

You actually have to leave the locker room.

TRP is a locker room. Full of guys, swinging dicks, slapfights, towel snapping, trash talk. It's a masculine space. Guys giving each other shit, our own version of fitness tests. Small talk, bitching. And there are guys that will have no compunction about tossing you in a locker or giving you a toilet swirlie if you prove you're a fuckup.

It's a fun place. Lack of PC culture means we don't give a shit if you're "offended".. there's the fucking door. And that's freeing. Come on in. Call that guy a faggot because he's acting like a faggot.

Here's the problem... the vast majority of guys don't leave the locker room until they're ready to exit the building.

The *RP noobs* get off on the debate, the interaction, the seduction of having a space where you can be unabashedly male.

Women just don't understand, which is why virtually none are allowed to hang around. Boys club. Get back to "Curves." (Which I don't understand, but goose/gander. It's a female space.)

The *bloopies* come in and are horrified, yet drawn to the spectacle. "He called that guy a faggot!!" You should feel bad about teabagging Bill! They get a good flushing, but they are back the very next day to be outraged again. Some even post links to trp on their own sub crafted to specifically discuss the antics in the locker room, mocking what they've seen. They believe they understand TRP because they spend huge amounts of time in the locker room.

You actually have to leave the locker room.

RP guys are here to lift the fucking weights.

This locker room has a weight room attached. It's full of tools for you to use to attain your goals. You go choose what tool to use, pick it up off the floor, put it back down, pick it up again. Find out which tool is necessary to craft the plan you have in your head, and use it. There are experienced guys here that can help if you have a question, but you better be sweaty and trying, not an asshole in street clothes yelling from the locker room.

The weight room is where you should be spending your time. Sure, go get changed, shoot some shit, but the reason you are here is to realize your goals, and that doesn't happen by talking about them. The gym exists to house the tools you need.

You actually have to leave the locker room.

If you spend a lot of time here, you get your goals down, you're over the notoriety of the locker room antics, you find yourself hanging back in the sauna with the old wise guys. The gym owner shows up here occasionally, the planks are occupied with men who have the time and desire to share the knowledge that got them there in the first place. This is a mellow spot, mutual respect, it's a club. If you run in helicocktering your dick with a lampshade on your head, you'll be quickly thrown back in the locker room, or even completely out the door. Membership cancelled. But if you sit down, STFU, and listen, chances are you'll learn something. Because the talk is utility driven. TRP is engineering, not theoretical physics. Don't care why or should the bridge support the weight, but that the train reaches the tunnel.

RP mods and vanguard come here to discuss engineering.

I am definitely guilty of this. Even more so, I went as far as giving "advice" (i.e. answering AskTRP questions) while I myself lack skin in the game (i.e. practice/experience). I am, what in our jargon call, a faggot.

I know what I need to do. Thanks for the wake up call man.

I really do **love** this community.

Is this a roll call for phaggots? Count me in too. I've caught myself being a schmuck these days too.

[deleted] • 8 points • 2 June, 2018 05:43 PM

Hope in brother ! I guess this makes us broggots.

juju515 • 3 points • 3 June, 2018 07:20 PM

I guess I'm a faggot as well then... but I'm working on it...

[deleted] • 3 points • 4 June, 2018 03:28 AM

Roll call, - Present

I want to say i'm working on it but i'm not, not really.

tranquil_af • 4 points • 2 June, 2018 05:12 PM

Identifying or recognizing a problem is the first step for solving it.

[deleted] • 2 points • 2 June, 2018 05:45 PM

Yeah man ! First thing is recognition, second is identification (although some consider they're the same thing), then comes acceptance and lastly change. Rinse & repeat.

In this analogy, who is the old naked guy walking around and putting his saggy balls in everyone's face

AHumiliationADay • 10 points • 2 June, 2018 07:09 PM

On topic: I'd say uncle vasiley, except every time you're stoked to see his saggy old brass balls in your face.

