and the 2 kids.

RedBikerMouse • 3 points • 17 March, 2017 01:13 PM

Celebrities who marry to merge their fortunes like Kerr, declare abstinence over something they weren't even interested to have with their significant wallet, and somehow that made a movement.

For a moment I was HOPING this was the onion.

ingenjor • 2 points • 17 March, 2017 07:50 AM

I've been seeing this girl without agreeing to commit and she just told me "no more sex" and that "I'm using her body", even though she initiates sex 90% of the time. Was bound to happen sooner or later, I guess.

ozaku7 • 1 point • 17 March, 2017 02:57 PM

She is using sex as a weapon. Don't be fazed, tell her that if she kills your sexual relationship, she kills the entire relationship and you will jump between the legs of another woman if she doesn't allow you to jump between hers.

I love this.

"I made a few disastrous choices in partners and relationships by trying to fulfill my need of support, belonging and intimacy with sex. SEX IS DIRTY AND SEX IS TO BLAME. I WILL DETOX MYSELF OUT OF SEX."

Man, I admire feminism, it went a long way this far on helping women knowing themselves. But when I see shit like that I fucking cringe.

And the worst of all is, IT WILL WORK. They will find a beta dude that offers comfort and intimacy in expectation of future sex. One step further these women will associate comfort and intimacy with the absence of sex and the beta dude will be just so screwed...

newName543456 • 1 point • 18 March, 2017 10:26 AM\*

This is what in economics is called "artificial scarcity". Resource (sex) isn't really scarce per se, but you limit its supply in order to drive price up (put a ring on it). That's what De Beers cartel was doing in diamond industry, though artificial diamonds are threatening that modus operandi.

Hence it's important to have abundance mentality and not limit yourself to such limited sources.

**Being married to** a 28 year old is OK, it's understood that if you marry, eventually your wife will turn 28, and 38 if she doesn't walk out on the marriage, and 88 if you both live long enough.

The problem is **starting out** at 28 -- she's given away her best 10+ years to other men.
