I'll try and keep this short.

A while back, I enjoyed being a faggot and arguing with the shrieking landwhales over at PPD. For some reason I thought I could reason them into a more logical position (WRONG), redpill them on gender dynamics/current affairs (WRONG) and save some of the cucked nu-males on that sub (WRONG WRONG WRONG).

It was stupid of me and showed a distinct misunderstanding of TRP. You cannot save anyone, they must save themselves, and you cannot use logic to debate feminists; they do not have the capability to process it.

In fact, thinking about how I was wasting my time with women who I would not even give a second glance at any day makes me cringe. I was arguing gender dynamics with blue haired butterhuffers while I could have been improving myself and working on my mission. The hambeasts are not worth any of my time and shouldn't be worth yours. They are lost causes.

Anyway there was a comment I made on PurplePillDebate where I said something along the lines of (paraphrased): "You think we're all ugly neckbeards but we're not and I can prove it. PM me and I'll give you my snapchat".

4 users messaged me over the next day and we swapped snaps. I demanded pics of them before I sent anything. 2 of them never replied. One was a fatty, I sent her a face pic and topless photo and she screenshotted them (probably to share in their super secret Blue Pill group chat) and then we stopped talking.

The last was some hipster/alt chick who wasn't round and had a decent face, like a 5/6. I sent her the face/ab pic and she gives me a "wow" and then we don't talk for a while.

I notice she has been viewing my snapchat stories and so I start watching hers and lo and behold she lives in my city (to be fair I mentioned where I lived in earlier PPD posts so maybe she was more interested in me because of it).

She keeps posting weed shit so I reply to her weed shit with my own weed shit and that's all we did for a while until I posted a pic of me wearing my MAGA hat and she messaged me with "you're delusional if you think he's going to win".

So I say to her "bet you 20bag he does". At this point I've already decided to try and get into her pants and knowing trump is gonna win I'm setting up for a meeting. Of course she takes the offer and on the 9th I don't even need to message her as she messages me first acting all surprised and shit. I tell her she owes me weed and I say we can share it at her place. She says okay.

That's the bang locked in. She's invited a stranger she met on the internet who she knows has a bad attitude to women over to her apartment. This is pretty much broadcasting "I want you to fuck me".

Day of the bang, I go climbing (to get a decent pump) and then visit her place. She opens the door and she's wearing like hippy/goth shit and got too many peircings and her hair is all fuckt up in that kind of trashy way idk how to explain it but it was kinda hot.

I find out she's older than me (but her young-ish face will save her for a while) and that she works and lives at apartment with other "alt" flatmates. She's got a fuckin che gavuera poster hanging on the wall and has like feminist shit in her room and we talk about about weed and psychedelics and she tells me she didn't expect me to be so "normal" (her words) and asked me "why I needed TRP if I'm so attractive".

(Bitch didn't understand, if she'd met me pre-TRP she'd be singing a different tune).

So eventually she asks if we should go smoke and I say "Nah I'd prefer we fucked first blazing is always better post-nut" and this makes her double take a bit and go red and she's all like "that's not why I asked you to come" and I say "bullshit you know exactly what you were doing" and then went in for a kiss and she doesn't resist so I screw her in multiple different positions and pull her hair leave bruises on her ass the usual shit. Body was okay, very skinny and tight ass but had those flat saggy titties girls get when they don't wear bras their whole life.

After we smoke and listen to tame impala and I make her suck me off and we talk about Reddit and TRP. She found reddit cos her ex introduced her (what a surprise) and she tells me "I'm an exception, I'm nothing like what real redpillers are like (Hamster Hamster Hamster) and that I must have been a jock/got girls in highschool (WRONG, i was a skinny beta nerd weeb in highschool)."

So she keeps hamstering away about how I'm not a real redpiller and that obviously I respect women cos I talk to her like an adult and bla bla bla and I tell her to read my post history and pack up. I say "i'm gonna write a field report about you" as I'm leaving and she's like "omg no *giggle*" but I bet she's dying to read what I wrote about her.

I make sure to text her later on "so you want me to fuck you again" and she replies "yes please" and I screenshot that shit with the phone number at the top. A trick i learnt from here to make sure she don't get any accusatory ideas.

Anyway if this doesn't go to show that a girl will drop all her ideologies and long-held beliefs in order to get some chad dick then Idk what will. This chick *knew* I was a "misogynist", she *knew* I was just out to fuck her, and she *knew* that I was gonna screw her and leave. She's got all my comments and post history to back up the fact I think women are children yet she hamstered away all my game and pedestals me into some chad-tier alpha god cos I got abs and made her laugh and slapped her in the face while fucking her.

And of course every time I called her a slut or a whore while my dick was inside her she'd suck on it 10 times more eagerly or furiously rub at her clit.

Women like to be objectified and used as sex objects by high tier men they find attractive; even the pierced hippy goth feminist SJWs.

Yeah I know there'll be some bloopers in here like "r that happened". I'm sorry ladies that you can't get the alpha cock on the reg you'll just have to lose a few hundred pounds.

And Ana when you eventually read this hmu I'll bring some md next time and put my dick in your butt.

Lessons Learned;

- They will betray their ideals for alpha cawk
- They will hamster away evidence of their own betrayal to keep them on top of their cognitive dissonance
- What they say online/to their friends/to betas is completely different to what they do when a large penis is in their face
- Look at what they do, not what they say
- Hipster feminist chicks are wild in bed and you can treat them even worse than your normal thots

EDIT: lol she mad I called her a 5 with saggy tits haha...

