

Going your own way: it's from GOVERNMENT/slavery, not "women"

November 7, 2016 | 7 upvotes | by [oldredder](#)

[Witness here that it's a male police officer, enforcing false arrests](#) and finally getting what's due to him (his legs run over) for using his slave-master power to a level that even the slaves won't take anymore. It's not women, it's government, exploitation, slavery, abuse, in the name of the law or written into law, that we are going our own way from. Or... we're not actually going anywhere at all.

When there's no government death squad or bully-beat-down force to push on you, there's no serious problem with women except their dishonesty and inconsistency. It's annoying but alone it doesn't really limit your freedom. Everything else to do with false rape accusations, false DV accusations, using courts to kidnap your children for "custody" even though she'll farm out looking after the kids while taking your cash... all that is GOVERNMENT. Never forget that.

Go(get)vermind' (vermin: wild animals which are believed to be harmful to crops, farm animals, or game, or which carry disease, e.g. rodents.)

Gov-varmints!

feedmecarrots • 1 point • 7 November, 2016 04:17 AM

The number of bad police videos on youtube is next to incredible.

oldredder[S] • 1 point • 7 November, 2016 01:50 PM

and only growing. There would probably be even worse from the military for rapes - in rank and of civilians - if not for how hard a war-zone makes it to get footage and copy / stream it. Some soldiers did it and the shit-storm from their raping and murdering went global.

soullessgeth • 1 point • 7 November, 2016 07:30 AM

to some degree sure but the anti-police sentiment these days is idiotic...

oldredder[S] • 3 points • 7 November, 2016 01:52 PM

No it's not. It's factually reporting multiple murders, gun-running to cartels, drug-dealing by the billions and enslaving people.

As long as it's reported fact none of it is idiotic.

Police are your enslavers. They are dangerous to society more than helping.

Give me ONE pro-police argument that trumps all the stealing, murdering and kidnapping they've been doing?

You're free to believe what you want but if you're gonna throw it out there I'm gonna question it for a fact-

based argument (and I mean that in the method of presentation, not "argue" as in "to fight")

soullessgeth • 1 point • 7 November, 2016 03:41 PM

they prevent absolute anarchy and protect private property?

the issue to me seems to be anti-male laws not police

oldredder[S] • 2 points • 7 November, 2016 04:14 PM

no, to cause it!

Absolute anarchy is what police are doing and they are violating property.

Anti-male laws are just a small subset of anti-everyone laws which deny us legal rights to medicine and our own property at all times.

Case in point: https://www.youtube.com/results?search_query=erin+schrode+shot

and another

<http://thefreethoughtproject.com/father-arrested-prevented-daughter-treating-cancer-cannabis-oil/>

So police are here to shoot you and steal your property and jail you for saving your children from cancer. They are causing anarchy, not preventing it.

Only a blind slave could not see this.

The only way we can prevent anarchy is to jail the police. Or kill them.

During Hurricane Katrina the police were killing, looting and burning bodies and locking people in pens to be raped in public view of thousands. The police are the anarchy.

If you look at every event of social violent anarchy the core root cause every single time for thousands of years is the police. The people without the police rarely do such a thing.

you are completely delusional. also what does any of this has to do with this sub.

you are probably some retarded hillary supporter/ctr shill trying to justify her clearly criminal activity

oldredder[S] • 1 point • 7 November, 2016 04:18 PM

You are delusional.

I deal with fact only. Measurable, provable, repeatable-results-science level of fact. The utmost expert level.

MGTOW is not about women. It is about freedom. You are an idiot if you think MGTOW is about women. The number 1 cause of loss of freedom for men is GOVERNMENT, not women. When women are involved it is ONLY in a nation that uses GOVERNMENT to beat, jail or kill you on the command of a woman. Without that government there is no such power.

Adam Koessler of Queensland, Austrailia is one of these parents who are facing potential prison time for attempting to save their children's lives with cannabis oil. Koessler's 2-year-old daughter was diagnosed with stage-4 neuroblastoma, and when chemo was not working, he began giving her doses of cannabis oil after reading about how well it did for other people. Instantly he noticed remarkable results and an extreme improvement in her condition. "The results were amazing, what we saw when Rumer was given the medical cannabis oil what nothing short of miraculous. Her cancer ridden little body was alive again — Rumer had almost instant quality of life...Her skin color came back, her eyes were sparkling again... We

were certain after seeing these results that her recovery was entirely possible,” Koessler said. Sadly, the hospital contacted the police and told them about what was happening, and they quickly arrested Koessler at the hospital for possessing ‘dangerous drugs’ and for supplying them to a minor. After he was released on bail the terms of his release prevented him from seeing his daughter and they have removed him from any involvement in his daughter’s treatment.

DO you think men in Afghanistan are concerned about WOMEN, and the problems they cause? HELL NO, since there are no laws giving them power!

Instead it's government interference which is killing them, mostly from corrupt police installed by invading forces - our country's forces

You are a mega-troll. I bet you are a Trump / Clinton supporter.

Fucking slave, beta blue pill. You'll gladly suck Donald Dump's dick. Or Killary Klinton's dick.

Get the fuck out.

My candidate is Ross Perot. He already lost a long time ago. Next up after that is Ron Paul. Also already lost.

You don't get to tell people they are trolls or need their meds when I AM PROVIDING FACT-BASED links on what really happened. Police rape and burn and kill. Non-police rarely do that.

MGTOW is not about women. It is about freedom. You are an idiot if you think MGTOW is about women.

I actually agree with this. Women can be a liability we can (do or do not) take on ourselves. The physical abuse (apart from hitting, and we know how that ends, there was a video just recently where she hugged the pavement really quickly) does not come from women directly. They just point the finger and report/lie/feel. Then the blue (heheh) pillers come to do the plantation work.

For me at least, MGTOW is about taking that step back in the opposite direction of the constant pushing. And thinking for yourself.

Just for trading home-made food with others the POLICE, the enslavers, will put this woman in jail.

Finally a fucking woman who CAN COOK, with all the dumb bitches who can not, and what do the police do? Put her in jail for it.

Fucking slave-guards is all they are over the REAL full plantation: it's not marriage, it's THE NATIONAL BORDER

This is the reason for anti-police sentiment! It's not idiotic, the police are rapists!

claimed that she'd been sexually assaulted by a police officer. However, her memory was limited because she'd been hit in the head with a wrench, beaten, knocked unconscious, and was intoxicated.

Amazingly enough, the Pueblo police department immediately opened an investigation and pulled officer Candelaria's body camera footage. Police quickly found that the body camera footage corroborated the victim's story.
