

I'm very new here and have NSFW and this showed up in my new feed... Has anyone else seen this shit?! What dude wants to accidentally date, marry, impregnate or fuck these girls?

Are the ones who show their faces escorts marketing their services on Reddit? Seems incredibly stupid to show your face if not.

I didn't spend long there or even read the comments, but I probably should for the fun of it. I would assume mostly attention seeking, but that's a lot of naked girls photos just for some likes. I guess pussy is cheap now days, doesn't even cost money just a few likes. I'm glad I'm out of the dating scene...

blue pills and simps. Any man who expects monogamy from a woman showing her asshole and pussy on the internet is an idiot.

A smart man, however, would find a way to monetize these broads.
