

Battle between old and new age feminism

An Indian mom tries to dig deep about modern feminism in the eyes of her daughter.

<http://archive.is/LbcgH>

tldr;

For mom 'feminsm' meant :

a minor was raped by two jawans in Howrah Amritsar Express. A few weeks ago 19 women were burned to death by the ISIS. An alarming percentage of girls are pulled out of primary schools in India every year, the wages of women are viciously lower than their male co-workers, there are over 1 lac reported cases of dowry deaths in this country annually, and despite numerous measures adopted by the government, the evil practice of female feticide remains unaffected. Thousands of women in remote villages are still bathing in the open

For daughter 'feminism' meant :

flaunting your private parts in public, or casting your right to unquestioned sex

3rd wave feminism is about living a hedonistic lifestyle with a big-ass safety net and feeling self-righteous about it.

Yup. The instructive term is exactly that. Feminism = the political movement to optimise female hedonism.

It's about economically enabling women with swap and trade. Women can't fathom being lower tier(hypergamy) and are pushed into centers that create false sense of status and value. The result is meant separate beta trained males from them. To decrease the occurrence of bonding with woman. It's a wonderful thing.

Long has the academia of old before the censor and rewrite considered woman an evil upon men. A class obsessed materialism and the other class in the wretched pursuit of a wretched social order to appease. Unfortunately though another goal seems more to encourage international relations for lower income betas as a means of to full fill their baser desires.

Overall this decoupling is good. Betas don't get harvested and Gynocentric systems get a big old boot to the teeth(marriage). The separation is also needed for actual equality laws. Exemplified in the draft and the desire of America's domestic plutocracy to terminate the draft, a death blow for one major source of American male disposability thanks to Globalist reforms.

But it's easier, more satisfying and more productive (for herself) to attack nice guys for being nice than it is to face real misogyny which is truly terrifying (and benefit *other* people).

Once you see the agenda behind every SJW (power, resources, freedom from judgment, AF, BB, etc) the whole feminism thing becomes a lot more obvious in its intent.

This is really about the 3 waves of feminism:

<http://www.pacificu.edu/about-us/news-events/four-waves-feminism>

"The first wave of feminism took place in the late nineteenth and early twentieth centuries, emerging out of an environment of urban industrialism and liberal, socialist politics. The goal of this wave was to open up opportunities for women, with a focus on suffrage."

"The second wave began in the 1960s and continued into the 90s. This wave unfolded in the context of the anti-war and civil rights movements and the growing self-consciousness of a variety of minority groups around the world. The New Left was on the rise, and the voice of the second wave was increasingly radical. In this phase, sexuality and reproductive rights were dominant issues..."

"The third wave of feminism began in the mid-90's and was informed by post-colonial and post-modern

thinking."

What TRP guys would consider "sensible feminism" is the first wave - focused on equality of opportunity. The second, and especially the third wave feminists are the batshit crazy ones (post modernism etc.)

I don't even want to see what 4th wave feminism will be.

The KillAllMen movement, wanting to kill off all but 10% of men and put them in camps, making prisons only for men and letting women commit whatever crimes they want, etc.

If your write up and analysis/conclusion were better this would be a pretty powerful post

harsha_hs[S] • 0 points • 28 June, 2016 06:33 AM

yeah, I am not very good at that. But that article itself is pretty small. It's not a lengthy read.

Black-Pill • 1 point • 28 June, 2016 06:35 AM*

I wouldn't count on anyone taking the time to parse it without a better idea of what you are trying to say

harsha_hs[S] • 0 points • 28 June, 2016 06:40 AM

yeah, but if I write analysis, I will write a bad one. I know how a good analysis would look but writing is a skill.

One of the major points of TRP is about self improvement across the board of all aspects of your life. Developing the ability to think analytically and express yourself is a core competency that will reap big rewards in your life over the near, mid and long term
