

Banned from TwoXChromosomes

October 14, 2017 | 21 upvotes | by [HenryCurtmantle](#)

Proud to announce I have been banned from a sub I've never visited, much less posted on. Apparently TwoXChromosomes doesn't like the fact I am a 'problem user', presumably because I engage with the good men of MGTOW.

I can 'still view the community'.

No thanks pet, I'm good.

Where have all the obedient men gone? Oh look, I'm 37 and have lost my looks. They don't worship me any more.

Time to become a man-hating feminist. Let's start with banning HenryCutmantle, whom we've never heard from. That'll learn him!

Lol they would never do it.

I love how twoX thinks we brigade them, like anyone gives a shit, when really it's more like t_d or TRP or incels that would brigade them.

But to each their own.

Don't kid yourself, there are absolutely many MGTOW men who will brigade based on content posted here. Brigading is simply inevitable because idiots exist in every community. To top it all off, most of the people on this subreddit are still in the rage phase, as people tend to stop coming here once they get past their rage phase. Do you actually think that ragers won't brigade against the very thing they are raging about?

DangZagnut • 2 points • 15 October, 2017 12:02 AM

I think the problem is they don't know what they're raging about. It's misdirected and irrational upset.

Well, technically blind banning like that is illegal on reddit. BUUUUUUT, it's women doing it so the rules have changed because they're oppressed. It makes sense if you don't think about it.