In my experience "feminists" are even more open to slightly rough sex/foreplay than other girls. In college I knew a gorgeous feminist red-head who I would argue with constantly. Got called "misogynist, far-right, woman hater, etc." until one night we were in a club and wound up dancing. I got the sudden urge to pull on her hair HARD. She was shocked for a split second, then gave me the "fuck me!" eyes. Good times had all around that night

KyfhoMyoba • 109 points • 28 November, 2016 11:49 PM

Every post/poster I've read on this topic has concluded that feminist women are far more responsive to dominance in bed than the average woman. I was skeptical, but then I tested it. Wow!!

On a side note, feminists are more likely to be on the crazy side. (Mine sure was) Good thinking on the post coital text.

PedroIsWatching • 159 points • 29 November, 2016 12:16 AM

Think of feminism like a shit test. Then it all makes sense.

That's obvious, but furthermore, by saying they hate misogynists and misogyny it gives them even further plausible deniability when they get fucked by one and love it so much.

RIPelliott • 5 points • 30 November, 2016 03:04 AM

Wow this is absolutely mind blowing. Explains everything I have experienced with feminists. The number of them I have fucked that now absolutely hate my guts....lmfao

nzgs • 42 points • 29 November, 2016 10:26 AM

Feminists are projecting. The obsession with rape, fabricating elaborate fake rape stories, claiming to be victims on behalf of others, it's all a big projection of inner submissive fantasies which they have been indoctrinated to feel guilty about.

It's exactly the same as the fundamentalists who never shut up about homosexuality. They're projecting.

RPSigmaStigma • 16 points • 29 November, 2016 02:00 PM

The lady doth protest too much.

KyfhoMyoba • 3 points • 1 December, 2016 11:28 PM

Yeah. It always cracks me up how 2 guys fucking each other on the other side of town are somehow a threat to your marriage. Lol!

Stationarity • 48 points • 29 November, 2016 05:17 AM

I believe they turn to feminism because of a lack of security, stemming from an inability to find a dominant man.

Hakametal • 16 points • 29 November, 2016 09:00 AM\*

That is most definitely one side of the coin. The emasculation of the Western male has been growing since the hippie movement in the 60's. However, it's far deeper than that. They turn to feminism because men gave women undisputed power over their own biology through the invention of the contraceptive pill. Watch a video on YouTube called, *Biology Culture Ideology*. Everything will make sense.

RPSigmaStigma • 1 point • 29 November, 2016 01:59 PM

Government can replace most of the security/provider BB requirements of women, freeing them up to pursue mostly AF.

PantsonFire1234 • 1 point • 29 November, 2016 07:54 PM

These women have often been hurt, turning to feminism is a way to protect themselves from the pain of rejection. Women have a hard time getting pumped and dumped. They know it's because they aren't pretty enough for real commitment.

Ubergeek • 1 point • 29 November, 2016 12:57 PM

one of my plates is a divorce lawyer. she's a self-proclaimed feminist, but not of the short blue hair type... very feminine looking and great tits, just tries to claim women are more equaler than men at everything and other laughable non-truths. i regularly say shit to her that triggers her misogyny alarm (even though facts cannot be misogynist). i cranked up her trigger alarm to 10,000 when i gave her a pet name... it's a play off of her name and common slang for "breasts."

i show her who is boss in the bedroom and she fucking loves it. choke her, pull her hair, toss her around like a ragdoll. fuck her in the mirror and make her watch. this is a very bluepill city and she grew up here... never left. literally the first night i was with her, she said no one has ever fucked her like that before, she's never

had sex with such a dominant guy, she loved it (and then proceeded to suck me off, and then i fucked her again in the morning). girl is increasingly acting depraved and addicted to the dick.  
feminism really is a shit test.

practice-trp • 3 points • 30 November, 2016 04:01 PM

girl is increasingly acting depraved

I have been noticing this with my girl. She has a decent career, voted Hillary and has a touch of feminism (just a touch). The more I am with her the more crazy things are getting. I can't smack her butt hard enough because it begins to hurt my hand. So - upgrading to a belt. Slap face, boobs.... hard anal. Now, she yelled out something about doing mommy in the ass and when I said 'mommy' she absolutely freaked out (good way).

Outside the bedroom she is completely normal.

wade2634 • 28 points • 29 November, 2016 05:06 AM

Feminists are just a bunch of contrarian women that are desperately looking to be put in their place in a private setting.

They have minimal education and perceive themselves as being vastly superior to others because of it. They flaunt their arrogance to the world but when it goes on for too long or they are too ugly for a guy to bother, they truly believe the bullshit they spew.

it's like an inconvenient truth that women are like children or hamsters, would be great if it wasn't so. Definitely true though that rape is wrong so the red pill is designed to make women want you and have them come to you, nothing wrong with that.

kshell11724 • -2 points • 29 November, 2016 02:15 PM\*

Women=a child. What is this, the 1940s? I know a lot more men that act like children than women, myself included. There is absolutely no biological law that proves women are less mature or lower functioning than men. As far as maturity goes, its actually the opposite. That's the kind of underestimation that'll turn our society into one ruled by women someday. And we'll probably deserve it at that point. I see many cases on here where men don't lure women in the way that you claim. The whole "take as many shots as you can because you're bound to score" mentality is just one example, although that is actually good advice as far as raising someone's self-confidence goes. That should be its own reward. Hell, getting to know and interact with another human being is its own reward. And yet, its still apparently carried out in the name of a pointless and soulless lust.