Unrelated note: Oh shit you're the guy who got rimmed. Your shit has helped me a lot. Thanks mate

[deleted] • 9 points • 2 June, 2018 07:56 PM

: Oh shit you're the guy who got rimmed. Y

I'm proud of this title, wouldn't object to mods putting that as my flair. Yeah uncle vasia is the best. He changed my outlook on sex

In what way did he change your outlook?

[deleted] • 7 points • 2 June, 2018 08:54 PM

"

She goes down on me, and I tried something u/VasiliyZaitzev recommended I should. I told her first to lick my balls while jerking me off, she happily complied.

Of course she did.

Then I told her to lick my ass and she also complied. And let me tell you, it was the greatest thing I have ever done sexually. (Thank you/VasiliyZaitzev!!!!). I was a bit hesitant at first but it opened my horizons, cumming normally is so one dimensional compared to this. She jerked me off and the ass licking leveraged and amplified my orgasm by 10x, I almost passed out from it and I am 100% serious about that. I really recommend it.

LOLOLOLOL! Recall in just the last 24 hours, this was you:

TRPAndNofapGotMeLaid: *"You mean get her to eat my ass? No thank you"*

Uncle Vasya: *"You say that now. Have her do it. Then come back and tell us how awful it felt, and how you feel cheap and dirty and used. /lulz . . . let us know how it goes. I predict: 'OMFGTHATWASSOFUCKINGAMAZING!!!"*

You after:

TRPAndNofapGotMeLaid: *"Maan..... that was awesome on so many levels. Jesus christ I will post an update tomorrow morning"*

You, Today:

TRPAndNofapGotMeLaid: *"Then I told her to lick my ass and she also complied. And let me tell you, it was the greatest thing I have ever done sexually. (Thank you/VasiliyZaitzev!!!!). I was a bit hesitant at first but it opened my horizons, cumming normally is so one dimensional compared to this. She jerked me off and the ass licking leveraged and amplified my orgasm by 10x, I almost passed out from it and I am 100% serious about that. I really recommend it."*

Me, to self: *"And THAT is why YOU are a fucking LEGEND." /lulz*

^ These two sentences can be read in a horrifying way. /lulz

VasiliyZaitzev • 3 points • 3 June, 2018 04:19 PM

Thanks...I think. In this particular analogy, I'm not as old as we generally think of the "old, saggy balls guy" being.

Besides, my brass balls go "*KLANK!*" when I walk so you'd have fair warning of my approach.

It's the big MACHO MAN, the ancient fuck that as he grows older the more pussy he gets

So we can all agree that tindercraft is for faggots? Tired of seeing the "make these changes to your tinder profile because it's shit" posts. Get out in the real world and conquer men.

How can I leave the locker room when I don't have a positive canthal tilt with a big glabella?

[deleted] • 7 points • 2 June, 2018 11:45 AM

Check Out The Big Brain On Brad.

Cumshot target. That's all you had to say. Cumshot target.

LiveAFTSOV • 12 points • 2 June, 2018 02:34 PM

Guys get addicted to the locker room. It becomes their new community. They know all the guys, and all the guys know him.

Why should he leave? He's welcome there.

[deleted] • 2 points • 4 June, 2018 03:32 AM

That's a major issue, IMO TRP is kinda like a family, the older brother and strong father figure that me and many others like me, lack in real life.

Upvoted for the use of askhole

Anyone ever see Waking Life? This little clip comes to mind.

Get out there and put your money where your mouth is.

Morphs_ • 2 points • 3 June, 2018 08:33 PM

Yes, the good 'ol keyboard jockey as it was called in the early PUA days.

There are a couple of different types of guys in here. I'm the guy that replies in threads but hardly ever posts a FR. I waste too much time reading in here and on askTRP.

But then again, I do leave the locker room and "lift".

[deleted] • 2 points • 2 June, 2018 02:22 PM

Good analogy. I'm definitely guilty of only leaving the locker room to go wander the gym but not actually lift.

LiftnLive • 3 points • 2 June, 2018 10:55 PM

Be careful though knowledge must be applied, and its not hard to go back to the beta ways

Just out of curiosity, have you ever been inside a real locker room?

