Imagine how much you have to hate men so much that you raise your son — your own flesh and blood — to live against his own self-interest.

I dare say the modern woman is a pig

hrm0894 • 16 points • 3 November, 2018 12:43 PM

This isn't the doing of the "modern" woman. All women, past and present, are like that--AWALT.

This is the work of simps and beta males who enable women to act like this and spread this toxic propaganda.

sasquatch_pants • 59 points • 3 November, 2018 07:07 AM

Corporations capitalizing off of them! Haha! Jokes on them.

TheRabbitTunnel • 11 points • 3 November, 2018 03:03 PM

Feminists love being slaves to corporations. They think its "oppression" to stay at home and take care of the house, but its "freedom" to spend 40+ hours a week doing some bullshit for some company.

sasquatch_pants • 2 points • 3 November, 2018 06:37 PM

And then having to give money to big brother for spending 40 hrs per week at a slave company

[deleted] • 1 point • 4 November, 2018 01:32 AM

And then having to give more money to your ex-wife when she takes the kids and the house.

strongandhappy • 50 points • 3 November, 2018 06:18 AM

So boys aren't good humans? I think it's pretty clear who isn't a good human here.

underrated_kawasaki • 49 points • 3 November, 2018 06:43 AM

who the fuck is breeding with these she-beasts, condemning their male offspring to a horrible life...

[deleted] • 26 points • 3 November, 2018 08:07 AM

The thirsty, scared to be alone kind

Oldworldking • 22 points • 3 November, 2018 10:53 AM

I feel bad for the poor child that's involved, he is most likely doomed to become a beta as well it's a vicious cycle...

hominid_mgtow • 17 points • 3 November, 2018 07:12 AM

If you click on the link, there is the Hollywood magazine cover on the bottom left with the caption, "Triumph of the Beta Male". With an exception, everyone's hand is in other dude's pocket. Haha.

ManIsWalking • 1 point • 3 November, 2018 09:46 PM

We used to call that a reach around.

dub_squared • 17 points • 3 November, 2018 12:37 PM

Those shirts are a good way to get your son's ass kicked at school

SomeGhostingGuy • 8 points • 3 November, 2018 02:32 PM

Good. Negative experiences have a way higher learning effect than positive ones.

roadblumeta • 12 points • 3 November, 2018 06:16 AM

That's a good human!! Work hard and have a human treat

thecherry94 • 9 points • 3 November, 2018 09:06 AM

Why are people suddenly thinking child abuse is OK?

In what kind of fucked up world are we living and why is the majority asleep? Can't they see how fucking ridiculous this is?

[deleted] • 8 points • 3 November, 2018 09:18 AM

Cognitive dissonance...

OnlyOnceThreetimes • 1 point • 3 November, 2018 12:27 PM

Because people have been trained to think all men are sexual offenders from the media constantly taking a small subset of men and constantly conditioning the public that this is how we are.

So it is okay for everyone to say this since we are "horrible people".

hrm0894 • 1 point • 3 November, 2018 01:11 PM

why is the majority asleep

The majority has been asleep since inception. They follow whatever is mainstream--trends, ideas, people, etc. They are very capable of critical thought, however being a follower is the easiest and least resisting option.

Like another commenter said, cognitive dissonance. We're showered with incessant propaganda from the media, so most accept that's how things work in the world. Once exposed to facts that oppose those synthetic beliefs, most will deny the truth because accepting it will mean everything they wholeheartedly believed in was a lie; the gravity of having to rewire the brain to forget all those years of false information and adopt a new philosophy is too overwhelming. Hell, most of us here wouldn't have accepted TRP or MGTOW had our hearts not been broken. But we have firsthand experience, so we *know*.

Just don't associate with the masses, and if you must, keep your thoughts, opinions, and beliefs to yourself (even if its the truth). People do not like resistance, and there is no point in trying to express ideas to a brick wall.

GYOW.

The end of civilization. Stock up on ammo, bean cans and dried out oat and hope for the best brothers!

seahawkguy • 7 points • 3 November, 2018 10:14 AM

Seriously though. How do you get men to fight wars, stay on sinking ships, build skyscrapers, run into burning buildings, etc... when you raise them to be pansies?

[deleted] • 5 points • 3 November, 2018 10:17 AM

Short answer, they don't have the mental capacity to think that far out into the future.

NohoTwoPointOh • 5 points • 3 November, 2018 11:31 AM

Today's feminism is about revenge. They want the complete eradication of masculinity. If there is any doubt that we are at war, look above.

No1Buck • 6 points • 3 November, 2018 12:31 PM

Feminism is child abuse because it promotes single motherhood, which sticks children with an enormous handicap during their formative years.

[deleted] • 5 points • 3 November, 2018 12:33 PM

Even your own children are treated like your woke fashion accessories.

[deleted] • 4 points • 3 November, 2018 12:57 PM

They actually promote the term beta male as positive? Is that real?