Horus\_Krishna\_2 • 3 points • 29 November, 2016 02:44 PM

awalt, but it'd be great if it wasn't true, you're talking about an ideal, talk about coming from the 1940s!

This is a misconception (not that it matters since we're all guys on TRP I assume) but to those curious, here ya go:

<http://www.medicalnewstoday.com/articles/259073.php>

<http://news.health.com/2014/11/21/what-causes-breasts-to-sag/>

Wearing a bra does NOT prevent sagging breasts. Some studies suggest it may even contribute to sagging breasts.

kaayfranc • 4 points • 29 November, 2016 07:59 AM

Then why don't fat men have saggy tits?

tehftw • 57 points • 29 November, 2016 08:30 AM

Male privilege is not having saggy tits.

beginner\_ • 10 points • 29 November, 2016 11:25 AM

Because it looks terrible.

I'll admit, you have defeated my argument. Well played, sir

theONE843663 • 4 points • 29 November, 2016 05:00 PM

Cuz men generally have bigger stronger pectorals so their man tits end up perky. Esp if they're on the TRP journey and lifting then it gets even perkier.

Rhythmic • 1 point • 29 November, 2016 04:31 PM

Maybe because they don't wear bras. Gotta test this ...

[deleted] • 20 points • 29 November, 2016 01:49 PM

I was in my junior year of college and this redhead, short, cute freshman joined the cross country team. Her tits always looked amazing, perky as all hell and I assumed tight.

Long story short, I got her in bed within a week (she had a boyfriend too. Not important to my point, but it was interesting how college changes many girls) and once she took her bra off, the tits went from perky to pathetic; they dropped like a dubstep song. It was very disappointing.

OP's post is absolutely hilarious and fun to read. I was on here a ton about 4 years ago but as I've grown up I've come on less however still check up to read top posts, and this was one of the most entertaining I've read in a while.

My main plate is a "feminist" but no doubt all of that goes out the window when they meet a man that truly doesn't give a fuck. I don't mind plating them (feminists) as long as they are very against false rape accusations and understand the importance of that whole debate.

Edit - You know what, this sub has grown into itself so much. It's one of the few that actually got better the bigger it got. For a little bit a couple years ago it turned into a lot of self loathing, woman hating posts but I'm so impressed with a lot of guys insight on here. My only female friend is a rpw who frequents this sub and she freely admits the ideology on here is spot on.

kaayfranc • 31 points • 29 November, 2016 07:58 AM

In the ghetto there isn't time to think about how men are not treating you as an equal. Because everyone is on their own and has to find their own way out by hustling, and staying sharp. There are bigger problems to worry about than social medias portrayal of women. Feminists don't have real problems or excitement so they make shit up. I'm a woman and after seeing what the feminist movement has become, I've resigned my gender.

Think about who typically are feminists...Usually less attractive or awkward girls. Typically girls that feel less valuable because they aren't traditionally attractive. So they need feminism. Often times they don't like themselves, and if they don't like themselves they will like to be dominated

PantsonFire1234 • 5 points • 29 November, 2016 07:30 PM

They usually get less attention than the prettiest girls. Remember that most feminists are feminists because they are angry at men for rejecting them. So they don't get dominated allot. Their attitude only makes it worse which makes them develop an impregnable bitch shield.

Should a guy break open that shield and dominate her she just melts. Because her body has been deprived of the one thing she so desperately wants. That's why fat girls are crazy fucking horny and all that shit, but no body wants to touch them.

youcantstopmyzed • 3 points • 29 November, 2016 12:26 PM

That's not just your opinion. I was a bluepilller once, had a gf and she was a feminist. We separated and after once year of rp I found my way. We met again and had insanely rough sex.

[deleted] • 3 points • 29 November, 2016 07:02 PM

I feel like its a russian false accusation rape roulette.

ozaku7 • 1 point • 29 November, 2016 10:23 PM

It's about domination in itself, and they love being dominated as much as they love to dominate. But you're not able to dominate if you admit for being into being dominated aswell. It's a shit test where you have to be more dominant then she is, and then the game is on.

Archwinger • 165 points • 28 November, 2016 10:54 PM

Feminists are all about being owned by a manly man. They just pretend it's a sexual fetish and not a real life thing so they don't have to admit that they're actual, literal sex objects.

niczar • 34 points • 29 November, 2016 12:42 PM

Consider the following:

Feminists say masculinity is toxic. Yet when they insult a man, they mock his lack of manliness first.

We redpillers say women are emotional, irrational and irresponsible. When we mock feminists, we accuse them of being just that.

d0lphinsex • 1 point • 1 December, 2016 07:13 PM

According to Scott Adams every human is emotional and irrational. Irresponsible is a different thing though.

Feminism was never anything more than a shit test. It was generated in covert protest to an ever increasing number of beta males. It's no different than children rationalizing why they're gonna run away from home after they get disciplined.

[deleted] • 10 points • 29 November, 2016 07:01 AM

Laci Green actually uploaded a video admitting she has rape fantasies.

She also posted a video (totally unrelated) pretending she finds beta men who ask permission all the time are sexy.

Grabbing a woman by the pussy has become my favorite phrases /actions the past few weeks because a woman can tell you Donald Trump is Hitler reincarnated and 10 seconds later if she's attracted to you then she'll let you do it and get wet when you do it or even express the thought of doing it. Mind you that was exactly what he was saying in the sound-bite.

It is BY FAR the greatest litmus test of the difference between what they say and what they feel. Super satisfying when it leads to fucking too. This one's for you Donald.

