If she's activity pursuing you, you're fucked. Women don't understand rejection.

Make a girlfriend up, if you want to be just friends. She won't care, but it will take some of the heat off.

Look for an other job. You can be friends with her after you stop working together. If you stil feel like it. I repeat, you're doomed.

Meloxian • 2 points • 5 July, 2019 06:35 AM

Haha, the trumpets have sounded, the plagues of heaven have come upon us, the end is neigh, jk.

I'm pretty confident I'll be alright, I've dealt with girls like this before; I posted a comment about another girl I worked with who was really bad. This is the type of girl to have 69 dudes in her dms at any given point so I think she has other options if I don't wanna fuck her, and wouldn't sweat one guy too much.

You're definitely spot on about girls not being able to deal with rejection, although I'm also terrible at dealing with it, haha. That's something I need to work on. I've definitely cried once or twice over a rejection when I've really wanted the girl, but we all learn from the past and improve right?

pwnzusauce • 1 point • 5 July, 2019 05:06 PM

The denial is real

Meloxian • 1 point • 5 July, 2019 05:12 PM

I deny what you're saying, haha jk

Funny thing is I've actually done that before, there was this girl that won't stop hitting on me, so I'm super tired of it and decide the best course of action is to tell her I'm gay, whenever she starts getting too flirty I'll bring up how much I like to suck cocks, haha it grossed her tf out. She still ended up being upset I wouldn't date her anyway though and would do really passive aggressive things.

The only issue I can think of is when they wanna "turn you straight."

Mixing work and romantic relationships will rarely play out in your favor.

Meloxian • 2 points • 5 July, 2019 05:41 AM

Yeah, I wasn't planning on it. My issue was how to keep the relationship platonic, she's a cool chick to hang out with, we vibe well. I just don't wanna catch any std or anything.

OLD-TRUCK • 2 points • 5 July, 2019 11:06 PM

A lot of people at my workplace will only date/ fuck other people at work. Talk about fucking drama.

Astral-Projector • 3 points • 5 July, 2019 05:50 AM

Never dip your pen in company ink.

Meloxian • 2 points • 5 July, 2019 05:55 AM

Haha, wasn't planning on it, plus the ink is so acidic my pen will disintegrate.

I just wanted advice on how to hangout with her in a platonic relationship, as she seems pretty cool/chill/charismatic, and I'm always looking to connect with more people and make more friends, but Without any kind of sex stuff.

redshieldheroz • 3 points • 5 July, 2019 07:32 AM

ask her std, if gonorhea, clamymdia..do at your own risk!

if its herpes or HIV..ghost her like the end of the world.

You said she had a lot of stds but you'll never know. Some of it maybe a superbug or a mutated std because of long use of antibiotics.

Meloxian • 1 point • 5 July, 2019 02:34 PM

Haha, I have absolutely no idea how to bring that up in normal conversation like "hey, catch any cool new stds lately?"

ConstantChinner • 2 points • 5 July, 2019 05:26 AM

Get her fired.

Meloxian • 2 points • 5 July, 2019 05:28 AM

Definitely don't agree with that one, haha; but thanks for the advice anyway.

ConstantChinner • 4 points • 5 July, 2019 05:32 AM

Oh don't worry. She WILL get you fired when you reject her or she becomes bored with you.

Meloxian • 1 point • 5 July, 2019 05:40 AM*

Yeah, I don't think so. She's slept with quite a few (2 that are still working there 4 that I know of for sure that have gotten different jobs) dudes at my work some that are still working there and hasn't gotten any of them fired. She's got a body count probably in the 60's and I'm sure has been rejected plenty of times, so I'm sure she won't sweat one dude. hell me and her had some previous history and it never worked out between us and she didn't get me fired last year, I even dated her sister for a bit and we split and I didn't get fired over that, it's not like she has actual pull over hiring decisions; it's not a power she has. So I'm not too worried.

ConstantChinner • 3 points • 5 July, 2019 05:43 AM

She sounds like a nasty skank. Don't fuck her whatever you do.

Meloxian • 2 points • 5 July, 2019 05:52 AM

Yeah, she's definitely the definition of a hoe for sure; haha, she told me she had sex with 17 dudes last summer alone, and has been fucking since she turned either 12 or 13, I know for a fact she's got STD's. On Monday I learned her last bf dumped her, and today I learned he called her up for a booty call and cut connection with her again, which I feel sad for her stupidity in that situation but I didn't tell her what she did was dumb, that's her mistake to

make.

But I don't want to fuck her, all I want is to be platonic friends with her, as she's someone who I vibe with pretty well and seems pretty chill/cool/charismatic and honest, and plus I'd like to connect with more people and make more friends. My issue is how to do that without leading her on/her trying to fuck me.

ConstantChinner • 3 points • 5 July, 2019 06:01 AM

But why even be friends with a worthless woman like her? She is obviously damaged.

