I bet they called him an incel.

And gay.

PeonSupreme • 66 points • 23 June, 2018 08:52 PM

And they ask him, "Who hurt you?"

[deleted] • 16 points • 24 June, 2018 12:07 AM

it's almost comical how predictable the responses are. i'm the farthest thing from an incel with probably over 10-12 LTR outside of random hookups. but then i remember the fact that people assume you're an 'incel' and that insult is so common only proves on thing, the 80/20 rule is definitely true and the large amount of men who have never dated or had sex only goes to prove to incredibly strict nature of womens sexual pair bonding.

trseeker • 10 points • 24 June, 2018 01:52 AM

This generation of women can no longer pair bond. Need to wait for a hypothetical future crop.

[deleted] • 7 points • 24 June, 2018 02:15 AM

pair bonding is a biological mechanism to promote safety and to ensure survival of her offspring.

prolem is now that we have tinder and social media, there is literally no biological drive to pair bond since there is always a better Chad around the corner and not many environmental dangers.

sad truth though is that pair bonding is still vitally important for the development of children, as children reared in a two parent home where both parents respect and honor each other leads to much better mental health and self image of said children. that's the tragedy to me. i get that bitches don't need to be so loyal or selective based on the availability pool going from their local pub to the entire world via tinder and fuck-book, but its very sad women don't realize the damage it does to their off spring and ruins their maternal instinct.

though i think men and women have never really gotten along because of biological difference, i do think many women (at least in previous generations) had a strong maternal instinct that led to a better life for their children. my mom for example got a nice alimony and child support payment in the divorce but she rarely spent it on herself and saw the need to invest it for the children via education, long terms savings, etc.

i think today's women are by and part horrible mothers, who whore their kids out on facebook for likes, and use kids like an accessory instead of a pair bonding maternal love that used to exist in humans. i'd like to think i'm wrong, but the # of mothers virtue signaling their dumb fucking kid on facebook in endless pictures says i'm wrong.

trseeker • 2 points • 24 June, 2018 02:22 AM

And it is a self-perpetuating cycle. Female children rarely have the opportunity to see the need for a counter-balancing masculine presence in their lives. This causes them to devalue the masculine thus raising demasculinized male children who then reinforce the negative stereotype of the masculine in their mind.

doomguy1994315 • 1 point • 24 June, 2018 02:36 PM

Meanwhile teachers rape underage boys and demand child support when they turn 18

[deleted] • 1 point • 24 June, 2018 03:05 AM*

What is LTR?

EDIT: Nevermind, long term relationships.

[deleted] • 5 points • 24 June, 2018 02:01 AM*

I bet they called him an incel.

And gay.

I bet they ratted him out for not conforming, threw him in a camp and either worked him to death or gassed him.

Edit: killed after being forced into a penal battalion, it turns out.

Legend has it, Hitler took the picture himself and drew a circle on his next target

[deleted] • -1 points • 23 June, 2018 09:05 PM

The guy had a Jewish fiancée who was oppressed by the Nazis, so I doubt he would be on board with you guys.

Shinyblight • 3 points • 24 June, 2018 03:26 AM

Contrary to popular belief a lot of mgtow would marry for the marriage experience of back in the day

yash_blue • 0 points • 23 June, 2018 09:56 PM

Why wouldn't he? Are you equating us with alt right fags?

[deleted] • 1 point • 23 June, 2018 10:13 PM*

Not necessarily, but the dude was literally in a monogamous relationship with a woman, something which you guys are against, and this contributed a lot to his hatred for the Nazis.

yash_blue • 0 points • 23 June, 2018 11:05 PM

Just because you are married does not mean you are not red pill, once you are red pill it becomes a question of whether you think the juice is worth the squeeze, bhuddha had a harem of 68 women and he was married to a beautiful woman and he left all that behind in pursuit of truth, considering some of his quotes in jakatas about women we know he was red pill and mgtow, then there was confucius, had a similar idea about women but he married young and stayed loyal, he was red pill but he found value in women, the big idea is seeing the reality for what it is instead of following the dominant rhetoric of society and doing what everyone is doing and making big mistakes in the process

What i find funny is the passive aggressive "not necessarily", no wonder you are unhappy and anxious, you don't even have the balls behind a screen and call us neo-nazis like you want to, you sir need to get your testosterone checked

Confucius-Bot • 6 points • 23 June, 2018 11:05 PM

Confucius say, man with hand in pocket all day not crazy, just feeling nuts.

"Just a bot trying to brighten up someone's day with a laugh. | Message me if you have one you want to add."

yash_blue • 0 points • 23 June, 2018 11:08 PM

Fuck you and have a nice day confucius bot lol

Confucius-Bot • 5 points • 23 June, 2018 11:08 PM

Confucius say, man discharged from Navy leave buddy's behind.

"Just a bot trying to brighten up someone's day with a laugh. | Message me if you have one you want to add."

[deleted] • 0 points • 24 June, 2018 12:20 AM

I don't think you're all neo-Nazis. One guy in this thread is clearly an anti-Semite at least however.

Your definition of Red Pilled is dumb. I think trying to turn MGTOW into a transhistorical concept is stupid.

yash_blue • 2 points • 24 June, 2018 04:00 AM

Mgtow IS transhistorical, there have been great men throughout history who were mgtows, gautama was one of them, so was tesla

Red pill IS seeing reality for what it is, that definition has yet to chsnge,,regardless of what you think it should be

And you still need to get your testosterone checked

[deleted] • -1 points • 24 June, 2018 04:17 AM

Buddha and Confucius did not have the same understanding of the world as you do, so that can't be the definition of "Red Pilled." I imagine the worldview of the "Red Pilled" on Reddit and that of anyone living 500 years before Christ is very unlikely to be similar.

And you still need to get your testosterone checked

I don't think this kind of insult is really going to work on me.

yash_blue • 3 points • 24 June, 2018 05:40 AM

Your imagination is limited then, the idea of anarchy whether as a structure or spiritual,has been around longer then 500 years

If you are not going to take it as an insult then take it as an advice, trt has shown great benefits for mental health of men

[deleted] • 0 points • 24 June, 2018 12:20 PM

I didn't think MGTOW were anarchists. I also don't totally know if that's true - anarchism as a political movement in the sense that it's normally understood emerged from the 19th century. Prior to this it was normally used as a pejorative.

MGTOW has a very specific worldview and "philosophy" - to define it as just any form of radical non-conformity seems a little dishonest, and a way to "recruit" historical figures that have no real association with your movement.

yash_blue • 1 point • 24 June, 2018 01:07 PM

Mgtow is not a "movement", its an ideological choice, red pill is seeing reality for what it is, what you do with that info is your decision, like i said confucius and bhuddha had the same idea about women and society in general, but both of them led different lives, bhuddha was the crown prince with plenty of women to serve him but he rejected all of it including the dominant ideas about dharma and karma and the state, while confucius led the traditional life while trying to reform the state, bhudha was a mgtow, confucius was not a mgtow, but both of them were red pilld

Your history knowledge is completely euro centric if that is what you believe, daoism is proto-anarchic so is confucius and he and students of his school of thought tried to bring the anarchist ideas in the state but became submissive to the state, leading to even more tyranny , laozi pretty much was an anarchist considering his views on state and laws and that that dude has a religion to his name, similar figures have risen throughout various parts of india as well but i won't go into detail, so yeah anarchists are not new, they just either become submissive to the state or beaten to the ground untill death(literally and figuratively)