What amazes me how you have these truly lost people, don't know who they are and collect an amalgamation of memes to create an alternative identity. Basically conforming to some alt-scene in order to 'fit in' all the while thinking they are edgy and alternative.

And they look down on us! When most of us here are really are working hard to improve ourselves in meaningful ways

Hejaken • 3 points • 30 November, 2016 03:26 PM **[recovered]**

And they look down on us! When most of us here are really are working hard to improve ourselves in meaningful ways

I guess it's their way of hamstering. Blue-pillers don't focus on their self-improvement the way red-pillers do; that must mean they don't need it in the first place, right? We need it because we're a bunch of losers, right? (I can totally picture a little blue-pillar nodding his head as he reads this.)

With these mental gymnastics, they can be content and confident with their own mediocrity by looking down on those who are actually growing and striving to be the best versions of themselves.

And when they are confronted with a mature version of a red-pillar who is well into his self-development, *BAM* they're confused as hell because their pea-brains can't process the simple logic of cause and effect (self-improvement = great results). B-b-but I thought red-pillers were losers!?

Yashugan00 • 1 point • 30 November, 2016 07:06 PM

I'm just talking to a feminist on another thread here on TRP with exactly the attitude you describe; she seems to think we're all a bunch of losers who need women to look after us and cook for us.

I've asked for a list of things us men supposedly can't do (anymore). I've not had that answered yet.

[deleted] • 36 points • 29 November, 2016 12:56 AM\*

Feminists are almost universally less attractive than other women, that is why they are feminists. It is like saying "you can't fire me because I quit" or pretending not to like someone who you know is out of your league. 95% of feminists are less attractive and slightly smarter than hot chicks, they are ignored by hot guys so they form this bullshit mental barrier around themselves then go hating on the world for not being loved for their mind. Helena

Rubenstein once said: "there are no ugly women, just lazy ones". If an average looking woman goes to the gym, eats right and learns how to dress then she will no longer need feminism.

Feminism is intellectual laziness whereas being fat is mental and physical laziness. What feminist need is their own version of the red pill. If I was going to tell them the bitter truth it would be quite similar to TRP as far as fitness and looks are concerned, just exchange "lift" with cardio, eat right and dress right. Another difference would be to tell them the opposite of what feminists say and that is to stop being a whore, act feminine and fulfil your birthright to have children with a decent man. Fucking feminists are women's worst enemies, they are the ugly girls at the back of the class who got ignored.

EDIT: I should add that being an MRA is the male equivalent of being a feminist. These fat lazy fucks need to stop eating fried up carbs and candy and get healthy. Then they can fuck some women instead of hating on them.

rp\_southsider • 12 points • 29 November, 2016 05:22 AM

Get your girl to lift. Fucking a strong girl is one of life's great pleasures. Plus most of the other benefits apply to women as well - better mood, healthier lifestyle, less bitching about you being in the gym.

[deleted] • 10 points • 29 November, 2016 02:31 AM

There is a huge misconception about ugly girls being more intelligent, nope they are adapted to be ugly, using their brain is their only chance to get some attention. At this point I'm 100% sure, at the absence of strong guidance any attractive girl will become a bimbo as there is no need to improve their minds to get what they want thus we have wall splatters. I can't say much about where ugly women will end up though, there are many variations for them.

lulalady • 8 points • 29 November, 2016 04:29 AM

"Ugly" women (I say that with quotes because it's a vast spectrum) with personalities end up with husbands, more likely than not. People who have never been in a relationship, especially later and later in life, truly are a minority.

VasiliyZaitzev • 3 points • 29 November, 2016 08:06 AM

Feminists are almost universally less attractive than other women, that is why they are feminists.

Feminism is primarily a trade union for fugly women, although sometimes hotties get caught up in the nets, too.

clint\_bronson • 1 point • 29 November, 2016 02:40 PM

A-fucking-men.

Specially regarding the bit about MRA, they whine just like feminists do for other people to get their shit done.

JustOneMoreAcct • 0 points • 29 November, 2016 06:52 AM

Undeniable truth of life number 24 - Feminism was established so as to allow unattractive women easier access to the mainstream of society.

And as a follow up....I love the feminist movement, especially when I'm walking behind it.

The Red Pill needs to have a meritorious conduct medal and you deserve to be its first recipient for penetrating deep into hostile enemy territory.

On a totally different note: Che Guevara was a race realist, belived indigenous peoples to be subhuman and executed homosexuals and transvestites.

sir\_wankalot\_here • 41 points • 29 November, 2016 02:35 AM

On a totally different note: Che Guevara was a race realist, belived indigenous peoples to be subhuman and executed homosexuals and transvestites.

Che Guevara was a fuckup similar to Trotsky, Castro wanted to get rid of him but went about it in a more intelligent manner. He sent the guy in idiotic missions until he got himself killed, then Castro made him a hero.

Stalin preferred a more direct approach, just have someone drive an ice pick into Trotsky's head in Mexico city, then have everyone agree he never existed. Possibly Stalin had a darker sense of humor. In his old age, he would ask, what happened to   ? *The few people around him who had survived Stalin's purges would not know how to answer. Stalin had*    *purged.* Stalin then would remark, the victim was a nice guy, maybe he made a mistake, mistakes happen then he would laugh. Again his synophants wouldn't know how to answer, so they would remain silent.

Maybe Stalin liked to play games like mention events where Trotsky attended then ask people who they saw there. Ofcourse everyone would be terrified to mention they saw Trotsky there. The psychopathic version of Simon says, except if you lose, you end up re-educated or purged.

