Get the fuck out of here with this simp shit.

What? I'm literally saying that if they'd do that.. the women wouldn't be our problem anymore? Isn't that the whole idea of MGTOW. What part here is "simp shit"..? It's literally saying: Fuck you, that was your idea, now you take them

lol, you must be dim as shit. This would be great? Why can't you see that. "Shaming" .. how? Cause I said that I'd love gay people to marry these useless whores? Lol.. maybe your own narrative and your own perception is NOT ALL that's to it...
