We can be right. We can be wrong. We can try new things and fail. We can document our failures. We can document our successes.

But one thing's for sure: those who disagree had their chance to remain part of the narrative and abused it. Now they're upset because we just don't give a damn.

We aren't always right. We aren't always wrong. But it's our call and we don't give a fuck what you think.

It's been said before and will be said again, but as this sub grows we need to stay vigilant in reporting troll / bait posts and comments. I'd only discovered this wonderful place a few months ago after more or less giving up on finding the answers I was looking for in the /r/seduction subs, and in that time we've seen a quite a surge in content and members, let's not let this corner of the net turn into what Seddit has started turning into.

Thanks to the continued diligence of our members and mods we can keep the message clear. Keep it up folks!

Keep ruling with an iron fist. I've seen no drop in quality since I have subscribed.

I'm wearing out the ban button.

By the way, how do you downvote a crummy comment or post? Have I not been subscribing long enough to receive privileges? Cause that's a good idea to keep spammers out.

SoftHarem • 2 points • 20 June, 2013 03:42 AM

We disabled downvotes due to brigades. If I told you...I'd have to kill you.

Keep it up modteam, without you there's no sub. It's quality because you are willing to be wrong. Thanks.

I swear it was only a couple of weeks ago we were celebrating 7000 users! The growth is accelerating.

Isn't that like 99% of other subs?

SoftHarem • 2 points • 20 June, 2013 12:28 AM

Basically.

We aren't always right.

Hey! Speak for yourself.

Better?

telnet_reddit_80 • -1 points • 19 June, 2013 07:14 PM

Massive improvement.

redpillschool[S] • -1 points • 19 June, 2013 08:57 PM

Yes, indeed. Tel is the exception. HE is ALWAYS RIGHT AND ALWAYS WRONG!