That's a bit of a stretch on Che. I had never heard this before and checked it out. He def wrote a bunch of racist shit when he was younger, but I can't find anything on the gay thing. You're painting him as ideologically against gays and minorities, but that just isn't the case as far as I can tell.

Even if it was the case, Cuba's persecution of homosexuals was no different than other countries all over the world. The only reason people like to fixate on the negative sides of the Cuban revolution is because they're still butthurt about the Bay of Pigs and they live inside one giant all-American circlejerk.

Occams\_Stubble • 5 points • 29 November, 2016 01:45 PM

No different from other countries except for the part where they gathered them in labor camps called 'UMAPs' for Military Units to Help Production and were used as slave labor. Otherwise, no different.

a girl will drop all her ideologies and long-held beliefs in order to get some chad dick

Former plate was a Bernie supporter. She identified as an "active feminist," whatever that means. Liked to be choked, slapped, restrained, and called names. I indulged one of her fantasies that required a safe word and I told her I was going to record audio for legal purposes, she said just record video so you can watch it later.

On a side note, never believe a woman who says she is allergic to latex condoms, then says 5-seconds later that non-latex condoms irritate her vagina, right after you grab one out of your condom drawer.

"Not as much as I'm about to irritate it."

She laughed and opted for the lubricated latex one. What a cunt.

KumonRoguing • 30 points • 29 November, 2016 04:06 AM

My ex fiancé was similarly into being treated like a piece of meat. Yet was a "super feminist" and Bernie supporter. Our entire relationship all her feminist friends said I was a pig and hated me. I managed to fuck three of them after. Ahhhh women.

Heard that one several times. Last time was four days ago. She also said she's regularly tested and on birth control. I should have won an award for my acting. My face said "o good to know" while in my head I was seeing a avalanche of red flags.

I've only been talking to her for a week and she's laying the ground work to try and get me to raw dog *yeah not gonna happen*. She's the typical feminist, liberal, trendy and identifies as gay. She went out of her way to correct me when I called her bi. Fortunately for me she's much younger and dumber than I am so I see her bullshit from a mile away and swat her shit test into the ground lightning fast.

goldnhorde • 52 points • 28 November, 2016 09:37 PM\*

yeah, this is just true.

If you have a girl who is in the feminist thing that you get a hook into, definitely go down that road at least once. It's a weird time. First, if they want you, then they want you, and there is nothing they can do about it. so they hate you, for wanting you, and they also hate themselves for wanting you.

You also probably hate yourself a little for wanting them too. I know I did. the hippie/piercings and such are not for me, but are so hot on some women. but I have a back and shoulders that are all ink, so it comes across and that's a lot of hate and attraction, which is going to make for some really hard banging. and while she DOESN'T want her hair pulled .... she wants her hair pulled ... and you really want to pull it.

Then you start playing the "SAY IT!!!! SAY IT!!!!!" game just to make her say things .... it just goes off rail. just some really .. weird .. times. good times.

ShimShamWham • 11 points • 29 November, 2016 03:49 AM

Then you start playing the "SAY IT!!!! SAY IT!!!!!" game just to make her say things .... it just goes off rail.

Yeah. Attraction is weird and a lot of the time can't be explained. We're only here on earth for so long and sometimes it's okay to give into urges as long as you're sure it won't hurt you legally long term.

I think it's hilarious.

flat saggy titties girls get when they don't wear bras their whole life.

Probably more due to smoking and not taking enough vitamin C. Smoking is **hell** on collagen/connective tissue (lack of it creates wrinkles). A collagen molecule is a vitamin C molecule with a bunch of other stuff around it. Smoking creates massive amounts of free radicals - which is what vitamin C is mainly used to counteract.

<http://www.medicalnewstoday.com/articles/259073.php>

<http://news.health.com/2014/11/21/what-causes-breasts-to-sag/>

Wearing a bra does NOT prevent sagging breasts. Some studies suggest it may even contribute to sagging breasts. Vitamin C (in some studies) also may play a positive role for women in this department.

LeftHookGary • 2 points • 29 November, 2016 11:16 AM

That might be more of an opinion, honestly. I hear lyrics like "I will wait for you" or "mess is mine" I assume he talks of women and, more specifically, dating them. In such a case those words make me cringe slightly in the back of my mind; that's the red pill. In any case, music is more of a personal subject as themes aren't necessarily congruent with the listener's beliefs.

I had been thinking of doing a post about music and the red pill, but feel it would be very opinionated, and facts are taught here.

WigglyCharlie • 109 points • 29 November, 2016 12:03 AM

Yes! It's true! It was me.

It was super nice of you to say I'm not fat, but let's call a spade a spade and a club a chub--I'm a Bloop, so that automatically makes me a landwhale. Not that I'm not in shape (round is a shape, right?). I also really appreciate that you left all the naughty little details out, but that's OK--as you know, we feminists are very proud of our adventurous sex lives, so I'm more than happy to fill in the blanks *if you know what I mean AND I THINK YOU DO*.

So, when he first knocked on my door I wasn't sure he was going to be able to fit his ego through it, even though it's been repeatedly enlarged by the Fire Department every time they come by to drag me to Starbucks on a tarp. But the house Held Frame, and after we got out the butter I usually use to grease myself up for the firemen, we were able to baste him up sufficiently and he popped in with a "pop."

I was a little nervous because it's been a long time since anybody went spelunking in my various cavities, so we smoked a little reefer using my cavernous bellybutton and a 2-liter of Slurm as a gravity bong. Then I gave him a Crazy Straw so he could do a bong-water body shot out of my navel crater, and as he was laboriously draining it he noticed my pets.