LiveAFTSOV • 16 points • 2 June, 2018 08:38 AM

I guarantee he has, and has set foot in the gym more times than you have bitched about being ugly.

Btw incels are the ones who get dunked and swirlied.

Can we terminate this guys RP privileges?

[deleted] • 11 points • 2 June, 2018 10:41 AM*

You mean Planet Fitness? I tried once, but I farted and set off the lunk alarm. So, nope, never a "real locker room". You got me.

What's it really like?

Lifting >30 years, hockey and baseball.

But thanks for reminding me about you incels.... I really don't think about you at all. Post edited to include your group. You're welcome.

radicalizedIncel • -3 points • 2 June, 2018 10:48 AM*

Yeah, it's pretty obvious you've only seen a locker room on a screen.

FYI it's just a bunch of guys changing clothes and talking about mundane stuff. Sometimes there's an old man displaying his testicles, but everybody just rolls their eyes and avoids him.

[deleted] • 4 points • 2 June, 2018 11:42 AM*

Pretty obvious why you're an incel.

Impressively missing the point of the metaphor, impressively forgetting the main point at the end regarding STFU, blatantly showing you've never had male gym bros or played sports (Locker Room, not changing room at the banya), discounting a poster because his experiences don't match your own shitty life experiences, and you should listen the guy with the old man balls. He probably owns the place.

Why are you here if all you plan on doing is shitting up the place with your Eeyore gloomy anhedonia?

Anything of value to add?

radicalizedIncel1 points 2 June, 2018 12:01 PM [recovered]

Your metaphor is a caricature of masculinity. You got it from watching movies. I don't know or care what *gymbros* do in the privacy of their own homes, but they don't have slapfights and towel snapping whatever in locker rooms. I think I would've seen that kind of thing by now (15 years martial arts, 5 years weightlifting plus school PE) even if I wasn't included in the "fun".

I did learn a few things from you though. Banya, Eeyore and anhedonia are all new words for me,

so you were useful after all. Thanks!

[deleted] • 6 points • 2 June, 2018 12:22 PM

Still focused on the locker room.

You actually have to leave the locker room.

I should make a post about this!

I don't think you have the authority to announce what a caricature of masculinity is.

throwawayflatwhite • -7 points • 2 June, 2018 06:39 AM

Women just don't understand, which is why virtually none are allowed to hang around.

That's not why women don't hang around in men's locker rooms...

[deleted] • 11 points • 2 June, 2018 08:15 AM

He means "Male Spaces". Feminism and SJW's that have been waging war on male spaces for years -, the right to vote/government, the workplace, the military, fuck even the idea of "being" a man now. One could argue for gender equity in these things, but it is fair to say they are and have been historicallyoverwhelmingly male institutions and men are generally better at them.

Women hate that. The women leading the charge are almost always unlikeable, Unattractive, and pathetic - they seek to destroy what they covet yet can never attain. Historically, only 20% of men and 80% or so of women have reproduced. That leaves 80% of men, who all covet women but have similar capabilities for violence (1 alpha cant fight 4 angry betas, esp. with modern weapons) hence monogamy.

But are woman happy with that? 20% of woman just used to be so god damn worthless they'd die with no offspring or they'd lose their offspring and they still aren't happy, monogamy empowers what would otherwise be evolutionary deadends. These are the women that seek to destroy men - and it only takes a highly motivated 10% of a population to make big societal change - higher SMV women can follow like sheep par Sisterhood uber alles, And beta's will definitely too.

No citations, just some theory.

jm51 • 3 points • 2 June, 2018 12:47 PM

Only 9% of women in the UK identify as feminist. There's a mumsnet thread bemoaning this fact and in the comments was this gem:

I think you're being rather naive when you say that "most people believe in sexual equality" - that's simply not the case. Most people believe in not treating women like shit, but even lots of women believe that men are inherently superior.

throwawayflatwhite • 2 points • 2 June, 2018 02:43 PM

I get what he was trying to convey in OP, my point is that his metaphor is not the best one. But I do agree with the message nonetheless