Meloxian • 0 points • 5 July, 2019 06:25 AM*

My thought process is

1. She seems like a honest person, so she'll probably be honest with me about ways I can improve both physically and behaviorally as she's been with a lot of what you guys might consider "alpha" type/also good looking dudes so I can always use what she likes as a barometer to improve upon.
2. She's had a lot of sex been in a lot of relationships and I really haven't so I can ask her what she as a girl likes, so I can get a general Idea on what to do better, even if I don't use that advice it's always good to have a different perspective, especially on the sex I feel she knows what she's talking about, having 60+ sex partners will do that, lol.
3. She's decently attractive and really outgoing so I'm sure she has some good looking female friends I can try my luck with, Hell L mentioned at one point she's bi so maybe I can watch, jk.
4. I have friends of all kinds, one of my best dude friends has autism, depression, anxiety etc. and I think of him like a little brother; dude is really likeable and awesome to hang out with. Nice guy, sucks with relationships, but I'm not the best either, so I can't judge, haha.
5. Ive been feeling a bit lonely lately so I'm looking for people I connect with that I can spend time with, have fun, make memories etc. just to enjoy this one life I've got instead of wasting it, plus I grew up in a really repressive home, and didn't have a lot of friends growing up, like none lol, so maybe I'm trying to play catch up now that my social skills are slightly better (from. -10 to a -5, jk)

Anyway that's just my reasoning for why I'd want to be friends with her.

NAILmg42 • 2 points • 5 July, 2019 05:36 PM

I posted this to him:

Honestly, I would say you are trans. Someone I watched on youtube called himself a masculine presenting transgender lesbian after watching YouTube and dressed like a regular dude but sold it with pink ties and ribbons and didn't expect pronouns to be correct when calling him and when complaints about him were made prior they disappeared because he came out as trans. You can go to doctor and say your a woman with straight face and he will give you ticket that says you suffer gender disphoria and then you get your licence updated and your legit official.

It's the cheat code for work dynamics. Then tell female manager you want to like her because you see lots to be desired but your trans and its difficult..... tell her wearing some nice colours. She will then change her mind and not metoo you. Your pride is all that holds you back.

P.S. do not go full leftist and get a degree in Lesbian Dance Therapy or call your junk a Masculine Clitoris (Peg D) with external ovaries (balls). In your HEART you are a woman and you support all your scissor sisters just like your work boss 19F, and if anyone hates on you, you pull the trans card and its

checkmatebigots

Meloxian • 2 points • 5 July, 2019 07:32 PM

Haha haha, this is the greatest thing I've read all day. I'm gonna use this at some point, I love it. Thanks for this.

dvbtupanit • 1 point • 5 July, 2019 09:07 AM

Rub one off before work to clear your thoughts.

Meloxian • 1 point • 5 July, 2019 02:14 PM

Always decent advice

[deleted] • 1 point • 5 July, 2019 11:34 AM

Sounds like you are quite an attractive dude, probably get yourself in trouble over that

Meloxian • 1 point • 5 July, 2019 02:26 PM*

I don't consider myself to be, so I've been trying to improve my behavior and I think that's had a grand impact on whether or not people are attracted to me. But thank you for the compliment anyway :)

I get myself in trouble over a lot of things, haha.

MrMagtow • 1 point • 5 July, 2019 03:29 PM

There's a reason why we all say "don't shit where you eat" - I learned that lesson the hard way. I made that mistake once in my first job - never again.

Meloxian • 1 point • 5 July, 2019 03:30 PM

Yeah, but I thought that only applies to sexual/romantic relationships?

MrMagtow • 1 point • 5 July, 2019 05:20 PM

See - that's your fault right there. "Romantic relationships" You don't understand women at all. Read everything on the side-bar to understand.

Meloxian • 1 point • 5 July, 2019 05:24 PM

Yeah, I mean romantic relationships as in when you're dating someone; when you say I don't understand women at all that makes me feel disrespected, and I don't feel that it's very constructive for us to solve the issue; I think our ideas would connect more if you would explain specifically what you mean.

MrMagtow • 1 point • 5 July, 2019 05:31 PM

Feel? feel? connecting ideas? Explain? You sound like a woman. I've already told you what you

need to do, so I'm not going to mansplain it for you again.

Meloxian • 1 point • 5 July, 2019 05:39 PM

Yes, what I feel; we human beings have thoughts and feelings, and should be treated as such, especially when we're putting ourselves in a venerable position like asking for help with an issue.

I understand you felt like your beliefs were being attacked, although that wasn't my intention, and perhaps there was a misunderstanding.

But getting defensive and insulting someone is not something that's okay to do.

MrMagtow • 1 point • 5 July, 2019 05:43 PM

You sound like a millennial. Do you want a participation trophy?

Meloxian • 1 point • 5 July, 2019 05:53 PM

Haha, sounds awesome you can put it next to my "I haven't failed at life trophy"... never mind, you don't know what that looks like, so you can just keep my trophy polished then, I'm sure you're good at that, lol

MrMagtow • 1 point • 6 July, 2019 07:01 AM

Practice makes perfect.