"Wow, look at all them gerbils," he smirked with Amused Mastery and Cocky/Funny.

"Oh no, those are my Rationalization Hamsters," I burbled coyly, using one hamhock hand to manipulate my eyelid into a wink (it doesn't work so well these days, ever since the stroke). This caused him to do a spit-take with the belly-button bong-Slurm, which came fizzing out with a "fizz."

"So those are a real thing, and not a metaphor for the general human tendency to rationalize things we don't want to deal with?" he smirked with Agree & Amplify and also Amused Mastery.

"Oh, they're very real," I replied hypergamously. "Wanna see?"

OP then stood up, grabbed both ankles, and sang "Tiptoe Through the Tulips" while I greased up his squeakhole with that butter I'd used to get my hips out the door and his ego in. I then gently introduced my pets (ASD and LMR) into his chocolate love-tunnel while he smirked with a shiteating grin and IDGAF attitude.

I knew he was approaching his climax when his rendition of "Tiptoe" eclipsed Tiny Tim's falsetto, climbing into a register usually only audible to dogs and, interestingly, obese blue-haired social justice warriors such as myself. He punctuated the end of the song with a mighty series of Slurm-scented farts, which bore my rationalization hamsters out of his ringmeat like tiny, furry grapeshot hurtling from his puckery shit-cannon. They flodded to the floor with a "flod."

"You killed my hamsters!" I wailed AWALT-ily.

"No I didn't," he smirked STEM-ily. And sure enough, as he licked them clean (which might explain how he got that particular grin), it turned out they were only stunned and a bit hypoxic due to their brief involuntary turn as Ben-Wa balls, but otherwise fine.

So that's my FR! AM AA HB DD AWALT!

And what is more. It worked situation, despite that girl is hardcore TBP feminist and guy is - in her mind - part of racist, misogynistic, womenhating group of rapist(of course we are not, but that's how we are often showed).

[deleted] • 5 points • 29 November, 2016 05:22 AM\*

Thought and knowing are two different things.

What I said does not mean that that girls can't be attracted to unmanly TBP, it just means that there are low chances for that.

When you look at relationships of people who have bdsm like sex. Usually men who dominate are a lot what TRP preaches, and men who get cuckolded are a lot what TBP preaches.

Cool, show me 176,000 thousands post of different users with proof that they did actually raped women. Do you have that? No? Maybe half of that? Still no? Maybe 1 percent? Still no?

If that's the case then, we are not rapist.

Btw. Only case where I saw TBP showed post claiming that we believe that we should rape women actually said, that we shouldn't rape women. But that how it is when you don't read more than just a clickbait article.

P.S List of stuff that TRP teaches: - Stoicism - Working out(Gym, Martial Arts, sometimes other sports) - Talking to girls - Working hard on your carrier - Dressing Well - NoFap + lowering using stuff that elevate dopamine levels(read about dopamine - interesting stuff)

Often dark triad characteristics that regardless from what you think work in more cases than not(Note: With that you need to have situational awareness and not having autism)

That's the core of TRP, others stuff often taken out of context or posted by bitter guys in angry phrase(or trolls) are not

1) Broken laptop, can't copy-paste, but google testosterone + misogyny and man with beards more likely to be sexist.

Yeah, manly men are "misogonist", because testosterone makes us more powerful, aggressive and dominant. Estrogen on the other hand makes you submissive.

Just curious. Do you believe that men with higher testosterone levels aren't statistically more dominant?

2) u/omlala one of the most upvoted users is actually black and people know that. There are lots and lots of posts for men that are in minorities + every time I saw white nationalist(or more likely trolls) come to a sub with their bullshit, they are heavily downvoted.

And again just curious, as a mixed man of Jewish and Spanish heritage against whom exactly am I racist?

"Cool, show me 176,000 thousands posts of different users with proof that they are racist. Do you have that? No? Maybe half of that? Still no? Maybe 1 percent? Still no? If that's the case then, we are not racist."

Almost the same argument, but changed rapist into racist.

"Misogynistic and women-hating", you could probably find posts like that. Of course it depends what you define as misogyny and hating women.

3) Where did I ask for it? And how stating the fact to prevent from misunderstanding article is asking for a cookie?

If you would actually do a research you would know that we are against "nice guy" mentality and supplicating to women in order to get a cookie(sex, validation, relationship)

To me it seems that you don't and you are reacting very emotionally and angrily. At least from what you have written so far.

If that is the case start meditating and doing sport and you will be more happy and relaxed. Trust me it is truly great.

Yeah like you said his attractiveness probably negates this. If you're ripped with abs, have a decently attractive face, and an idgaf attitude you can do pretty much whatever you want with a chick who's a 5/6 and is already into you.

Also, from my own experience, if you're waiting for that "right" moment to escalate there's a good chance you probably won't get laid.

so he can show these bitches just how much of a downright misogynist he really is

empatheticapathetic • 1 point • 28 November, 2016 10:52 PM

Haha. I understand it makes sense as part of the context that they know each other through PPD. So it's part of his 'alpha representation' that he is using to dominate her.

