Do to reddit censorship i'm posting this here.

Feminists Want Statute Of Limitations Changed In ALL States Following Bill Cosby Trial. So Rape Victims Can Have Forever To File A Criminal Complaint.

<https://www.youtube.com/watch?v=5rdibTOwiIs&t=00m20s>

00:20 They now want the statue of limitations changed in all states. They done so in California. There is no longer a statue of limitations of rape moving forward. So if someone is raped they have forever to file that criminal complaint.

If you are a man and you slept with a woman years ago she can now claim you rape for 40 years ago in California. I suggest men leave America if slept with women. At any time one of those women may come forward and accuse you of rape based solely on her word. No evidence needed. Remember the judge of the Bill Cosby case could not give the jury the legal definition of consent. So Bill Cosby was found guilty based on feelings.

A woman said something happened, that's proof.

If someone hit me in college 10 years ago, is there any change I could get them convicted of assault?

Sir_manalot • 1 point • 27 April, 2018 10:18 AM

Yep. Your ex-true love will get the dildo, the judge will pull out his 10" dick and the jury will fap fap fap watching you get dped under oath.

bitcoin-optimist[S,□] • 22 points • 27 April, 2018 01:02 AM

Probably better as a thermos in that situation □

47omek • 10 points • 27 April, 2018 02:05 AM

Maybe, but that would be practically begging some prankster at work to stick their dick in your thermos...

MrJugsMcBulge • 13 points • 27 April, 2018 03:51 AM

Honestly, I kind of have to respect someone so dedicated to a joke that they'd stick their wiener in a thermos full of piping hot coffee.

bitcoin-optimist[S,□] • 4 points • 27 April, 2018 02:13 AM

Coffee thermos with a carabiner hooked to a belt loop, solved!

[deleted] • 2 points • 27 April, 2018 07:59 AM

Or a Claymore mine.

Revorob • 77 points • 27 April, 2018 01:42 AM

I like my coffee like I like my women.....from a third-world country at a reasonable price.

it's comments like this that make it hard to legitimize our movement. I know you mean it as a joke, but it's ammo for the other side. If we want to be legitimate and be able to survive in the workplace while being open about what we believe we can't say stuff like this. We are better than that.

I don't want mgtow to be more taboo then it already is, do you want the government to use your ammo to throw you in jail as a monster in the future?

Such comments add absolutely nothing and make us all look like incels.

Edit: It isn't even funny really, just a poor bitter joke.

IStillDoButUsedToToo • 1 point • 27 April, 2018 03:50 PM

True. I just would like to be able to be openly proud of it without fear of losing my job or opportunities. You know how like its okay to be a proud black women. It would be nice to be allowed to be a proud white man doing my own thing without being called a misogynist bigot. One can dream.

moloko5 • 1 point • 27 April, 2018 06:11 PM

I agree and disagree. I am absolutely proud of who I am and what I've accomplished in life while having minimal contact with women since I hit 35 or so and I don't hide this fact if people bring it up. However I don't find the need to go around identifying myself all the time. To me that is buying into the SJW bullshit in the first place. I let my actions speak for themselves. Have integrity. Don't take shit from anyone. Be interested in everything. People will judge you for who you actually are then, not some identity bucket.

Datguyagain201 • 3 points • 27 April, 2018 06:51 AM

Muh PR.

[deleted] • 0 points • 27 April, 2018 10:54 AM

I agree, as a collective we should strive to be better than that joke.

fruguy • 6 points • 27 April, 2018 10:12 AM

If you're paying in a third-world country, you're doing it wrong.

moloko5 • 1 point • 27 April, 2018 06:08 PM

I don't know. You bring them over here and they find other women from where they are from and they learn to be an American woman real fast (assuming you are from the US).

Revorob • 1 point • 28 April, 2018 02:45 AM

I am not advocating bring women from the third-world to our countries. I am advocating using them over there and coming back alone. Woman are whores the world the world over; women from shitty countries just happen to have no choice but to admit it.

One of famous mathematician Paul Erdős's friends once bet him he wouldn't be able to give up coffee for a month. Erdős took the bet and succeeded in going cold turkey for 30 days. When he came to collect his money, he told his friend, "You've showed me I'm not an addict. But I didn't get any work done. I'd get up in the morning and stare at a blank piece of paper. I'd have no ideas, just like an ordinary person. You've set mathematics back a month." After the bet Erdős promptly resumed his amphetamine habit. Reinvigorated by the old black magic he came up with this gem, "A mathematician is a machine for turning coffee into theorems."

Moral of the story: coffee > women

[deleted] • 4 points • 27 April, 2018 03:40 AM

amphetamine

The bet was that he couldn't quit his meth habit, not coffee.

bitcoin-optimist[S,□] • 1 point • 27 April, 2018 03:53 AM*

Always heard it was coffee, guess that was the PG version.

Moral corrected: bennies > coffee > women

uoco • 2 points • 27 April, 2018 08:58 AM

paul erdos also said that women enslaved men through marriage

MrJugsMcBulge • 4 points • 27 April, 2018 03:19 AM

It's only hard if you've gotten used to coffee. It's pretty easy if, like me, you've never had coffee.

ManIsWalking • 3 points • 27 April, 2018 05:04 AM

Tried coffee once, tasted like burned popcorn.
