

[LTR] When the sex gets boring

April 14, 2020 | 0 upvotes | by [KillaJewels](#)

I (28 M; 9/10 SMV) have been dating my girl (21 F; 7/10 SMV) for a bit over a year now, and I'm starting to feel like the sex is getting a bit boring. We both have a high sex drive. She was a virgin when we met (real talk). We fuck at least 1-2 times every time we see each other. She's up my ass all the time, loves me a lot and obviously sees a future w me. We have a strong connection, and I definitely wear the pants. We rarely fight.

In the past 6-8 months, I've been admittedly beta on the self-care (fitness, nutrition, clean place) front. I spend most of my free time smoking weed, playing video games or watching tv series. Before this, I was crushing it on all fronts (95% productive with my free time). She's def a homebody and never really worked out or anything.

Any of y'all ever got bored of sex w your LTR? How'd you deal with it?

Sounds like sex isn't the problem.

Sounds like you need to re-evaluate your extracurricular activities and ask yourself what value they're providing. You brought them up for a reason so you know you're not doing what you're supposed to be.

Do not get complacent. OWN YOUR SHIT!

Bigger problem here is your improvement and gym grind falling off. About the chick, that's a decision you have to make.

Get on your shit again. The sex is getting boring because she's less attracted to you. Keep slacking and she'll leave you or cheat on you. If you were a 9 before then it's your responsibility as a man to maintain yourself and not become a loser.

I don't think that's a threat I face. But you're right.