NaughtyFred • 6 points • 29 November, 2016 02:02 PM

Without censored snapchat/reddit post history screenshots as proof (something u/omlala backed his shit up with) I'm calling bullshit on this one.

uniquevoid • 3 points • 29 November, 2016 06:29 AM

feminists seem to be fucked up in the head, couple of years ago I registered on penpals and started talking to a girl who lived in my homecountry and oh man, she had some daddy issues, was into bdsm, called me a misogynist but since IDGF she would send me pics

kaayfranc • 3 points • 29 November, 2016 07:51 AM

Wow. Then again a large majority of people are stupid but women can be stupid and emotional. Which is why she probably likes being mistreated??? Or has never actually experienced a hard life... It could be that most women try to deny their existence as Stacys. Women are weird

spartan1337 • 3 points • 29 November, 2016 09:08 AM

Bet they won't make a post about this on TPB...

[deleted] • 3 points • 29 November, 2016 01:50 PM

This just goes to show that AWALT. They follow the PC approach and what they think society expects of a "proper" and "respectable woman," but really all of them want to be fucked like a whore, especially feminists.

DisgruntledWolverine • 3 points • 29 November, 2016 04:05 PM **[recovered]**

Did you fuck her again after she got mad cause you called her a 5 with saggy tits?

Heathcliff-- • 2 points • 29 November, 2016 06:44 PM **[recovered]**

Not yet but I probably will.

PantsonFire1234 • 3 points • 29 November, 2016 07:26 PM

4 users messaged me over the next day and we swapped snaps. I demanded pics of them before I sent anything. 2 of them never replied. One was a fatty, I sent her a face pic and topless photo and she screenshotted them (probably to share in their super secret Blue Pill group chat) and then we stopped talking. The last was some hipster/alt chick who wasn't round and had a decent face, like a 5/6. I sent her the face/ab pic and she gives me a "wow" and then we don't talk for a while.

HAHAHAHA TY-PI-CAL

I fucking knew it, nothing but fatties and alt chicks over there. Old hags with cats.

You see TRP is a collection of different peeps, some guys are unfortunate and others just got owned by some girl. Allot of good looking blokes lurk on this board because femcentric west fucked them over. We're here out of circumstance.

All the bitches at TBP are time wasters, angry at life, really do look bad because if they weren't bad looking,

they would never be on there. They'd be too busy playing their life on easy mode. But because they are lacking they are bitter and lurk on there.

Guys over here are actually making a fucking difference and trying to achieve goals. And they try poking fun out of that. They project, thinking that we're just as sad and lacking in looks as they are. Basic human projection. They tell themselves they are unique snowflakes, but we're just sad closeted neck beards!

And lo and behold, it turns out they are the suckers and we aren't. Big fat shocker, how could a message board solely based on complaining and mocking another board be full of degenerates? Someone explain this madness!

EDIT: lol she mad I called her a 5 with saggy tits haha...

I'm fucking laughing my ass off at this

obama\_loves\_nsa • 9 points • 29 November, 2016 01:35 AM

I call bullshit. No way you 'knew' Trump would win. Maybe win Florida but not the Midwest like what happened

If you really knew how he'd win... feel free to answer. I had given up on this country almost. Too many cucks and thirsty beta faggots and feminists

Slipperynek22 • 13 points • 29 November, 2016 04:17 AM

That's the part you don't believe? Anyone who followed the election on T\_D could have told you with confidence that Trump would win. Most of the polls had a declared bias, over sampling Dems by 10%+, despite running the most uncharismatic candidate in history. The most accurate poll in the past was the LA times and they had Trump in the lead. Furthermore, Hillary couldn't fill a highschool gym while Trump had overflowing stadiums. There's just no way in real life she could have been winning. It was all media spin, and likely a bunch of election fraud if the dem primary is any indication.

Fedor\_Gavnyukov • 7 points • 29 November, 2016 06:59 AM

I had no doubt he'd win either. not even a shred of doubt. been saying it ever since he announced his candidacy.

mattzie • 3 points • 29 November, 2016 06:30 AM\*

I dunno mate. It was pretty clear from at least the size of the rallies.

Either way, I "knew" enough to place a 250 bet on it ;)

[deleted] • 4 points • 29 November, 2016 02:14 PM

This is the internet, though something to think about in IRL. Women aren't a fan of fucking men who blab about it to everyone, they treat their reputation as sacrosanct.

Obviously you don't care, but one of the rules I found with having a FWB is to keep ones mouth shut about it, makes a girl comfortable enough to trust you for a second go.

Funny FR though

\_TheRP • 5 points • 29 November, 2016 05:46 AM

The way you write is giving me a seizure.

Solistx • 5 points • 29 November, 2016 03:04 AM

This didn't happen. Look closely at the way the author writes the article. Its written in a condescending childish tone for some reason. This is some TBP fruitcake posing...

And way to doxx yourself buddeh

I recognize you as a bb.com/miscer too, heheh.

Nice story. Seems honest. The middle was a little too long.

It's always fun to get apparently unachivable lays like this.

CunkToad • 1 point • 30 November, 2016 09:33 PM

MissNietzsche • 1 point • 30 November, 2016 11:09 PM

You know there are chicks out there stupid enough to fall for this kind of shit.

CunkToad • 1 point • 1 December, 2016 10:17 AM

I don't doubt that some people are susceptible to emotional manipulation but take a look at how the guy wrote it. Especially the way he uses quotes is a pretty decent hint that this is not true.

I'm quite good with people and I'm reaaaally good (I honestly don't know why) at knowing if a story actually happened or if it's bullshit. Just look at all the events that lead to his story.

If he would actually care about it as little as he claims to, he'd never recall that shit in detail.

He also would be way less descriptive because he actually saw these things happened. By writing the way he does he paints himself a picture to get into the story.

Don't trust everything on the internet buddy, especially on a subreddit of people who lie and manipulate on a regular basis :D

lulalady • 9 points • 28 November, 2016 09:29 PM

What are the ideals that she is betraying exactly?

She was a woman who enjoys casual sex, and she engaged in casual sex with you.

aanarchist • 38 points • 28 November, 2016 11:02 PM

she was supposed to like nice guys who treat her like a human being, not dudes who read trp and treat her like a toilet.

Anna\_Kissed • -7 points • 29 November, 2016 12:20 AM

does that mean she can't enjoy casual sex with guys she doesn't like?

tallwheel • 20 points • 29 November, 2016 01:27 AM

Yes. That's exactly why she hamstered that he wasn't like the guys she doesn't like as soon as she met him and was attracted to him.

Anna\_Kissed • 2 points • 29 November, 2016 07:41 AM

thanks for actually bothering to reply, as it was not a rhetorical question, more just trying to clarify/understand.

tallwheel • 3 points • 29 November, 2016 08:05 AM

It's kind of a female ego thing, I think. No woman wants anyone to think she's the kind who would fuck someone she doesn't even like. She doesn't even want to believe that about herself. That would make her a slut. Instead, she hamsters that she actually does like him, and that he's different somehow from all those other guys she doesn't like who are otherwise like him.

aanarchist • 3 points • 29 November, 2016 07:48 AM

She can enjoy whatever she wants to enjoy it's her life her rules, but it makes no sense for any man she meets in the future to commit to a woman who will fuck some dipshit she doesn't even like while he's expected to finance her lifestyle and listen to her problems, have monogamous starfish sex with her once a month or less, and all the usual "perks" of being a provider.

Docbear64 • 10 points • 29 November, 2016 01:18 AM\*

That she wouldn't fuck one of the Losers from TRP . It's the common attack of this sub right ? So many detractors express that they dislike the concepts here because they are sexist, offensive, and untrue but then when a woman finds herself attracted to the very asshole that she believes inhabits this place and then goes on to believe that the guy in question isn't like that ( This Guy Isn't Like That) . I don't know if it's a betrayal of ideals but at the bare minimum it's a form of denial .

Rhythmic • 5 points • 29 November, 2016 04:12 PM

So many detractors express that they dislike the concepts here because they are sexist, offensive, and untrue but then when a woman finds herself attracted to the very asshole that she believes inhabits this place and then goes on to believe that the guy in question isn't like that.

Plot twist: the concepts of this sub were never '*sexist*,' '*offensive*,' or '*untrue*', and she can recognize this when looking at a particular person. The actual hamster is about her failure to reconsider her opinion **of the concepts**.

There's a biological reason for this failure: For millions of years, group belonging has been much more vital than adhering to some 'truth.' She'd never piss off her peers - no matter how mistaken they are.

Horus\_Krishna\_2 • 1 point • 29 November, 2016 04:42 PM

what if her friends found out she had sex with a red pill guy. Maybe she doesn't have friends and that is why she doesn't care. Or story is made up.

FractalFactorial • 4 points • 28 November, 2016 10:12 PM

Good job mate. I'd add not only do women like to be objectified, but so do men on occasion. *People* in general

like to be objectified because it validates their value as objects. In all truth, the fact is that a person who's attractive *as* an object is someone who looks great. If you need to rely on your whole personality, and every other tool possible then you're not as physically attractive.

Plus it simplifies things a hell of a lot. Cut to the chase and get laid.

This is funny shit. Politically, socially and intellectually all the bloopers at PPD are pretty much lost causes. I can count on one hand the number of chicks and guys I have respect for even though I completely disagree with their world view.

But gaming the girls and actually fucking one is a whole new set of weirdness.

I tend to chase after apolitical girls.

Brewjo • 3 points • 29 November, 2016 04:47 AM

but had those flat saggy titties girls get when they don't wear bras their whole life.

Right, that's not how it works at all- tits can be saggy from the time they finish developing and if she's 'older' the tissues begin to stretch more.

NSFW Dillion Harper NSFW is about as big and perky you can find in a young woman and even they will start to sag in a few years, bra or not.

Sorry, I don't care about any of this except for the fact you seem to think girls tits get saggy if you don't wear a bra...that is not true.

My opinion, and not meant to diminish the truth stated in this post, is that OP lacks respect for himself and thereby disrespects this girl's privacy. Too much identifying information is given here, including her maybe real first name?

Diminishing and disrespecting this girl does not in any way make me admire the main character of this story. It's how it's told, not that it's told. Respect for yourself, and those you fuck, should be one of the things taught here. Demeaning others does not an alpha make. It makes an asshole.

There are lots of truth in this story, unfortunately, the disrespect makes it a terrible lesson in my mind.

i\_forget\_my\_userids • 2 points • 29 November, 2016 02:18 PM

There is nothing in this post to tie it to a real person or an online identity.

Diminishing and disrespecting this girl does not in any way make me admire the main character of this story.

No one cares about your opinion, especially the "main character" of the story - who got a fuck and a nice story which provided a parable for us.

Too much identifying information is given here

Perhaps you can bullet point all the info to make it easier for us to ID her. But don't worry the tbp forum are saying it never happened anyway. She already knows he was going to write about it and in fact she giggled about it, which just goes to show how worried she was.... (but you seem more worried...).

But I'll do the first bullet point to help you out:

a girl who will furiously rub at her clit if you yell misogynist things at her

Demeaning others

Hahaha... how did he demean her? Because she has Che posters on her wall? Only fucking tards support communism (an ideology that has killed double the number Hitler killed). That fact he didn't call her a fucking idiot to her face shows a level of respect.
